12 INVESTMENT ZONES & BUILDING REGIONAL CAPACITY FOR INNOVATION INVESTMENT

The Director Cardiff Capital Region City Deal presented the report to Members of the Joint Overview and Scrutiny Committee (CCRCD JOS) with the opportunity to review the work completed to date in response to UK Government Investment Zone policy

Following conclusion of the presentation the chairperson invited questions from Members

In response to a question on timescales of the project and investment in skills the Director commented that investment in skills and talent is high on the agenda for the region, particularly in relation to the venture graduate programmes and with micro-credentials becoming increasingly important.

In terms of timescales, certain processes from Welsh and UK Government need to be followed to ensure the right areas are targeted including the Northern valleys and not just the M4 corridor areas.

A Member commented that Welsh Government Apprenticeship funding will be reduced in future years and asked how this will impact skills development. The Director responded that she is hopeful that the Investment Zone will be able to bridge some of the gap as workplace apprenticeships are very popular allowing young people to earn and learn at the same time. Plans are in development to shape around this initiative.

A Member asked how we present this to the communities throughout South Wales that this is a 10 Local Authority approach to benefit the the whole of the South East Region and change the perception that money is "being sent to Cardiff"

The Director replied that as the process develops we will define the areas of benefit and share as widely as we can and align with the launch of projects such as Northern valleys fund a 50m commitment made by the Regional Cabinet which will hopefully bring more private sector investment in to the area. We will need to ensure that we use the investment zones and incentives to drive benefit into those areas.

The Cabinet Member for the CCRCD and Chair of the Transport Authority added that they will be ensuring that the message gets across to people that the CCRCD is supporting each and every Local Authority area and ensuring that residents understand the projects and how they benefit their communities in a direct way to ensure the investment zone benefits the whole region.

A Member recommended the CCRCD look to increase the collaboration with Higher Education and Further Education sectors to provide improved support to

upskill our graduates but also non-academics with different skillsets, as there are many with huge interest in technology who are willing to learn and develop their skills outside of the university setting. The Member gave the example of gaming which is a burgeoning industry with many young people interested in this field who are not necessarily graduates. He encouraged the CCRCD to look included non-graduate institutions to the plans. Another Member added that the focus should be on building a future workforce and ensuring we do not leave less qualified people behind.

The Director CCRCD commented that there is specific targeted support provided through Prosperity funding which is short intensive training to get students certified to demonstrate that they can do the work which has been a huge success across the region. She also commented that throughout the process they have found that a lot of graduates are leaving South East Wales, in search of graduate roles, she continued that the focus is to keep them here in the region and placing them in small to medium firms who wouldn't previously have considered recruiting a graduate and with developments such as Investment Zones, this will support that drive to build a future workforce.

Following discussion it was **RESOLVED** to:

1. Review positioning paper (Item 8) presented to Regional Cabinet on 9 October 2023, attached at Appendix B.
2. Review the agreed position taken at Regional Cabinet on 9 October 2023.
3. Consider most recent updates presented to the Regional Cabinet briefing for discussion on attached at Appendix C.
4. Consider and determine any other matters that members may wish to scrutinise over the period from the initial Spring Budget announcement that an at least one Investment Zone would be located in Wales.
5. Bring forward a future item in relation to Skills and Development across the Region.

13 SOUTH EAST WALES CORPORATE JOINT COMMITTEE: REGIONAL TRANSPORT PLAN & STRATEGIC DEVELOPMENT PLAN

The Head of Data and Digital Innovation presented the report to Members with the opportunity for them to review the work completed to date on the Regional Transport Plan (RTP) and Strategic Development Plan (SDP), per the Regional Cabinet report of 9 October 2023

A Member commented that there should be a bigger focus on bus strategies if we are to achieve our long term goals for low carbon sustainable transport system. He added that impact assessments should be undertaken on their usage throughout the whole of the region– particularly in valley and more rural areas where public transport by bus is the only option to get people into their places of work. The Member commented that there needs to be a rebalance of investment from Capital investment into the operational costs

The Director CCRCD replied that the challenge in this area is funding around the transport plan which is often ring-fenced for certain projects and that support is prioritised first and foremost for promotion of walking and cycling options. She explained that the Regional Transport Authority is exploring the options and costs of franchising but there are no easy solutions with challenges such as the operating environment, the cost of living crisis and current interest rates. She

concluded that as a Region we need to focus on what the priorities are in supporting the wider economy such as Transport Planning fitting in with our economic objectives and lobby these with Welsh and UK Government.

A Member stated that it is important that this is prioritised as the public can see the other investments in capital projects. The Member added that it is also important that the constraints are effectively communicated to the public around the bus transport as there are lots of frustrations around this area.

A Member stated that in many of valley and out of town areas, people are struggling to find adequate parking close to transport links with cars left around residential streets near train stations etc. The Member asked if this could link to active travel plans where rental bike / sharing schemes, park and ride

The Director CCRCD advised that the majority of the Metro Plus locations have a park and ride component with the potential to adapt this to create park and cycle options. She added that a car sharing club linked to Electric Vehicles will also be developed soon as there is clear demand for it and a requirement to respond to the Climate Change emergency. She highlighted that this will prove to be more challenging in more rural locations however.

The Leader of Bridgend Council and Cabinet Member stated that as well as the immediate challenges in the bus industry around revenue support across wales, we also have the challenge of responding the climate change emergency and to decarbonise the fleet which requires significant capital expenditure. He advised that whilst there is technology on the market to power vehicles in a different way, it is very expensive and sometimes impractical in some of our rural / valleys communities. The Director CCRCD added that the Regional Transport Plan will also have to address the road user charging and how this can leverage future funding opportunities in this area. Another Member commented that we should be considering learning from other Regional Transport Plans when developing our own and consider what lessons can be learned from these and how they could be integrated into our own plan.

Following consideration of the item it was **RESOLVED** to:

1. Review the paper presented to South East Wales Corporate Joint Committee (SEWCJC) on 9 October 2023, attached at Appendix A.
2. Review the agreed position taken at SEWCJC on 9 October 2023.
3. Consider and determine any other matters that members may wish to scrutinise over the coming period.
4. To bring an item forward for future scrutiny consideration on Active Travel Plans including the Car Sharing Club initiative

CARDIFF CAPITAL REGION CITY DEAL

JOINT OVERVIEW AND SCRUTINY COMMITTEE

7 MARCH 2024

CONSTITUTION OF THE SOUTH EAST WALES CORPORATE JOINT COMMITTEE

REPORT OF THE CCRCD / CJC MONITORING OFFICER

PURPOSE OF THE REPORT

- 1** To offer Members an opportunity for pre-decision scrutiny of the draft Constitution of the South East Wales Corporate Joint Committee (SEWCJC) prior to consideration by SEWCJC on 18 March 2024.

RECOMMENDATIONS

- 2** It is recommended that Members of the JOJC:
 - (1)** Review and consider the draft Constitution of the South East Wales Corporate Joint Committee.
 - (2)** Consider and determine any other matters that members may wish to scrutinise over the coming period.

BACKGROUND

- 3** In 2017 a Joint Working Agreement (JWA) was signed by the ten local authorities of South East Wales that established the governance model for the Cardiff Capital Region City Deal. As part of these arrangements Cardiff Council was appointed as the Accountable Body.
- 4** The City Deal established a resourced city-region partnership for the Cardiff Capital Region (CCR), based upon the Joint Working Agreement. Building on these arrangements, which were replicated to a greater or lesser degree elsewhere in Wales, Welsh Government has progressed legislation to establish Corporate Joint Committees to further strengthen regional working across Wales. In 2021, the Senedd Cymru passed the following legislation:

- Local Government and Elections (Wales) Act 2021, Part 5 (Collaborative Working by Principal Councils) of which provides the Welsh Ministers with the ability to establish a Corporate Joint Committee; and
 - The South East Wales Corporate Joint Committee Regulations 2021, Part 1 (Establishment and area) of which establishes a body corporate to be known as the South East Wales Corporate Joint Committee for the region (“the CJC”).
- 5** The Local Government and Elections (Wales) Act 2021 provides the legislative basis for these new structures. The establishment of CJsCs creates in law distinct corporate bodies and legal entities, that can directly employ staff, hold assets and budgets, and be directly responsible for exercising specific functions. This differs from City Deal arrangements where the Accountable Body is required to hold responsibility for directly employing staff and holding assets and budgets. The City Deal is also restricted to activities that fall within the remit of the JWA, effectively meaning it can only deal with matters relating to its Investment Fund.
 - 6** Building on the City Deal arrangements, CJsCs have the potential to strengthen the regional ability to coordinate and implement strategic responses to key challenges. While the City Deal arrangements served to galvanise collaboration among the ten partner local authorities, the scope of partnership working has necessarily been circumscribed by the content of the JWA and the City Deal agreement. The creation of the new corporate entity, with its own statutory basis, opens up wider possibilities for local government to pursue regional strategies over and above the City Deal.
 - 7** Conversely, the current Accountable Body model does not allow for the Cardiff Capital Region City Deal (CCRCD) Joint Committee (the Regional Cabinet) to employ staff, maintain its own balance sheet, or borrow money – in contrast to the powers that have been provided to the new CJsCs, albeit within an affordability context determined, and underwritten, by the constituent local authorities themselves.
 - 8** The initial functions of the South East Wales CJC, as prescribed by the Establishment Regulations, relate to preparation of a Regional Transport Plan, a Strategic Development Plan and the exercise of economic wellbeing powers. In the case of the Regional Transport Plan and Strategic Development Plan, these represent statutory duties of the South East Wales CJC. In the case of

the economic wellbeing powers, the CJC has the ability to undertake activities that promote and support economic development within the region.

- 9 The Establishment Regulations contain key provisions in respect of the South East Wales CJC, including its membership and how it makes decisions. Under the Regulations, the CJC's membership comprises councillors, one for each constituent council which constitute the existing City Deal arrangements. The Regulations also provide that the CJC member from each constituent Council shall be the Leader – reflecting the composition of the City Deal Regional Cabinet.
- 10 Provision is also made for a member from Brecon Beacons National Park Authority, who will only be permitted to vote on matters relating to the strategic planning function.
- 11 While the CJC will be a decision-making body in its own right, its budget must be agreed on a unanimous basis by constituent Councils of the CJC, with Welsh Government determining contributions in any scenario where a budget cannot be agreed. Any assets or liabilities entered into by the CJC are the liabilities of the constituent Councils and will need to be included as part of the budget setting processes of respective local authorities.

'Lift and Shift'

- 12 Since the CJC builds on the current City Deal arrangements, the CCR Regional Cabinet has been the focal point of discussions to establish the new arrangements.
- 13 These have proceeded on the basis that local authorities needed to meet the statutory requirement to establish CJCs while also ensuring that the new governance arrangements resulted in a model that was complementary to, rather than in competition with, concurrent local government arrangements. It was also agreed that the proposed CJC should seek to secure the devolution of resources from Welsh Government to support regional working.
- 14 A CCR Regional Cabinet report, of 20th September 2021, subsequently outlined a proposed governance, delivery and transition model for the CJC. This made clear that local authorities would not expect to lose any powers or resources as a result of the establishment of the CJC, and that the ability of councils to determine their own policy and to deliver functions would remain. In particular the report agreed the following principles:

- “A positive-sum game. The uniqueness of the model of LA democratic legitimacy and localism sits at the heart of the CJC which will be owned, controlled and led by LAs. The CJC & LAs are one and the same – with CJC being developed for, with & by LAs.
 - There is no threat to LA services with the assumption that functions, services and resourcing are being pulled from the centre not local authorities. No local power, functions, services or resources will be lost or displaced – unless a case is made and supported by all LAs - and LAs will also deal directly with UK Government and Welsh Government and continue to deliver large-scale projects including those of regional, national and international significance and supported by both governments. This will emphasise absolute concurrence and compatibility with local arrangements.
 - CCR CJC is capable of adopting Welsh Government’s policy position and ambitions for a system of regional economic governance – and is equally able to respond in the face of the growing presence of UK Government in Wales. CCR is able to act as a neutral space in the middle, working positively with both bodies to ensure the region is positioned optimally to see challenges and opportunities through the prism of ‘place’ and adopt a sense of enlightened self-interest. With regional investment and ‘localism’ central to developing policy, CCR must deliver for the region, Wales & UK.”
- 15** The September report considered a number of governance and delivery model options that would bring together, or at least align, the City Deal and the South East Wales CJC. In sum:
- Do nothing – this would not meet the requirements of the legislation and would therefore be unlawful.
 - Like for like - the CJC acts as the decision maker (in place of the Regional Cabinet) and the Accountable Body continues to act as the conduit for project delivery.
 - Lift and Shift – the CJC acts as the decision maker (in place of the Regional Cabinet) and acts as the conduit for project delivery (in place of the Accountable Body).
 - Holding Company - this would see the CJC act as the decision maker and hold-co/strategic anchor of wholly owned subsidiaries.
- 16** The Regional Cabinet agreed to pursue the option of ‘lift and shift’. In effect, this would see the transition of the City Deal operational and delivery

arrangements into the South East Wales CJC, creating a single corporate body and an integrated model of regional public investment.

- 17** On this basis, the Regional Cabinet agreed to establish a Transition Plan and Transition Board to oversee the change, based on a critical path for achieving key milestone dates in accordance with the legislation.

Transition Plan

- 18** In implementing the Transition Plan for the City Deal to be taken into the governance arrangements of the CJC, on 4 December 2023 Regional Cabinet made the following key decisions:

- Consent to novate (transfer) the Cardiff Capital Region City Deal Funding Agreement and all other incoming funding agreements held by Cardiff Council as Accountable Body on behalf of CCR to the CJC;
- Consent to transfer the portfolio of projects funded by CCR, together with any ancillary agreements, from Cardiff Council as Accountable Body on behalf of CCR to the CJC;
- Provide a direction to Cardiff Council acting in its capacity as Accountable Body for CCR to take all necessary actions to implement the transfers referred to at paragraphs (1) and (2) above; and
- Agree to transfer responsibility for decision making and implementation of the Cardiff Capital Region City Deal to the CJC (including that Council Contributions be made to the CJC), subject to novation of the City Deal Funding Agreement and approval by the CJC of additional standing orders incorporating the key terms of the JWA between the 10 Constituent Councils.

- 19** Also on 4 December 2023, Regional Cabinet considered the proposed governance structure of the CJC, which includes the following sub-committees and advisory boards:

- Appointments
- Governance and Audit
- Investment Board
- Joint Overview and Scrutiny
- Regional Growth Board
- Regional Transport

- Shareholders
- Standards
- Strategic Development

20 In essence this provided the formal approval for the ‘Lift and Shift’ proposal outlined in the transition plan.

21 Operational arrangements are now in place for:

- Transfer of City Deal funding;
- Transfer of the portfolio of funded projects;
- Transfer of City Deal staff;
- Ensuring operational processes and technology are in place;
- Ensuring financial systems and processes are in place;
- Ensuring robust governance arrangements are in place.

22 The CJC’s Draft Constitution is due to be considered by both Regional Cabinet and the CJC at their meetings on 18 March 2024. If the arrangements are approved, Regional Cabinet will be asked to formally transfer responsibility for City Deal to the CJC with effective date of 00:01 hours on 1 April 2024.

23 Members will note that, as part of those arrangements, the terms of reference for CCRCD JOSC will expand to embrace the wider remit of the CJC.

SCOPE OF THE SCRUTINY

24 This report has been brought forward for pre-decision scrutiny. Members are invited to consider and review the content of the CJC’s draft Constitution.

LEGAL IMPLICATIONS

25 JOSC is empowered to enquire, consider, review and recommend but not to make policy decisions. As the recommendations in this report are to consider and review matters, there are no direct legal implications. Part 1 - Summary and Explanation

The South East Wales Corporate Joint Committee

- 1.1 The South East Wales Corporate Joint Committee (“the CJC”) is a public body established under the following legislation:
- the Local Government and Elections (Wales) Act 2021, Part 5 of which provided the Welsh Ministers with the ability to establish a Corporate Joint Committee; and
 - the South East Wales Corporate Joint Committee Regulations 2021, Part 1 of which established a body corporate for the region to be known as the South East Wales Corporate Joint Committee.
- 1.2 The CJC’s area comprises the administrative areas of:
- (1) Blaenau Gwent County Borough Council;
 - (2) Bridgend County Borough Council;
 - (3) Caerphilly County Borough Council;
 - (4) Cardiff Council;
 - (5) Merthyr Tydfil County Borough Council;
 - (6) Monmouthshire County Council;
 - (7) Newport City Council;
 - (8) Rhondda Cynon Taf County Borough Council;
 - (9) Torfaen County Borough Council; and
 - (10) Vale of Glamorgan Council.
- 1.3 The CJC’s membership is made up of the Leaders of the 10 Councils. The Bannau Brycheiniog National Park Authority is also a member of the CJC when it is exercising the function of preparing a Strategic Development Plan.
- 1.4 The public body will be known as Cardiff Capital Region (CCR), ensuring we build on the Councils’ established reputation for joint working, its partnership network and successes to date, but the South East Wales Corporate Joint Committee will be our legal name.

Cardiff Capital Region

- 1.5 The Cardiff Capital Region has a population of 1.5 million, which equates to almost half the total population of Wales. The region is economically highly significant for Wales accounting for approximately 50% of the total economic output of the Welsh economy. It is home to 50,000 local business and three universities. It is a diverse region, comprising the two cities of Cardiff and Newport, a range of market towns, the industrial heartland of the South Wales Valleys, rural communities and a coastal belt.

The CJC's Functions

- 1.6 The CJC has three key areas of responsibility:
- Strategic Development Plans
 - Regional Transport Plans
 - Doing whatever is deemed necessary to enhance or promote the economic well-being of the area.

The CJC's Constitution

- 1.7 The CJC has agreed this Constitution, which sets out how the CJC operates, how decisions are made, and the procedures that are followed to ensure that the operates efficiently, effectively and is both transparent and accountable. Some of the processes are required by law, while others are a matter for the CJC to choose.
- 1.8 The Constitution is divided into 13 articles, which set out the basis rules governing the CJC's business. More detailed procedures and codes of practice are provided in a series of separate rules and protocols at the end of the document.

