Dyddiad: Dydd Mercher, 6 Medi 2017

Annwyl Syr/Fadam,

Bydd cyfarfod **Pwyllgor Cynllunio** yn cael ei gynnal yn **Siambr y Cyngor - Tŷ Penallta, Tredomen, Ystrad Mynach** ar **Dydd Mercher, 13eg Medi, 2017** am **5.00 pm** i ystyried materion a gynhwysir yn yr agenda canlynol. Mae croeso i chi ddefnyddio'r iaith Gymraeg yn y cyfarfod, a dylid rhoi cyfnod rhybudd o 3 diwrnod gwaith os ydych yn dymuno gwneud hynny. Bydd cyfieithu ar y pryd yn cael ei ddarparu ar gais.

Yr eiddoch yn gywir,

Chris Burns
PRIF WEITHREDWR DROS DRO

Tudalennau

1 I dderbyn ymddiheuriadau am absenoldeb

2 Datganiadau o Ddiddordeb.

Atgoffi'r Cynghorwyr a Swyddogion o'u cyfrifoldeb personol i ddatgan unrhyw fuddiannau personol a/neu niweidiol mewn perthynas ag unrhyw eitem o fusnes ar yr agenda hwn yn unol â Deddf Llywodraeth Leol 2000, Cyfansoddiad y Cyngor a'r Cod Ymddygiad ar gyfer Cynghorwyr a Swyddogion.

I gymeradwyo a llofnodi'r cofnodion canlynol:-

A greener place Man gwyrddach

Correspondence may be in any language or format | Gallwch ohebu mewn unrhyw iaith neu fformat

3	Pwyllgor Cynllunio - 9fed Awst 2017.	1 - 6
I dderbyn ac ystyried yr adroddiad(au) canlynol:-		
4	17/0539/FULL - 14 Heol Conway, Trinant	7 - 14
5	17/0550/FULL - Brynderwen, 30 Heol Cefn, Coed Duon.	15 - 22
6	17/0668/FULL - 88 Ffordd Dewi Sant, Watford, Caerffili.	23 - 30
I dderbyn a nodi yr eitem(au) gwybodaeth ganlynol.		
7	Ceisiadau a benderfynwyd gan bwerau dirprwyedig.	31 - 50
8	Ceisiadau sydd allan o amser/heb ddelio â hwy o fewn 8 wythnos i ddyddiad y cofrestriad.	51 - 54
9	Ceisiadau yn aros i Gytundeb Adran 106 i gael ei gwblhau.	55 - 56
10	Apeliadau yn weddill ac wedi eu penderfynu.	57 - 58

Cylchrediad:

Cynghorwyr M.A. Adams (Cadeirydd), Mrs E.M. Aldworth, C. Andrews, A. Angel, J. Bevan, W. David (Is Gadeirydd), M. Davies, J.E. Fussell, R.W. Gough, A.G. Higgs, A. Hussey, B. Miles, Mrs G.D. Oliver, J. Ridgewell, J. Simmonds, J. Taylor, A. Whitcombe, R. Whiting a T.J. Williams

A Swyddogion Priodol

PLANNING COMMITTEE

MINUTES OF THE MEETING HELD AT PENALLTA HOUSE, YSTRAD MYNACH ON WEDNESDAY, 9TH AUGUST 2017 AT 5PM

PRESENT:

Councillor M. Adams - Chair

Councillors:

Mrs E.M. Aldworth, C. Andrews, A. Angel, J.E. Fussell, R.W. Gough, A. Higgs, Mrs G. D. Oliver, J. Ridgewell, J. Simmonds, J. Taylor, A. Whitcombe, R. Whiting, T.J. Williams

Cabinet Member for Environment and Public Protection - Councillor Mrs E. Stenner

Together with:

T. Stephens (Development Control Manager), R. Crane (Solicitor), C. Powell (Principal Planner), C. Boardman (Area Senior Planner), A. Pyne (Area Senior Planner), L. Cooper (Assistant Engineer), H. Morgan (Senior Committee Services Officer)

1. APOLOGIES

Apologies for absence had been received from Councillors J. Bevan, W. David, W. David, M. Davies, A. Hussey and B. Miles.

2. DECLARATIONS OF INTEREST

There were no declarations of interest received at the commencement or during the course of the meeting.

3. MINUTES - 12TH JULY 2017

RESOLVED that the minutes of the Planning Committee held on 12th July 2017 (minute nos. 1 - 9) be approved and signed as a correct record.

4. CODE NO. 17/0443/OUT - LAND WITHIN CURTILAGE OF THE HAWTHORNS, NEW ROW, MACHEN

It was noted that the application had been subject to a site visit on Monday 7th August 2017. A briefing note on the issues raised was tabled at the meeting, summarised by the Officer and is appended to these minutes.

Councillor D. Havard spoke in objection to the application and Gerald Westlake-Toms spoke on behalf of the applicant.

Following consideration of the application it was moved and seconded that subject to an amendment to condition (14) and an additional condition, the recommendations contained in the Officer's report be approved. By a show of hands, and in noting there were 2 against, this was agreed by the majority present

RESOLVED that: -

- (i) subject to an amendment to condition (14), an additional condition and to the conditions contained in the Officer's report this application be granted:

Amended Condition (14)

The existing carriageway leading from Tudor Gardens into the site shall be widened to a minimum of 4.1m and shall be constructed in permanent materials to be agreed in writing with the Local Planning Authority, and shall be completed prior to the commencement of any other works on site in relation to the development hereby approved.

Reason: In the interests of highway safety.

Additional Condition (15)

The dwelling hereby permitted shall not exceed 7.5m in height.

Reason: In the interests of the visual amenity of the area.

- (ii) the applicant be advised that the following policies of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 are relevant to the conditions of the permission: CW2, CW3 and CW4;
- (iii) the proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place;
- (iv) the applicant be advised that it is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible

be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>;

- (v) the applicant be advised that any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action. Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider;
- (vi) the applicant be advised that if any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority;
- (vii) the applicant be advised of the comments from Dwr Cymru/Welsh Water, the Councils Land Drainage Engineer and the Council's Ecologist.

5. CODE NO. 17/0326/FULL – LAND WITHIN CURTILAGE OF 50 THE CRESCENT, TRECENYDD, CAERPHILLY

Mr A. Coombes spoke in objection to the application and Mr M. Coxe, the applicant, spoke in support of the application.

