The training should include how to recognise the danger signals, de-escalation techniques, what to do if a violent situation occurs and how to report an incident etc.

7.3 Responding to Violent Incidents

- 7.3.5 The Line Manager of the offended employee should decide on appropriate future courses of action where employees have been subject to a violent or aggressive incident. - 7.4.5 Access to and the use of the Employee Protection Register, including notification to individuals, is detailed within the Employee Protection Register Procedure (appendix 1). Where it is necessary to apply a section 29 exemption on individual notification this must be done in line with the guidance contained within the procedure.
- 7.4.6 Following a visit to an individual who is on the register, if additional problems were encountered then an additional violent incident report form should be completed to ensure a comprehensive history of the risk presented to staff is maintained. If the visit went ahead and no issues occurred, then a good visit form should be completed.

- 7.4.7 Where a physical injury occurs as a result of a violent incident, the Violence Incident Report form must be accompanied by a completed accident report form, in line with the Accident and Incident Reporting and Investigation Policy.

1. INTRODUCTION

- 1.1 Caerphilly County Borough Council (CCBC/the Authority) has a duty under the Health and Safety at Work etc. Act 1974 to ensure the health, safety and welfare of employees and others affected by its undertakings. Part of this responsibility is to implement a safe system of work to ensure the sharing of information across the organisation e.g., such as contractors working on behalf of the Authority about potentially violent and/or abusive individuals, dangerous locations, and animals
- 1.2 The Authority, in recognising its obligation to protect the health and safety of employees and others, has implemented a register of names and addresses of individuals/locations/animals where a risk to its employees' safety or wellbeing has been identified, this system is known as the Employee Protection Register or EPR. This register enables staff to identify such persons and/or addresses and take appropriate precautions whilst carrying out work on behalf of the Authority.
- 1.3 This document must be used in conjunction with relevant Corporate Policies, Management Arrangements and Directorate Arrangements on Violence at Work, Lone Working, Risk Assessment etc.
- 1.4 The Authority is committed to ensuring that this register complies with the provisions of the Data Protection Act 2018.
- 1.5 The administrator of the Employee Protection Register is managed by the Health and Safety Division.
- 1.6 The register consists of two parts – the background database called 'INCHECK' accessed only by the Health and Safety Division and a read only intranet-based search facility.

2. CRITERIA FOR ENTRY ON THE REGISTER

- 2.1 The Health and Safety Executive (HSE) has defined work related violence as: 'any incident in which a person is abused, threatened or assaulted in circumstances relating to their work.'
- 2.2 For the purpose of this procedure the public will be deemed to include clients, pupils, service users, parents, and visitors.
- 2.3 For the purpose of this procedure a 'visit' can be classed as a visit to the home of a member of the public or can be an invitation extended to a member of the public into an Authority premises/third party premises.
- 2.4 The following behaviours or circumstances towards CCBC staff or third parties undertaking work activities on behalf of CCBC may warrant the inclusion of persons, properties, or locations onto the register:
 - Any acts of physical violence towards staff
 - Any behaviour, verbal or non-verbal, such as aggressive gestures, verbal abuse, name calling, aggression, shouting, and abusive or discriminatory language (in person or over the phone), which results in the individual feeling

threatened, or where that individual feels that other employees may have their safety or wellbeing threatened by such behaviour.

- Threatening post on social media against identifiable individual/s that states an intent to physically harm or damage reputation
- Any deliberate damage to property
- Any additional factors such as poor condition of premises, dangerous animal, or aggressive relative/visitor, who may compromise safety
- Inappropriate behaviour, such as unwanted sexual behaviour.
- Any other risks that have been identified and are considered to threaten personal safety or wellbeing e.g., persistent, and unsubstantiated Information from third parties as detailed within section 8.2.

2.5 On the register, each entry is assigned a category dependant on the type of incident. The type of incident will determine the minimum length of time an entry remains on the register. Table 1 (Section 5 below) lists the categories and the minimum length of time the entry will remain on the register.