What's in the Constitution?

- 1.9 Article 1 of the Constitution commits the CJC to provide accountable leadership at regional level. Articles 2–14 explain the rights of citizens and how the key parts of the CJC operate. These are:
- Members of the Corporate Joint Committee (Article 2)
 - Citizens and the CJC (Article 3)
 - The Corporate Joint Committee (Article 4)
 - Overview and Scrutiny Arrangements (Article 5)

- Governance and Audit Sub-Committee (Article 6)
- Standards Sub-Committee (Article 7)
- Other Sub-Committees (Article 8)
- Joint arrangements (Article 9)
- Officers (Article 10)
- Decision Making (Article 11)
- Finance, Contracts and Legal Matters (Article 12)
- Review, Revision and Suspension of the Constitution (Article 13)

How the CJC operates

1.10 The CJC's decision-making structure includes:

Corporate Joint Committee

1.11 The 10 Council Leaders in the Cardiff Capital Region all meet together as the South East Wales Corporate Joint Committee. The CJC decides the Authority's strategic policies and sets out the budget each year. Meetings of the CJC are open to the public to attend, except where confidential information or exempt information is being discussed.

Overview & Scrutiny

1.12 The 10 Councils have established a Joint Overview and Scrutiny Committee (JOSC). JOSC supports the work of the CJC as a whole. The Committee monitors the decisions of the CJC. They produce reports and recommendations which advise the CJC on its policies, budget and service delivery. They can 'call-in' a decision which has been made but not yet implemented. This enables JOSC to consider whether the decision is appropriate. They may recommend that the CJC reconsider the decision. They may also be consulted by the CJC on forthcoming decisions and the development of policy.

Governance & Audit

1.13 The Governance & Audit Sub-Committee is a key component of the CJC's corporate governance. The purpose of the Governance & Audit Sub-Committee is to review and scrutinise the CJC's financial affairs and to provide an independent focus on the audit, assurance, performance and reporting arrangements that underpin good governance and financial standards.

Standards & Ethics

- 1.14 Members of the CJC have to agree to follow a Code of Conduct to ensure high standards in the way they undertake their duties. The Standards & Ethics Committee advises them on the Code of Conduct and on development needs linked with conduct.

CJC Employees

- 1.15 The CJC has employees to give advice, implement decisions of the CJC, and manage the day-to-day delivery of its services, including making decisions in accordance with a Scheme of Delegations. Employees are bound by a statutory Code of Conduct and a Protocol governs the relationships between employees and Councillors. The employees of the CJC serve the CJC as a whole and are required to advise impartially.

Citizens' Rights

- 1.16 Citizens have a number of rights in their dealings with the CJC. These are set out in more detail in Article 3. Some of these are legal rights, whilst others depend on the CJC's own processes.

- 1.17 Citizens may:

- obtain a copy of the Constitution;
- attend meetings of the CJC and its Sub-Committees except where, for example, personal or confidential matters are being discussed;
- contribute to investigations by the Joint Overview and Scrutiny Committee;
- see reports and background papers, and any record of decisions made by the CJC, except where they contain personal or confidential information;
- complain to the CJC with regard to a perceived dissatisfaction about the standard of service, action or lack of action by the CJC or its staff;
- complain to the Public Services Ombudsman for Wales if they think the CJC has not followed its procedures properly;
- complain to the Ombudsman if they have evidence which they think shows that a Member or Co-Opted Member has not followed the Members' Code of Conduct;
- inspect the CJC's accounts and make their views known to the external auditor.

Introduction

5.1 This Article sets out the overview and scrutiny arrangements the CJC has put in place.

Definitions

5.2 For the purposes of this Article:

- **‘CJC’** means the South East Wales Corporate Joint Committee;
- **‘Appointing Authorities’** are the constituent councils of the CJC;

Members

5.4 The JOSC shall consist of one non-executive member from each Appointing Authority.

5.5 It is a matter for each Appointing Authority, from time to time, to nominate, or terminate the appointment of its nominated member serving on the JOSC. Each Appointing Authority shall be entitled, from time to time, to appoint a deputy for its member representative to the JOSC but such deputy shall only be entitled to vote at meetings of the JOSC in the absence of their corresponding principal.

5.6 The length of appointment is a matter for each Appointing Authority.

Quorum

5.7 The quorum necessary for a meeting of the JOSC is at least 6 out of the 10 JOSC members, present at the relevant time.

Election of a Chair

5.8 The JOSOC shall elect a Chair and Vice Chair annually.

Rules of Procedure

5.9 The procedure rules will be those of the Host Authority for its Scrutiny Committees.

Members' Conduct

5.10 Members of the JOSOC will be bound by their respective Council's Code of Conduct.

Declarations of Interest

5.11 Members of the JOSOC must declare any interest either before or during the meetings of the JOSOC (and withdraw from that meeting if necessary) in accordance with their Council's Code of Conduct or as required by law.

Confidential and Exempt Information / Access to Information

5.12 The Host Authority's Access to Information Procedure rules shall apply subject to the provisions of the Local Government Act 1972.

¹ For the avoidance of doubt, these functions relate to all matters which are the responsibility of the CJC.

- 5.17 Any member of any of the Appointing Authorities may refer to the JOSC any local Government matter which is relevant to the functions of the JOSC, subject to the following conditions:
- (a) The matter relates to one of the functions of the Appointing Authority and is relevant to the functions of the JOSC;
 - (b) It affects the electoral area of the member or it affects any person who lives or works there; and
 - (c) It is not a local crime and disorder matter as defined in section 19 of the Police and Justice Act 2006.
- 5.18 When considering whether to refer a matter to the JOSC a member should first consider if it falls within the remit of a single overview and scrutiny committee within the member's local authority, and if that is the case the member should raise the matter there. Members should only refer a matter to the JOSC if it falls clearly within the responsibilities and terms of reference of the JOSC and if there is no scrutiny of the issue in the local authority to which the member belongs.

Administrative Arrangements

- 5.19 It shall be the responsibility of the Head of Democratic Services of the Host Authority to ensure that an appropriate level of officer support and other resources to the joint overview and scrutiny committee are in place at all times. - 2.5 This scheme includes the obligation on Officers to keep Members properly informed of activity arising within the scope of these delegations. Officers should also inform Members of any significant delays to agreed schemes or projects.
- 2.6 It shall always be open to an Officer to consult with the CJC, a sub-committee, or its Chair or Portfolio Member(s), on the exercise of delegated powers, or not to exercise delegated powers but to refer the matter to the CJC.

3. Openness Policy

- 3.1 The CJC wishes to be as open as possible in terms of sharing access to information both with Members and with the public, as permitted within the law and with respect to the rights of others. These rules seek to complement and supplement and not detract from any statutory rights to information (for example within the Data Protection Act 2018 and the Freedom of Information Act 2000) which members and the public are afforded from time to time.
- 3.2 These rules do not affect any more specific rights to information contained elsewhere in this Constitution. In the case of any omission or conflict between these rules and statutory rights, statutory rights will always prevail.

4. Rights of the Public to attend Meetings

- 4.1 Members of the public may attend all meetings subject only to the exceptions in these rules. Where meetings are open to the public and held either wholly or partly through remote means, members of the public will be given details of how to access the meeting remotely.

- 4.2 The right to attend meetings is subject to the CJC's right to exclude persons if their conduct is disorderly or if they misbehave at the meeting. The Press may attend that part of any meeting open to the public.

5. Broadcast Filming, Recording and Social Media

 - (iii) any recording must be overt, not covert;
 - (iv) there is to be no recording or transmission of proceedings dealing with any exempt or confidential information;
 - (v) the Chair shall have discretion, subject to proper consideration of any relevant representations and legal advice, to prohibit a recording or exclude anyone reasonably considered to be in breach of these rules; and
 - (vi) the person making the recording or transmission shall be solely responsible for complying with all applicable legal obligations arising from their actions.

 - (ii) if the meeting is held partly through remote means or is not held through remote means, the notice will give details of the time and place of the meeting and the fact that it is not open to the public.
- 6.4 **Special Urgency:** If a matter is considered by the Monitoring Officer to be so significantly urgent and unexpected that a decision must be taken and that it is not possible to provide 3 clear days' notice of the date of the meeting at which the decision must be taken, then with the agreement of the Chair, the Monitoring Officer is authorised to call such a meeting, subject to the agenda and reports being available to the public at the time at which the meeting is convened.

7. Access to Agenda and Reports before a Meeting

- 7.1 The CJC will make copies of the agenda and reports open to the public available for inspection on the CJC's website at least three clear days before a meeting. If an item is added to the agenda later, the designated officer shall make each such report available to the public as soon as the report is completed and sent to members.

The Proper Officer will set out in every report, or part of a report, which is open to public inspection under Rule 7 or 9 above a list of those documents (called “background papers”) relating to the subject matter of the report, or that part of the report, which in his/her opinion:

11. Confidential and Exempt Information

11.1 Confidential Information – Requirement to Exclude Public

The public must be excluded from meetings whenever it is likely in view of the nature of the business to be transacted or the nature of the proceedings that confidential information would be disclosed. Due regard will be had to the wishes of the individual should they elect that the hearing be held in private where the law permits.

11.3 Meaning of Exempt Information

11.4 Public Interest

Information within Categories 1 to 4, 6 and 7 set out in Rule 11.3 may only be treated as exempt if an assessment of the public interest has been made.

- 11.5 The public interest will be assessed on a case by case basis having regard to all relevant factors including but not limited to the following: to ensure a proper balance is achieved between the right to know, the right to personal privacy and the delivery of effective government.
- 11.6 In making such an assessment the Monitoring Officer shall have regard to any relevant prejudice which may be caused to the CJC or any other party if the information were disclosed, having regard to the full context of any disclosure. Account may be taken of whether disclosure would breach any obligation of confidence not within Rule 11.3, or the rights of any individual under the Data Protection Act 2018 or the Human Rights Act 1998.
- 11.7 Account will be taken of the fact that the public interest test may be served by allowing access to information which would:
- (a) further the understanding of and participation in debating issues of the day;
 - (b) facilitate transparency and accountability in and enhance scrutiny of decisions taken by the CJC;
 - (c) facilitate transparency and accountability in the spending of public money;
 - (d) help individuals understand the decisions made by the CJC affecting their lives.
- 11.8 In making such an assessment the following factors shall be regarded as irrelevant:
- (a) possible embarrassment to the CJC or its Officers;
 - (b) possible loss of confidence in the CJC or another public body;
 - (c) the seniority of persons involved in the subject matter;
 - (d) the risk of the public misinterpreting the information.
- 11.9 **Exclusion of the Public:** any decision to exclude the public from a meeting under this Rule shall be made in accordance with the CJC Meeting Procedure Rules or the Sub-Committee Meeting Procedure Rules as appropriate.

- 11.10 **Disclosure by Members:** Members will not make public Confidential or Exempt Information without the consent of the CJC or divulge information given in confidence to anyone other than a Member or Officer entitled to know it unless otherwise authorised by law.

12. Exclusion of Access by the Public to Reports

- 12.1 Prior to a meeting, if the Monitoring Officer thinks fit, the CJC may exclude access by the public to the whole or any part of a report which in his or her opinion relate to items of business during which, in accordance with Rule 11, the meeting is likely not to be open to the public.
- 12.2 Such reports or parts of reports will be marked “Not for Publication” together with the category of information likely to be disclosed. After the meeting access to the Report is subject to Rule 9. Where the decision to exclude access has required a determination of the public interest the Monitoring Officer shall keep a note of his or her reasons for the decision

FINANCIAL PROCEDURE RULES

1. Introduction

- 1.1 The CJC has made arrangements with Rhondda Cynon Taf County Borough Council (RCT) to provide certain services to the CJC, including Accounts Payable, Accounts Receivable & Income Recovery, Payroll Services and Procurement Advice and Support. To facilitate the delivery of these services, the CJC has agreed to adopt RCT's Financial Procedure Rules, subject to minor amendments to reflect the CJC's organisational structure and functions.
- 1.2 The Financial Procedure Rules provide clarity about the financial accountabilities of individuals – the Members of the CJC, other members, the Chief Executive, the Monitoring Officer, the Chief Finance (s151) Officer (also the Director of Resources), Directors and other Officers.
- 1.3 A series of subsidiary documents is in place that support and provide further detail around the operational requirements contained within the Financial Procedure Rules. These are kept under on-going review.
- 1.4 The definition of officers contained in this document is as follows:
- Director of Resources - in fulfilling the statutory duties in relation to the financial administration and stewardship of the authority, i.e. the Section 151 role;
 - Directors - this includes;
 - the Chief Executive;
 - the Director of Regional Growth (Deputy Chief Executive);
 - the Director of Resources (s151 Officer);
 - the Director of Legal & Governance (Monitoring Officer);
 - the Director of Policy, Impact & Partnerships;
 - Heads of Service; and
 - Any other officer as authorised in the Scheme of Delegation.

NB: With reference to Section 4.5 (Scheme of Virement) specific authorisation levels are set out at Director level and above. Virement Action cannot be authorised by an officer below Director level.

2. Status of the Financial Procedure Rules

- 2.1 **Financial Procedure Rules** provide the framework for managing the CJC's financial affairs. They apply to every Member and Officer of the CJC and anyone acting on its behalf.
- 2.2 The Procedure Rules identify the financial responsibilities of Members of the CJC, Scrutiny and other Members, the Chief Executive, the Monitoring Officer, the Director of Resources and all other Directors. Reference is made to the CJC's 'Scheme of Officer Delegation', and these procedure rules should be read in conjunction with that scheme.
- 2.3 All Members and staff have a general responsibility for taking reasonable action to provide for the security of the assets under their control, and for ensuring that the use of these resources is legal, is properly authorised and provides value for money.
- 2.4 The Director of Resources is responsible for:-
- Maintaining a continuous review of the Financial Procedure Rules and submitting any additions or necessary changes to the CJC for approval. In particular a review of the financial parameters contained within this document will be undertaken on at least an annual basis to reflect inflationary changes and / or other price influencing factors;
 - Reporting, where appropriate, breaches of the Financial Procedure Rules to the CJC;
 - Issuing advice and guidance to underpin the Financial Procedure Rules that Members, Officers and others, acting on behalf of the Authority, are required to follow;
 - Considering, in exceptional circumstances written requests from Directors (following consultation with the appropriate Portfolio Holder) to waive specific requirements within the Rules for a defined period. When a specific waiver is agreed this will be formally recorded and will be made available to Internal or External Audit on request.
- 2.5 The Director of Resources is empowered to undertake immediate action not detailed within these Financial Procedure Rules as deemed necessary for the CJC to discharge its responsibilities. Thereafter, details of the circumstances, action taken, and outcome(s) must be promptly reported to the CJC.

- 2.6 **The Chief Executive and all Directors are responsible for ensuring that all staff in their respective Directorates are aware of the existence and content of the CJC's Financial Procedure Rules and other internal regulatory documents, and that they comply with them.**
- 2.7 They must also ensure that copies of the Rules are accessible for reference within their Directorates, and that adequate training and explanation is available to support compliance.

3. Framework

- 3.1 The Financial Procedure Rules are subdivided into five key areas, for ease of reference and interpretation. These are:
- Financial Management;
 - Financial Planning;
 - Risk Management and Control of Resources;
 - Financial Systems and Procedures;
 - External Arrangements.
- 3.2 The framework adopted has been to consider the relevant issues under the sub headings described above, detail the key controls expected and identify the specific requirements in terms of the roles of the Director of Resources and Directors.

4. FINANCIAL MANAGEMENT

4.1 Introduction

Financial management covers all financial responsibilities in relation to the running of the CJC, including the policy framework and budget.

All staff and Members have a duty to abide by the highest standards of probity in dealing with financial issues. This is facilitated by ensuring everyone is clear about the standards to which they are working and the controls that are in place to ensure that these standards are met.

The key principles underpinning this responsibility are highlighted below:

4.2 Key Principles and Values Underpinning our Financial Management

The CJC will observe the highest standards of impartiality, integrity and objectivity in relation to the stewardship of its resources, and in all its activities it will act with regularity and propriety.

The CJC will accord with Government policy on openness and comply with all reasonable requests for information from users of the CJC's services and individual citizens, subject to the needs of confidentiality for commercial or personal reasons (in line with the Freedom of Information Act 2000 and the Data Protection Act 2018).

The CJC is accountable to the Welsh Assembly Government, users of its services and individual citizens for the activities of the CJC, for the stewardship of public funds, and the extent to which key performance targets and objectives have been met.

The CJC will deliver its responsibilities in line with the Welsh Assembly Government's "Making the Connections" agenda through ensuring that services are delivered in the most efficient, effective and economical way, within available resources and with continuous and, where relevant, independent validation of the performance achieved.

4.3 Roles and Responsibilities

The Corporate Joint Committee

The Corporate Joint Committee is responsible for adopting the CJC's Constitution and Members' Code of Conduct, and for approving the policy framework and budget within which the CJC operates. The CJC is responsible for approving and monitoring compliance with the CJC's overall framework of accountability and control. The framework is set out in its Constitution. The CJC is also responsible for monitoring compliance with the agreed policy and related decisions.

The CJC is responsible for approving procedures for the recording and reporting of decisions taken. This includes those key decisions delegated by, and decisions taken by, the CJC, an individual CJC Member, a Sub-Committee, a Joint Committee, or an Officer. These delegations and details of

who has responsibility for which decisions are set out in the Constitution (as detailed in Part 3 – Responsibility for Functions).

Individual Members of the CJC

Certain decisions can be delegated to an individual Member.

The CJC is responsible for establishing protocols to ensure that individual Members consult with relevant Officers before taking a decision within his or her delegated authority. In doing so, the individual Member must take account of legal and financial liabilities, and any risk management issues that may arise from the decision.

