PART 2: Service Priorities (objectives) for 2016-2017

Following your self-evaluation conclusions please list your service priorities for the year ahead

Ref	Priorities / Objectives Transfer this list into Part 3 and Part 4 – the Action Plan	Reason for choice Improvement or day to day delivery to, for example, address: risk, service redesign etc.	Collaboration and/or consultation considered in achieving the priority?	Overall outcome and impact
1	<p>Improve standards of attainment particularly in Key Stage 4 at the Level 2+ threshold</p> <p>This includes our focus within the Improvement Objective.</p> <p><i>Improve outcomes for all learners particularly those vulnerable to underachievement.</i></p>	<p>Performance within this indicator needs to improve further and compare better with the performance of other local authorities. This measure can affect the life chances of learners, as achieving this indicator at 16 opens up further education, employment and training opportunities.</p> <p>Vulnerability in education can be determined by a number of different factors including deprivation. It can also be determined by whether the child or young person has additional learning needs, or is a Looked After Child (LAC). Data identifies that there is a performance gap between those within these groups and the overall population. We have chosen to undertake some intensive work in this area to try to reduce that gap, and ensure that all young people are provided with appropriate opportunities to help them achieve success, both in the classroom and beyond.</p>	<p>The local authority will work closely with the EAS (Education Achievement Service) and other agencies. Grants will be streamlined to avoid duplication in discussion with Communities First, Families First, Flying Start and targeted schools.</p>	<p>Improvements of all related PIs.</p>

Ref	Priorities / Objectives Transfer this list into Part 3 and Part 4 – the Action Plan	Reason for choice Improvement or day to day delivery to, for example, address: risk, service redesign etc.	Collaboration and/or consultation considered in achieving the priority?	Overall outcome and impact
		The Corporate Risk register identifies the level of essential skills within the authority as a risk that can prevent people from entering the employment market. We are continuing to deliver these skills through Adult Community Learning and helping people to develop the necessary skills to enter the labour market.	Adult Community Education is delivered in partnership with the 4 other Gwent authorities and the colleges.	Improved levels of essential skills.
2	Raise standards of attendance	<p>Whilst attendance in primary schools continues to improve, attendance in secondary schools has dipped to 92.7%, placing us last in Wales. Attendance is a pre-requisite for learning and levels have to improve.</p> <p>There remains a significant concern within the performance of vulnerable learner groups. In particular, there is an increasing concern about the gap in performance between EFSM and non EFSM pupils in all key stages. In 2015, the performance of EFSM pupils dipped to 25.1% at KS4.</p>	<p>EAS Establishment of a Strategy Group SEWC School Improvement Group have identified this as a regional priority.</p> <p>EAS Communities First Lansbury Park Action Group Families First Flying Start Schools</p>	<p>Regional strategy developed. Targets met</p> <p>Performance Gap reduces. NEETS figures continue to decline. Inspire projects all meeting targets agreed.</p>

3	Reduce the impact of poverty on children and young people	<p>The Improvement Objective has been agreed and the following projects will support all the targets agreed.</p> <p>Two European Social Fund (ESF) Projects: Bridges into Work 2 and Working Skills for Adults 2 will be delivered in order to decrease the number of unemployed residents and upskill the low skilled, low paid workforce.</p> <p>The key outcomes identified in the Engagement and Progression Operational Plan will be delivered with the focus on the reduction of young people Not in Education, Employment and Training (NEET).</p>	<p>BIW2 and WSA2 are regional projects delivered across 5 counties.</p> <p>Education, Schools, Youth Service staff.</p>	<p>Increased number of residents in employment. More residents progressing to better paid skilled jobs.</p> <p>Reduction in NEETs and more effective engagement with those with complex needs.</p>

4	Complete review of EOTAS	Provision for EOTAS pupils has continued to improve but numbers of pupils leaving the school site have escalated. This has not been satisfactory and new arrangements have now been made to arrange provision on school sites through regular collaboration between schools. These will be known as regional Learning Pathway Centres (LPCs).	EAS Schools Youth Services	Reduction in learners accepted at EOTAS panel from 238 to 60. All learners at LPCs have individual pathways and qualification expectations with a clear destination at 16.
5	Complete final phase of ALN Review	The ALN review is into its final stage and the remaining services need to be realigned to ensure appropriate provision.	Schools EAS	ALN Review completed. MTFP reflects a streamlined service which prevents duplication.
6	Deliver 21st Century Schools Strategy & Development	Need to successfully manage the 3 Band A 21st Century School schemes. Need to develop a school place planning strategy which recommends future developments in areas such as: <ul style="list-style-type: none"> • Organisation of schools • Federation of schools • All through schools • 21st Century Schools Band B proposals. 	Consultation will take place with Members and local stakeholders, as appropriate.	Projects delivered to time/cost school place planning strategy agreed by Members and new initiatives developed.