2.6 Inclusion on the register following a report is not automatic and will be decided on a case-by-case basis (see 'Justification of an Entry' below).

3. JUSTIFICATION OF AN ENTRY

3.1 An entry onto the register shall only be created where there is evidence of an incident suggesting that an individual/premises/animal poses a risk to other Authority employees, members or its contractors. This will usually be in the form of a 'Violent Incident Report Form' or a 'Third Party Information Form' and, where possible, back-up evidence such as a witness statement etc. In some cases, there may be a crime reference number, CCTV evidence, a recorded telephone conversation, a threatening letter, an Anti-Social Behaviour Order (ASBO), Anti-Social Behaviour Injunction (ASBI) or information from additional third parties e.g., Police or another Local Authority involved in the case.

4. EXEMPTIONS AND VARIATIONS TO THE ENTRY PROCEDURE

4.1 The following is a list of exemptions and variations to the entry procedure:

- No child below the age of criminal responsibility (10 years) will be placed onto the register.
- When considering children (under the age of 16) for inclusion on the register the Authority recognises that they should be allowed to make mistakes and should not be unfairly or prematurely labelled. Entry onto the register shall be decided on an individual basis based on professional advice.
- Where an adult with learning difficulties or mental health issues which result in challenging behaviour is considered for entry onto the register, decisions will be made on an individual basis based on professional advice.

- Where an incident involves an employee who was acting as a member of the public at the time e.g., as a service user, a decision regarding entry onto the register will be made on a case-by-case basis.
- 4.2 In the cases detailed above for incidents involving employees entry onto the register will be decided by a special review panel, which will be made up of the Health and Safety Division and where appropriate representatives from, Legal Services, and, as relevant, the Manager, Inclusion Services, Social Services and the reporting officer.
- 4.3 For incidents that take place in an educational setting involving individuals under the minimum school leaving age the Education Senior Management Team will also be consulted prior to the special review panel meeting.
- 4.4 The panel will meet as and when required. All decisions will be documented, and feedback provided to the reporting officer and Manager concerned.

5. REVIEW OF ENTRIES

- 5.1 Data protection legislation requires personal data be kept no longer than necessary. To satisfy this requirement, the Health and Safety Division will arrange a meeting every 6 months, to review records that have been on the system for longer than the minimum retention periods (as specified in table one). Each case will be discussed individually. Entries will be deleted unless it's retention can be justified, due to the severity of the incident, ongoing risk (e.g., continued necessary contact with the individual) or further incidents. The Health and Safety Division can call additional review meetings in exceptional circumstances. For complex cases advice from Legal Services and/or the Information Unit will be sought.
- 5.2 Before review meetings the reporting officer or their representative (e.g., line Manager) will, where possible, be contacted to confirm whether there have been any further incidents, whether the individual is still considered a risk and to express an opinion as to whether the individual should be removed or not. This information will be considered as part of the review.
- 5.3 To satisfy Data Protection legislation, when an entry is removed from the electronic (INCHECK) database it will be permanently deleted and will not be recoverable. All paper records and where practicable, e-mails and notes relating to the entry will also be destroyed.
- 5.4 It should be noted that an entry does not have to be removed just because it has reached its review date.

Table 1

Description	Minimum time on EPR (days)
Weapon	365
Dangerous animal	365
Extreme physical violence	365
Physical violence	365
Feeling of being at risk	180
Threat of violence	180
Verbally abusive	180
Premises hazard	180
Difficult persistent callers	180

Entries can only be deleted by a system administrator either: following a periodic review meeting; when deletion is required in order to update the system e.g., due to a change of address, individual is deceased or individual is in prison; or following a review due to representations of mitigating circumstances / completion of the Authority's complaints process.