Sub-Committees and Joint Committees of the CJC

- **Joint Overview and Scrutiny Committee**

The Joint Overview and Scrutiny Committee is a Joint Committee of all ten local authorities in South East Wales and has been established for the purpose of fulfilling the Scrutiny function in relation to the CJC. The Joint Committee meets to monitor the CJC's activities and make reports and recommendations to the CJC in respect of any of its functions.

- **Governance and Audit Sub-Committee**

The Governance and Audit Sub-Committee assists the CJC in discharging its responsibility for ensuring financial probity. The Committee's Terms of Reference include monitoring the performance of Internal and External Audit as well as receiving regular reports that enable it to monitor the overall governance arrangements in place across the CJC.

- **Standards Sub-Committee**

The Standards Sub-Committee is responsible for promoting and maintaining high standards of conduct amongst Members. In particular, it is responsible for advising the CJC on the adoption and revision of the Members' Code of Conduct, and for monitoring the operation of the Code.

4.4 The Statutory Officers

- **Chief Executive**

The Chief Executive is responsible for the corporate and overall strategic management of the CJC, as a whole. They must report to and provide information for the CJC, the Joint Overview and Scrutiny Committee and other sub-committees. They are responsible for establishing a framework for management direction, style, standards, and for monitoring the performance of the organisation. The Chief Executive is also responsible, together with the Monitoring Officer, for the system of record keeping in relation to all of the CJC's decisions.

- **Monitoring Officer (Director of Legal and Governance)**

The Monitoring Officer (who is also the Director of Legal & Governance) is responsible for promoting and maintaining high standards of conduct and provides support to the Standards Sub-Committee. The Monitoring Officer is also responsible for reporting any actual, or potential, breaches of the law, or maladministration, to the CJC, and for ensuring that procedures for recording and reporting key decisions are operating effectively.

The Monitoring Officer must ensure that key decisions, and the reasons for them, are made public. They must also ensure that the CJC is aware of decisions made by individual Members with decision making powers and also of significant decisions made by Officers who have delegated responsibility.

The Monitoring Officer is responsible for advising all Members and Officers about who has authority to take a particular decision.

The Monitoring Officer is responsible for advising the CJC about whether a decision is likely to be considered contrary, or not wholly in accordance with, the policy framework.

The Monitoring Officer (together with the Director of Resources) is responsible for advising the CJC about whether a decision is likely to be considered contrary, or not wholly in accordance with the budget. Actions that may be contrary to the budget include:

- Initiating a new policy;

- Committing expenditure in future years over and above the approved budget;
- Effecting interdepartmental transfers above virement limits;
- Causing the total expenditure financed from grants and corporately held reserves to increase above the approved budget, or to increase by more than a specified amount.

The Monitoring Officer is responsible for maintaining an up-to-date Constitution.

- **Chief Finance Officer (Director of Resources)**

The Chief Finance Officer (who is also the Director of Resources) has statutory duties in relation to the financial administration and stewardship of the CJC. This statutory responsibility cannot be overridden. The statutory duties arise from:

- Section 151 of the Local Government Act 1972;
- The Local Government Finance Act 1988;
- The Local Government and Housing Act 1989;
- The Accounts and Audit (Wales) Regulations 2005 (as amended).

The Director of Resources is responsible for:

- The proper administration of the CJC's financial affairs;
- Setting and monitoring compliance with financial management standards;
- Advising on the corporate financial position, and on the key financial controls necessary to secure sound financial management;
- Providing financial information;
- Preparing the revenue budget and capital programme;
- Treasury management;
- Insurance and risk management;
- Pension fund.

Section 114 of the Local Government Finance Act 1988 requires the Director of Resources to report to the CJC and External Auditor if the CJC, or one of its Officers:

- Has made, or is about to make, a decision which involves incurring unlawful expenditure;
- Has taken, or is about to take, an unlawful action which has resulted, or would result, in a loss or deficiency to the CJC;
- Is about to make an unlawful entry in the CJC's accounts.

Section 114 of the 1988 Act also requires:

- The Director of Resources to nominate a properly qualified member of staff to deputise should they be unable to perform the duties specified under Section 114, personally;
- The CJC to provide the Director of Resources with sufficient staff, accommodation, and other resources, including legal advice where this is necessary, to carry out this duty under Section 114.

4.5 Chief Executive and Directors

For the purposes of these Financial Procedure Rules any reference to "Directors" will include all of the posts detailed in Section 1 taking action within the agreed Scheme of Officer Delegation.

Directors are responsible for:

- Ensuring that the CJC is advised of the financial implications of all proposals and that the financial implications have been agreed by the Director of Resources;
- Signing contracts on behalf of the CJC.

It is the responsibility of Directors to consult with the Director of Resources and seek approval on any matter liable to materially affect the CJC's finances, before any commitments are made.

4.6 All CJC Employees

All CJC employees (including temporary, part time and externally funded staff), and particularly those with a line management or resource management responsibility, should be aware of their responsibilities and that they are accountable for those responsibilities to the Chief Executive and the CJC. They must ensure that the CJC activities for which they are responsible and accountable are in accordance with the rules and procedures detailed in the

CJC's Constitution. (This will require adequate training and information on the relevant actions required for each post).

4.7 Other Financial Management Accountabilities

There are other specific requirements around financial management which must be observed by all. These are:

- Scheme of virement;
- Treatment of year end balances;
- Accounting policies;
- Accounting records and returns;
- The annual statement of accounts.

4.8 Scheme of Virement

The scheme of virement is intended to enable Members, Directors, and staff to manage revenue budgets with a degree of flexibility, within the overall policy framework determined by the CJC, and therefore, to optimise the use of resources to deliver agreed objectives.

Virement Action Limits

For the purposes of these rules, a virement is a change in use of a budget within or between service areas.

- **Virement Rules For Revenue Expenditure**

- Virements within Services (up to £25,000)

- Directors are authorised to action virements up to a value of £25,000 within their Service. All changes will be reported to the Director of Resources. There will be no limit to the number of virements in any year, however there should be no manipulation used to circumvent the process for higher limit virements i.e. artificially splitting amounts to remain below £25,000.

Virements within Directorates (up to £100,000)

Directors are authorised, in consultation with the Director of Resources, to approve virements up to a value of £100,000 within their respective Directorates.

Virements between Directorates (up to £100,000)

Virements between Directorates up to a level of £100,000 must be approved by the respective Directors plus the Director of Resources.

Virements above £100,000

All virements above £100,000 must be approved by the CJC.

Timing of Virements

Virements should be actioned prior to overspending occurring on a particular budget head. This is considered good accounting practice and demonstrates good budget management.

Virement approvals must be sought before there is any commitment to incur expenditure.

- **Key Controls**

The Scheme of Virement is administered by the Director of Resources within guidelines set by the Corporate Joint Committee. Any variation from this scheme requires the approval of the CJC.

The overall budget is agreed by the CJC. Directors are, therefore, authorised to incur expenditure in accordance with the estimates that make up that budget. For the purposes of the virement scheme, a budget head is considered to be a detailed budget line as maintained within the Corporate Accounting System i.e. code level.

Virement does not create an additional overall budget. Directors are expected to exercise their discretion in managing their budgets responsibly and prudently. For example, they should aim to avoid supporting recurring expenditure from one-off sources of savings or additional income, or creating future commitments, including full-year effects of decisions made part way through a year, for which they have

not identified future resources. They must plan to fund such commitments from within their own budgets.

- **Responsibilities of the Director of Resources**

To prepare jointly with the relevant Director a report to the CJC where virements in excess of £100,000 are proposed.

- **Responsibilities of Directors**

A Director may exercise virement on budgets under his or her control for amounts up to £25,000 on any one budget head during the year. All virements will be reported to the Director of Resources.

A Director may exercise virement on budgets under his or her control for amounts up to £100,000 on any one budget head during the year, in consultation with the Director of Resources.

Amounts greater than £100,000, both within Directorates and between Directorates, require the approval of the CJC, following a joint report by the Director of Resources and the relevant Director(s), which must specify the proposed expenditure, the source of funding, and the implications in the current and future financial year(s).

Virement that is likely to impact on the level of service activity of another Directorate should be implemented only after agreement with the relevant Director.

No virement relating to a specific financial year should be made after 31 March in that year (unless under exceptional circumstances and approved by the Director of Resources). Virements must be actioned prior to expenditure being incurred or committed to be incurred on a budget head.

Where an approved budget is a lump-sum budget, or contingency intended for allocation during the year, its allocation will not be treated as a virement, provided that :

- The amount is used in accordance with the purposes for which it has been established;
- The CJC have approved the basis and the terms, including financial limits, on which it will be allocated. Individual allocations in excess of the financial limits must be reported to the CJC;

- Requests for supplementary estimates are discouraged and **will only be considered in the most exceptional of circumstances**. The need for supplementary estimates must first be considered by the relevant Director who shall prepare a report to the Director of Resources explaining why such expenditure cannot be met from within the existing approved budget, including detailed consideration of all other areas of the budget. Approval of a supplementary estimate is subject to consideration by the CJC. In the extreme circumstances whereby a supplementary estimate is approved any amount unused for the approved purpose will be “clawed back” into the CJC’s General Reserves.

4.9 Treatment of Year End Balances

- **General Fund Balances**

No Service should budget for a deficit. Every Director has a duty to report expected overspends to the Director of Resources. Where a year-end net overspend occurs, this will normally be a first call on the following year's budget of the Directorate.

In accordance with procedures laid down by the Director of Resources, provisions and earmarked reserves for specific items of expenditure planned, but delayed in any particular year, will be considered as part of the normal annual closure of accounts.

- **Key Considerations**

A provision can only be established in the accounts if:

- The CJC has a present obligation, as a result of a past event;
- The transfer of economic benefits will be required to settle the provision;
- A reliable estimate can be made of the amount of the obligation.

An earmarked reserve has a less prescriptive definition and often results from instances where anticipated expenditure, which can be predicted with some degree of accuracy, has been postponed. An earmarked reserve should only be established if:

- There is a firm commitment / policy decision to the pursuance of the project or scheme e.g. an order raised or committee minute;

- The amount must be material and restricted in number to those considered to be key as determined by the Director of Resources.

4.10 Accounting Policies

The Director of Resources is responsible for the preparation of the CJC's statement of accounts, in accordance with proper practices as set out in the format required by the Code of Practice on Local Authority Accounting in the United Kingdom and the Best Value Accounting Code of Practice, for each financial year ending 31st March.

- **Key Controls**

Systems of internal control must be in place to ensure that financial transactions are lawful.

Suitable accounting policies are selected and applied consistently.

Proper accounting records are maintained.

Financial statements are prepared which present a true and fair view of the financial position of the CJC.

- **Responsibilities of the Director of Resources**

To select suitable accounting policies and to ensure that they are applied consistently. The accounting policies are set out in the statement of accounts, which is prepared for the year ending 31st March.

- **Responsibilities of Directors**

To adhere to the accounting policies and guidelines approved by the Director of Resources.

4.11 Accounting Records and Returns

Maintaining proper accounting records is one of the ways in which the CJC discharges its responsibility for stewardship of public resources. The CJC has a statutory responsibility to prepare annual accounts that present a true and fair view of its operations during the year. These accounts are subject to external audit. This audit provides assurance that the accounts are prepared properly, that proper accounting practices have been followed and that quality

arrangements have been made for securing economy, efficiency and effectiveness in the use of the CJC's resources.

- **Key Controls**

All Members, Directors, finance staff and budget managers operate within the required accounting standards and timetables (as laid down by the Director of Resources).

All the CJC's transactions, material commitments, contracts, and other essential accounting information are recorded completely, accurately, and on a timely basis.

Procedures are in place to enable accounting records to be reconstituted in the event of systems failure.

Reconciliation procedures are carried out to ensure transactions are correctly recorded.

Prime documents are retained in accordance with legislative and other requirements (including criteria set out by external funding bodies and in accordance with the CJC's Retention of Financial Records Policy).

- **Responsibilities of the Director of Resources**

To determine the accounting procedures and format of records for the CJC. Where these are maintained outside the Finance Division, the Director of Resources should consult the appropriate Director.

To arrange for the compilation of all accounts and accounting records under his / her direction.

To comply with the following principles when allocating accounting duties:

- Separating the duties of providing information about sums due to or from the CJC and calculating, checking and recording these sums, from the duty of collecting or disbursing them;
- Employees with the duty of examining or checking the accounts of cash transactions must not themselves be engaged in those transactions.

To make proper arrangements for the audit of the CJC's accounts, in accordance with the prevailing Accounts and Audit (Wales) Regulations.

To ensure that arrangements are in place to claim all funds, including grants, by the due date.

To prepare, approve by CJC and publish the audited accounts of the CJC for each financial year in accordance with the statutory timetable.

To ensure the proper retention of financial documents in accordance with the CJC's agreed policy, as set out in its Retention of Financial Records Policy. This policy is to retain its main financial ledgers for six years from the end of the financial year concerned (including papers supporting individual financial transactions, unless they are required for longer periods for taxation, or Grant purposes). If a CJC employee is in any doubt as to the method and time period for retaining documents or files, they must consult the Director of Legal and Governance for guidance.

- **Responsibilities of Directors**

To consult and obtain the approval of the Director of Resources before making any changes to accounting records and procedures.

To comply with the principles identified above when allocating accounting duties.

To maintain adequate records to provide a management trail leading from the source of income/expenditure through to the accounting statements.

To supply any information required to enable the statement of accounts to be completed, in accordance with the guidelines issued by the Director of Resources.

4.12 The Annual Statement of Accounts

The CJC has a statutory responsibility to prepare its accounts in such a way as to present a true and fair view of its operations during the year. The CJC is responsible for approving the statutory annual statement of accounts.

- **Key Controls**

The CJC is required to make arrangements for the proper administration of its financial affairs and to secure that one of its Officers has the responsibility for the administration of these affairs. That Officer is the Director of Resources.

The CJC's Statement of Accounts must be prepared in accordance with proper practices, as set out in the Code of Practice on Local Authority Accounting in the United Kingdom (CIPFA/LASAAC), the Best Value Accounting Code of Practice and also in accordance with the prevailing Accounts & Audit Regulations (Wales).

To include within the CJC's Statement of Accounts an 'Annual Governance Statement' (that is signed by the Chief Executive and Chair of the CJC). The statement must also be reported to the Governance & Audit Committee for review and to recommend its certification by the Chief Executive and the Chair of the CJC.

- **Responsibilities of the Director of Resources**

To select suitable accounting policies and to apply them consistently.

To make financial judgements and estimates that are reasonable and prudent.

To comply with the Code of Practice on Local Authority Accounting.

To maintain proper accounting records that are kept up to date.

To take reasonable steps for the prevention and detection of fraud and other irregularities.

To sign and date the Statement of Accounts, stating that it presents a true and fair view of the financial position of the CJC at the accounting date and its income and expenditure for the year ended 31 March.

To draw up the timetable and procedures for the preparation of the CJC's final accounts, and to advise staff and external auditors, accordingly.

- **Responsibilities of Members**

To approve the CJC's Statement of Accounts. The Chair of the CJC to sign and date the Statement of Accounts on behalf of the Committee confirming that the CJC has discharged its responsibilities.

- **Responsibilities of Directors**

To comply with accounting guidance provided by the Director of Resources, and supply them with the information required in accordance with the timetable for closing the annual accounts.

5. FINANCIAL PLANNING

5.1 Introduction

The Corporate Joint Committee is responsible for agreeing the CJC's policy framework and budget. In terms of financial planning, the key elements are:

- The Revenue Budget;
- The Capital Programme.

5.2 Policy Framework

The CJC is responsible for approving the budget and policy framework (within which comprise a number of Statutory Plans and Policies), and for approving procedures for agreeing variations to the approved budgets, plans and strategies that form the policy framework and for determining the circumstances in which a decision will be deemed to be contrary to the budget or policy framework. Such decisions should be referred to the CJC by the Monitoring Officer and / or the Director of Resources.

The CJC is also responsible for taking "in-year" decisions on resources and priorities in order to deliver the budget policy framework within the financial limits set.

5.3 Performance Management Framework

The CJC has in place a Performance Management Framework. The basis of the framework will build upon the hierarchy of the Strategic Plans, Business Plans and Individual Action Plans / Personal Development Plans.

5.4 Budgeting

Under this section the following issues will be considered:

- Format of the revenue budget;
- Revenue budget preparation, monitoring, and control;
- Budgets and medium-term planning;
- Resource allocation;
- Capital programmes, budget preparation, monitoring and control;
- Maintenance of General Reserves.

A. Format of the Revenue Budget

The format of the revenue budget determines the level of detail to which financial control and management will be exercised. The format shapes how the rules around virement operate and sets the level at which funds may be reallocated within budgets.

- **Key Controls**

The format of the revenue budget complies with all legal requirements.

The format complies with LASAAC / CIPFA's Best Value Accounting – Code of Practice (for external reporting requirements).

The format reflects the accountabilities of service delivery.

- **Responsibilities of the Director of Resources**

To advise the Corporate Joint Committee on the format of the budget to be approved by the CJC.

- **Responsibilities of Directors**

To comply with the accounting guidance provided by the Director of Resources.

B. Revenue Budget Preparation, Monitoring and Control

Budget management ensures that once the CJC has approved its budget, the resources allocated are used for their intended purposes and are properly accounted for. Budgetary control is a continuous process, enabling the CJC to review and adjust its budget targets during the financial year. It also provides the mechanism that calls to account managers responsible for defined elements of the budget.

By continuously identifying and explaining variances against budgetary targets, the CJC can identify changes in trends and resource requirements at the earliest opportunity.

- **Key Controls**

Budget managers should be responsible for all controllable income and expenditure within their sphere of responsibility.

There is a nominated budget manager for each cost centre heading.

Budget managers formally accept accountability for their budgets and the level of service to be delivered, and understand their financial responsibilities.

Budget managers follow an approved certification process for all expenditure.

Income and expenditure is properly recorded and accounted for.

Performance levels / levels of service are monitored in conjunction with the budget and necessary action is taken to align service outputs with the budget.