Ref	Priorities / Objectives Transfer this list into Part 3 and Part 4 – the Action Plan	Reason for choice Improvement or day to day delivery to, for example, address: risk, service redesign etc.	Collaboration and/or consultation considered in achieving the priority?	Overall outcome and impact
7	Meet the requirements of the CCBC Medium Term Financial Plan	As a Directorate we must meet the financial targets set by the Council as part of its budget strategy.	Heads of Service and Corporate Finance.	Financial targets met.
8	Maintain and further deliver good practice in Safeguarding	Safeguarding is a priority for Education. There are always new developments and training needs. Schools and central staff need to be upskilled so that a safe culture is continued.	Social Services Schools EAS Central staff Governors	Clearly agreed policies and practices. All staff fully trained and all stakeholders updated.

B	Key Actions / Tasks	Owner & Completion Date	Additional resource required?	Success Criteria	Progress update
1	Work with the EAS to ensure that schools set challenging targets based on secure pupil tracking.	KC JC	JC – contract until 31/8/16	Schools set and achieve challenging targets and demonstrate good knowledge of pupils. LA staff meet with EAS staff in December 2016 to agree 3 year targets in advance of the SIP.	In the main, schools set challenging targets, although joint visits between LA and EAS in 1 case, advice was not taken and the target set was too low in the LA's view. Deadlines for processes for this year mean increased opportunities and time for challenge and where too low, targets will now be imposed.
2	Challenge and support schools causing concern through Intervention planning, AIB and EIB meetings.	KC JC	JC – contract until 31/8/16. £11,000 to support Leadership and Management. £150,000 for support for School Improvement.	LA attendance at all meetings and secure knowledge of schools to challenge and support and quality assure the work of the EAS. No schools categorised as Red in January 2017.	Fewer schools in CCBC now require the higher level of support. There is now only 1 secondary school in the red category of support (Cwmcaron) and all except 3 amber schools are making progress. A full time post for school improvement link with EAS has now been established from April 2017.

Part 6: General RISK REGISTER [Other Risks or Opportunities that have arisen that you want to record but are not specific to your priority objectives]

No	Actual Risk (Opportunity)	Mitigating Actions - what are we doing to reduce the risk and by when	Additional Resource Required?	Current Risk Level (High / Med / Low)	Risk Owner
CMT01	MTFP. Budget pressures will potentially have a negative effect on service delivery across all services. Less staff to deliver services, failure to maintain and/or improve service delivery, managing staff morale in light of cuts.	Budget reductions for 2016/17 limited to nil public impact proposals. Budget strategy agreed following extensive consultation.		Medium	CMT
CMT16	School attainment levels are still below the all Wales average, along with pupil attendance. Low levels of attainment and relative achievement are continual risks for the borough. There is a gap between the attainment of Free School Meals pupils and Non Free School Meals pupils which must be addressed.	Standards of attainment are monitored and reported to SMT / CMT / Scrutiny through an annual programme of reporting. Directorate has an effective working relationship with the EAS.		Medium	Keri Cole
CMT17	Sustainability of staffing via grant funded resources. There is a lack of security or sustainability in maintaining staff and skills as grants can be removed or not renewed.	This risk needs to be closely monitored in the light of the worsening settlement from Central Government to WG. These posts are also an integral part of the MTFP process.		Medium	Keri Cole

No	Actual Risk (Opportunity)	Mitigating Actions - what are we doing to reduce the risk and by when	Additional Resource Required?	Current Risk Level (High / Med / Low)	Risk Owner
CMT18	Secondary school surplus places in top quartile across Wales. Falling pupil roles will affect the funding available to schools and put budgetary pressure on the LA.	The Islwyn High School proposal is proceeding resulting in the closure of Oakdale and Pontllanfraith Comprehensive schools in 2017.		Medium	School Strategy Board
ELL01	Behaviour and Exclusions. The number of exclusions is difficult to predict as the school responds to each individual situation.	If circumstances do occur, the authority will deal with the situation and ensure educational offers are made to pupils within the agreed timescales.		Medium	Keri Cole
ELL02	School Buildings. Ensure the safety of school pupils and staff. Ensure all electrical issues are made safe.	Work with health and Safety team to ensure that potential risks are identified, monitored and actioned where needed.		Medium	Donna Jones
ELL03	Attendance levels are the lowest in Wales.	Undertake review in conjunction with headteachers.		High	Keri Cole
ELL04	Recruitment of suitably qualified tutors to deliver ES courses	Regular advertisement for ES tutors and in house training to upskill existing tutors.	None	Low	Linda Travis
ELL05	Learners not wanting to do format accreditation	Expert tutors selling the benefits of accredited learning.	None	Low	Linda Travis
ELL06	Failure to engage enough eligible learners to the projects due to other similar projects being delivered locally	Joint ESF multi agency group established to avoid duplication and share good practice.	None	Medium	Linda Travis
ELL07	Difficult to prove eligibility for long term unemployed	Continue to work with WEFO with regard to what is accepted as evidence for being long term unemployed.	None	Medium	Linda Travis

Do any identified risks need to be escalated to director or whole authority level?