Following consideration of the application it was moved and seconded that the recommendations contained in the Officer's report be approved. By a show of hands, and in noting there were 3 against, this was agreed by the majority present

RESOLVED that: -

- (i) subject to the conditions contained in the Officer's report this application be granted;
- (ii) the applicant be advised that the following policies of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 are relevant to the conditions of the permission: CW2 and CW3;
- (iii) the applicant be advised that before any vehicle crosses the public footway, a properly formed vehicular crossover must be provided, the constructional details of which must be agreed with the Highway Authority. The applicant should ring (01495) 235323 in this regard. Should the applicant wish to undertake the work themselves, or employ a private contractor, a Licence to Excavate the Highway will be required. This licence will not be required if the work is undertaken by the Council's Network Contracting Services. It should be noted that any unlicensed work in, or disturbance of, the

highway is an offence under the Highways Act 1980 and in such circumstances legal action may be undertaken in order to rectify matters;

- (iv) The applicant be advised that the proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority;
- (v) the applicant be advised of the comments from Dwr Cymru/Welsh Water, the Councils Land Drainage Engineer and the Council's Ecologist.

6. CODE NO. 17/0487/FULL – 4 SKOMER ISLAND WAY, CAERPHILLY

Following consideration of the application it was moved and seconded that the recommendations contained in the Officer's report be approved. By a show of hands this was unanimously agreed.

Following consideration of the application it was moved and seconded that subject to additional conditions the recommendations contained in the Officer's report be approved. By a show of hands, and in noting there was 1 against, this was agreed by the majority present

RESOLVED that: -

- (i) subject to the conditions contained in the Officer's report and the following additional conditions, this application be granted;

Additional Condition (08)

Prior to the commencement of any works associated with the development hereby approved, a plan showing details of the provision of roosts and a means of access for bats in the existing property at 4 Skomer Island Way, Caerphilly, shall be submitted to the Local Planning Authority for approval. The approved details shall be implemented before the new extension hereby approved is first occupied.

Reason: To provide additional roosting for bats as a biodiversity enhancement, in accordance with Part 1 Section 6 of the Environment (Wales) Act 2016, and policy contained in Welsh Assembly Government's Planning Policy Wales (2016) and Tan 5 Nature Conservation and Planning (2009).

Additional Condition (08)

Prior to the commencement of any works on site, details of the provision of nesting sites for bird species (House sparrow, House martin, Starling or Swift) in the existing property at 4 Skomer Island Way, Caerphilly, shall be submitted to the Local Planning Authority for approval. The approved details shall be implemented before the new extension hereby approved is first occupied.

Reason: To provide additional nesting opportunities for birds as a biodiversity enhancement, in accordance with Part 1 Section 6 of the Environment (Wales) Act 2016, and policy contained in Welsh Government's Planning Policy Wales (2016) and Tan 5 Nature Conservation and Planning (2009).

- (ii) the applicant be advised that the following policies of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 are relevant to the conditions of the permission: CW3 and SP6;

- (iii) the applicant be advised that many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Bats are protected under The Conservation of Habitats and Species Regulations 2010 (as amended), which implements the EC Directive 92/43/EEC in the United Kingdom, and the Wildlife and Countryside Act 1981 (as amended). Please be advised that, if bats are discovered, all works should stop immediately and Natural Resources Wales (NRW) should be contacted for advice on any special precautions before continuing;
- (iv) the applicant be advised that works should not take place that will disturb nesting birds from March to July inclusive. All British birds (while nesting, building nests and sitting on eggs), their nests and eggs (with certain limited exceptions) are protected by law under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000. If birds are nesting on/in or within the vicinity of the proposed development, work should be undertaken outside the breeding season for birds to ensure their protection, i.e. works should only be undertaken between August and February. Further advice on the above can be sought from the local authority ecologists (01495 235253) or Natural Resources Wales (NRW) (029 20 772400);
- (v) the applicant be advised that the proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is also available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority;
- (vi) the applicant be advised for the avoidance of doubt the application boundary this application has been determined on is the redline which appears on the proposed site layout plan on drawing reference AL 00 001 revision E.

7. ITEMS FOR INFORMATION

The following items were received and noted: -

- (1) Applications determined by delegated powers;
- (2) Applications which are out of time/not dealt with within 8 weeks of date of registration;
- (3) Applications awaiting completion of a Section 106 Agreement;
- (4) Appeals outstanding and decided.

The meeting closed at 6.02pm

Approved as a correct record and subject to any amendments or corrections agreed and recorded in the minutes of the meeting held on 13th Septemebr 2017, they were signed by the Chair.

CHAIR

MEMBERS SITE VISIT

PLANNING APPLICATION REFERENCE: 17/0443/OUT

PROPOSED DEVELOPMENT: Erect three bedroom detached two storey house and seek approval of the proposed access.

LOCATION: Land at The Hawthorns, New Row, Machen, Caerphilly

DATE OF SITE VISIT: 7th August 2017

MEMBERS PRESENT: Michael Adams, Rob Gough, Lisa Jones, June Gale, Derek Havard and Elizabeth Aldworth.

The following points were raised by members, and the answers provided:

- Cllr Aldworth queried the height of the proposed dwelling and it was confirmed that the height specified on the submitted plans was 7.5m high. A condition can be attached to any consent granted, restricting the height of any proposed dwelling should members feel that this is necessary.
- Cllr Havard queried whether the land to the west of the application site and to the south of The Row could be developed in the future. Members were advised that whilst the Local Planning Authority has to determine the application before it, Officers are confident that any subsequent application to develop this land would not be prejudiced by any approval here.
- Members queried whether there were any issues with drainage in the area and they were advised that whilst this was a matter reserved for future consideration, the Council's land drainage section had been consulted on the application and had raised no objection subject to the submission of a comprehensive land drainage scheme.
- Members also queried why the previous application on the site had been refused. They were advised that in order to carry out the highways improvements required by the Council's Highways Officers, a section of the hedgerow and tree canopy to the front of the site would need to be removed. A tree survey and ecological report were requested to support the previous application but none was submitted and the decision was made to refuse the application. Surveys have now been carried out and submitted with this latest application and these have been assessed by Officers and found to be acceptable. As such the previous reason for refusal is no longer relevant.

Eitem Ar Yr Agenda 4

Code No. and Date Received	Name and Address of Applicant	Description and Location of Proposed Development
17/0539/FULL 27.06.2017	Mr A Webley 14 Conway Road Trinant Newport NP11 3JN	Erect single-storey kitchen extension to rear of dwelling 14 Conway Road Trinant Newport NP11 3JN

APPLICATION TYPE: Full Application

SITE AND DEVELOPMENT

Location: The application property is located on the north side of Conway Road, within close proximity to the junction with Trinant Primary School.

House type: A mid-link terrace property.

Development: The erection of a rear extension that will be on the eastern side of the property.

Dimensions: The proposed extension measures 4.95m long by 2.93m wide. The roof of the extension will be pitched on all three sides, and the proposed height to the eaves is 2.3m and to the ridge is 3.0m high.

Materials: To match the existing dwelling render and brickwork would be used, brown UPVC windows and doors and concrete roof tiles.

Ancillary development, e.g. parking: None.

PLANNING HISTORY 2005 TO PRESENT

None.

POLICY

LOCAL DEVELOPMENT PLAN Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010.

Site Allocation: The site lies in the settlement limits of Trinant.

Cont'd.....

Application No. 17/0539/FULL Continued.