6. ARRANGEMENTS

6.1 The Employee Protection Register can be accessed by authorised persons from CCBC's Intranet site by clicking on the EPR (VAW) 'shortcut. Access will only be provided to individuals following receipt of authorisation from their Line Manager. The INCHECK system can be accessed by authorised persons via a programme link on their desktop/start menu. The level of access and the information supplied is as follows:

6.2 TIER ONE – FULL ACCESS – SYSTEM ADMINISTRATOR

6.2.1 System administrators have responsibility for data entry, correction and removal of entries on INCHECK. They will also control access for others, by arranging the installation of the register onto their PC and setting up the profile and privileges of the users. The auditing function on the register is only available to the system administrator.

6.3 TIER Two – DATA INPUT AND READ ONLY – HEALTH AND SAFETY OFFICERS

6.3.1 Health and Safety Officers have access to complete data entry on the INCHECK database, but not deletion of entries. The Health and Safety Officer acts as the point of contact for any queries regarding entries on the register within their Directorate

6.4 TIER THREE – NO DIRECT ACCESS, READ ONLY (INTRANET) – USERS

6.4.1 Approved persons in relevant sections will be able to access information held on the system via the intranet. They will have read only access to the register; they will only be able to enquire whether a name or location matches an entry on the register and access the notes for that entry, in order to use/relay that information to the person who will be visiting the location or individual. Users are reminded of their responsibility regarding confidential use of the system and data. Users are forbidden from checking and using this data for non-work purposes.

6.5 Printing of records by tier three users is strictly forbidden.

7. SELECTION OF TIER THREE USERS

7.1 The number and location of tier three users within sections should be based on the need to provide timely information to staff who may be exposed during their work to risks from members of the public.

7.2 Consideration must also be given to the maturity, responsibility and integrity of individuals selected to access the register due to the sensitivity of the information available to them and the need to restrict the unnecessary passage of confidential information. Users should be reminded of their responsibilities, made aware that all information is strictly confidential and informed that disclosing information for non-work-related purposes could lead to disciplinary action.

- 7.3 The manager of the section is responsible for the selection of users and their ongoing training. Managers must submit a form (see appendix 2) for every user they wish to have access to the system, stating the reasons for access to be granted. Forms will only be accepted in hard copy with the line manager's signature or via e-mail. Managers must inform the Health and Safety Division if an individual has changed jobs and no longer requires access.
- 7.4 The Health and Safety Division will periodically review those who have EPR access to the register ensure the list of authorised users is kept up to date.

8. RECORDING INCIDENTS

8.1 WHEN AN INCIDENT OCCURS

- 8.1.1 Any employee who feels they have experienced an incident warranting inclusion on the register must report the incident(s) verbally, as soon as is reasonably practicable, to their manager or the most senior staff members available at the time.
- 8.1.2 The manager will discuss the incident with the employee, any witnesses etc., and together complete the 'Violent Incident Report Form'. Where the incident results in a physical injury an accident/incident form must also be completed.
- 8.1.3 All parts of the form must be completed including the action to be taken to prevent re-occurrence. The form must be signed and dated by the Manager and employee.
- 8.1.4 When completing the form, a decision must be made whether or not to notify the individual of their entry onto the register. Where it is felt informing the individual would create a risk of further violence, a request for exemption can be made under section 29 of the Data Protection Act. Where such a request is made, the relevant section must be completed on the Violent Incident report form prior to submission by the Manager to the Health and Safety Division. The details will be considered, and further information requested as required. All exemptions will be considered and agreed by the Exemptions Panel. The decision to apply an exemption will not delay the entry of the individual/premise/animal onto the register.
- 8.1.5 If the incident is serious and presents an immediate danger to other employees, the manager should contact the Health and Safety Division for advice.
- 8.1.6 If the incident requires an employee to receive hospital treatment, which could delay the completion of the form, the Manager must obtain advice from the Health and Safety Division.
- 8.1.7 Where a visit is made to a person on the register and another incident occurs, a further Violent Incident Report Form must be completed for the new incident. This allows a history of events to be collated and enables managers to make a full assessment of the risks to their staff when making visits. These entries will also be taken into consideration when conducting periodic reviews of the register.