The requirements in terms of budget monitoring frequency are identified in Table 1:

Table 1:

Summary of Budget Monitoring Reporting Requirements

Frequency	Requirements
Quarterly	<ol style="list-style-type: none"> 1. Comparison of Actual v Budget. 2. Projected Outturn. 3. Analysis of Significant Variances. 4. Full analysis of action to be taken to resolve any overspends - actual or projected. 5. Any emerging issues that may have an impact upon the financial position (i.e. risk analysis). 6. Progress in achieving agreed key performance indicators. 7. Information reported as an aggregate report to the CJC (and thereafter onto the Joint Overview

	and Scrutiny Committee for review and challenge).
Monthly	<ol style="list-style-type: none"> 1. Reporting and monitoring of significant emerging issues and key financial risks. 2. A CJC Wide Key Issues report collated corporately for internal reporting and management purposes.

- **Responsibilities of the Director of Resources**

To establish an appropriate framework of budgetary management and control that ensures:

- Budget management is exercised within annual cash limits, unless the CJC agrees otherwise;
- Each Director has timely information available on actual receipts and payments (through the General Ledger, not including commitment details kept by the Service groups) on each budget, which is sufficiently detailed to enable managers to fulfil their budgetary responsibilities;
- Expenditure is committed only against an approved budget head;
- All Officers responsible for committing expenditure comply with relevant guidance, including the Financial Procedure Rules;
- Each cost centre has a single named manager, determined by the appropriate Director. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making processes that result in the commitment of expenditure and collection of income;
- Significant variances from approved budgets are investigated and reported by budget managers, regularly.

To submit reports to the CJC, in consultation with the relevant Director, where a Director is unable to balance expenditure and resources within existing approved budgets under their control.

To prepare and submit reports on the CJC’s projected income and expenditure compared with the budget, on a quarterly basis to the CJC (refer Table 1). Reports may also be required on an ad hoc basis should there be a material issue, judged so by the Director of Resources.

- **Responsibilities of Directors**

To maintain budgetary control within their Directorates, in adherence to the principles described above, and to ensure that all income and expenditure is properly recorded and accounted for.

To ensure that an accountable budget manager is identified for each Cost Centre budget under the control of the Director. As a general principle, budget responsibility should be aligned as closely as possible to the decision-making that commits expenditure and generates income.

To ensure that spending remains within the Directorate's overall budget, and that individual budget heads are not overspent, by monitoring the budget and taking appropriate corrective action where significant variations from the approved budget are forecast.

To ensure that a complementary monitoring process is in place to review performance levels / levels of service, in conjunction with the budget monitoring process.

To prepare and submit to the CJC reports on Directorates' projected expenditure and income compared with the appropriate budgets, in consultation with the Director of Resources.

To ensure prior approval by the CJC for all new proposals that:

- Create financial commitments in future years;
- Change existing policies, initiate new policies, or cease existing policies;
- Materially extend or reduce the CJC's services;
- Have a consequential effect on the capital resources of the CJC.

To ensure compliance with the Scheme of Virement (refer to section 4.5).

To agree with the relevant Director where it appears that a budget proposal, including a virement proposal, may impact materially on another service area or Director's level of service activity.

C. Budgets and Medium-Term Planning

The CJC needs to plan effectively and to develop systems to enable scarce resources to be allocated in accordance with carefully weighed priorities. The budget is the financial expression of the CJC's plans and policies.

The revenue budget must be constructed so as to ensure that resource allocation properly reflects the overarching business plans and priorities of the CJC. Budgets (spending plans) are needed so that the CJC can plan, authorise, monitor and control the way money is allocated and spent. **It is illegal for the CJC to budget for a deficit.**

Medium-term financial planning involves a planning cycle in which managers consider resource requirements over a three-year period. As each year passes, another future year will be added to the medium-term plan. This ensures that the CJC is always properly preparing for events, in advance.

- **Key Controls**

Specific budget approval for all expenditure and income.

Budget managers are consulted in the preparation of the budgets for which they will be held responsible and accept accountability, within the Scheme of Delegation, for their budgets and the level of service to be delivered.

A monitoring process is in place to review regularly the effectiveness and operation of budget preparation and to ensure that any corrective action is taken.

Arrangements are in place to monitor, update and deliver a Medium Term Financial Planning & Resources strategy (covering both Capital and Revenue expenditure).

- **Responsibilities of the Director of Resources**

To prepare and submit reports on budget prospects for the CJC, including resource constraints set by the Welsh Government. Reports should take account of medium-term prospects.

To determine the detailed form of the CJC's revenue and capital estimates and the methods for their preparation, consistent with the budget, approved by the CJC and after consultation with the Directors.

To prepare and submit reports to the CJC on the aggregate spending plans of Directorates, and on the resources available to fund them, identifying, where appropriate, the implications for the level of Constituent Council Contributions.

To advise on all (i.e. short, medium and long term) implications of spending decisions.

To encourage the best use of resources and value for money by working with Directors to identify opportunities to improve economy, efficiency and effectiveness, and by encouraging good practice in conducting financial appraisals of developments or savings options, and in developing financial aspects of service planning.

To advise the CJC in accordance with their responsibilities under Section 151 of the Local Government Act 1972.

- **Responsibilities of Directors**

To prepare estimates of income and expenditure, for submission to the CJC following consultation with the Director of Resources.

To prepare budgets that are consistent with any relevant cash limits, within the CJC's annual budget cycle and that accord with the guidelines issued by the CJC. The format will be prescribed by the Director of Resources in accordance with the CJC's general directives.

To integrate medium term financial and budget planning into 3-year service planning, so that budget plans can be supported by financial and non-financial performance measures (over a medium-term timescale). A key requirement, as part of the Performance Management framework within the CJC is for each discrete service area to prepare, develop and utilise a business planning approach. The Business Plans themselves will be closely linked with the budget preparation exercises and will offer an opportunity for service areas to highlight resource pressures and identify efficiencies, where necessary.

When drawing up draft budget requirements, to have regard to:

- Goals of the Corporate Plan;
- Internal and External Stakeholders;
- Spending patterns and pressures revealed through the budget monitoring process;
- Legal requirements;
- Policy requirements, as defined by the CJC in the approved policy framework;

- Initiatives already under way.

D. Resource Allocation

A mismatch often exists between available resources and required resources. A common scenario is that available resources are not adequate to fulfil need/desire. It is, therefore, imperative that needs/desires are carefully prioritised and that resources are fairly allocated, in order to fulfil all legal responsibilities. Resources include staff, money, equipment, goods and materials.

- **Key Controls**

Resources are acquired in accordance with the law, and via an approved authorisation process.

Resources are used only for the purpose intended, to achieve approved policies and objectives, and are properly accounted for.

Resources are securely held for use when required.

Resources are used with the minimum level of waste, inefficiency or loss.

- **Responsibilities of the Director of Resources**

To advise on sources/methods of funds available (such as grants and borrowing).

- **Responsibilities of Directors**

To work within budget limits and to utilise resources allocated, in the most efficient, effective and economic way.

To identify opportunities to minimise, or eliminate, resource requirements, or consumption, without having a detrimental effect on service delivery.

E. Capital Programmes: Budget Preparation, Monitoring and Control

Capital expenditure involves acquiring or enhancing fixed assets with a long-term value to the CJC, such as land, buildings, and major items of

plant, equipment or vehicles. Capital assets shape the way services are delivered in the long term and create financial commitments for the future in the form of financing costs and revenue running costs.

The Government places strict controls on the financing capacity of the CJC. This means that capital expenditure should form part of an investment strategy and should be carefully prioritised in order to maximise the benefit of scarce resources.

- **Key Controls**

Specific approval by the CJC for the programme of capital expenditure.

Development of a capital programme within a medium term planning horizon.

Expenditure on capital schemes is subject to the approval of the Director of Resources.

Maximise available resources and ensure all resources are utilised within prescribed periods.

A scheme and estimate is prepared for each capital project for approval by the CJC (with a project plan, progress targets and associated revenue expenditure approved by the Director of Resources).

Proposals for improvements and alterations to buildings must be approved by the appropriate Director, in consultation with the Director of Resources and Deputy Chief Executive.

Schedules for individual schemes must be submitted to the CJC for approval (for example, minor works), or under other arrangements approved by the CJC.

The development and implementation of asset management plans. Accountability for each proposal rests with a named project manager.

Monitoring of progress against the approved budget, the project plan, and the agreed outputs/outcomes.

Maximisation of potential external grant funding is achieved.

- **Responsibilities of the Director of Resources**

To prepare an estimate of available resources to fund the capital programme for each financial year and / or for a longer period where medium term planning requires.

To prepare capital estimates jointly with Directors, and the Chief Executive, and to then report them to the CJC for approval. Committee approval is required where a Director proposes to bid for funding or exercise additional borrowing approval, not anticipated in the capital programme. This is because the extra borrowing may create future revenue commitments including increased capital financing costs.

To prepare and submit regular reports to the CJC on the projected income, expenditure, and resources, compared with the approved estimates.

To issue guidance concerning capital schemes and associated controls, for example, on project appraisal techniques. The definition of 'capital' will be determined by the Director of Resources, having regard to government regulations, and accounting requirements.

To seek authorisation from the CJC for individual schemes where the estimated expenditure exceeds the capital programme provision.

- **Responsibilities of Directors**

To comply with guidance concerning capital schemes, controls and monitoring arrangements issued by the Director of Resources.

To ensure that all capital proposals have undergone a project appraisal in accordance with guidance issued by the Director of Resources.

To prepare regular reports reviewing the capital programme provisions for their services. They should also prepare a quarterly return of estimated final costs of schemes in the approved capital programme for submission to the Director of Resources.

To ensure that adequate records are maintained for all capital contracts.

To proceed with projects only when there is adequate provision in the capital programme and with the agreement of the Director of Resources, where required.

To prepare and submit reports, jointly with the Director of Resources, to the CJC, of any variation in contract costs greater than the approved limits.

To ensure that the necessary capital funding is utilised within the prescribed period. In exceptional circumstances, where forward commitments may be necessary, the details should be formally reported to the Director of Resources for consideration. If approved, each Director should manage forward commitments in a structured way.

To prepare and submit reports, jointly with the Director of Resources, to the CJC (as appropriate), on completion of all contracts where the final expenditure exceeds the original contract sum by more than 10% or £100,000 whichever is the lesser.

To ensure that credit arrangements, such as leasing agreements, are not entered into without the prior approval of the Director of Resources and, if applicable, approval of the scheme through the capital programme process.

To consult with the Director of Resources and to seek CJC approval where the Director proposes to bid for external capital grant aid to support expenditure that has not been included in the current year's capital programme.

F. Maintenance of Reserves

The CJC maintains on its balance sheet a number of Usable and Unusable Reserves:

- **Usable Reserves**

These are reserves held to fund expenditure or to reduce Constituent Council Contributions. These are both Revenue and Capital reserves and contain items such as General Fund Balances, Capital Receipts Reserves and Capital Grants Unapplied.

Earmarked reserves and an Insurance Reserve are also maintained for specific future expenditure requirements (and are subject to procedures set down by the Director of Resources).

- **Unusable Reserves**

These are reserves that are established for statutory purposes. Reserves such as Capital Adjustment Account and Revaluation Reserve cannot be used to support spending.

Other reserves are established to mitigate against the General Fund having to bear the immediate costs of such items as holiday pay accruals and financial instruments adjustments. Other unusable reserves are established for Pensions costs, Unequal Pay backpay and Deferred Capital Receipts.

- **Key Controls**

To maintain reserves in accordance with the accounting treatment laid out in the Code of Practice on Local Authority Accounting in the United Kingdom (CIPFA/LASAAC) and agreed accounting policies.

For each reserve established, the purpose, usage and basis of transactions should be clearly identified.

Authorisation and expenditure from reserves by the appropriate Director to be in consultation with the Director of Resources. All items within the CJC's Balance Sheet should be reconciled by a nominated Officer (on at least an annual basis) with key items also being monitored by the Director of Resources.

A formal reporting protocol indicating the level of the CJC's reserves together with potential pressures that may affect such balances.

- **Responsibilities of the Director of Resources**

To advise the CJC on prudent levels of reserves for the CJC, and to take account of the advice of the external auditor in this matter.

- **Responsibilities of Directors**

To ensure that resources are used only for the purposes for which they were intended. To inform the Director of Resources of any items or occurrences that could impact upon the CJC's reserves in a timely manner.

6. RISK MANAGEMENT AND CONTROL OF RESOURCES

6.1 Introduction

It is essential that robust, integrated systems are developed and maintained for identifying and evaluating all significant operational and financial risks to the CJC. This should include the proactive participation of all those associated with planning and delivering services.

6.2 Risk Management

All organisations, whether private or public sector, face risks to people, property and continued operations. Risk is the chance, or possibility, of loss, damage, injury or failure to achieve objectives, caused by an unwanted, or uncertain, action, or event. Risk management is the planned and systematic approach to the identification, evaluation and control of risk. Its objectives are to secure the assets of the body concerned and to ensure the continued financial and organisational well-being of the entity. In essence it is, therefore, an integral part of good business practice. Risk management is concerned with evaluating the measures an organisation already has in place to manage identified risks and then recommending the action the organisation needs to take to control these risks effectively.

It is the overall responsibility of the CJC to approve the CJC's risk management strategy, and to promote a culture of risk management awareness throughout the CJC.

- **Key Controls**

The CJC has a risk management strategy.

The CJC has a risk register that is updated and reviewed regularly.

The identification, analysis and evaluation of risk is on-going and embedded into the organisation.

Appropriate risk mitigation strategies have been taken by Management. Acceptable levels of risk are determined and insured against where economically appropriate.

Appropriate scrutiny of risk management takes place.

- **Responsibilities of the Director of Resources**

To prepare and promote the CJC's risk management strategy.

To develop risk management controls in conjunction with other Directors.

To include all appropriate employees of the CJC under a suitable fidelity guarantee insurance policy.

To effect corporate insurance cover, through external insurance and internal funding, and to negotiate all claims in consultation with other Officers, where necessary.

To maintain an effective Internal Audit function.

- **Responsibilities of Directors**

To notify the Director of Resources immediately of any loss, liability or damage that may lead to a claim against the CJC, together with any information or explanation required by the Director of Resources, or the CJC's insurers.

To take responsibility for risk management, having regard to advice from the Director of Resources, and other specialist Officers (e.g. crime prevention, fire prevention, health and safety).

To ensure that there are regular reviews of risk within their Directorates.

To notify the Director of Resources promptly of all new risks, properties or vehicles that require insurance and/or of any alterations affecting existing insurances.

To consult the Director of Resources and Director of Legal & Governance on the terms of any indemnity that the CJC is requested to give.

To ensure that employees, or any other party covered by the CJC's insurances, do not admit liability, or make any offer to pay compensation, that may prejudice the assessment of liability in respect of any insurance claim.

6.3 Internal Controls

The CJC requires internal controls to manage and monitor progress towards the achievement of strategic objectives.

The CJC has statutory obligations, and, therefore, requires internal controls to identify, meet and monitor compliance with these obligations.

The CJC faces a range of risks, both from internal and external factors, which could threaten the achievement of its objectives. Internal controls are necessary to manage these risks.

- **Key Controls**

To undertake a review of the CJC's internal control environment via the production of an annual Governance Statement (in accordance with best practice 'Delivering Good Governance in Local Government', published by CIPFA and SOLACE).

Managerial control systems, including defining policies, setting objectives and plans, monitoring financial and other performance, and taking appropriate anticipatory and remedial action. The key objective of these systems is to promote ownership of the control environment by defining roles and responsibilities.

Financial and operational control systems and procedures, which include physical safeguards for assets, segregation of duties, authorisation, delegated decisions and approval procedures, and information systems.

An effective internal audit function that is properly resourced. It should operate in accordance with the principles contained in the Auditing Practices Board's auditing guideline *Guidance for Internal Auditors, CIPFA's Code of Practice for Internal Audit in Local Government in the United Kingdom 2006*, and with any other statutory obligations, and regulations.

- **Responsibilities of the Director of Resources**

To assist the CJC to put in place an appropriate control environment and effective internal controls which provide reasonable assurance of effective and efficient operations, financial stewardship, probity and compliance with laws and regulations.

- **Responsibilities of Directors**

To manage processes and to check that established controls are being adhered to. To regularly evaluate the effectiveness of those controls, in

order to ensure they remain appropriate to manage the proper use of resources, the achievement of objectives, and the management of risks.

To review existing controls in the light of changing circumstances affecting the CJC and to establish and implement new ones, in accordance with guidance from the Director of Resources. Directors should also be responsible for removing controls that are unnecessary or not cost or risk effective – for example, because of duplication.

To ensure staff have a clear understanding of the consequences of lack of control.

6.4 Audit Requirements

Two basic requirements will be considered in this section:

- Internal Audit;
- External Audit.

A. Internal Audit

The requirement for an internal audit function is implied by Section 151 of the Local Government Act 1972, which requires that Authorities “Make arrangements for the proper administration of their financial affairs”.

The Accounts and Audit (Wales) Regulations 2005 (SI 2005/368) Regulation 6, more specifically requires that a “Local government body shall maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control”. These arrangements are reviewed by the External Auditor on an annual basis.

Accordingly, Internal Audit is an independent, objective function, established by the CJC, for reviewing the systems of internal control. It examines, evaluates, and reports on the adequacy of internal control as a contribution to the proper, economic, efficient and effective use of resources.

- **Key Controls**

Internal Audit is independent in its planning, and operation.

The Audit Manager has direct access to the Chief Executive, all levels of management, and directly to elected Members.

The Internal Audit Service complies with the Auditing Practices Board's guideline *Guidance for Internal Auditors*, as interpreted by CIPFA's *Code of Practice for Internal Audit in Local Government in the United Kingdom 2006*.

Internal Audit's Terms of Reference are consistent with CIPFA recommendations and are endorsed by Governance and Audit Sub-Committee.

- **Responsibilities of the Director of Resources**

To ensure that the CJC's Internal Auditors are empowered to:

- Access CJC premises, at all reasonable times;
- Access all assets, records, documents, correspondence and control systems;
- Receive any information and explanation considered necessary which relates to any matter under consideration, or investigation;
- Require any employee of the CJC to account for cash, stores, or any other CJC asset under his or her control;
- Access records belonging to third parties, such as contractors, when required;
- Directly access the Chief Executive, the Corporate Joint Committee, and the Governance and Audit Sub-Committee.