Policies: Policy CW2 (Amenity) and guidance contained in LDP7: Householder Development.

NATIONAL POLICY Planning Policy Wales (9th Edition) and Technical Advice Note 12: Design (2016).

ENVIRONMENTAL IMPACT ASSESSMENT

Did the application have to be screened for an EIA? No.

Was an EIA required? Not applicable.

COAL MINING LEGACY

Is the site within an area where there are mining legacy issues? The site lies in a low risk coal mining area. Information will be provided to the applicant should a positive recommendation be made.

ADVERTISEMENT

Extent of advertisement: The application was advertised by means of site notice and neighbour letters to 3 nearby properties.

Response: Three responses were received. Two were in objection to the application and one provided drainage comments.

Summary of observations:

In objection:

- Extension will block natural light into the living rooms of both No. 12 and No. 16;
- Extension will block view and create outlook onto a brick wall;
- Quality of life will be affected by the development;
- Applicant lives by himself, therefore the extension is not justifiable;
- Extension will devalue No. 16;
- Extension will prevent future development of a conservatory at No. 16;
- Extension will be in brick, which is not in keeping with other extensions on the street.

General comment

- No objection, provided the ground level is not dropped at the edge of the school field as there are drainage issues.

Cont'd.....

Application No. 17/0539/FULL Continued.

SECTION 17 CRIME AND DISORDER ACT

What is the likely effect of the determination of this application on the need for the Local Planning Authority to do all it reasonably can to prevent crime and disorder in its area? Crime and disorder are not considered to be issues in the determination of this application.

EU HABITATS DIRECTIVE

Does the development affect any protected wildlife species? No.

COMMUNITY INFRASTRUCTURE LEVY

Is this development Community Infrastructure Levy liable? Yes, the scheme is CIL liable and is within the mid-range viability zone, however as the proposed floorspace is less than 100sqm it is exempt from the charge.

ANALYSIS

A request has been made by the Crumlin ward Members for this application to be presented to Planning Committee.

Policies: This application has been considered in accordance with Local Plan Policy and Supplementary Planning Guidance. The main points to consider in the determination of this application are whether the proposal is acceptable from a design perspective, and whether the proposal would have an overbearing impact on the adjacent dwellings at numbers 12 and 16 Conway Road.

In terms of design, the scheme is considered acceptable as the materials proposed are to match the existing dwelling house, the pitch of the roof is relatively low, and the upper windows are not to be replaced. The inclusion of the UPVC patio door is central and thus do not provide an unbalanced view. The design of the extension is in keeping with the host dwelling and proposed extension is therefore considered acceptable.

With regard to the potential overbearing impact on the adjacent dwellings, the impact on No. 12 will be significantly less than that at No. 16, as the extension is on the eastern elevation of the host property. Consideration must be given to the size of extension that could be erected under permitted development rights. In this specific location, a rear extension of up to 4 metres could be erected across the entire width of the property, without the need for planning permission. Therefore, the main consideration in the determination of this application is whether the additional 0.95 metre would have an adverse impact on the neighbouring occupiers.

Cont'd.....

Application No. 17/0539/FULL Continued.

Guidance contained in LDP7: Householder Development states that

"Extensions and conservatories should not cast large shadows over, or have an overbearing impact on, a neighbour's house or garden. As a general rule single storey extension on the common boundary and near to a ground floor window of any principal room should be no longer than 4 metres however these limitations can be exceeded depending on the context of the proposed extension. Those that are pertinent to this application are:

- Orientation of the house;
- Location of any neighbouring windows and the rooms they serve;
- Where the extension does not breach a line taken at 45 degrees from the centre of the nearest ground floor window of any principal room in an adjoining property."

The rear elevations of the properties along Conway Road are north facing, thus the amount of direct sunlight into the windows of the dwelling houses is limited, given the orientation and movement of the sun.

In the mornings, the proposed extension would project minimal shadowing onto No. 12, given that there is a close boarded fence separating both properties and a shed at No. 12, the impact will not be significant enough to cause a negative impact. However, the impact on the living room of No.16 would need to be carefully considered. When assessing the impact using the 45 degree rule, the line is breached at approximately 1.5m on the extension. As permitted development allows a 4m extension to the rear of the property in this location, the additional 0.95m impact would be negligible. With a proposed extension of this length, a concern would be whether another extension on the other side of No. 16 would lead to a tunnelling effect. The open aspect of the rear at No. 16 coupled with it being an end of terrace, would mean that the potential for a tunneling effect upon the residents of No. 16 very limited.

The design of the scheme minimises the impact the development would have on the adjoining property. The height of the eaves and ridge of the roof are low, and only take into account general head height. The extension is also set in slightly from the boundary wall by 0.13m, which will allow for the overhang and guttering (however these are not shown on the plan and a condition would need to be attached requiring these to be confirmed prior to commencement of works).

Given the orientation of the property, the open aspect of the garden at No. 16 and the fact that it is an end of terrace dwelling means that that on balance the proposal will not have a sufficient impact enough to warrant a refusal, especially when the fall-back position is a very slightly smaller extensions that could be erected under permitted development rights. As such, planning permission for this extension is recommended for approval.

Cont'd.....

Application No. 17/0539/FULL Continued.

Comments from consultees: None.

Comments from public:

- Extension will block natural light into the living rooms of both No. 12 and No. 16 - This is discussed in the report above.
- Extension will block view and mean outlook would be onto a brick wall - Loss of view is not a material planning consideration. Furthermore, the extension will be finished in a matching render. A slightly smaller extension of 4m could be constructed under the Permitted Development rights and would not require formal planning approval.
- Quality of life will be affected by the development- A slightly smaller extension of 4m could be constructed under the Permitted Development rights and would not require formal planning approval.
- Applicant lives by himself, therefore the extension is not justifiable - This is not a planning consideration.
- Extension will devalue No. 16 - This is not a planning consideration.
- Extension will prevent future development of a conservatory at No. 16 - As the extension is slightly set back off the boundary, the future development of a conservatory at No. 16 would still be possible.
- Extension will be in brick, which is not in keeping with other extensions on the street - The extension will be finished to match the existing dwelling.
- Ground level at the edge of the school field - This proposal does not include the altering of the ground level.

Other material considerations: None.

The duty to improve the economic, social, environmental and cultural well-being of Wales, has been considered in accordance with the sustainable development principle, under section 3 of the Well-Being of Future Generations (Wales) Act 2015. In reaching the recommendation below, the ways of working set out at section 5 of that Act have been taken into account, and it is considered that the recommendation is consistent with the sustainable development principle as required by section 8 of that Act.

RECOMMENDATION that Permission be GRANTED

This permission is subject to the following condition(s)

- 01) The development hereby permitted shall be begun before the expiration of five years from the date of this permission.
REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990.

Cont'd.....

Application No. 17/0539/FULL Continued.

