- 3.2 The service areas within Corporate Services Directorate assist clients in meeting the Corporate themes of Education for Life, Regeneration, Health and Social Care and The Environment, and all areas seek to meet the Council's aim to:
- 'Carry out all services effectively and ensure value for money in service provision'.*
- 3.3 Budget management itself is in accordance with the Corporate theme of 'Delivering the Strategies'.

4. THE REPORT

4.1 Corporate Services

- 4.2 After a planned use of Corporate Service reserves for one-off expenditure, spend is forecast to be below the budget for 2009/10. Reasons for variances to budget are outlined below: -
- 4.3 The anticipated overspend of £100K in Legal Services, relates to the budget constraints on the service area due to a reduction in Land Charges income. This overspend has been managed down to £100k by the redeployment of staff who previously worked in the Land Charges Section. It is intended to use corporate service reserves to fund these one off costs.

- 4.4 The anticipated overspend of £95K in Corporate Finance is due to one off costs associated with the early release of one member of staff under the 85 year rule and the implementation of a new Sundry Debtor system. There was a requirement to replace the Sundry Debtors system after 10 years as the software provider had given notice that they would not be supporting the system in the future.
- 4.5 Within the anticipated underspend of £171K on Information, Communications, Technology and Property Services, some £67k relates to Corporate Property, and arises largely due to energy savings, as a result of new contract prices from October on corporate buildings, NNDR refunds of prior year payments and staff savings as a result of vacancy management.
- 4.6 The anticipated underspend of £50K in Procurement Services relates to delays in appointing staff.
- 4.7 Capital Financing – Charges
A £212k underspend is projected. This has arisen, in part, from the level of balances being higher than anticipated, due to delays in the making of Equal Pay and Job Evaluation payments, giving rise to investment income being higher than projected. Other contributory factors include reductions in statutory provisions for principal repayments, following the closure and audit of the 2008/09 accounts.