In circumstances whereby the CJC enters into joint funding or joint venture agreements, it is essential that the formal Agreement includes a standard provision entitling the CJC's Internal Auditors to have access to records, and the provision of necessary explanations, regarding the application of the CJC's resources.

To undertake an annual audit needs assessment.

To approve the annual audit plan, prepared by the Audit Manager, which takes account of the characteristics and relative risks of all the activities performed by the CJC.

To ensure that that CJC has in place adequate procedures to prevent bribery taking place as defined within the Bribery Act 2010.

To ensure that effective procedures are in place to investigate promptly any fraud or irregularity.

- **Responsibilities of Directors**

To ensure that Internal Auditors are given access at all reasonable times, to any premises, personnel, documents and assets that the auditors consider necessary for the purposes of properly carrying out their work.

To ensure that Internal Auditors are provided with any information and explanations that they seek in the course of their work.

To consider and respond promptly to all recommendations contained within audit reports.

To ensure that any agreed actions arising from audit report recommendations are carried out in a timely and efficient fashion.

To comply fully with the CJC's Anti-fraud and Corruption Strategy and ensure compliance with those procedures aimed at preventing bribery as defined within the Bribery Act 2010.

To notify the Director of Resources, immediately, of any suspected fraud, theft, irregularity, improper use or misappropriation of the CJC's property or resources that should arise. Pending investigation and reporting the Director should take all necessary steps to prevent further loss and to secure records and documentation against removal or alteration.

B. External Audit

The office of the Auditor General Wales was established under the Government of Wales Act 1998 and subsequently the Government of Wales Act 2006. From 1st April 2005, the Public Audit (Wales) Act 2004 extended the Auditor General Wales's functions to include the appointment of external auditors for local government bodies, and for undertaking inspections under the Wales Programme for Improvement (under the Local Government Act 1999). The External Auditor has rights of access to all documents and information necessary for audit purposes.

The basic duties of the External Auditor are defined under Section 17 of the Public Audit (Wales) Act 2004 and Section 7 of the Local Government Act 1999. The Auditor General Wales publishes a Code of Audit and Inspection Practice which prescribes the way in which auditors appointed by him / her are to carry out their functions. The code is prepared under

Section 16 of the 2004 Act and Section 8B of the 1999 Act (as amended by the 2004 Act).

The Code of Audit Practice issued by the Auditor General for Wales requires the Wales Audit Office to:

- Provide an audit opinion on the accounting statements;
- Review the CJC's arrangements to secure economy, efficiency and effectiveness in its use of resources; and
- Issue a certificate confirming that they have completed the audit of the accounts.

In summary, the above requires that the CJC's accounts are scrutinised by external auditors, who must be satisfied that the statement of accounts not only complies with legal requirements but also 'present a true and fair view' of the financial position of the CJC, and its income and expenditure, for the year in question.

- **Key Controls**

External Auditors are:-

- Appointed by the Auditor General Wales;
- Required to report to the Governance and Audit Committee on 'Relevant matters relating to the audit' of the financial statements under IAS (UK and Ireland) 260 before the opinion on the financial statements is given.

- **Responsibilities of the Director of Resources**

To ensure that external auditors are given access, at all reasonable times, to all premises, personnel, documents and assets that the external auditors consider necessary for the purposes of properly carrying out their work.

To ensure there is effective liaison between external and internal auditors.

To work with the external auditor and advise CJC, and Directors, on their responsibilities in relation to external audit.

To ensure access is permitted to appropriate records of any external bodies where a relationship with the CJC exists, and that this

arrangement is formally documented (e.g. third party arrangements for grants).

- **Responsibilities of Directors**

To ensure that external auditors are given access at all reasonable times to premises, personnel, documents and assets which the external auditors consider necessary for the purposes of properly carrying out their work.

To ensure that all records and systems are up to date, and available for inspection.

To ensure that all working papers to support accounting entries, grant claims, etc., are of a sufficiently high standard.

6.5 Preventing Fraud, Corruption and Bribery

The CJC will not tolerate fraud, corruption or bribery in the administration of its responsibilities, whether from inside or outside the CJC.

The CJC's expectation of propriety and accountability is that Members and staff at all levels will lead by example in ensuring adherence to legal requirements, rules, procedures and practices.

The CJC also expects that individuals and organisations (e.g. suppliers, contractors, service providers) with whom it comes into contact will act towards the CJC with integrity and without thought or actions involving fraud, corruption and bribery.

Any potential fraud or irregularity should be reported in accordance with the 'Whistle Blowing' and 'Anti-fraud and Corruption' policies.

- **Key Controls**

The CJC has an effective Anti-fraud and Corruption policy and maintains a culture that will not tolerate fraud or corruption.

The CJC has in place procedures that prevent acts of bribery as defined in the Bribery Act 2010.

All Members and staff act with integrity and lead by example.

Senior managers are required to deal swiftly and firmly with those who defraud or attempt to defraud the CJC or who are corrupt.

High standards of conduct are promoted amongst Members by the Standards Sub-Committee.

The maintenance of a register of interests that records the acceptance of hospitality and gifts in line with CJC policy.

Whistle blowing procedures are in place and operate effectively.

Legislation including the Public Interest Disclosure Act 1998 is adhered to.

- **Responsibilities of the Director of Resources**

To develop and maintain an Anti-fraud and Corruption policy along with procedures that prevent Bribery.

To maintain adequate and effective internal control arrangements.

To ensure that there are proper reporting and investigatory procedures in place to deal with suspected irregularities.

- **Responsibilities of Directors**

To ensure that all suspected irregularities are reported to the Audit Manager.

To instigate the CJC's disciplinary procedures where the outcome of an audit investigation indicates improper behaviour.

To ensure that where financial impropriety is discovered, the Director of Resources is informed, and where sufficient evidence exists to believe that a criminal offence may have been committed, the police are called in to determine, with the Crown Prosecution Service, whether any prosecution will take place.

To maintain a Directorate register of interests.

6.6 Assets

Under this section the following issues will be highlighted:

- Security;
- Inventories;
- Stocks and Stores;
- Intellectual Property;

- Disposal of Land & Buildings;
- Disposal of Obsolete Equipment and Other Assets;
- Information, Computers and relevant legislation.

A. Security

The CJC holds tangible assets in the form of property, vehicles, equipment, furniture and other items. It is important that assets are safeguarded and used efficiently in service delivery, and that there are arrangements for the security of both assets and information required for service operations. An up-to-date asset register is a prerequisite for proper fixed asset accounting and sound asset management.

- **Key Controls**

Resources are used only for the purposes of the CJC and are properly accounted for.

Resources are available for use when required.

Resources no longer required are disposed of in accordance with the law and CJC Policies so as to maximise benefits.

An asset register is maintained for the CJC, assets are recorded when they are acquired by the CJC and this record is updated as changes occur with respect to the location and condition of the asset.

All staff are aware of their responsibilities with regard to safeguarding the CJC's assets and information, including the statutory requirements of the Data Protection Act 2018 and the Copyright, Designs and Patents Act 1988.

All staff are aware of their responsibilities with regard to safeguarding the security of the CJC's computer systems, including maintaining restricted access to the information held on them and compliance with the CJC's Information Communications Technology (ICT) policies.

- **Responsibilities of the Director of Resources**

To ensure that an asset register is maintained in accordance with good practice for all fixed assets, applying a de minimus level to each asset type as indicated in Table 2 below:

Table 2 - Asset Register De minimus Levels

Asset Type	De minimus Level (£)
Land and Buildings	20,000
Vehicles	5,000
Plant and Equipment	5,000
Infrastructure	20,000
Community Assets	Nil

The function of the asset register is to provide the CJC with information about fixed assets so that they are:

- Safeguarded;
- Used efficiently and effectively;
- Adequately maintained;
- Charged to the appropriate user within the revenue accounts.

To receive the information required for accounting, costing and financial records from each Director.

To ensure that assets are valued in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom (CIPFA/LASAAC) and the Royal Institute of Chartered Surveyors (RICS).

To maintain a property database for all properties currently owned or used by the Authority. Any use of property by a Directorate or establishment other than for direct service delivery should be supported by documentation identifying terms, responsibilities and duration of use. The details held should be in accordance with de minimus levels set out previously in Table 2.

- **Responsibilities of Directors**

Where Directors are responsible for a certain class of asset they shall maintain a database in a form approved by the Director of Resources for all plant, machinery and moveable assets currently owned or used by the CJC. The details held should be in accordance with deminimus levels set out previously in Table 2.

To ensure Directors carry out a meaningful annual Impairment Review in compliance with International Accounting Standards.

To ensure that lessees and other prospective occupiers of CJC land are not allowed to take possession of, or enter on to, the land until a lease or agreement, in a form approved by the Director in consultation with the Director of Resources, has been established as appropriate.

To ensure the proper security of all buildings and other assets under their control. Also, to ensure the efficient use of energy resources.

To pass title deeds to the Director of Resources who is responsible for the custody of all title deeds.

To ensure that no CJC asset is subject to personal use by an employee without proper authority, as defined by the 'Use of CJC Property' section within the CJC's disciplinary procedures.

To ensure the safe custody of equipment, furniture, stock, stores and other property belonging to the CJC.

To ensure that the responsible Director maintains a register of moveable assets in accordance with arrangements defined by the Director of Resources.

To ensure that assets are identified, their locations are recorded and, if appropriate, they are clearly marked.

To consult with the Director of Resources in any case where security is thought to be defective or where it is considered that special security arrangements may be needed.

To ensure that any cash held at a CJC site is held in accordance with key controls and within relevant insurance limits.

To ensure that keys to safes and similar receptacles are carried on the person of those responsible at all times; loss of any such keys must be reported to the Director responsible for the service area.

To arrange for the valuation of assets for accounting purposes to meet the requirements specified by the Director of Resources.

To ensure that all employees are aware that they have a personal responsibility with regard to the protection and confidentiality of information, whether held in manual or computerised records. Information may be sensitive or privileged, or may possess some intrinsic value, and its disclosure or loss could result in a cost to the CJC in some way.

B. Inventories

- **Responsibilities of Directors**

Inventories shall be maintained in all establishments of the CJC by the Officer in Charge in a form approved by the Director of Resources. Directors shall be responsible for ensuring, by physical checks of items appearing in the inventories at least annually, that inventories are being properly maintained for all establishments under their control. The level and extent of the checks will need to be determined by the Director consistent with the risk of loss (e.g. value, portability, alternative use). Surpluses and deficiencies revealed at inventory checks shall be reported to the Director of Resources.

Directors are required to compile inventories and record an adequate description of all furniture, fittings, equipment, plant and machinery under their control. The listing of furniture, fittings, equipment, plant and machinery must also be provided to the Director of Resources as requested.

C. Stocks and Stores

- **Responsibilities of Directors**

To make arrangements for the care and custody of stocks and stores in each Directorate by ensuring that procedures are in place for the receipt and issuing of stocks and stores and that the responsible Officers within each Directorate comply with those procedures.

To ensure stocks are maintained at reasonable levels in line with their use and are subject to a regular physical check (complying with the required 'Segregation of duties' procedures). All discrepancies should be investigated and pursued to a satisfactory conclusion.

To investigate and remove from the CJC's records (i.e. write-off) discrepancies as necessary, or to obtain CJC approval if they are in excess of a predetermined limit (any single occurrences greater than £1,000 must be reported to the CCJ).

To authorise the sale or write-off and disposal of redundant stocks. Procedures for disposal of such stocks should be by competitive quotations or auction, unless otherwise agreed, following consultation with the Director of Resources.

To seek CJC approval to the write-off of redundant stocks in excess of £20,000 in any one year. Anything below this can be done in consultation with the Director of Resources.

To submit to the Director of Resources, following a stock take, a certificate indicating the value of stocks, stores and works in progress at 31 March each year in accordance with time scales laid down.

D. Intellectual Property

Intellectual property is a generic term that includes inventions and writing. If these are created by the employee during the course of employment, then, as a general rule, they belong to the employer, not the employee. Various Acts of Parliament cover different types of intellectual property.

Certain activities undertaken within the CJC may give rise to items that may be patentable, for example, software development. These items are collectively known as intellectual property.

- **Key Controls**

In the event that the CJC decides to become involved in the commercial exploitation of inventions, the matter should proceed in accordance with the CJC's approved intellectual property procedures.

- **Responsibilities of the Director of Resources**

To develop and disseminate good practice in relation to the management and control of the CJC's intellectual property.

- **Responsibilities of Directors**

To ensure that controls are in place to ensure that staff do not carry out private work in CJC time and that staff are aware of an employer's rights with regard to intellectual property.

E. Disposal of Land & Buildings

The CJC must ensure that its Property and Land Portfolio matches the requirements of its corporate aims and objectives. All land and buildings not currently required, and not likely to be required in the future, should be disposed of subject to key controls.

- **Key Controls**

Land and Buildings for disposal are identified through the continuing review process and, if appropriate, are disposed of, but only when it is in the best interests of the CJC, after taking into consideration all relevant factors, including economic climate, and in accordance with CJC Policies.

Due regard must be given to any conditions of external funding received by the CJC in respect of Land and Buildings e.g. period of retention, type of use.

All property disposals are carried out under the provisions of Section 123 of the Local Government Act 1972 to ensure best consideration. Any sale below best consideration requires Welsh Assembly Government approval (unless covered by a General Disposal Consent authorised by the Welsh Assembly Government).

Written procedures protect staff involved in the disposal from accusations of personal gain and bribery.

- **Responsibilities of the Deputy Chief Executive (in consultation with the Director of Resources)**

To identify and authorise the disposal of Land and Buildings.

To ensure appropriate accounting entries are made to remove the value of disposed land and buildings from the CJC's records and to include the sale proceeds as appropriate.

To ensure that the disposal is promptly recorded in the Asset Register.

To monitor the impact of disposals of land and buildings on the availability of resources for the capital programme.

- **Responsibilities of Directors**

To seek advice from the Director of Resources on the disposal of surplus land and buildings. Where land or buildings are surplus to requirements, a recommendation for sale must be the subject of prior consultation with the Director of Resources and the relevant Director.

To record all disposals or part exchanges of Land and Buildings, that should normally be by competitive tender or public auction, unless otherwise decided following consultation with the Director of Resources.

To ensure that income received for the disposal of land and buildings is properly banked and coded.

To process all disposals of Land and Buildings through the Director of Resources.

To provide any other key management information as required by the Director of Resources to assist in identifying Land and Buildings for disposal.

F. Disposal of Obsolete Equipment and Other Assets

It would be uneconomic and inefficient for the cost of assets to outweigh their benefits. Obsolete, non-repairable or unnecessary resources should be disposed of in accordance with the law and CJC policies.

- **Key Controls**

Due regard must be given to any conditions of external funding received by the CJC in respect of equipment and other assets e.g. period of retention, type of use.

Written procedures protect staff involved in the disposal from accusations of personal gain.

Assets are held only if they have an effective current or planned use by the CJC.

Disposal takes place in accordance with relevant policies such as Information Communications Technology (ICT) and Physical Security policy.

- **Responsibilities of the Director of Resources**

To issue guidelines representing best practice for disposal of obsolete equipment and other assets (as detailed in the CJC's Disposal of Assets and Equipment procedures).

- **Responsibilities of Directors**

To identify and authorise disposal of obsolete equipment and other assets.

To seek advice from the Procurement Unit on the disposal of surplus or obsolete materials, stores or equipment.

To ensure that income received for the disposal of an asset is properly banked and coded.

To record the disposal in the Inventory.

To inform the Director of Resources on the disposal of an asset to enable an accurate up to date Asset Register to be maintained consistent with deminimus levels.

Where the proceeds from the disposal are less than £6,000 to re-invest the proceeds in accordance with the priorities set out in the relevant Business Plan.

Where the proceeds from the disposal are greater than £6,000, to notify the Director of Resources, who will arrange for the appropriate accounting entries and subsequent allocation of the receipt.

G. Computers and Relevant Legislation

The CJC has implemented and communicated an Information Security Policy that provides a framework to protect the CJC's Information Assets from all threats, whether internal or external, deliberate or accidental.

It is the Policy of the CJC to ensure that:

- Information will be protected against unauthorised access;
- Confidentiality of information will be assured;
- Integrity of information will be maintained;
- Regulatory and legislative requirements will be met;
- Business Continuity plans will be produced, tested and regularly reviewed;
- All breaches of information security, actual or suspected, will initially be reported to the ICT Service Desk and, where appropriate, investigated by Management.

The policy supports the CJC in its operation of ICT Security whose aim is to maintain:

- **Confidentiality of information** - protecting access to it;
- **Integrity of information** - preventing alteration of information; and
- **Availability of information** - ensuring information and services are available to authorised persons when required.

The CJC, its employees and agents must comply with all legislation that is pertinent to the use and security of its ICT facilities.

- **Key Controls**

- **The Computer Misuse Act 1990**

- The following are offences:

- Unauthorised access to a computer (this would occur, for example, where an employee intentionally exceeds his or her level of authorised use of a computer, or where a hacker breaches the security of a computer);
 - Unauthorised modification of the contents of a computer (this covers such items as unauthorised modification of computer programs or the deliberate introduction of a virus – even if the virus is harmless);
 - Unauthorised access to a computer in order to facilitate a further offence (examples of this would include hacking in order to commit fraud, or accessing sensitive data in order to blackmail an individual).

Copyright Designs and Patents Act 1988

Computer software is protected by copyright as much as books, videos, records, etc. Unauthorised copying is an offence under the Copyright Design and Patents Act 1988 and could lead to prosecution of both the employee and the CJC.

The CJC is liable to audit from such organisations as FAST (Federation Against Software Theft) - a consortium of large and powerful software vendors. They will prosecute if they find irregularities.