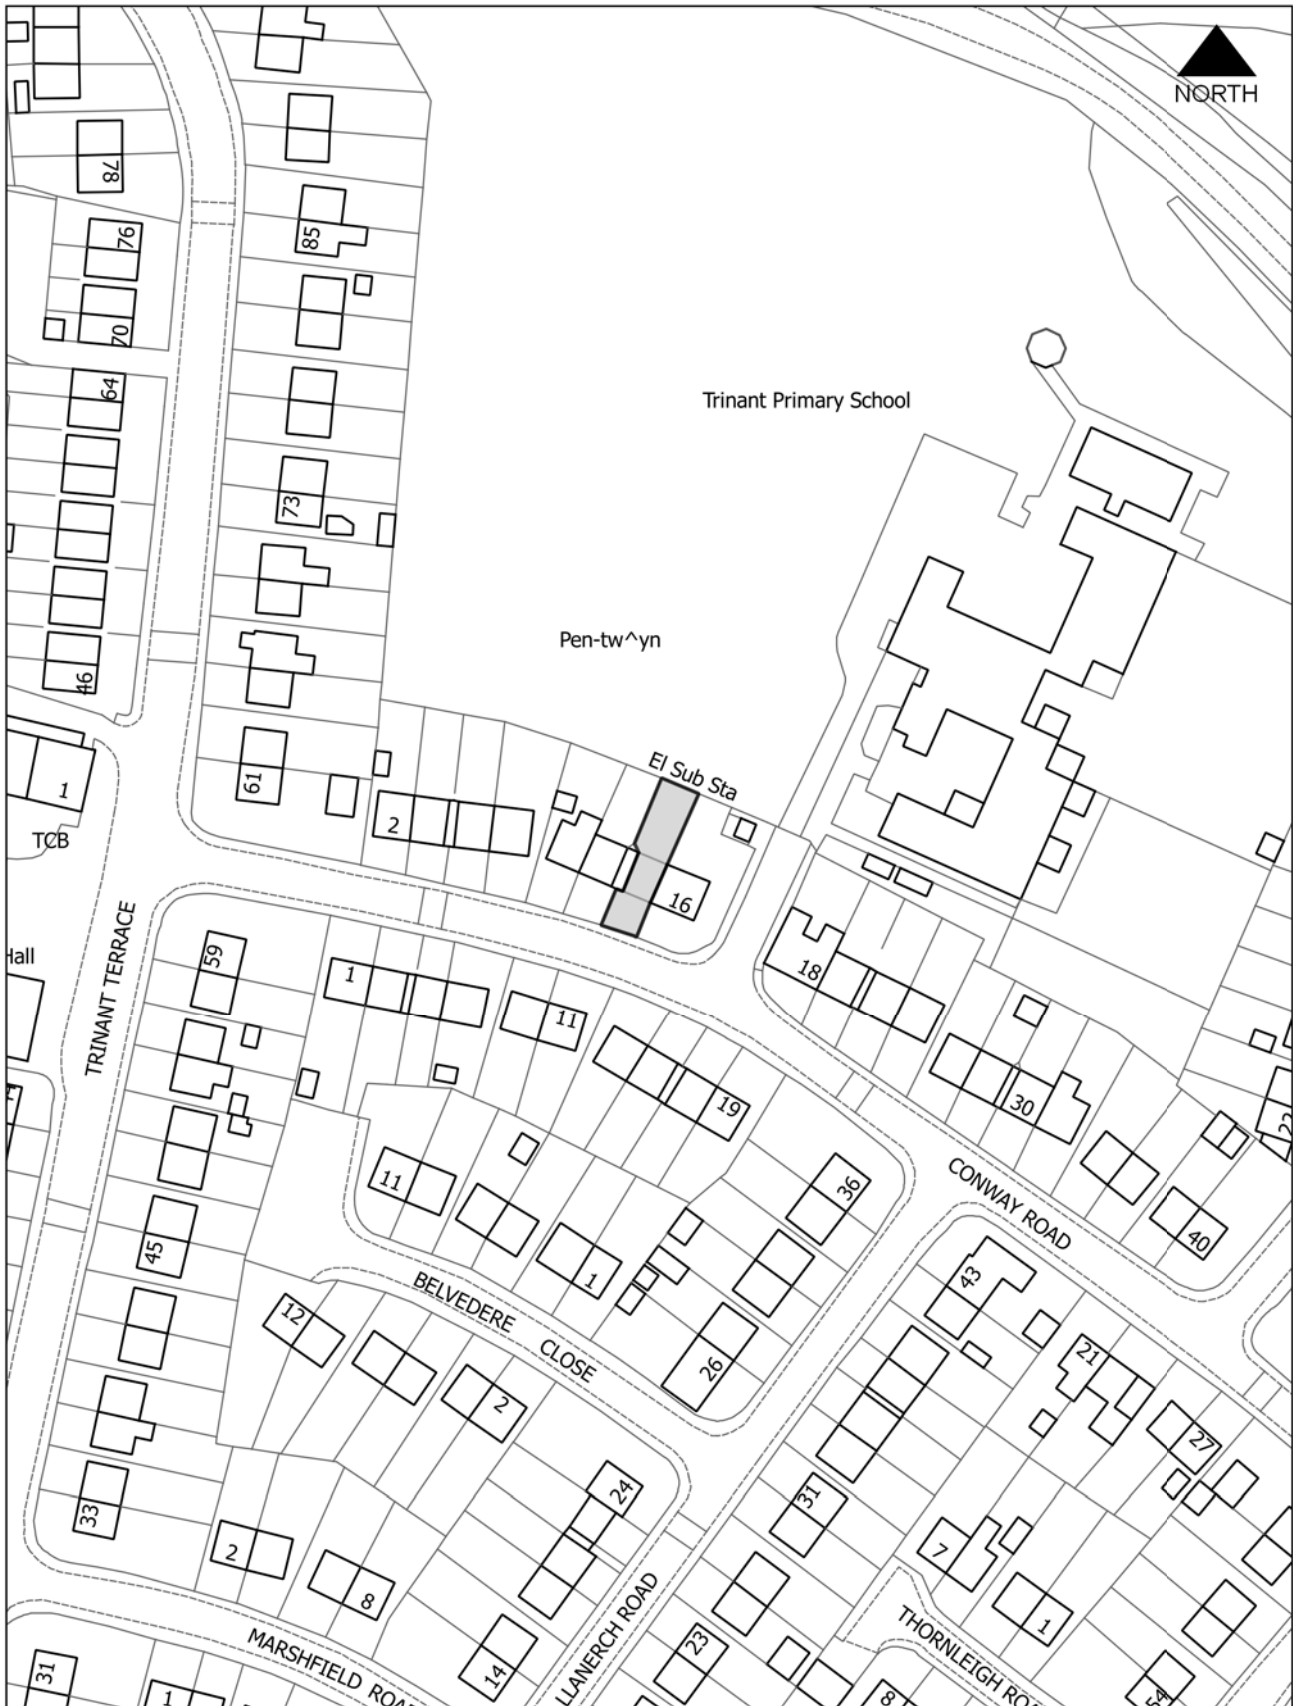

- 02) The development shall be carried out in accordance with the following approved plans and documents:
Drawing No. 1077/1 received 27/06/2017; and
Drawing No. 1077/2 received 27/06/2017.
REASON: To ensure that the development is carried out only as approved by the Local Planning Authority.
- 03) The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those of the existing building.
REASON: In the interests of the visual amenities of the area.
- 04) Prior to the commencement of the development hereby approved details of rainwater goods and surface water disposal shall be submitted to and agreed in writing with the Local Planning Authority and the development shall thereafter be completed in accordance with the agreed details.
REASON: To ensure adequate drainage.

