2. SUMMARY

- 2.1 The report identifies projected under / (overspends) currently forecast for 2023-24 (full details attached in Appendix 1).
- 2.2 In summary the current projected outturn position for Education is an overspend of £0.096m.

3. RECOMMENDATIONS

- 3.1 Members are requested to note the contents of this report.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 To ensure that Members are fully informed with regards to the 2023-24 projected revenue spends position for Education.
- 4.2 The Council Budget is based on the achievement of both expenditure and income targets. To ensure that these are met, and that the Council's financial integrity is maintained Directors are required to review income and expenditure trends.

5. THE REPORT

- 5.1 The report deals with the budget monitoring information for the Education Directorate. The revenue position is summarised in Appendix 1, with a breakdown split across 3 areas, Schools Related, Education Related and Lifelong Learning (LL) related respectively.
- 5.2 The projected outturn position is based on actual income and expenditure details to the end of October 2023, together with data used to forecast income and expenditure. Account is also taken of the outturn position for previous years and information available following discussions with Managers.
- 5.3 A net overspend of £0.096m is currently forecast for Education, details are outlined below.
- 5.4 The larger variances in Education relate to the following:

	£'m (Under / (Over))
Home to School / College Transport	(0.899)
Pension Costs School Based Staff	0.173
Management & Support Service Costs	0.120
Behaviour Support Services	0.051
School Based Counselling	0.068
Vulnerable Learners	0.061
Early Years Central Team	0.264
Adult Education	0.096
Youth Service	(0.090)
Net Other (Details in Appendix 1)	0.060
<hr/>	
Total	(0.096) Overspend

- 5.4.1 The projected outturn position for Home to School Transport continues to represent the worst-case scenario based on current contracts. The expectation is that there is likely to be a reduction in demand across the academic year as transport needs change. This area of service remains the significant financial pressure in the current financial year. The projection includes a reduction of £0.109m since the period 5 position was reported. A significant pressure relates to special education transport provision across all sectors of education. Further work is to be undertaken to review this area of service and the associated financial implications.
- 5.4.2 Over the last 2 financial years there has been an underspend on the budget for the Authority's on-going pension liability linked to pension costs for school-based staff. This position is linked to budget growth for schools as part of the Authority's budget planning and additional grant funding from Welsh Government. Whilst this underspend position is expected to continue in this current financial year, it is expected that this budget is unlikely to be sufficient as we move into future financial years and the number of posts in schools reduce. Any reductions in staffing numbers would be linked to reducing pupil numbers and or budget pressures.

- 5.4.3 The variance against Management & Support Services relates largely to in-year salary savings, one linked to a secondment to the end of the financial year and one due to a delay in recruitment as the requirements of the post were reviewed. This variance also includes additional grant income of £42k that has been received to support work linked to the ALN Reform, this funding ends in 2023-24.
- 5.4.4 In-year vacancy gaps are the main reason for the current projected underspends in our Behaviour Support and School Based Counselling Teams. A small variance of £0.061m (less than 1%) against the Vulnerable Learners budget relates largely to our EOTAS (Education Other Than at School) provision. This provision is currently under review with the development of provision at the old Pontllanfraith Comprehensive site, as part of the Authority's Sustainable Communities for Learning Strategy.
- 5.4.5 The underspend in our Early Years Team is directly linked to staff time supporting the grant funded areas of Flying Start, Early Years Expansion and the Childcare Offer. This variance relates to an opportunity to fund some of our staff costs from these grants in 2023-24.
- 5.4.6 In reference to the variance on our Adult Education provision, this is largely due to capacity through in year grant funding and some small savings across the service.
- 5.4.7 The projected overspend with regards to the Youth Service relates primarily to costs associated with Crumlin Institute. Members will recall that the Youth Service vacated this premise in December 2021, however Caerphilly County Borough Council currently remains contractually bound by the terms of the lease until a surrender is agreed with the landlord and legally executed.
- 5.4.8 It is important to note that the financial projections in this report exclude a forecast outturn position for our schools. The impact of the 5% Teachers pay award September 2023 (1.5% above the budgeted inflationary uplift) and the recent APT&C pay award 2023 are cost pressures that require consideration by the Authority.

5.5 **Conclusion**