8.2 INFORMATION FROM THIRD PARTIES

- 8.2.1 Information that is received from third parties such as the Police, Health Authority, MAPPA/MARAC meetings or other Local Authorities, can be added to the register where it is considered that the individual may pose a risk to Authority employees. This information should be provided on a 'Third Party Information Form' and sent to the

Health and Safety Division.

- 8.2.2 The details on the Third-Party Information form should contain the date of the meeting/date information was received, suggested precautions to be taken, details such as the name, rank/position, organisation worked for and/or identification number of the person providing the information and contact details for the CCBC staff member passing on the information. NB whilst the notes of any meeting do not need to be provided with the Third-Party Information form, they may be requested by the exemption panel in relation to a freedom of information or subject access request.
- 8.2.3 Every effort must be made to obtain confirmation from the informant(s) in writing, to supplement the third-party information form.
- 8.2.4 The EPR administrator will discuss the case with other Health and Safety Officers and the reporting officer and take legal advice if needed.

8.3 GOOD VISIT FORMS

- 8.3.1 Where an employee visits a person who is on the register and the visit takes place without an incident, then a 'Good Visit' form must be completed and forwarded to the Health and Safety Division.

The Health and Safety Officers will then retain the form with the existing information for that person and it will be taken into consideration during the review process.

9. DATA ENTRY

- 9.1 On receipt of a completed 'Violent Incident Report Form/Third Party Information form the Health and Safety Officer will decide if further information is required.
- 9.2 If the form is not completed fully, the Health and Safety Officer will contact the Manager to inform him/her of the concerns and send the form back for completion.
- 9.3 If an investigation is required, a Health and Safety Officer will carry out the investigation together with the Manager, employee, any witnesses etc. (All incidents leading to an over 7-day injury arising from a physical injury, but not the psychological reaction to the incident, must be investigated). Where a RIDDOR notification to the HSE is required this will be completed by the Health and Safety Division. The Manager and Health and Safety Officer will communicate the results of the investigation to the employees.
- 9.4 If all parties are in agreement that an entry is required, the Health and Safety Division will then enter the information onto the register. A Violent Incident Report Form cover sheet will be completed to justify objectively the reasons that the entry has been made and save it with the report form
- 9.5 Where e-mails are sent / received they should be deleted from the Health and Safety Officer's file once they have been read and any necessary actions taken. If it is felt that the information contained in the e-mails it needs to be kept it should be saved and a copy kept electronically with the relevant Violent Incident Report form / Third Party Form, and the e-mail then deleted.
- 9.6 If the decision is made not to enter the incident onto the register the Manager and the employee concerned will be informed, in writing, with the reason(s). Copies of the

original VIRF and following correspondence will be kept by the Health and Safety Division for the periods as detailed within section 11. Following this period the records should be destroyed.

- 9.7 In cases where there is a dispute regarding whether an entry should be made legal advice will be sought and a final decision made based on the advice received.
- 9.8 Where it has been indicated on the form that a letter of notification has been sent then this will be noted on the VAW register entry. Likewise, where an exemption has been applied this will also be noted on the entry.
- 9.9 Where the form indicates that the incident took place over the phone and did not include direct threats or swearing/abusive/obscene/discriminatory language, but did result in the person feeling uncomfortable, upset, or intimidated, then subject to the Manager and H&S Officer agreeing that the individual is a risk to other CCBC staff/third parties, the entry shall be added to the register.
- 9.10 Where a Third-Party Information form is received (as per 8.2.1 above) an entry should be made, and the notes will include:
- Any specific advice provided with regards to contact with the individual;
 - Where possible the type of meeting/incident, the date that it was held/occurred and details of the person supplying the information (e.g., name, job title/rank, identification number). Where the information is not appropriate to be placed on the register the details must be available for reference on the Third-Party Information form or associated paperwork.
- 9.11 If the H&S Division has concerns that the information may be based on hearsay, this will be discussed and legal advice sought if necessary.

