

- ii) The term "public rights of way" is used to mean paths, tracks and unmetalled roads over which the public have the right to walk and in some cases ride horses and possibly drive motor vehicles.

These may be classified as follows:-

A **footpath**: over which the right of way is on foot only.

A **bridleway**: over which there is a right of way on foot and on horseback or leading a horse, and also for the use of a pedal cycle.

A **byway open to all traffic**: this means a highway over which the public have a right of way for vehicular and all other kinds of traffic, but which is used by the public mainly for the purpose for which footpaths and bridleways are so used.

- iii) The Wildlife and Countryside Act 1981 places a duty on the County Borough Council to keep the existing definitive map under continuous review, make Modification Orders as necessary to take account of the occurrence of events requiring the map to be modified and to prepare definitive maps for any part of the area not previously surveyed.
- iv) The definitive map and statement will be modified by means of Orders made by the surveying authority i.e. the County Borough Council. The Wildlife and Countryside Act enables any person to apply to the surveying authority for an order to amend the definitive map.
- v) The procedure for making such an application is detailed in Schedule 14 of the Wildlife and Countryside Act. The application before you complies with these requirements.
- vi) When determining the application members will be acting in a quasi-judicial capacity. Before making an order, members must be satisfied that the evidence shows, **on the balance of probabilities**, that a right of way of a particular description exists. Each application must be dealt with on its own merits, noting the interests of both the applicants and the landowners.
- vii) This application is concerned with rights that are alleged to exist and not as to whether it would be prudent or beneficial to create them. The suitability of a way for users who have a right to use it, for example the nuisance that they are alleged to cause are not factors that should be considered by the Committee. **Members are also required to view the route of the proposed right of way in question.**

- viii) When considering the evidence that follows, members must be aware of the provisions of Section 31 of the Highways Act 1980 thus enabling members to determine whether there is sufficient weight of evidence to make an order.

Section 31 of the Highways Act states:-

"where a way over any land other than a way of such a character that use of it by the public could not be given rise at common law to any presumption of dedication, has been actually enjoyed by the public as a right and without interruption for a full period of 20 years, the way is to be deemed to have been dedicated a highway unless there is sufficient evidence that there was no intention during that period to dedicate it."

If in the case before you members are satisfied that the right of way has been used for a period in excess of 20 years, then there arises a presumption that the owner intended to dedicate the path as a right of way. It should be noted by members that the said 20 year period must be calculated retrospectively from the date when the way was first called into question.

- ix) If following the site visit the Committee decides to make an Order, then once this decision has been reached the County Borough Council has to give notice of its general effect. Following members' decision there is a right of appeal to the National Assembly for Wales. A period of at least 42 days from the date of first publication of the notice must be allowed for objections."

If there are any valid objections the County Borough Council has to refer the Order, together with the objections to the National Assembly for Wales who will then arrange for the Order and the objections to be considered by an independent Inspector. If no valid objections are made within the objection period then the County Borough Council may confirm the order itself as an unopposed Order.
