The previous minutes were taken as read.

4. BUSINESS REPORT BLACKWOOD TOWN CENTRE

Mr. Highway presented the report to the group, which outlined the number of businesses that opened and closed throughout the year, footfall data and the Town Centre Management initiatives that operated during 2015.

A discussion took place around developing an events programme for Risca and utilising the Palace Cinema for more evening and weekend economy in the town centre.

Mr. Highway was thanked for the report.

5. 'CHOOSE THE HIGH STREET' CHRISTMAS VOUCHER BOOKLET 2015 – ANALYSIS REPORT

Mr. Highway presented the report to the group. Particular thanks were noted to the council's Graphics Design team for all of their work designing this year's voucher booklet, the Community Safety Wardens for helping to deliver the booklets and to Steve Wilcox for his work on the scheme.

Mr. Highway was thanked for the report.

6. GO2 MY TOWN WEBSITE REPORT

Mr. Highway presented the report to the group, which summarised the revised content being placed on the Go2MyTown website and how members of the group could access the site. However, it was noted that the content is being regularly updated at present, which may mean some sections are not live or out-of-date.

Information hosted on the site includes footfall data, the Retail Property Directory, Town Centre Gazettes and a new news section, which incorporates stories from each of the town centres.

A live demonstration of the site will be brought to a future meeting.

Mr. Hancock stated that the information on the site could be particularly beneficial to potential start-up businesses, but also noted the value to existing businesses within the town. Mr. Hancock also asked if business support information would be held on the site. Mr. Highway noted that the site will run in conjunction with the information on the "Business" section of the Council's website. Go2MyTown will complement the Council's site and signpost visitors and vice versa.

Mr. Highway was thanked for the report.

7. CANAL UPDATE

Mr. Dallimore provided an update to the group on the progress that has been made on the canal project since the last meeting.

The original bid was due to be for around £2.6m, but this has now reduced to circa £1m. This follows a dialogue with WEFO. A decision was expected in December 2015, but this has been pushed back to the end of March 2016.

There may be an opportunity to obtain Lottery funding through the Create Your Space programme, which will complement the European bid. There will be a lot of competition for this funding pot.

In the interim, some maintenance work will be carried out at the Crosskeys/Pontwaun end of the canal to enable it to be filled with water.

The Town Centre Management Group will be involved in projects when officers are in a position to develop them. Any such projects will work collaboratively with neighbouring Authorities, looking at the canal as a whole. Any internal working group will span across several departments.

As part of the canal project, the tourism offer of Risca town will also be developed, working in conjunction with Cwmcarn Forest.

Mr. Dallimore was thanked for the update.

8. LONG BRIDGE BATHS & COMMERCIAL STREET DEVELOPMENT SITES OVERVIEW

Mr. Dallimore informed the group that the Tesco footbridge linking the store to the town centre is now unlikely to be built. As such the S.106 monies are now available for the Authority to use for environmental, transport or security proposals within the town centre action plan boundary. No decisions have yet been made on the proposals to be funded but a full range of options will be discussed with local Members in due course. It is proposed that officers investigate further the possibility of utilising the funding to unlock potential development sites and take forward proposals within the adopted Town Centre Action Plan.

Given the time constraints, there appear to be only two development sites that could be potentially unlocked – Longbridge Baths & the Commercial Street site.

The Longbridge Baths site is an old swimming pool that is in a poor state of repair. The building still accommodates four changing rooms. It is a centrally located site with car parking that is underused.

The site is Council-owned and Seren Group (Registered Social Landlords) are interested in developing it. Any capital receipt from selling the land asset could be used in conjunction with the S.106 monies to build new changing facilities at a new location

Although a detailed package has not been developed yet, discussions have taken place and it is envisaged that the site would accommodate between 24 & 26 new properties, bringing additional footfall and spend to the town centre.

The Commercial Street site consists of the former blue factory building and adjacent CCBC held land. The site may become attractive to developers if some of the costs associated with provision of infrastructure were borne by the S.106 monies This site could accommodate a large housing development, which again would benefit the town centre in the long-term.