Advisory Note(s)

The following policy(ies) of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 is/are relevant to the conditions of this permission: CW2.

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority.

Gadewir y dudalen hon yn wag yn fwriadol

Eitem Ar Yr Agenda 5

Code No. and Date Received	Name and Address of Applicant	Description and Location of Proposed Development
17/0550/FULL 19.07.2017	Mr & Mrs Burns Brynderwen 30 Cefn Road Blackwood NP12 1QA	Erect single storey extension to rear elevation, garage to side elevation and raised decking and steps to rear Brynderwen 30 Cefn Road Blackwood NP12 1QA

APPLICATION TYPE: Full Application

SITE AND DEVELOPMENT

Location: The application property is located on the eastern side of Cefn Road, Blackwood.

House type: A detached dwelling with double frontage.

Development: The removal of the existing rear conservatory and the erection of a single storey rear and part side extension that incorporates space left by the existing garage. Decking and steps are included to enable access to the rear garden.

Dimensions: The rear extension (incorporating the side extension) measures 3.2 metres long by 12.8 metres wide. The side extension measures 3.3 metres wide by 9.2 metres. The height to the eaves is 2.2 metres and to the ridge is 3.2 metres. The decked area measures 2.8 metres long by 8.5 metres at its widest. The height of the decking is 0.9 metres.

Materials: The extension will be finished in render and UPVC windows and doors (that matches the host dwelling), with a low pitch plane tile roof. Details of the obscure glazing and decking materials are not provided.

Ancillary development, e.g. parking: The proposed decking will join up with the existing rear outbuilding.

PLANNING HISTORY 2005 TO PRESENT

None.

Cont'd.....

Application No. 17/0550/FULL Continued.

POLICY

LOCAL DEVELOPMENT PLAN Caerphilly County Borough Local Development Plan, up to 2021 - Adopted November 2010.

Site Allocation: The site lies in the settlement boundary of Blackwood.

Policies: Policy (CW2 Amenity), and guidance contained in Supplementary Planning Guidance LDP7: Householder Development.

NATIONAL POLICY Planning Policy Wales (9th Edition) and Technical Advice Note 12: Design (2016).

ENVIRONMENTAL IMPACT ASSESSMENT

Did the application have to be screened for an EIA? No.

Was an EIA required? Not applicable.

COAL MINING LEGACY

Is the site within an area where there are mining legacy issues? The site lies in a low coal mining risk area. Information will be provided to the applicant should planning permission be recommended for approval.

CONSULTATION

Transportation Engineering Manager - No objection subject to conditions.

ADVERTISEMENT

Extent of advertisement: The application was advertised by means of site notice and neighbourhood letters to 8 nearby properties.

Response: One letter of objection was received.

Summary of observations:

1. Light and view to No. 32 may be compromised.
2. Buildings have already been erected in the garden which have impacted upon the views.

Cont'd.....

Application No. 17/0550/FULL Continued.

3. Glass conservatory causes no problems, but any larger solid construction would considerably affect the light and quality of view to the premises of No. 32;
4. Garages are alongside each other - development needs to ensure that access to the garage of No. 32 is maintained.

SECTION 17 CRIME AND DISORDER ACT

What is the likely effect of the determination of this application on the need for the Local Planning Authority to do all it reasonably can to prevent crime and disorder in its area?
Crime and disorder are not considered to be issues in the determination of this application.

EU HABITATS DIRECTIVE

Does the development affect any protected wildlife species? No.

COMMUNITY INFRASTRUCTURE LEVY

Is this development Community Infrastructure Levy liable? The application site does lie within the mid-range viability zone however as the proposed increase in floorspace would be less than 100sqm CIL is not charged.

ANALYSIS

Policies: This application is put before Planning Committee as the Agent is related to a member of staff.

This application has been considered in accordance with Local Plan Policy and Supplementary Planning Guidance. The main points to consider in the determination of this application are whether the proposal is acceptable from a design perspective, and whether the proposal would have an overbearing impact on the adjacent dwellings at No. 32 and 28 Cefn Road.

In terms of design, the scheme is considered acceptable as the materials proposed are to match the existing dwelling house. The pitch of the lean-to roof is relatively low however this is due to the size of the projecting extension, and the size of the first floor windows which are not being replaced. The UPVC windows and patio doors do not provide an unbalanced view. The proposed extension is therefore acceptable in design terms.

Cont'd.....

Application No. 17/0550/FULL Continued.

With regard to the potential overbearing impact on No. 32 and 28 Cefn Road, consideration must be given to the existing conservatory and development that can be erected under permitted development rights. Given that the applicant could erect an extension up to 4 meters in length at the rear, the main consideration in the determination of this application is whether there would be any overbearing impact created by the side extension, and whether the proposed development creates unacceptable overlooking into the gardens or dwellings of the neighbouring properties.

The side extension is on the eastern elevation, closest to No. 32 Cefn Road. As it involves the demolition of the existing detached garage and the creation of an integral garage, this will see the garage moved eastward by approximately 1.5 metres from the site boundary. In terms of the potential overbearing impact, as there is an existing garage along the boundary with No. 32, coupled with the existing outbuilding and No. 32 being set further back than the application property, the additional impact would not be significantly more overbearing so as to warrant a refusal of this application. However, there is a window proposed on this elevation which will directly overlook the kitchen of No. 32. It is therefore considered necessary to impose a condition that this window is obscurely glazed, so as to protect the privacy of No. 32 Cefn Road.

With regards to the privacy and overlooking on the western elevation, another window is proposed that will also directly overlook the kitchen of No. 28. It is therefore considered necessary to impose a condition that this window also is obscurely glazed, so as to protect the privacy of No. 28 Cefn Road.

In relation to the raised decking, this will result in an unacceptable overlooking and privacy impact on to No. 28 as the topography of the area means the garden of No. 28 is set lower and will therefore be directly overlooked. The application proposes a 2 metre privacy screen to the side of the property, however this will not minimise this impact. It is therefore deemed necessary to impose a condition relating to a 2 metre privacy screen to be erected on the side of the raised decked area, so as to minimise this impact.

On balance therefore the proposed development is recommended for approval subject to conditions.

Comments from consultees: The Transportation Manager raises no objections subject to a condition to retain the garage parking space.