10. SYSTEM USAGE

10.1 CONDUCTING A SEARCH

- 10.1.1 Any Authority employee who may, as part of their job, be required to have contact with any member of the public, either within Council premises or on a visit to their home/place of work/third party premises, should initiate a search regarding the named individual or address, either themselves or by contacting an agreed user of the register in their section to carry out a search on their behalf.
- 10.1.2 Where the person/address is on the register, the employee should speak to their Manager to discuss alternative/precautionary measures to be taken. Risk assessments should be modified in-line with the controls to be taken and advice from the Health and Safety Division sought where required.
- 10.1.3 Where a visit will be carried out by a contractor or partnership agency on behalf of the Authority, information contained within the register must be passed on to these individuals. Information provided to the third party will include only details of appropriate risk control measures to be considered prior to somebody meeting the individual/visiting the premises concerned. This will include details of the incident(s) that resulted in entry onto the register. It must be made clear however that this information should be reviewed on a job by job basis and that no long-term record should be kept of the details. These individuals should be requested to submit a Third Party Form or good visit forms as appropriate.

10.2 OUT OF HOURS

- 10.2.1 In the event that a search is required of the 'Violence at Work' register out of normal office hours, by someone who does not have access themselves, the control centre room can undertake the search on their behalf, they are located at Tir-Y-Berth can be contacted on 01443 875000. This also applied to contractors working out of normal office hours.

11. DATA PROTECTION

11.1 NOTIFYING INDIVIDUALS OF THEIR INCLUSION ON THE REGISTER

- 11.1.1 Following the inclusion of an individual (or their premises) on the Employee Protection Register a decision must be made as to whether the individual is to be informed of their inclusion. Under the Data Protection Act there is a requirement to inform individuals of their personal data being held however notification need not be sent where it is itself considered likely to inflame the situation and potentially lead to further instances of violence or aggression from the individual towards council employees, contractors, or partnerships. In these cases, the need for notification can be negated by the use of exemption 29 under the DPA. An exemption must only be used where there is a genuine risk that notifying the individual will escalate the situation and elevate the risk to staff and/or third parties acting on behalf of CCBC. Such information must be confirmed in writing and the exemption agreed by Exemptions Panel.
- 11.1.2 Contact shall only be made with individuals following their inclusion on the register where appropriate safeguards are in place, the risks have been assessed and any controls implemented.
- 11.1.3 If the individual is to be notified it must be ensured that the information provided does not allow them to easily identify the Officer who originally reported the incident. Where an exemption is not applied a letter detailing their entry will be sent to the individual.
- 11.1.4 Where the Reporting Officer and their Line Manager make the decision not to notify the individual in writing, the relevant section of the report form must be completed and signed by the Manager and the offended person. This will be subject to review by Exemption Panel. Where individuals have not been notified then the phrase 'A section 29 exemption under the Data Protection Act has been applied and [name of individual] **MUST NOT** be notified of his/her inclusion on the Employee Protection Register' will be entered onto the individual's record on the register. Where individuals are repeatedly aggressive towards staff and an exemption on notification is not applied, consideration will be given to approaching Legal Services for a letter to be sent on behalf of the Authority.
- ### 11.2 RECORD MANAGEMENT
- 11.2.1 Due to the personal nature of the information held on the Violent Incident Report Forms, Third Party Information forms and Good Visit forms it is important that the records are suitably managed. The Health and Safety Division will keep copies of completed Violent Incident Report, Third Party Information and Good Visit Forms filed in a secure location. The individual reporting officers or their Line Managers should only keep copies of completed forms in accordance with this procedure and the requirements of the Data Protection legislation.

- 11.2.2 The Health and Safety Division will keep electronic copies of the forms and any associated information for as long as the individual/address is on the register and violent incident report form then for three years and 4 months from the date of the most recent incident involving the individual. After this timescale copies kept by the Health and Safety Division will be destroyed.