Other options for the use of the money include proposals within the adopted Town Centre Action Plan. All proposals will be brought back to this group, but the money needs to be committed by 8th March 2018 and spent within a very specific area (which is essentially the town centre boundary).

Mr. Dallimore was thanked for the information.

9. CUCKOO STATUE RELOCATION

Mr. Dallimore provided an update to the group and outlined the two main issues in relation to the cuckoo statue.

The first issue is the land surrounding the artwork, which has been in a poor condition on occasion. Keep Wales Tidy has been working on the site recently to improve both its appearance and biodiversity. Keep Wales Tidy has now achieved everything it set out to do and it is now Tesco's responsibility to litter pick the site and cut back the vegetation once per year (as per their contractual obligations).

The second issue is that the Risca cuckoo is situated in Pontymister. The original reasoning for this location was due to the artwork being paid for via a S.106 agreement, with the land identified in the same contract. There is also a lot of advertising in the area, which removes focus on the statue.

A dialogue has been ongoing with legal in relation to the potential of moving the statue. It may be that five years after the money has been transferred, the statue is within our gift to do with as we please. The other formal option is a “deed of variation”, which could potentially be a long and costly legal process.

Regardless of the legal position, funding would still need to be identified to move the statue and a suitable alternative location found.

Following a discussion, a motion was proposed for Mr. Dallimore to investigate the possibility of moving the cuckoo statue into Risca. A vote was taken and 6 were in favour, which meant that the motion was carried.

10. RISCA TOWN CENTRE AUDIT – AUGUST 2015

Mr. Highway presented the audit to the group. No issues were raised.

The meeting closed at 18:23.

CHAIR

RISCA TOWN CENTRE MANAGEMENT GROUP – 3RD OCTOBER 2016

SUBJECT: 'CHOOSE THE HIGH STREET' STORIES

REPORT BY: CORPORATE DIRECTOR - COMMUNITIES

1. PURPOSE OF REPORT

- 1.1 To inform the Town Centre Management Group of a new phase of the successful 'Choose the High Street' initiative through the development of publicity of the stories behind many of our town centre retailers, in order to support the County Borough's five managed town centres.

2. SUMMARY

- 2.1 During the summer, the Councils Town Centre Management team launched a new element to the 'Choose the High Street' brand was launched called 'Stories'. The initiative was designed to highlight the diversity of businesses across the five managed town centres. It also sought to raise awareness about the importance of consumer choice and encouraged people to make a conscious decision to support local businesses. The scheme consisted of articles featuring stories about local businesses, which were uploaded onto the GO2 website and also posted on the Council's own Facebook page. The 'Stories' initiative has drawn positive responses from the retailers who participated in it and also from those who viewed the articles both online and at the library exhibitions.

3. LINKS TO STRATEGY

- 3.1 "People, Businesses and Places". The proposals within the strategy are based on a number of regeneration principles, one of which is "Strengthening Town Centres".
- 3.2 "Prosperous Caerphilly" is identified as one of the key outcomes in the Council's "Single Integrated Plan". The Implementation of the *Unique Places* model of Town Centre Management in the County Borough's principal town centres is one of the actions identified to achieve this outcome.
- 3.3 "Future Generations Act (Wales) 2015" sets out seven Well-being Goals which aim to make a positive impact upon the social, economic, environmental or cultural well being of the area or community concerned. This report aligns with the following Well-being Goals:
- A prosperous Wales - the retail sector is a significant employer within the County Borough and a substantial number of those retail businesses and jobs are located in the town centres.
 - A Wales of cohesive communities - the scheme highlights the importance of town centres to the local communities.
 - A Wales of vibrant culture and thriving Welsh language - the Stories exhibitions were produced in a bilingual format.