Data Protection Act 2018

The CJC is subject to the requirements of the Data Protection Act 2018. The CJC's Data Protection Officer advises employees in cases of doubt and is responsible for ensuring that the CJC's entry in the Data Protection Register is kept up to date. The following principles are to be followed when processing personal data:

- Personal data shall be processed fairly and lawfully;
- Personal data shall be obtained only for one or more specified and lawful purposes, and shall not be further processed in any manner incompatible with that purpose or those purposes;
- Personal data shall be adequate, relevant and not excessive in relation to the purpose or purposes for which they are processed;
- Personal data shall be accurate and, where necessary, kept up to date;
- Personal data processed for any purpose or purposes shall not be kept for longer than is necessary for that purpose or purposes;
- Personal data shall be processed in accordance with the rights of data subjects under this Act;
- Appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data;
- Personal data shall not be transferred to a country or territory outside the European Economic Area unless that country or

territory ensures an adequate level of protection for the rights and freedoms of data subjects in relation to the processing of personal data.

The requirements of the Data Protection Act 1998 as detailed above apply to both data held electronically and manually.

Freedom of Information Act 2000

The Act confers a general right of access to information held by Public Authorities, subject to certain conditions and exemptions.

A requirement is placed on Public Authorities to consider the exercise of any discretion that they may have to disclose information, notwithstanding that an exemption applies to information having regard to all the circumstances of the case, and the desirability of:

- Informing the applicant whether it holds information;
- Communicating the information - whether the public interest in disclosure outweighs the public interest in maintaining the exemption in question.

A duty is placed on every Public Authority to adopt and maintain a scheme which relates to the publication of information by that Authority.

- **Responsibilities of the Director of Resources**

To issue detailed guidelines and procedures relating to the use of computers across the network and in wider traffic via the internet.

To put in place adequate monitoring arrangements to ensure that all procedures with regards to computer use are being followed by all services.

- **Responsibilities of Directors**

To comply with all guidelines and procedures issued by the Director of Resources with respect to the use of computers.

6.7 Treasury Management

Many millions of pounds pass through the CJC's books each year. The CIPFA Code of Practice on Treasury Management and Prudential Code has been established to recognise the need to maintain financial probity in this respect. This aims to provide assurances that the CJC's money is properly managed in a way that balances risk with return, but with the overriding consideration being given to the security of the CJC's capital sums. Secondary consideration is given to liquidity, with yield (return on investment) being third.

- **Key Controls**

That the CJC's borrowings and investments comply with the CIPFA *Code of Practice on Treasury Management*, the *Prudential Code* and with the CJC's Treasury Policy Statement.

The CJC has formally adopted the following clauses:

- This CJC will create and maintain, as the cornerstone for effective treasury management:-
 - A treasury management policy statement, stating the policies, objectives and approach to risk management of its treasury management activities;
 - Suitable treasury management practices (TMP's), setting out the manner in which the CJC will seek to achieve those policies and objectives, and prescribing how it will manage and control those activities.

The content of the policy statement and TMP's will follow the recommendations contained in sections 6 and 7 of the Code, subject only to amendment where necessary to reflect the particular circumstances of this CJC. Such amendments will not result in the CJC materially deviating from the Code's key principles:

- This CJC will receive reports on its treasury management policies, practices and activities, including, as a minimum, an annual strategy and plan in advance of the year, a mid-year review and an annual report after its close, in the form prescribed in its TMP's.
- This CJC delegates responsibility for the implementation and regular monitoring of its treasury management policies and practices to the CJC and for execution and administration of treasury management decisions to the Director of Resources

who will act in accordance with the CJC's policy statement and TMP's and if a member of CIPFA, CIPFA's Standard of Professional Practice on Treasury Management;

- This CJC names the Governance & Audit Sub-Committee to be responsible for ensuring effective scrutiny of the treasury management strategy and policies.

- On leaving the CJC's employment or otherwise ceasing to be entitled to hold an imprest advance, an employee shall account to the Director of Resources for the amount advanced to him or her.

6.8 Staffing

In order to provide the highest level of service, it is crucial that the CJC recruits and retains high calibre, knowledgeable staff, qualified to an appropriate level.

Procedures are in place for forecasting staffing requirements and controls are implemented to ensure that staff time is used efficiently and to the benefit of the CJC.

7.2 Income and Expenditure

This section will consider the following issues:

- Income;
- Ordering and paying for goods, works and services;
- Contracts for building, constructional or engineering works;
- Payments to employees or Members;
- Internal invoicing.

Prior to contracting with any individual, the authorised officer should confirm whether the proposed contractual status is one of a 3rd Party relationship or one of an Employee/Employer relationship. The status of the contractual relationship will determine which of the sub-sections apply.

A. Income

Income can be a vulnerable asset and effective income collection systems are necessary to ensure that all income due is identified, collected, receipted and banked properly. All efforts must be made to obtain income in advance of supplying goods or services as this improves the CJC's cashflow and also avoids the time and cost of administering debts.

- **Key Controls**

All income due to the CJC is identified and charged correctly, in accordance with an approved charging policy, which is regularly reviewed.

All income is collected from the correct person, at the right time, using the correct procedures and the appropriate stationery.

All money received by an employee on behalf of the CJC should be properly recorded immediately and banked at intervals that are efficient and demonstrate value for money in terms of amount and frequency.

The responsibility for cash collection should be separated from that for identifying the amount due and for reconciling the amount due to the amount received.

All formal requests for income due to the CJC must be processed through the CJC's Corporate Debtors System, unless otherwise authorised by the Director of Resources.

Effective action is taken to pursue non-payment within defined timescales.

Formal approval for debt write-off is obtained (above that approved in the scheme of delegation).

Appropriate write-off action is taken within defined timescales, as contained in the CJC's Write-off Policy and Procedures guidelines.

Appropriate accounting adjustments are made following write-off action.

All appropriate income documents are retained and stored for the defined period in accordance with the CJC's Retention of Financial Records Policy.

Money collected and deposited is reconciled to the bank account by a person who is not involved in the collection or banking process.

- **Responsibilities of the Director of Resources**

To agree arrangements for the collection of all income due to the CJC and to approve the procedures, systems and documentation for its collection.

To order and supply to Directorates all receipt forms, books or tickets and similar items and to satisfy himself or herself regarding the arrangements for their control.

- Where the irrecoverable debt is £2,000 or less by the relevant Director in consultation with Director of Resources, except where the Director of Resources considers they are matters of principle or policy which should be referred to the CJC;
- Where the irrecoverable debt is over £2,000, by the CJC after considering a report of the Director of Resources.

All debts written off will be “charged back” to the Directorate responsible for raising the original invoice or charged against a provision previously set up from the relevant Directorate’s resources. Directors will, where relevant, be requested to formally explain reasons for the nature and frequencies of write-off within their Directorates.

To ensure that appropriate accounting adjustments are made following write-off action.

To set the debt recovery policies for the CJC, including the minimum standards of information required to support any debts outstanding.

To advise Directorates, where appropriate, of the level and details of debt outstanding for their Directorates.

To make the most economic, efficient and effective arrangements for the collection of income of behalf of the CJC.

- **Responsibilities of Directors**

To ensure that, wherever possible, income is received in advance of the service being provided.

To ensure, where it is not deemed possible to collect income in advance, that invoices are raised via the CJC's Corporate Debtors System, or an equivalent system approved by the Director of Resources.

In all instances, due regard should be given to the most efficient and effective means of income collection subject to approval by the Director of Resources.

To establish an annual review of charges for the supply of goods or services, including the appropriate charging of VAT (refer to 'Taxation' Section 7.3) in line with guidance from the Director of Resources.

To ensure that all income is correctly coded to the appropriate cost centre/fund.

To separate the responsibility for identifying amounts due and the responsibility for collection, as far as is practicable.

To follow appropriate recovery procedures, including legal action where necessary, for debts that are not paid promptly in consultation with the Director of Resources.

To set appropriate levels of bad debt provision, taking account of the level of outstanding debt, as notified by the Director of Resources. Where appropriate, the resources set aside for bad debt provisions will be funded from the relevant Directorate.

To issue official receipts or to maintain other documentation for income collection.

To ensure that at least two employees are present when post is opened so that money received by post is properly identified and recorded.

To hold securely receipts, tickets and other records of income for the appropriate period.

To lock away all income to safeguard against loss or theft and to ensure the security of cash handling and banking arrangements with due regard to insurance thresholds for specific sites and containers. Keys to locks should be kept securely off site.

To ensure that income is paid fully and promptly into the appropriate CJC bank account in the form in which it is received. Appropriate details should be recorded on a paying-in slip to provide an audit

trail. Money collected and deposited must be reconciled to the bank account on a regular basis.

To ensure income is not used to cash personal cheques or other payments.

To supply the Director of Resources with details relating to work done, goods supplied, services rendered or other amounts due, to enable the Director of Resources to record correctly the sums due to the CJC and to ensure accounts are sent out promptly. To do this, Directors should use established performance management systems to monitor recovery of income and flag up areas of concern to the Director of Resources. Directors have a responsibility to assist the Director of Resources in collecting debts that they have originated, by providing any further information requested by the debtor and in pursuing the matter on the CJC's behalf.

To keep a record of every transfer of money between employees of the CJC. The receiving Officer must sign for the transfer and the transferor must retain a copy.

To recommend to the Director of Resources all debts to be written off and to keep a record of all sums written off up to the approved limit. Once raised, no bona fide debt may be cancelled, except by full payment or by its formal writing off. A credit note to replace a debt can only be issued to correct a factual inaccuracy or administrative error in the calculation and/or billing of the original debt.

To obtain the approval of the Director of Resources when writing off debts in excess of the approved limit and the approval of the CJC where required.

To notify the Director of Resources of outstanding income (reserved debtors) relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Director of Resources.

B. Ordering and Paying for Work, Goods and Services

Public money should be spent with demonstrable probity and in accordance with the CJC's policies. The CJC has a statutory duty to achieve best value in part through economy and efficiency. The CJC's procedures should help to ensure that services obtain value for money from their purchasing arrangements. These Financial Procedure Rules

should be read in conjunction with the CJC's Contract Procedure Rules and Procurement Guidelines.

Every Officer and Member of the CJC has a responsibility to declare any links or personal interests that they may have with purchasers, suppliers and/or contractors if they are engaged in contractual or purchasing decisions on behalf of the CJC, in accordance with appropriate codes of conduct.

Official orders must be in a form approved by the Director of Resources. Official orders must be issued for all work, goods or services to be supplied to the CJC, except for supplies of utilities, periodic payments such as rent or rates, petty cash purchases or other exceptions specified by the Director of Resources e.g. purchases via an approved Purchase Card.

Each order must conform to Procurement Guidelines and make full use of Corporate Contracts. Standard terms and conditions must not be varied without the prior approval of the Director of Resources.

Apart from petty cash, and other payments from advance accounts, the normal method of payment from the CJC shall be by cheque, BACS or other instrument or method approved by the Director of Resources, drawn on the CJC's bank account. Payment means other than cheque, BACS or other approved instrument or method, shall require the prior agreement of the Director of Resources.

Official orders must not be raised for any personal or private purchases, nor must personal or private use be made of CJC contracts.

- **Key Controls**

All goods and services are only ordered by appropriate persons and are correctly recorded.

All goods and services shall be ordered in accordance with the CJC's Contract Procedure Rules unless they are purchased from sources within the CJC.

Goods and services received are checked to ensure they are in accordance with the order. There should always be segregation of duties between those raising, approving and receipting orders. Where the E-procurement system is being used goods can be receipted by the same person who raised the order – but items

cannot be receipted on the system by the person who approved / authorised the order.

Payments are not made unless goods have been received by the CJC to the correct price, quantity and quality standards (except where a pre-agreed arrangement has been approved by the Director of Resources).

All payments are made to the correct person, for the correct amount and are properly recorded, regardless of the payment method.

All appropriate evidence of the transaction and payment documents are retained and stored for the defined period, in accordance with the CJC's Retention of Financial Records Policy.

All expenditure, including VAT, is accurately recorded against the right budget and any exceptions are corrected.

In addition, the effect of e-business/e-commerce and electronic purchasing requires that processes are in place to maintain the security and integrity of data for transacting business electronically (further guidance is available from Director of Resources).

- **Responsibilities of the Director of Resources**

To approve the form of official orders and associated terms and conditions.

To make payments from the CJC's funds based on the Directors authorisation that the expenditure has been duly incurred in accordance with financial regulations (except where a pre-agreed arrangement has been approved by the Director of Resources e.g. a payment in advance to a grant funding recipient).

To make payments, whether or not provision exists within the estimates, where the payment is specifically required by statute or is made under a court order.

To make payments to contractors on the certificate of the appropriate Directors, which must include details of the value of work, retention money, amounts previously certified and amounts now certified.

To provide advice and encouragement on making payments by the most economical means.

To be satisfied that sufficient procedures exist within the budgetary control system to allow for commitments to be taken into account in budget monitoring reports.

- **Responsibilities of Directors**

To ensure that unique pre-numbered official orders are used for all goods and services.

To ensure that orders are only used for goods and services provided to the Directorate. Individuals must not use official orders to obtain goods or services for their private use.

To ensure that only those staff authorised by him or her authorise orders and to maintain (for orders not raised using the E-Procurement System) an up-to-date list of such authorised staff, including specimen signatures identifying in each case the limits of their authority. The authoriser of the order should be satisfied that the goods and services ordered are appropriate and needed, that there is adequate budgetary provision and that quotations or tenders have been obtained if necessary. Value for money principles should underpin the CJC's approach to procurement.

To ensure that goods and services are checked on receipt to verify that they are in accordance with the order. This check should be carried out by a different Officer from the person who authorised the order. Appropriate entries should then be made in inventories or stores records.

To ensure that payment is not made unless a proper VAT invoice has been received, checked, coded and certified for payment, confirming:

- Receipt of goods or services and the CJC's official order number that it relates to (except where a pre-agreed arrangement has been approved by the Director of Resources);
- That the invoice has not previously been paid;
- That expenditure has been properly incurred and is within budget provision (with the exception as detailed for receipt of goods or services);
- That prices and arithmetic are correct and accord with quotations, tenders, contracts or catalogue prices;

- Correct accounting treatment of tax – including the deduction and administration of the Construction Industry Scheme (CIS) where appropriate;
- That the invoice is correctly coded;
- That discounts have been taken where available;
- That appropriate entries will be made in accounting records.

To ensure that a budgetary control system exists within Directorates that enables commitments incurred by placing orders to be shown against the appropriate budget allocation so that they can be taken into account in budget monitoring reports.

To ensure that at least two authorised members of staff are involved in the ordering, receiving and payment process. For electronic orders the person raising the order must be different to the person approving / authorising the order. For paper-based orders, the person raising the order must be different to the person signing approval of the subsequent invoice and that signature must match the signature on the list of authorised signatories. Preferably, a third person should acknowledge receipt of the goods or services ordered but it is recognised that staffing arrangements sometimes demand that the person raising the order and receipting the goods and services is the same.

To ensure that the Directorate maintains and reviews periodically a list of staff approved to authorise invoices. Names of authorising Officers together with specimen signatures and details of the limits of their authority shall be forwarded to the Director Resources as appropriate.

To ensure that payments are not made on a photocopied or faxed invoice, statement or other document other than the formal invoice. Any instances of this not being complied with should be reported to the CJC's Internal Audit Service.

To encourage suppliers of goods and services to receive payment by the most economical means for the CJC. It is essential that all methods of payment have the prior approval of the Director of Resources.

To ensure that the Directorate obtains value for money from purchases by taking appropriate steps to obtain competitive prices for goods and services of the appropriate quality (having regard to best practice guidelines issued by the Director of Resources, which

are in line with value for money principles and the CJC's Contract Procedure Rules).

To ensure that employees are aware of the national code of conduct for local government employees.

To ensure that loans, leasing or rental arrangements are not entered into without prior agreement from the Director of Resources. This is because of the potential impact on the CJC's borrowing powers, to protect the CJC against entering into unapproved credit arrangements and to ensure that value for money is being obtained.

To notify the Director of Resources of outstanding expenditure (reserve creditors) relating to the previous financial year as soon as possible after 31 March in line with the timetable determined by the Director of Resources.

To notify the Director of Resources immediately of any expenditure to be incurred as a result of statute/court order where there is no budgetary provision.

To ensure that all appropriate payment records are retained and stored for the defined period, in accordance with the CJC's Retention of Financial Records Policy.

C. Contracts for Building, Constructional or Engineering Work

Advice on the format of certificates can be obtained from the Director of Resources.

Any variation of, addition to or omission from, a contract duly authorised, shall be given in writing to the contractor by the responsible Director.

The responsible Director shall ensure that for any variations not within budget, there is strict compliance with the scheme of virement.

In every case, before a final certificate is issued by or on behalf of a Director, the Contract Management System should be updated.

Documentation will be retained in accordance with the Retention of Financial Records Policy and will be made available to the Director of Resources as required.

Where professional architects, engineers or surveyors are employed to design or supervise work for the CJC, it shall be a condition of their employment that they:

- Be engaged by the relevant Director at fee rates competitively and fairly set, arranged in accordance with Contract Procedure Rules;
- Make available to the appropriate Director all documents relating to the Contract, for which they are acting on the CJC's behalf, before a final certificate of costs is issued.

Each Director, in consultation with the Director of Resources shall be responsible for reporting to the CJC any variations, additional payments and likely over-spending in excess of £50,000 or 10% of the contract sum (whichever is the greater) unless covered by the initial report. No payment above these values will be made without approval, other than in exceptional circumstances (e.g. potential breach of contract) which must be agreed with the Director of Resources.

The Contract Manager shall bring to the attention of the responsible Officer, as determined by the Scheme of Delegation, the potential for the deduction of liquidated and ascertained damages. The Officer shall make the decision to pursue or otherwise based upon the full facts, including the nature of the claim, materiality and any relevant legal considerations. Any proposal not to deduct liquidated damages, where such a right has accrued, shall be reported to the relevant Director and to the Director of Resources.

On completion of every contract the Contract Manager should review the performance of the contractor and maintain records on the Contract Management System in accordance with the Corporate Procurement Guidelines. Financial and Technical Vetting shall be carried out for all prospective contractors and arrangements for such vetting agreed with the Director of Resources.

A detailed report on the progress and costs of Capital Schemes shall be made regularly to the CJC; the detailed format and frequency of these reports are to be agreed by the Director of Resources. In addition, for contracts over £100,000 in tender value, details of the original and anticipated final costs, programme progress and instructions exceeding 10% of the contract sum shall

be shown. A realistic estimate of the value of any known or anticipated claims should also be included in the forecast final cost.

Bonds and guarantees may be required of a Contractor or Parent Company by the Contracting Officer, having taken due account of risks involved for the CJC. Guidance to risk assessment can be provided by the Director of Resources.

When a risk is perceived, the potential bond shall be a minimum of 10% of the contract value.

D. Payments to Employees, Pensioners and Members

Employee costs are the largest item of expenditure for most of the CJC's services. It is therefore important that payments are accurate, timely, made only where they are due for services to the CJC and that payments accord with individuals' established post and conditions of employment. It is also important that all payments are accurately and completely recorded and accounted for and that Members' allowances are paid in accordance with the scheme adopted by the CJC.

- **Key Controls**

Proper authorisation procedures are in place and that there is adherence to corporate timetables in relation to:

- Starters;
- Movers;
- Leavers.

Ensure compliance with all Human Resources Policies.

All payments are in accordance with individuals' established posts and terms and conditions and based on authorised timesheets, staff returns or individual claims as approved.

Employees' names listed on the payroll are checked at regular intervals to verify accuracy and completeness.

Ensure all payroll additions and deductions are reconciled to the CJC's financial system on a periodic basis (monthly).

Ensure employee payroll records are linked to the approved establishment. All appropriate payroll documents are retained and stored for the defined period in accordance with the CJC's

Retention of Financial Records Policy and that HM Revenue and Customs (HMRC) are complied with.

- **Responsibilities of the Director of Resources**

- Conditions and contracts of employment are correctly applied;
- Employees' names listed on the payroll are checked at regular intervals to verify accuracy and completeness.

To send an up-to-date list of the names of Officers authorised to sign records to the Head of Service Payroll or the Director of Resources, as appropriate, together with specimen signatures, where such Authorisation is not facilitated and controlled through the CJC's Payroll and Human Resources systems. The payroll provider should maintain signatures of Officers authorised to sign timesheets, claims and all other variations affecting pay.

To ensure that payroll transactions are processed only through the payroll system. Directors should give careful consideration to the employment status of individuals employed on a self-employed, consultant or subcontract basis as referred to at the start of this section. The HMRC applies a tight definition for employee status which the above guidance helps determine. In cases of doubt, advice should be sought from the Director of Resources.

To certify travel and subsistence claims and other allowances (in line with the timetable laid down by the Director of Resources). Certification is taken to mean that journeys were authorised and expenses properly and necessarily incurred and that allowances are properly payable by the CJC, ensuring that cost-effective use of travel arrangements is achieved. Invoices / receipts must be retained for all mileage and non-mileage expenses claims in line with the CJC's Retention of Financial Records policy. Claims submitted more than three months after the expenses were incurred must be accompanied by a written explanation for the delay and be certified by the authorised signatory. For specific guidance, reference should be made to the CJC's Expense Claim procedures.

To ensure that the Director of Resources is notified of the details of any employee benefits in kind, to enable full and complete reporting within the income tax, P11d and self-assessment procedures.

To ensure that all appropriate payroll documents are retained and stored for the defined period in accordance with the CJC's Retention of Financial Records Policy.

- **Responsibilities of Members**

To submit claims for Members' travel and subsistence allowances on a monthly basis and, in any event, within one month of the year-end.

8. EXTERNAL ARRANGEMENTS

8.1 Partnerships

Partnerships play a key role in delivering services and in helping to promote and improve the well-being of the area. CJC works in partnership with others – public agencies, private companies, community groups and voluntary organisations. Various stakeholders therefore need to deliver a shared vision of services. CJC will mobilise investment, bid for funds, champion the needs of their areas and harness the energies of local people and community organisations. CJC will be measured by what they achieve in partnership with others.

General

The main reasons for entering into a partnership are:

- The desire to find new ways to share risk;
- The ability to access new resources;
- To provide new and better ways of delivering services;
- To forge new relationships;
- Community involvement.

A partner is defined as either:

- An organisation (private, public or community) undertaking, part funding or participating as a beneficiary in a project; or
- A body whose nature or status gives it a right or obligation to support the project.

Partners participate in projects by:

- Acting as a project deliverer or sponsor, solely or in concert with others;

- Acting as a project funder or part funder;
- Being the beneficiary group of the activity undertaken in a project.

Partners have common responsibilities:

- To be willing to take on a role in the broader programme appropriate to the skills and resources of the partner organisation;
- To act in good faith at all times and in the best interests of the partnership's aims and objectives;
- To be open about any conflict of interests that might arise;
- To encourage joint working and promote the sharing of information, resources and skills between public, private and community sectors;
- To hold confidentially any information received as a result of partnership activities or duties that is of a confidential or commercially sensitive nature;
- To act wherever possible as ambassadors for the project.

If appropriate, to be aware of their responsibilities under the CJC's Financial Procedure Rules and Contract Procedure Rules.

To ensure that risk management processes are in place to identify and assess all known risks.

To ensure that all agreements and arrangements are properly documented.

To provide appropriate information to the Director of Resources to enable a note to be entered into the CJC's statement of accounts concerning material items.

8.2 External Funding

External funding is a very important source of income, but funding conditions need to be carefully considered to ensure that they are compatible with the aims and objectives of the CJC. External Funds provide additional resources to enable the CJC to deliver services. However, in some instances, such funding is linked to tight specifications and may not be flexible enough to link to the CJC's overall plan.

- **Key Controls**

To ensure that key conditions of funding and any statutory requirements are complied with and that the responsibilities of the accountable body are clearly understood.

To ensure that funds are acquired only to meet the priorities approved in the policy framework by the CJC.

To ensure that third party agreements are notified to the Director of Resources.

To ensure that all relevant documentation is retained in accordance with the CJC's Retention of Financial Records Policy.

8.3 Work for Third Parties

Current legislation enables the CJC to provide a range of services to other bodies. Such work may enable a Directorate to maintain economies of scale and existing expertise. Arrangements should be in place to ensure that any risks associated with this work is minimised and that such work is not ultra vires.

- **Key Controls**

To ensure that proposals are costed properly in accordance with guidance provided by the Director of Resources.

To ensure that contracts are drawn up using guidance provided by the Director of Resources and that a formal approvals process is adhered to.

- **Responsibilities of the Director of Resources**

To issue guidance with regard to the financial aspects of third-party contracts and the maintenance of the contract register.

SECTION 1: INTRODUCTION

- 1.1 These Contract Procedure Rules should be read in conjunction with the CJC's Financial Procedure Rules and Scheme of Delegation.
- 1.2 A key requirement of these procedure rules is to ensure competitiveness and the primary method of achieving this is through a competitive process. These Rules set a framework for these processes and aim to strike the right balance between price and quality whilst keeping the cost of contracting to a minimum.

Scope

- 1.3 These Contract Procedure Rules are:
- The CJC's procedural rules for buying goods and services for the CJC. They do not apply to internal purchases or service provision, but only to external suppliers and providers.
 - Applicable to the making by the CJC of all Contracts, for the provision, supply, hire or disposal of goods, materials or intellectual products, and for the provision of services, the use of consultants and to Contracts for income.
 - Not applicable to Contracts of service (i.e. employment contracts). Please note however that the procurement of Agency Workers and Consultancy Services does fall within the scope of these Rules.

Functionality

- 1.4 These Contract Procedure Rules:
- Are applicable to the formation of Contracts and to any matters as may arise in the process of managing Contracts, which significantly change, vary or terminate any such Contract during its currency.
 - Relate to the extension or renewal of Contracts beyond their initial term.
 - Are without prejudice to the need for budget holders to ensure that budgets are not exceeded.

- Are without prejudice to the requirements of UK and EU Legislation governing any Contract in which case those requirements shall be followed (even if they conflict with these rules).

Aims

1.5 These Contract Procedure Rules aim to:

- Achieve value for money for the CJC in the market by ensuring provision for securing competition at appropriate levels of expenditure whilst avoiding disproportionate or bureaucratic costs where levels of expenditure are less significant.
- Achieve fullest accountability at all levels whilst ensuring an adequate audit trail by requiring the Directors to record who did what, how and when.
- Ensure that Officers follow proper and fair procedures for the involvement and selection of Contractors.
- Ensure compliance with Public Contract Regulations and retained EU Procurement Directives.
- Ensure that proper Specification is made by Officers which reflect the appropriate and realistic quality requirements for any defined need, and that offers may be judged by objective criteria.
- Ensure that levels of monitoring and training exist to ensure proper compliance and that these rules are regularly reviewed to take account of new circumstances.

Status

1.6 These Contract Procedure Rules:

- Are made under Section 135 of the Local Government Act 1972 and all other powers enabling the CJC.
- Are applicable to all parts of the CJC's activities.
- Are applicable where the CJC is acting as agent for another body unless the principal directs otherwise.
- Must be adopted by any external contractors empowered to form Contracts on behalf of the CJC and by any person who is not an Officer of the CJC engaged to manage a Contract on behalf of the CJC.

- Shall apply to the selection of nominated suppliers and nominated sub-contractors for products covered by prime costs and provisional sums in a main contract.
- Shall be interpreted so far as possible to ensure the Aims set out in these rules are achieved.
- Are not applicable to expenditure between the CJC's Service Areas, Directorates or the use of the CJC's trading organisations.

Who is affected by these Procedure Rules?

- 1.7 Officers who may, at any point, require goods and / or services from external Stakeholders.

Tendering, Ordering and Advertising

- 1.8 Before entering into any contract, placing Official Orders or undertaking any competitive procurement process where the estimated value exceeds £15,000, **Officers must consult with the Corporate Procurement Unit who will advise on the Procurement process to be followed.**
- 1.9 A Contract Initiation Document (CID) must be completed and submitted to the Corporate Procurement Unit before any competitive procurement process takes place. This document enables a robust specification of requirements to be recorded by the CJC Service Area allowing the Corporate Procurement Unit to advise on the most suitable process, regulations to adhere to, timescales and resource requirements. See the Procurement pages on the CJC's Intranet Site for a copy of the Contract Initiation Document (CID).
- 1.10 Upon receipt of a fully completed Contract Initiation Document, the Corporate Procurement Unit will be responsible for leading the procurement process above this value (in consultation with the relevant CJC Service Area) from initiation through to contract award.
- 1.11 Officers shall make full use of Corporate Contracts including National Procurement Service Contracts, established Framework Agreements or other legally available arrangements before placing Official Orders.
- 1.12 There are a number of Electronic Procurement Systems that should be utilised as corporate solutions to support the cost efficient procurement of goods and services (streamlining the transaction process and reducing unnecessary administration overheads where possible). Please refer to the Procurement pages on the CJC's Intranet Site for further information regarding the use of these systems.

- 1.13 In accordance with the principles of the Welsh Government “Opening Doors, The Charter for SME Friendly Procurement”, contracts exceeding £25,000 shall be advertised on RCT’s Contract Management System and/or the Sell2Wales website, where practical, and providing that it represents best value for the CJC.

Head of Procurement Delivery

- 1.14 The Corporate Procurement Unit has a clear strategic role in the procurement of all services, supplies and works, and as such, it is vital that this expertise is employed and consulted upon for all contracts where the estimated value exceeds £15,000. Furthermore, RCT’s Head of Procurement Delivery, on behalf of the relevant CJC Director shall place all EU notices of advertisement.

Legal Requirements

- 1.15 Formal procedures are required to be made by every Local Authority under Section 135 of the Local Government Act 1972. The Act refers to the supply of ‘goods or materials and the execution of works’.
- 1.16 All Public Procurement in the UK is governed by UK Procurement Regulations and any retained EU obligations. This legal framework helps to ensure that Public Procurement is conducted in a fair and open manner.

Note: Following the UK’s leaving of the EU, certain EU Directives no longer apply. For public procurement, the EU Procurement Directives have been replaced by the Public Procurement (Amendment etc.) (EU Exit) Regulations 2020 (“PP Amendment Regulations 2020”). Most of the provisions remain the same with the exception of:

- a change in the requirement to advertise in the OJEU; and
- change to the way Thresholds are calculated.
-

Focus of these Rules

- 1.17 Section 135 of the 1972 Local Government Act does not set any particular format for Contract Procedure Rules nor does it prescribe the contents in any detail. In considering any specific set of circumstances however, it is expected that at all times, Officers will have in mind the objective implicit within section 135 of the Act, namely that contracting processes shall include ***‘provision for securing competition’***.

Procurement Planning

- 1.18 At the commencement of each calendar year, the Corporate Procurement Unit will contact CJC Directors and Service Area stakeholders to request details of any planned procurement activities over £15,000 for the forthcoming financial year. The Corporate Procurement Unit will use this information for procurement planning, to identify collaborative opportunities, to allocate appropriate resources and to ensure all relevant legislative requirements are observed.

EU Procurement Directives

- 1.20 These Contract Procedure Rules require compliance in all cases with any retained EU obligation that is enforceable by virtue of section 4 of the European Union (Withdrawal) Act 2018. In this regard all such notices or advertisements are to be placed by RCT's Head of Procurement Delivery.

Proprietary Products

- 1.21 The Contract Procedure Rules also recognise that some products and services may be unique and therefore are available from one source only, and that in such circumstances, competitive tendering may not always be appropriate. The procedures within these rules for the procurement of Proprietary Products set out the requirements to be followed in these situations.

The Framework of Rules

- 1.22 At the heart of these Contract Procedure Rules is a system of nominated Officers, which is intended to ensure proper separation of duties, to identify accountabilities and to encourage the best use of skills and knowledge. The framework includes for each contract:

- a Director
- a Contract Manager
- a Contracting Officer.

Due regard must be given to the responsibilities allocated to each under the CJC's Scheme of Delegation.

Contract Management

- 1.23 In addition to the processes by which contracts are established, there is a need to ensure that contracts are properly managed during their life. These Contract Procedure Rules therefore cover aspects of Contract Management, which relate to ongoing contract variation, price control or termination of contracts at any time during the contract period.

Variation to Contracts

- 1.24 These Contract Procedure Rules give powers to Directors (in consultation with the CJC's Director of Resources and Director of Legal & Governance) to agree variations beyond the original contract terms. Other variations regarding the terms of the contract are to be dealt with by the Contract Manager in conjunction with the Corporate Procurement Unit. Please also refer to the requirements of the Financial Procedure Rules concerning variations.

Contract Management System

- 1.25 One significant purpose of these Contract Procedure Rules is to ensure transparency relating to decisions taken around the contracting process. These Contract Procedure Rules require the establishment of a Contract Management System, which shall be the primary place for managing procurement processes and for recording details of all contracts awarded over the value of £15,000. It is from this system that the CJC is able to manage and monitor the CJC's Contracts Register.

Procurement by Consultants

- 1.26 Where the CJC uses consultants as part of a procurement process, it should be ensured that consultants carry out any procurement in accordance with these Contract Procedure Rules. No consultant shall make any decision on whether to award a contract. All decisions must be made in accordance with the CJC's Scheme of Delegation.

Sustainable Procurement

- 1.27 Sustainable procurement is a process whereby organisations meet their needs for goods, services, works and utilities in a way that achieves value for money on a whole life basis, in terms of generating benefits not only to the

organisation, but also to society and the economy, while minimising damage to the environment.

- 1.28 The Wales Procurement Policy Statement (WPPS) adopts a definition of procurement that ensures value for money is considered in the very widest sense when contracting in the public sector in Wales. The Community Benefits policy approach is covered under principle 4 of the WPPS and seeks to act upon the wider definition of value for money by delivering the very widest social, economic and environmental benefits in the course of securing goods, services or works.
- 1.29 When planning public procurement in Wales, the Community Benefits policy approach must be an integral consideration and should be applied where such benefits can be realised. Principle 4 of the WPPS has set a threshold for application of Community Benefits at £1m for both application of policy and measurement of outcomes. For all contracts exceeding this value, the CJC shall consider a social return on investment through the adoption of a community benefits approach.
- 1.30 Further information and guidance is available via the Welsh Government guidance document: 'Community Benefits: Delivering Maximum Value for the Welsh Pound' or via the Procurement Route Planner.

Equal Opportunities, Wellbeing & Ethical Procurement

- 1.31 Public authorities must ensure that their procurement activities are operated in a way that meets their legal equality obligations. Addressing equality issues in procurement will help the CJC provide public services that are tailored to the needs of diverse users and communities.

The Equality Act 2010

- 1.32 The Act includes a public sector equality duty (the 'general duty') that aims to ensure that equality considerations are built into the design of policies and the delivery of services. A public authority remains responsible for meeting the general duty even where relevant works or services are contracted out to an external supplier. It is important to build equality considerations into procurement processes.
- 1.33 The general duty applies to anyone who is carrying out a public function.
- 1.34 Where an external body is being contracted to provide a relevant public service (including, in some cases, providing goods or works) it will be

necessary to make them aware of the responsibilities that may arise under the public sector equality duty and to assist them appropriately.

- 1.35 The Sustainable Risk Assessment template (SRA) can be used to assess equality considerations. Information on this is available via the Procurement Route Planner or can be obtained from the Corporate Procurement Unit.

Welsh Language

- 1.36 The CJC must ensure that contractors delivering a public service on its behalf are able to deliver such a service in compliance with the requirements of Welsh Language legislation. In order to deliver effective, quality and equal public services within Wales, there is a requirement to consider language obligations from the outset of a tender process and in preparing contract specifications.
- 1.37 Where a contract relates to a 'public service contract' (as governed by the requirements of the Welsh Language Act 1993), a contractor may be required to demonstrate its ability to comply with the requirements of the Act. This may involve the ability of the contractor to deliver services in Welsh or English to service users on an equal basis and / or to be able to market and promote services bilingually. The contract specification must set out the entire requirements of the contract, including details of the Welsh Language Standards applicable to the delivery of the contract throughout the contract term.
- 1.38 Procurement documentation must also be issued bilingually in accordance with the Welsh Language Standards (Welsh Language Wales Measure 2011), including – but not limited to – an invitation to tender and any procurement guidelines issued as part of a competitive tender process. Standard templates have been developed for this purpose and can be obtained from the Corporate Procurement Unit.