12. REPRESENTATIONS

- 12.1 Where an individual is to be notified of their inclusion on the register, they are given the right to make representations regarding mitigating factors to have the entry removed. These must be in writing and submitted within 14 days of the date the notification letter was sent.
- 12.2 Full details on how to make these representations are provided to the individual in the notification letter. The submitting of representations does not automatically lead to the removal of the entry and each individual will be dealt with on a case-by-case basis. Representations will be considered by a panel consisting of the Health and Safety Manager (or their representative) the reporting officer, their line manager (where necessary) and any other person considered necessary by the Health and Safety Manager (e.g., Health and Safety Officer, Legal Services representative, Social Worker). The panel need not physically meet – decisions can be made via written correspondence provided an appropriate admin trail is maintained.
- 12.3 A response will be sent to the individual within 10 working days of receipt of the representation explaining the decision that has been reached and setting out the steps to take if they are still not happy with the decision (follow the Authority's official complaints procedure).
- 12.4 Where an exemption has been applied under Section 29 of the Data Protection Act the right of the individual to make representations is waived.

13. FREEDOM OF INFORMATION AND SUBJECT ACCESS REQUESTS

- 13.1 It is foreseeable that the Employee Protection Register will be subject to both Freedom of Information and Subject Access Requests. All such requests MUST be dealt with via the Information Unit and forwarded to the Health and Safety Manager
- 13.2 Where individuals contact the Authority by phone following receipt of a letter informing them that they have been placed onto the register, the Officer can confirm if an entry has been made onto the system but nothing further. If the person is asking for additional information, they must be advised to submit a formal subject access request via the Information Unit (see 14.2 below). They should also be informed that if they wish to make representations on their own behalf (see 12 above) then they must do so in writing, as per the information in their letter. Where a person contacts the Authority by phone regarding an entry on the register but has not been sent official notification of their inclusion or is phoning on behalf of/about another individual they must not be given any information, **including not confirming whether or not a record has been made**, and told that the individual must submit a subject access request via the Information Unit.
- 13.3 It is advised that all users of the register attend the Data Protection Act training that is provided by the Information Unit.
- 13.4 FREEDOM OF INFORMATION (FOI) REQUESTS