4. THE REPORT

- 4.1 To reflect some of the history of the County Borough's five managed town centres, the Town Centre Management team created a new initiative called 'Stories' under the 'Choose the High Street' brand. The project follows on from last year's successful 'Past & Present' initiative by telling the stories of the people behind the shop fascia.
- 4.1.1 The overall aims of the scheme are to:
- a. Help to maintain town centre footfall over the summer period;
 - b. Encourage people to make a conscious decision to support local businesses;
 - c. Generate renewed interest in town centres as a location for new business ideas;
 - d. Raise the profile of the town centre businesses;
 - e. Increase footfall in town centre libraries.
- 4.2 The businesses that make up the County Borough's town centres each have their own story. Some have been run over generations by a single family, whilst others are new businesses started by someone excited about beginning their own story with a fresh idea. What all of these stories confirm is that the high street is still a place for new business ideas and remains at the heart of the communities they serve.
- 4.3 The aim of the 'Stories' are to make local retailers feel valued and encourage people to make a conscious choice to support local businesses as part of their weekly shopping. Importantly, the Town Centre Management team aim to use this initiative to further promote town centres as windows of opportunity for new businesses.
- 4.4 The 'Stories' initiative was launched on 27th May 2016 at Glanmor's Bakery in Caerphilly town centre by the Cabinet Member Cllr. James along with the bakery's owners. To date a total of 56 stories have been uploaded onto the Go2Mytown. In addition, the articles were also posted on the Council's corporate *Facebook* page.
- 4.5 Those businesses featured on the Go2Mytown website were asked to complete a short questionnaire in order to provide feedback and gauge reaction to the scheme. The results are set out in Appendix 1 and 2.
- 4.6 Over the summer a series of exhibitions were held of the 'Stories' in local libraries:
- Bargoed 25th July for two weeks;
 - Blackwood 8th August for two weeks;
 - Caerphilly 22nd August for two weeks;
 - Risca 5th September for two weeks;
 - Ystrad Mynach – due to refurbishment a date in October will be arranged.
- 4.7 As part of the exhibitions visitors were asked to pledge to support local business on weekly shopping trips whenever possible.

5. CONCLUSION

- 5.1 The project's success to date and the positive feedback from both retailers and the public alike, exceeded expectations. The comments from retailers who shared their 'Stories' show how highly they valued the initiative and the focus that it brought to their individual businesses and the contribution they make to the life, diversity and vibrancy of the town centres.
- 5.2 The 'Stories' published on the Go2MyTown site have had over 8,000 unique page views, with visitors to these articles also viewing other town centre related content on the site. The Go2MyTown Facebook page recorded over 27,700 views of 'Stories' posts. Some of the 'Stories' were also posted on the Council's own Facebook page, these posts obtained an average reach of 7,500 followers, with the most popular reaching an audience of 23,700 (Howard's Butchers Easter Campaign).

The posts received extremely positive feedback from followers, the highest level of engagement (likes, shares and comments) was 285 individual interactions (Rossi Café, Bargoed).

- 5.3 The scheme and its online publicity generated a number of enquiries directly to Town Centre Management from potential new businesses.
- 5.4 It is difficult to quantify footfall increases in the libraries, however Librarians reported many people who visited the libraries took time to look at the exhibitions and enjoyed reading the Stories.
- 5.5 Due to the popularity of the initiative and the number of retailers who still want to have their stories featured, Town Centre Management intend to extend the initiative and continue to post them on the Go2Mytown web site.

RISCA TOWN CENTRE MANAGEMENT GROUP – 3RD OCTOBER 2016

SUBJECT: 'CHOOSE THE HIGH STREET' CHRISTMAS VOUCHER BOOKLET

REPORT BY: CORPORATE DIRECTOR - COMMUNITIES

1. PURPOSE OF REPORT

- 1.1 To inform the Town Centre Management Group of the 'Choose the High Street' 2016 Christmas campaign and will be run in the five principal town centres.

2. SUMMARY

- 2.1 The 'Choose the High Street' initiative will include a 2016 Christmas campaign directed towards encouraging spend in local town centres over the festive period. Retailers across the five managed town centres will have the opportunity to be included in a printed voucher booklet. The campaign is designed to support local businesses by offering them the opportunity to participate under the 'Choose the High Street' banner.

Retailers in the five managed town centres will have the opportunity to be included in the booklet with the level of discount being set by each retailer. However, the onus remains on the retailer to participate and ensure that their offer is strong enough to incentivise customers. The scheme is free for all retailers and, as in previous years, any retailer in the County Borough who expresses a wish to participate will also be included.

4.2 To support the campaign a number of different marketing platforms will be utilised these include:
