

The Provision of Toilets in Wales : Local Toilets Strategy

- Public Health (Wales) Act 2017
- Welsh Government published statutory guidance in June 2018

The Public Health (Wales) Bill proposes changes to the law in Wales to improve health and prevent avoidable health harms.

Llywodraeth Cymru
Welsh Government

These include:

Restrictions on **smoking** in:

- » school grounds
- » hospital grounds
- » public playgrounds.

A national **register of retailers** of tobacco / nicotine products.

Prohibiting **handing over** tobacco / nicotine products to under-18s.

A licensing system for practitioners of **special procedures** in Wales:

- » acupuncture
- » body piercing
- » electrolysis
- » tattooing.

Prohibiting the **intimate piercing** of a person under the age of 16.

Requiring **health impact assessments** to be carried out for key decisions.

Maximising the public health role of community **pharmacies** to meet the needs of communities.

A duty on each local authority in Wales to publish a **local toilets strategy**.

What does the LA have to do ?

- The Act places a duty on each Local Authority in Wales to prepare and publish a local toilet strategy for its area.
- To create a strategic and transparent approach
- To improve access to toilets available for public use

What does the LA have to do ?

- The Act does not require Local Authorities to provide and maintain public toilets themselves but take a strategic view as to how facilities can be provided and accessed by the local population
- It should encourage community involvement and involvement of private businesses and other organisations to help provide solutions

What does the LA have to do ?

- The first stage of this process is to assess the community's need for toilets, including changing facilities for babies and changing places for people with a disability