Cont'd.....

Application No. 17/0550/FULL Continued.

Comments from public:

1. Light and view to No. 32 may be compromised - The proposed side and rear extension will not impact upon the 45 degree rule as set out in LDP7: Householder Development. The amount of light reduction, if any, would not be sufficient in itself to warrant a refusal.
2. Buildings have already been erected in the garden which have impacted upon the views. - There is no Planning right to a view.
3. Glass conservatory causes no problems, but any larger solid construction would considerably affect the light to the premises of No. 32; - As mentioned above, the 45 degree rule is not breached at the property, and as the development is broadly in line with what could be erected under permitted development regulations.
4. Garages are alongside each other - development needs to ensure that access to the garage of No. 32 is maintained - It is advisable for the applicant to enter into a Third Party Wall agreement with the adjoining property.

Other material considerations: The duty to improve the economic, social, environmental and cultural well-being of Wales, has been considered in accordance with the sustainable development principle, under section 3 of the Well-Being of Future Generations (Wales) Act 2015. In reaching the recommendation below, the ways of working set out at section 5 of that Act have been taken into account, and it is considered that the recommendation is consistent with the sustainable development principle as required by section 8 of that Act.

RECOMMENDATION that Permission be GRANTED

This permission is subject to the following condition(s)

- 01) The development hereby permitted shall be begun before the expiration of five years from the date of this permission.
REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990.

Cont'd.....

Application No. 17/0550/FULL Continued.

- 02) The development shall be carried out in accordance with the following approved plans and documents:
Drawing No. 1 "As Existing" received 29/06/2017;
Drawing No. 2 "As Proposed" Elevations (Amended plans) received 17/08/2017;
and
Drawing No. 3 "As Proposed" Floor Plan (Amended plans) received 17/08/2017.
REASON: To ensure that the development is carried out only as approved by the Local Planning Authority.
- 03) The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those of the existing building.
REASON: In the interests of the visual amenities of the area.
- 04) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking and re-enacting that order with or without modification) the windows on the eastern elevation (closest to No. 32 Cefn Road) and on the western elevation (closest to No. 28 Cefn Road) shall be glazed with obscure glass and any replacement or repair shall only be with obscure glass.
REASON: In the interests of residential amenity.
- 05) Notwithstanding the submitted details, revised details of the glazed screen to the western side of the raised platform (as shown in drawing number 3, as Amended) shall be submitted to and approved in writing with the Local Planning Authority. Those revised details shall include obscure screening to the western edge of the raised platform that shall be of a height of no less than 2 metres. Those details shall be submitted to the Local Planning Authority and shall be fully constructed in accordance with the approved details and the screen shall thereafter be maintained in perpetuity in accordance with the approved details.
REASON: In the interest of privacy.
- 06) Prior to the construction of the decking hereby approved details of the materials to be used, in electronic or printed format shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
REASON: In the interests of the visual amenity of the area.

Cont'd....

Application No. 17/0550/FULL Continued.

- 07) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking or re-enacting that order, with or without modification), the garage hereby approved shall not be physically altered or converted to any other domestic purpose without the prior approval of the Local Planning Authority. The garage shall be made available at all times for the parking of motor vehicles associated with the residential use of the dwelling hereby approved.
REASON: In the interests of highway safety.

Advisory Note(s)

The following policy(ies) of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 is/are relevant to the conditions of this permission: CW2.

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority.

The homeowner/developer is advised that any development that involves work to a party boundary may require an agreement under the Party Wall Act. This planning permission is issued having regard to the land ownership certificate submitted by the applicant.

Eitem Ar Yr Agenda 6

Code No. and Date Received	Name and Address of Applicant	Description and Location of Proposed Development
17/0668/FULL 03.08.2017	Mr & Mrs Lidbury 88 St David's Way Watford Caerphilly CF83 1EZ	Erect extensions and alterations to remodel rear of property 88 St David's Way Watford Caerphilly CF83 1EZ

APPLICATION TYPE: Full Application

SITE AND DEVELOPMENT

Location: 88 St David's Way, Watford, Caerphilly, CF83 1EZ.

Site Description: Semi-detached property fronting north-west onto St David's Way. To the north-east is the attached property number 90 St David's Way. To the south-west is the neighbouring semi-detached property, number 86 St David's Way. To the south-east is woodland.

Development: This application seeks planning permission to erect extensions and alterations to remodel the rear of the property. The property is currently a four bedroom dwelling. A proposed single storey extension would replace an existing conservatory and provide a dining room plus a new lounge area. The first floor extension would provide a new expanded landing area and enlarged bedroom with robing area.

Dimensions:

Rear single storey extension: 3m in depth by 8.3m in width with a height of 3.5m
First Floor Extension: 3.5m in depth by 2.8m in width with an overall height of 7m with eave height of 5.5m.

Materials:

Walls: Buff coloured brick to match existing dwelling.
Roof: Tiles to match the existing dwelling except a new flat roof element which will be finished with a dark grey single ply membrane.

Ancillary development, e.g. parking: Alteration to rear fenestration to provide new glazing with Juliet balconies, installation of a roof and provision of new steps to garden.

Cont'd.....

Application No 17/0668/FULL Continued.

PLANNING HISTORY 2005 TO PRESENT

None.

POLICY

LOCAL DEVELOPMENT PLAN Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010.

Site Allocation: The site lies within the defined settlement boundary.

Policies: CW2 (Amenity), CW3 (Highways), SP6 (Place making).

NATIONAL POLICY Planning Policy Wales, Technical Advice Note 12: Design.

SUPPLEMENTARY PLANNING GUIDANCE

Supplementary Planning Guidance note LDP 7 (Householder Development).

ENVIRONMENTAL IMPACT ASSESSMENT

Did the application have to be screened for an EIA? No.

Was an EIA required? Not Applicable.

COAL MINING LEGACY

Is the site within an area where there are mining legacy issues? The application site is partially within a high risk area, and so it is intended to attach an informative note about mining conditions in the area.

ADVERTISEMENT

Extent of advertisement: The application was advertised via a site notice and neighbour notification letters were sent to 2 nearby properties.

Response: At the time of writing this report no representations had been received however the consultation period had yet to elapse. Any representations received following the completion of this report will be verbally reported to Members at Planning Committee.

Summary of observations: None.

Cont'd.....

Application No 17/0668/FULL Continued.

SECTION 17 CRIME AND DISORDER ACT

What is the likely effect of the determination of this application on the need for the Local Planning Authority to do all it reasonably can to prevent crime and disorder in its area?

It is not considered that crime and disorder will be materially affected by the development.

EU HABITATS DIRECTIVE

Does the development affect any protected wildlife species? Based on current evidence, this is unlikely to be a significant issue in this case, but an advisory note will be attached to the consent and sent to the applicant as a precautionary measure.

COMMUNITY INFRASTRUCTURE LEVY

Is this development Community Infrastructure Levy liable? The development is liable for CIL at the higher rate but it is not chargeable as the additional internal floorspace created is below 100sqm.

