EDUCATION SCRUTINY COMMITTEE – INFORMATION ITEM

SUBJECT: EDUCATION AND LIFELONG LEARNING GRANTS 2022/23

REPORT BY: CORPORATE DIRECTOR FOR EDUCATION AND CORPORATE SERVICES

1. PURPOSE OF REPORT

- 1.1 To provide Members with details of grant funding available to the Education and Lifelong Learning Directorate in 2022/23. To update with regards to grant funding that will span financial years, particularly with regards to capital funding.

2. SUMMARY

- 2.1 The report provides a brief overview of grant funding currently available. This funding is already significant and is likely to increase over the course of the year as additional funding becomes available and or due to the successful outcome of funding bids.
- 2.2 The report provides a brief description of the intended purpose of the grant funding (the terms and conditions of the awarding body). These details are included in the Appendix 1. More detailed information on individual grants can be made available to Members, if requested.
- 2.3 We are currently awaiting some of the formal grant offer letters, consequently some of the funding values contained in the appendix are indicative.

3. RECOMMENDATIONS

- 3.1 Members are requested to note the contents of this report.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 To ensure that Members are informed with regards to confirmed and indicative grant funding in 2022/23, both revenue and capital related.

5. THE REPORT

- 5.1 The attached Appendix 1 provides a summary of grants currently known for 2022/23. This includes a list of the grants, the grant funding bodies, the value of the grant, a brief description of the purpose of the funding, together with details of the responsible officer. Members will notice that some of the figures are identified as indicative as we are awaiting the formal offer letters from the awarding body.
- 5.2 Members will note that there is a significant level of grant funding available to the Directorate in 2022/23, revenue funding is currently estimated at circa £39m. The grant funding linked to capital expenditure will often, but not always, span several financial years. Capital grant funding currently available is circa £60m. The significant funding relates to the Authority's 21st Century Band B Programme of £51.5m. It will span several financial years in terms of the spend profile and includes a match funding commitment from the Authority.
- 5.3 Each grant offer made to the Authority is dependent on adherence to a pre-defined set of terms and conditions, as stipulated by the awarding body. The purpose of the terms and conditions is to ensure clarity, the grant must only be spent within the defined scope of the funding.
- 5.4 In addition the terms and conditions will outline the period of the grant, how the grant will be paid, and the timescale for submission of grant claims and reports and whether the grant is subject to an annual audit review. The requirement for an audit review will stipulate whether this needs to be undertaken by either the Authority's Internal or External Auditors. The purpose of the audit review is to ensure compliance with the terms and conditions of the grant through a process of sample testing. During the review any queries raised are investigated and any further information required by Audit is provided prior to an Audit Report being produced. The details of the outcome of the audit are then made available to the awarding body as specified.
- 5.5 To be aware, even where a grant does not require a specific audit the Grant Body reserve the right to have access to documents and information relating to grant monies and may exercise this right, at all reasonable times, if deemed necessary.
- 5.6 Grant funding is an integral part of the Directorates financial planning and budget monitoring reports.
- 5.7 It is important to advise that the Education Achievement Service (EAS) has a key role in the co-ordination of a number a regional school related grant. These are identified in Appendix 1.

5.8 Conclusion

The details contained in the body of the report and in the appendix illustrate how important external grant funding is to the Directorate and to schools. This is due to the level of funding and the areas of support that the funding is targeted towards.

6. ASSUMPTIONS

- 6.1 Any assumptions are detailed within the report and appendix.

7. SUMMARY OF INTEGRATED IMPACT ASSESSMENT

7.1 An IIA is not necessary for this Information Only Report.

8. FINANCIAL IMPLICATIONS

8.1 In 2022/23 there is currently an estimated £39m due into the Education & Lifelong Learning Directorate in the way of revenue grant funding. The issue with regards to grant funding is the degree of uncertainty for future planning purposes, since in most instances the grants are awarded on an annual basis which poses issues for medium- and long-term planning. Estimated capital funding available totals £60m but elements of this funding will extend across several financial years. Notably the 21st Century Band B Programme.

8.2 Welsh Government has recognised the challenges created by the uncertainty of an annual grant award, in the budget settlement details for 2022/23 they provided an All-Wales indicative position on specific grant funding. Whilst this does not provide information at a local level, it is helpful for future planning. For some grants indicative information for future years has been provided at a local level. Discussions on this issue will continue but recent information is certainly very helpful.

8.3 As mentioned previously, all grants are subject to specific terms and conditions, and this could include a requirement that the grant is subject to External Audit. If this is the case the Authority's External Auditors will scrutinise financial and non-financial data relating to the grant, as per the Audit Instructions, to ensure that all expenditure complies with the terms and conditions. If External Audit identify that there has been a failure to comply then potentially the grant funding body could claw back the grant funding previously awarded and paid, impacting directly on the Authority's budget in that year.