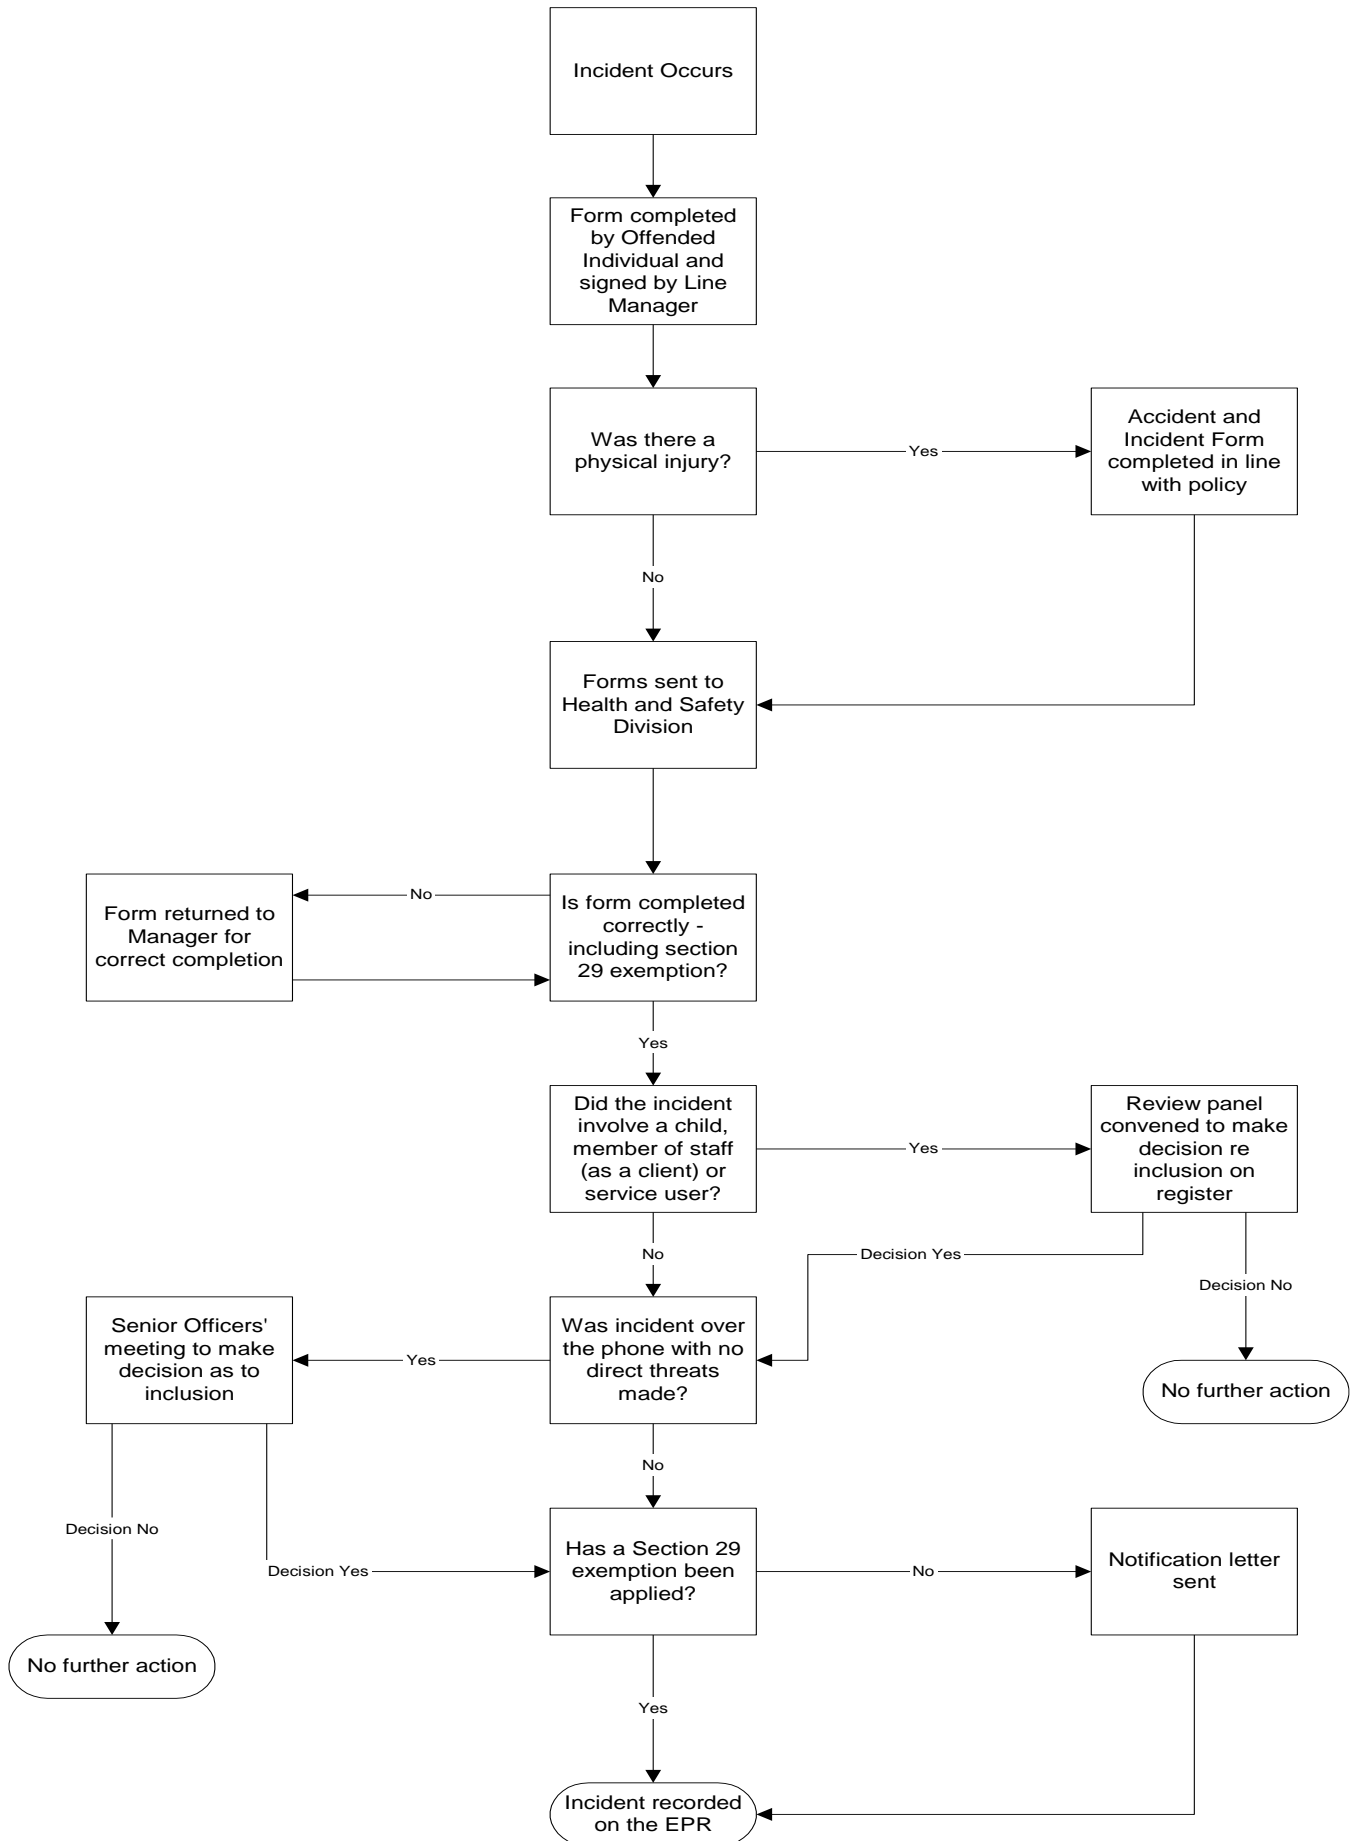

13.4.1 Requests are usually of a general nature asking, for example, the number of entries on the system, number of individuals banned from premises etc. It is envisaged that under normal circumstances these requests will be answered. Where it is felt that the release of this information may place employees at risk, allow an individual to be identified or increase the potential for violence or aggression to occur then the Health and Safety Division will defer the request to the FOI exemption panel and recommend that the information is not provided.

13.5 SUBJECT ACCESS REQUESTS (SAR)

13.5.1 Where Subject Access Requests (SARs) are received relating to the register these will be dealt with on a case-by-case basis. As SARs are personal to an individual, release of the information requested will only occur where there is no likely increase in the potential risk of violence or aggression from the individual concerned.

13.5.2 Where it is felt that releasing the information may result in the information itself contributing to further instances of violence or aggression towards the Authority's staff or third parties working on behalf of the Council, the request will be referred to the Authority's Exemption Panel. Where this occurs the Employee Protection Register Administrator will contact the reporting officer (or their line manager) to allow their input into the recommendations to be submitted to the panel. In responding to a SAR, it must be ensured that the information provided does not allow the individual to easily identify the Officer who originally reported the incident e.g., by redacting information disclosed.

If this section is not completed then it will be assumed that you are willing for notification to be provided to the individual and an entry will be completed to show this on the register.