ANALYSIS

Policies: The application has been considered in accordance with national guidance, local plan policy and supplementary planning guidance. The main consideration for the application is the impact of the development on neighbour amenity. The application is being reported to Planning Committee as the spouse of the agent is an employee of the Authority.

The application property is a dormer style bungalow which has been subject to extensions in the past which include a rear two storey gable projection and single storey extensions at the rear with a conservatory beyond. The general topography is such that the land reduces to the rear (south-east) and the rear gardens are at a lower level than the dwellings.

The proposed single storey extension would replace the existing conservatory which lies on the boundary with the attached neighbouring bungalow (90 St David's Way) and the replacement structure would extend across the width of the application property. The new single storey extension would have a flat roof and would provide a new dining room and lounge area. The existing conservatory has a mono pitch roof form which reduces to the rear, the proposed single storey extension would have a flat roof and this would be approximately 0.2m to 0.6m higher in height than the existing conservatory roof. The proposed flat roof would have a continuous height of 3.5m along its length.

Cont'd.....

Application No 17/0668/FULL Continued.

The adjacent property (90 St David's Way) has a decked area adjacent to the existing conservatory and the decking is approximately 1m in height so the appearance of the new side wall on the flat roof extension will be circa 2.5m when viewed from the neighbours decked area. The submitted plans indicate that three windows in the side elevation facing the boundary with number 90 St David's Way will be obscurely glazed and it is proposed that should the application be approved a planning condition requiring this obscure glazing to be retained is added to prevent unacceptable overlooking to number 90 St David's Way. The proposed first floor extension will amend the current rear two storey gable projection. It will extend this element across by 2.8 metres and the current symmetrical roof pitch of the rear two storey gable will be amended to provide an asymmetrical roof arrangement with the north-eastern roof slope extending at a shallower angle with a lower eaves height. The first floor extension will be stepped off the boundary with the attached neighbouring property (90 St David's Way) by 2.3 metres and the floor plans indicate that it will not have an unacceptable impact on any of the adjacent property's fenestration including their first floor bedroom window in terms of light or outlook.

The neighbouring property to the south west is number 86 St David's Way and the proposed rear single storey extension is approximately 2.5m - 3.5m away from the boundary as the two properties are angled away from each other. The side elevation of the single storey extension facing the boundary of number 86 St David's Way will be extensively glazed, however the floor plans indicate that the finished floor level will be approximately 1m lower in the lounge area as the extension utilises the natural topography. It is not considered that any unacceptable overlooking to number 86 would occur as a result of the development. The first floor extension is substantially screened by the existing gable projection and there would no unacceptable impact on the occupiers of number 86 St David's Way. It is considered that a planning condition prohibiting the use of the flat roof area of the single storey extension as a balcony will ensure no unacceptable overlooking to either neighbour is introduced by the development.

The proposed development would extend a property that has been extended substantially in the past. In considering the proposed change and the impact on the adjacent properties it is noted that the single storey extension will not extend beyond the existing rear building line established by the conservatory noting that the replacement extension will significantly increase the width of this element. The impact of the single storey element on the property to the south-west (86 St David's Way) is mitigated by the relative footprints of the two dwellings which are angled away from each other which increases to the rear. The impact of the first floor element is considered acceptable on number 90 St David's Way as it is stepped away from the boundary. The property would retain sufficient amenity space following the proposed development and the current level of parking.

Cont'd.....

Application No 17/0668/FULL Continued.

The proposed development is considered acceptable and accords with adopted Local Development Plan Policies SP6 (Placemaking) and CW2 (Amenity) in having an appropriate design and impact on neighbour amenity. The application is recommended for approval accordingly.

Comments from consultees: None.

Comments from public: None.

Other material considerations: The duty to improve the economic, social, environmental and cultural well-being of Wales, has been considered in accordance with the sustainable development principle, under section 3 of the Well-Being of Future Generations (Wales) Act 2015. In reaching the recommendation below, the ways of working set out at section 5 of that Act have been taken into account, and it is considered that the recommendation is consistent with the sustainable development principle as required by section 8 of that Act.

RECOMMENDATION that Permission be GRANTED

This permission is subject to the following condition(s)

- 01) The development hereby permitted shall be begun before the expiration of five years from the date of this permission.
REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990.
- 02) The development shall be carried out in accordance with the following approved plans and documents:
 - Site Location Plan, drawing reference AL.00.LOC, received 03.08.17,
 - Proposed Site Layout Plan, drawing reference AL.00.101, received 03.08.17,
 - Proposed Layout Plan, drawing reference AL.00.102 revision D, received 03.08.17,
 - Proposed Elevations, drawing reference AL.00.103, revision C received 25.08.17.REASON: To ensure that the development is carried out only as approved by the Local Planning Authority.
- 03) The materials to be used in the construction of the external surfaces of the development hereby permitted shall match those of the existing building.
REASON: In the interests of the visual amenities of the area.

Cont'd.....

Application No 17/0668/FULL Continued.

04) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or any order revoking and re-enacting that Order with or without modification) the dining room windows facing north-east shall be non-opening and glazed with obscure glass. Any replacement or repair shall only be with non-opening and obscure glazed windows.
REASON: In the interests of residential amenity.

05) The flat roof area over the dining room/lounge extension hereby permitted shall not be used as a balcony, roof garden or similar amenity area and the first floor bedrooms shall be maintained at all times with Juliette balcony barriers to the south-east facing external doors as shown in the approved rear elevations.
REASON: In the interests of the privacy and amenity of neighbours.

Advisory Note(s)

The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Cont'd.....

Application No 17/0668/FULL Continued.