9. PERSONNEL IMPLICATIONS

9.1 In circumstances where grant funding is reduced or withdrawn, employees placed at risk will be supported via the appropriate Council policies relating to redeployment and ultimately redundancy if necessary. It is most likely that these redundancy costs would need to be met by the Authority.

9.2 In recent years Local Authorities have received significant additional grant funding from Welsh Government which has supported additional fixed term appointments.

10. CONSULTATIONS

10.1 There are no consultation responses that have not been reflected in this report.

11. STATUTORY POWER

11.1 Local Government Act 1972 and 2000.

EDUCATION SCRUTINY COMMITTEE – INFORMATION ITEM

**SUBJECT: FINANCIAL PLAN FOR EDUCATION, LIFELONG LEARNING
AND SCHOOLS 2022-23**

**REPORT BY: CORPORATE DIRECTOR FOR EDUCATION AND CORPORATE
SERVICES**

1. PURPOSE OF REPORT

- 1.1 To provide Members with details of the Financial Plan for Education and Lifelong Learning 2022-23. The Financial Plan is the key document for budget monitoring in this new financial year.

2. SUMMARY

- 2.1 The Financial Plan provides details of how the Directorates available budget has been allocated for financial year 2022-23. The Directorates budget totals circa £147.5m, of which £119.2m relates to the Authority's Schools and is distributed through the school funding formula.

3. RECOMMENDATIONS

- 3.1 Members are requested to note the contents of this report. The Financial Plan follows approval of the Authority's budget 2022-23 at Council on 24th February 2022.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 To ensure that Members are fully informed with regards to the 2022-23 revenue budget position for the Directorate.

5. THE REPORT

5.1 Revenue Budget 2022-23

- 5.1.1 Details of the Authority budget position were outlined to Special Council (24th February 2022). The Report outlined details with regards to the Welsh Government

revenue support grant (RSG) settlement, the general economic climate, together with Authority wide inflationary and other cost pressures. Council endorsed the revenue budget proposals for 2022-23 totalling £395m. This included growth to support specific pressures within the Authority together with any savings targets.

5.1.2 The approved budget for Education, Lifelong Learning and Schools totals £147.5m.

5.2 Education, Lifelong Learning & Schools

5.2.1 The Directorate, including schools has been given budgetary uplift of 1.75% for the impact of the Teachers pay award (September 2021), with a further 3% estimated for September 2022. In addition, there has been a 3% uplift for potential APT&C pay award costs, a 1.25% employers national insurance (NI) uplift for all staff, a 1% uplift on APT&C employer superannuation costs and an increase of 4% on non-pay related inflation.

5.2.2 Growth of £341k has been allocated to Education to support specific pressures within the service. The details are as follows:

- 2 Additional Classes PRU (from Sept 2022) £170k
- Health & Safety Capacity for Pupil Assessment £25k
- Sensory Service (SENCOM) £90k
- Psychology Service £56k

5.2.3 In 2022-23 there is no savings target for schools and growth to the value of £5.7m was approved to support identified pressures. Significantly this includes pay and non-pay associated cost pressures, floor area changes; additional pupils at Trinity Fields along with associated transport costs, further costs from formula changes linked to updated free school meals data.

5.2.4 In total the Directorates net budget for 2022-23 is £147.5m, of which £122.8m (which includes circa £3.6m Post 16 funding) forms the Individual Schools Budgets (ISB).

5.3 Conclusion

5.3.1 The financial position for 2022-23 will be monitored closely, with particular attention to emerging pressures and any subsequent implications. Consideration will also be given to any potential medium term financial savings for future years.

5.3.2 The Directorate budget for 2022-23 includes no specific budgetary uplift for “covid” associated costs. The impact of any potential on-going costs linked to covid will be monitored and are already being discussed at a senior level. The position remains uncertain as guidelines are updated, thus making it very difficult to project ahead. The Authority has identified a level of funding to support covid related costs in 2022-23, but again this will need to be closely monitored and spend prioritised. In addition, the impact of the significant increase in energy prices is already under review as the position has changed dramatically since the Authority’s budget was approved in February.

6. ASSUMPTIONS

6.1 All assumptions linked to the Authority’s budget strategy for financial year 2021/22 are detailed in the Report agreed by Council on 24th February 2022.

- 6.2 The Education, Lifelong Learning & Schools budget 2022-23 does not include any additional costs or income losses associated with Covid-19. Over the last 2 years our schools have been able to access significant financial support for additional covid associated costs through the Welsh Government Hardship Fund. The Hardship Fund ended on 31st March 2022. However, Welsh Government has been supportive with other funding to our schools over this period, which in part is reflected in an increased balances position as of 31st March 2022. As an Authority a sum of circa £2.5m has been approved as part of the Authority's budget strategy for 2022/23, to support covid related issues. Consequently, the Covid Earmarked Reserve totals £5m at the start of the new financial year.

7. SUMMARY OF INTEGRATED IMPACT ASSESSMENT