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

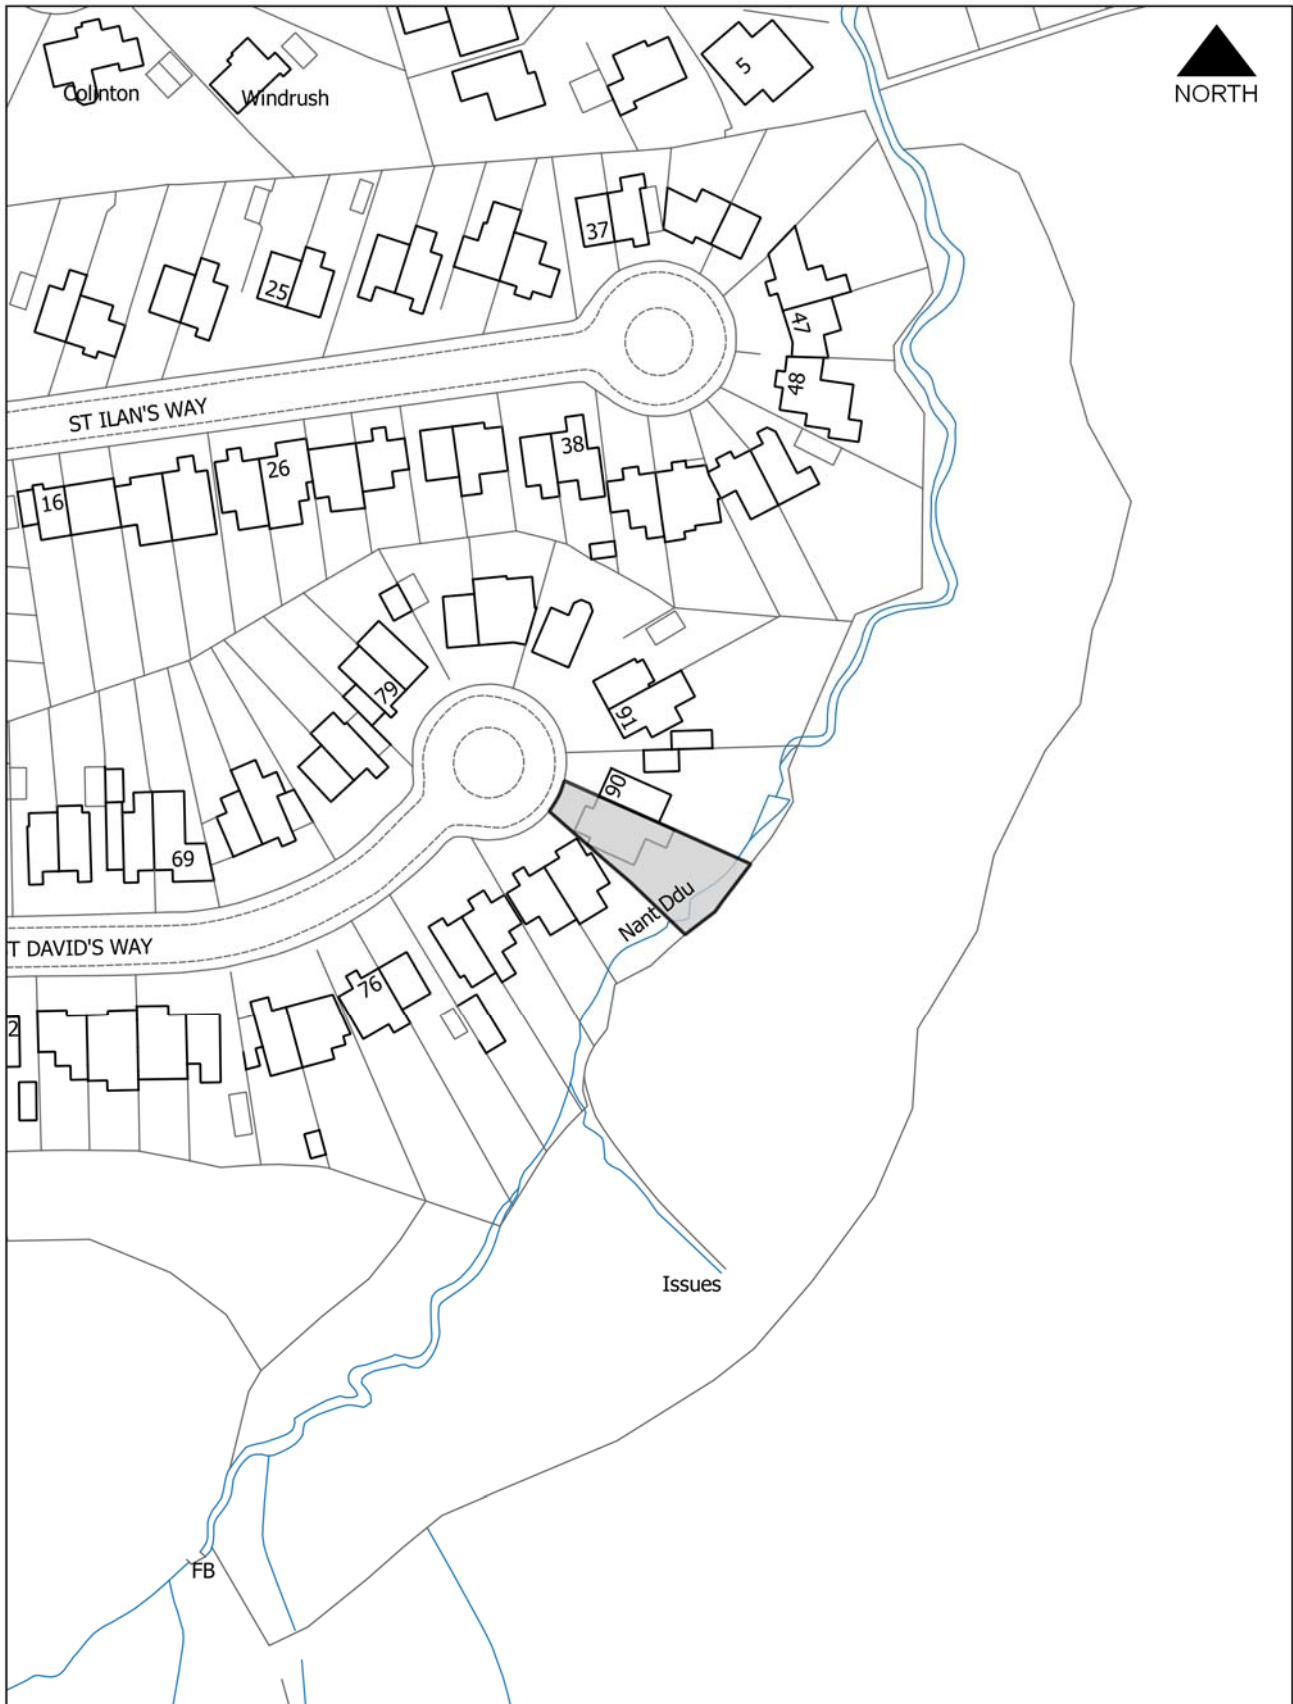

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider.

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority.

Many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Bats are protected under The Conservation of Habitats and Species Regulations 2010 (as amended), which implements the EC Directive 92/43/EEC in the United Kingdom, and the Wildlife and Countryside Act 1981 (as amended). Please be advised that, if bats are discovered, all works should stop immediately and Natural Resources Wales (NRW) should be contacted for advice on any special precautions before continuing.

Please also be advised that works should not take place that will disturb nesting birds from March to July inclusive. All British birds (while nesting, building nests and sitting on eggs), their nests and eggs (with certain limited exceptions) are protected by law under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000. If birds are nesting on/in or within the vicinity of the proposed development, work should be undertaken outside the breeding season for birds to ensure their protection, i.e. works should only be undertaken between August and February. Further advice on the above can be sought from the local authority ecologists (01495 235253) or Natural Resources Wales (NRW) (029 20 772400).

The following policy(ies) of the Caerphilly County Borough Local Development Plan up to 2021 - Adopted November 2010 is/are relevant to the conditions of this permission: CW2.