The Wellbeing of Future Generations (Wales) Act

- 1.39 The Wellbeing of Future Generations Act (WFG) focuses on improving the social, economic, environmental and cultural well-being of Wales.
- 1.40 The Act puts in place seven Well-being Goals:
- (1) A prosperous Wales
 - (2) A resilient Wales
 - (3) A healthier Wales
 - (4) A more equal Wales
 - (5) A Wales of cohesive communities

- (6) A Wales of vibrant culture and thriving Welsh language
- (7) A globally responsible Wales.

1.41 These 'Wellbeing Goals' are for everyone in Wales to work towards, and the CJC as a public body must also show that they are making decisions and taking actions to support these goals. It is essential that these goals become the cornerstone of all CJC commissioning and procurement activity and considered as part of the contract initiation process.

Ethical Employment Practices in Supply Chains

1.42 The Welsh Government '*Code of Practice – Ethical Employment in Supply Chains*' published in 2017 commits public, private and third sector organisations to a set of actions that tackle illegal and unfair employment practices.

1.43 The scope of the Code of Practice covers procurement, supplier selection, tendering, contract management and supplier management and aims to help ensure workers in public sector supply chains in Wales are employed in a fair and ethical way. The twelve commitments set out in the Code of Practice should be considered as part of the commissioning and procurement decision making process.

Reviewing the Procedure Rules

1.44 It is intended that these rules will be kept under continuous review so that they reflect changes in contracting and best practice. The reviews will be carried out by RCT's Head of Procurement Delivery in conjunction with the CJC's Director of Resources and Director of Legal & Governance.

Guidance

1.45 In order to ensure that Officers have access to advice and guidance, a support system, including assistance and advice from the Corporate Procurement Unit is available. Officers who have doubt or difficulties in any given situation relating to contracts should contact the Corporate Procurement Unit.

SECTION 2: CONTRACT PROCEDURE RULES

Framework Agreements and Collaboration

- A.1 Where current and valid frameworks are available for use by the CJC (as approved by the Head of Procurement Delivery), the framework must be used in accordance with the guidance provided by the Head of Procurement Delivery.
- A.2 Any joint procurement arrangements with other local authorities and/or public sector bodies including membership or use of any consortia must be approved by the Head of Procurement Delivery.
- A.3 Established framework and consortium arrangements endorsed by the Head of Procurement Delivery for use by the CJC shall be mandatory.
- A.4 Where collaborative or CJC frameworks are utilised, the award process must be in accordance with the terms and guidance of the individual framework.

Instances where there is no requirement for competition

- B.1 There is no requirement for competition for work placed with internal trading organisations. However, where the value of the contract is above £75,000, and another trading organisation is known to offer comparable services to those required, competition may be sought. In these circumstances, the Contracting Officer must be able to demonstrate that competition is likely to lead to better value for money (taking account not only of price, but of the total cost to the CJC of the competitive process, including any loss of revenue with the internal trading organisation).
- B.2 There is no requirement for competition for work placed with other CJC departments that are not internal trading organisations.

Estimating the Contract Value

- B.3 The value of a contract means the estimated total monetary value over its full duration (not the annual value), including any extensions or other options. Where the duration of a contract is indeterminate or is longer than four years, this should be taken to be the estimated value of the contract over a period of four years. No procurement may be artificially split to avoid compliance with these Contract Procedure Rules and Public Procurement Legislation.

- B.4 Where the value is, or may be, equal to or greater than the relevant OJEU threshold, due regard should be given to the valuation rules in regulation 8 (Thresholds) of the Public Contracts Regulations 2015. Guidance should be sought from the Corporate Procurement Unit where assistance is required in estimating contract values.

Service Level Agreements

- B.5 A Service Level Agreement (SLA) is an agreement between a service provider and client that governs all aspects of their relationship. An SLA can be used between internal departments within the CJC or other Local Authorities. Where the Service Provider is a legal entity external to the client, the relationship will be a formal contract as opposed to an SLA.

It is important to document and agree any Service Level Agreement, including any commercial and exit arrangements of the participating organisations. This should include clear criteria for determining the ongoing viability of the arrangement and supported by agreed and measurable performance indicators with the service provider. In support of this, the standard Service Level Agreement Template available via RCT's Head of Procurement Delivery should be used.

Bonds or Guarantees

- B.6 A risk assessment should be undertaken to determine whenever a performance bond or performance guarantee is required. Guidance relating to Bonds or Guarantees can be obtained from the Corporate Procurement Unit.

Private Interests

- B.7 No Member, employee or agent of the CJC shall improperly use their position to obtain any personal or private benefit from any Contract entered into by the CJC.
- B.8 Members and employees of the CJC shall comply with the requirements of Section 117 of the Local Government Act 1972 and the Employees' Code of Conduct set out in the Constitution about the declaration of private interests in Contracts with the CJC. Such interests must be declared to the Director of Legal & Governance acting in his or her capacity as a Monitoring Officer for inclusion in the appropriate registers.

SECTION 3 PROCEDURES

C.1 Deciding Which Value Threshold

The Contracting Officer shall determine in accordance with sections B.3 - B.4 the estimated value of the contract and thereby the thresholds to be used, which shall be as follows:

C2	Purchases below £15,000
C3	Purchases between £15,000 and £75,000
C4	Between £75,000 and below the EU Procurement Thresholds for Supplies & Services contracts
C5	Between £75,000 and below the EU Procurement Thresholds for Works contracts
C6	Above the EU Procurement Thresholds

The **Thresholds** effective from 1st January 2022 are:

	Inc Vat	Ex Vat
Supplies and Services	£213,477	£177,897.50
Works	£5,336,937	£4,447,447.50
Social & Other Specific Services	£663,540	N/A

Notes:

- From 1st January 2022 the Thresholds are inclusive of VAT. The above table provides a calculation of both inclusive and exclusive based on 20%.
- For term contracts, the estimated total value relates to the entire term or four years, whichever is the less.
- The OJEU thresholds are the financial values at which the EU Public Sector Procurement Directive 2014/24/EU and the Public Contracts Regulations 2015 require tenders to be advertised in the Official Journal of the EU ("OJEU").
- Social and other specific services as specified under Article 74 of the above Directive. Procedures above this value are subject to the light touch regime.
- These thresholds vary from time to time and should be checked with the Procurement department for accuracy.

Single Tenders

C.7.1 A single tender may only be invited when:

- by reason of regulation or legislation only one supplier of the product or service exists;
- the value of the contract is below EU Thresholds and the costs of complying with a tender procedure outweighs the likely benefits;
- only a Propriety Product (for Goods, Services, Social & Other specific services or Works) is suitable or acceptable to customers or the Product consists of repairs or works to an existing Propriety Product (although some propriety products may be available through existing framework

arrangements. Where available, the requirements of A.1 shall be observed);

- in exceptional cases of such extreme emergency that a tender process cannot be undertaken. In these cases, the reason for the urgency shall not be within the control of the Director or Contracting Officer.

C.7.2 In all such cases, the Director and Contracting Officer must document and record the reasons why within the Contract Initiation Document (CID), sign and date and notify the Head of Procurement Delivery.

C.7.3 In all such cases above, the Contracting Officer must ensure:

- that the product is specified in writing;
- where only one tenderer is identified, ensure that the best price and conditions are negotiated and that these are recorded;
- that provisions for the adjustment in price, volumes or other variable factors have been agreed and recorded in writing.

Instances where there are less than the required minimum Tenders invited

C.7.4 In such cases where the Contracting Officer wishes to proceed with less than the required number of tenders specified in these Contract Procedure Rules, the Director and Contracting Officer must document and record the reasons why within the Contract Initiation Document (CID), sign and date and notify the Head of Procurement Delivery.

D. Terms and Conditions

D.1 Where available, practical and appropriate to do so, the CJC's adopted Standard Terms and Conditions shall be specified as a minimum requirement for entering into contracts for Supplies, Works or Services. Any doubt as to the applicability of these conditions or any clauses contained therein should be referred to the Director of Legal & Governance or Head of Procurement Delivery.

E. Approved Lists

E.1 Approved Lists cannot be used for the exclusive selection of Tenderers for any Contract above the value thresholds set out in EU Procurement Directives as detailed at C.1 of these rules.

E.2 Contracting Officers shall also observe the requirements of C.2.5 before utilising an Approved Vendors List (AVL).

F. Processing of Tenders

A key function of these Procedure Rules is to set down a framework, which can demonstrate that the requirements of public accountability and transparency are extant. To achieve this, the following shall apply:

Electronic Tenders and Electronic Auctions

F.1 All Tenders over the £15,000 threshold should be processed using RCT's approved Contract Management System (CMS). This system facilitates a controlled and secure environment for the issue, receipt, opening and evaluation of tenders and also captures a complete audit trail of tender processes conducted. This system should be used in accordance with appropriate guidance, user documentation and procedures.

Further information regarding the use of RCT's Contract Management System may be obtained via the Corporate Procurement Unit.

F.2 Contracting Officers shall observe the following requirements when processing tenders via the Contract Management System:

- A responsible officer is assigned to manage the tender.
- Tender timescales are adequate to enable suppliers sufficient time to prepare and submit their tender. These timescales should also consider the complexities of the requirement.
- All relevant tender documentation is made available to tenderers and the information provided is consistent with the details entered directly on the CMS.
- All tender clarifications must be conducted via the CMS.
- Evaluation questions and criteria are entered into the system in the most appropriate format.
- Appropriate use of tools, such as electronic auctions, are considered.
- Suppliers are registered on the CMS with accurate and complete contact information.

Awarding the Contract

- The tender evaluation outcome must be recorded on the system.

- Notifications must be sent to suppliers via the system.
- Following completion of the tender process, the contract should be created, awarded and registered accordingly on the system.

F.3 Where an externally hosted extranet is to be used to support the tendering process prior approval of the Head of Procurement Delivery must be obtained.

Amendment to Tenders, Errors and Omissions

F.4 As a general rule no adjustment or qualification to any tender(s) is permitted. Errors found during the examination of tenders shall be dealt with in one of the following ways:

- If the error is not arithmetical the tenderer shall be given details of the error(s) and shall be given the opportunity of confirming without amendment or withdrawing the tender; or
- If an arithmetical error is found, the responsible officer shall correct the error(s) provided that, apart from the genuine arithmetic error(s), no other adjustment revision or qualification is permitted.

F.5 A Contracting Officer may seek clarification of the information provided (or not provided) by a Tenderer only where this is necessary to aid understanding.

Assessment of Tenders (Tender Evaluation)

F.6 Tenders should be assessed in accordance with the predetermined evaluation criteria set out in the Tender documentation (and published EU notice, where appropriate) and identify tenders that best meet the criteria, including value for money.

F.7 In respect of all tenders, where the main tender criterion is the most economically advantageous tender, the evaluation criteria or sub-criteria shall, as a minimum, be listed in the Invitation To Tender (ITT) documentation in order of importance. Any particular scoring or weighting attributable to any criteria or sub criteria must be clearly stated. In addition, the criteria shall be strictly observed (and remain unchanged) at all times throughout the contract award procedure (other than where permitted under EU Procurement Directives).

F.8 It should be noted that prior disclosure of and adherence to award criteria and weightings is a fundamental requirement of the core principle of transparency. The core procurement principles (transparency, equal treatment, non-discrimination) apply even to sub-OJEU threshold procurements.

Acceptance of Tenders

The Director:

- F.9 Shall accept the highest Tender where payment is to be received by the CJC unless a decision is taken not to proceed with the Contract.
- F.10 Shall accept the lowest or the most economically advantageous tender for all contracts where payment is to be made by the CJC unless a decision is taken not to proceed with the Contract. Guidance and approval should be sought from the Head of Procurement Delivery where tenders are to be evaluated on a quality or price basis.
- F.11 May accept a Tender not complying with the above only if the Director in consultation with the CJC's Director of Resources and RCT's Head of Procurement Delivery certify why it is in the CJC's best interest to do so.
- F.12 Shall, where appropriate, sign the Contract documents or place them before the Director of Legal & Governance for signature or seal, with such explanations as he or she may require.
- F.13 In all such cases above, shall observe the requirements of section C.6.5.

Non-concluded Terms and Conditions

- F.14 Contracting Officers should always ensure (so far as possible) that terms and conditions are fully agreed, by including them in the tender documents and requiring tenderers to accept them as part of the tender. Not doing so exposes the CJC to:
- Serious risk of being unable to ensure delivery to required standards;
 - Risk of procurement claims and challenges if terms are negotiated post-tender; and
 - Risk of audit criticism.
- F.15 Where (exceptionally) the terms and conditions of contract are not fully agreed, no contractor shall be allowed to commence delivery of goods, works or services until all terms and conditions have been agreed and signature or written agreement of both parties obtained.
- F.16 Contracts should not be entered into on the basis of the contractors own standard terms and conditions, or terms negotiated which are significantly different to those included or referred to at tender stage, since this carries a high risk of procurement challenges. However, in exceptional circumstances,

there may be a requirement to agree or negotiate alternative terms and conditions in which to contract. Where this is the case, prior approval must be sought from the Head of Procurement Delivery.

G. Completion of Contracts

- G.1 The Contract Officer should arrange for contracts to be attested either Under Hand by the Director or Under Seal. The Director of Legal & Governance shall be consulted if a Contract is to be attested Under Seal.
- G.2 The Director shall consider (in consultation with the Director of Legal & Governance) whether, having regard to the need for extension of the period of limitations, a Contract should be attested Under Seal.
- G.3 The Common Seal shall be attested by the Director of Legal & Governance or a signatory authorised by them and an entry of every sealing shall be made, consecutively numbered and shall be signed by the person who has attested the seal. The seal shall not be affixed without the authority of the CJC, Sub-Committee or under delegated powers.
- G.4 Following the award of the contract (and where the contract value exceeds £15,000), the contract details will be recorded on the Contract Management System. Where access to this system has been granted, it is the responsibility of the Contract Officer to record details of contracts awarded on the system.

H. Contract Management

- H.1 A Director must appoint a Contract Manager to manage the performance of a contract throughout its term. The duties of the Contract Manager shall begin when the contract is awarded and shall cease when it is completed or terminated.
- H.2 The Contract Manager should ensure that management and monitoring arrangements for the contract have been established and recorded (including the methods for reporting and monitoring performance, costs and service delivery against the agreed Contract Specification and Terms and Conditions).
- H.3 The Contract Manager will also be responsible for:
- The management of the relationship between the CJC and the supplier (ensuring effective lines of communication are in existence between client representatives, stakeholders and service providers).
 - The identification, allocation and management of the risks associated with the performance of the contract.

I. Termination Procedures

- I.1 Where consideration is being given to terminating any contract arrangements, reference should be made to the Head of Procurement Delivery and or the Director of Legal & Governance.

J. Disposal of Land, Buildings or Equipment

- J.1 Please refer to the requirements of the Financial Procedure Rules concerning the disposal of Land and Buildings or the disposal of surplus or obsolete materials, stores or equipment.
- J.2 Officers must seek advice from the Deputy Chief Executive regarding the disposal of surplus land and buildings.
- J.3 In the event that the method of disposal requires a competitive process, the Deputy Chief Executive should also consult with the Corporate Procurement Unit where necessary. The Corporate Procurement Unit will advise on the process to be followed, the terms and conditions required and the evaluation procedures.

K. Contract Variations – basic principles

- K.1 Variation refers to a change to the contract terms that the parties had agreed and accepted when the contract was signed. This requires a clear and documented process, with clear references to the relevant clause(s) of the original terms and conditions of contract. Variations are consensual and most commonly about change in contract scope. Typically these occur as a result of changes to methodology, design, timing, order or sequence of provision.
- K.2 Contract variations which change any significant term of the contract (particularly as to price, quality or balance of risk) have the potential to amount to a new contract, and thus can constitute a single tender award without advertisement. Variations should therefore only be considered where:
- The proposed variation is within the scope of the original tender (including any possible extensions or options which were included in the contract notice, advertisement or tender documents);
 - The proposed variation does not significantly exceed the value of the original tender (including any possible extensions or options which were included in the contract notice, advertisement or tender documents);

- Variations of the type proposed were contemplated at the time the original procurement exercise was carried out; or
- The variation is permitted under the terms and conditions of the contract (provided that those terms and conditions were known to tenderers at the time of the original tender).

K.3 However, variations which alter the balance of risk in favour of the CJC may in certain circumstances be judged not to be anticompetitive and thus may be permissible. Permission of the Head of Procurement Delivery must always be sought to any significant variation.

K.4 Any contract subject to potential assignment and novation must be referred to the Head of Procurement Delivery at the earliest possible opportunity.

K.5 Please also refer to the requirements of the Financial Procedure Rules concerning variations.

L. Extensions

L.1 Extensions of contracts should be included as a term, where appropriate, in the contract concluded following procurement.

L.2 The decision to extend the contract period (term) may only be made before the original expiry date, where it is in accordance with the terms and conditions of the original contract.

L.3 The Head of Procurement Delivery must take all such decisions to extend framework arrangements in agreement with the relevant Director.

L.4 Where the terms of the contract and or original procurement exercise do not expressly provide for extension then such contracts may only be extended in exceptional circumstances, where legislation permits and value for money issues have been addressed. Such decisions shall be made by the relevant responsible officer in consultation with their Director and Head of Procurement Delivery. Detailed records of all decisions taken must be retained.

M. Use of other available Contracts

M.1 Where goods, services and works are procured by another public body on behalf of the CJC or through collaborative arrangements awarded via the National Procurement Service or by the CJC through a contract properly let by another such organisation, then those organisations procurement contract rules will apply subject to compliance with European Union, United Kingdom and Welsh Procurement Law.

- M.2 Under established collaborative arrangements, any subsequent minitender must be treated on the terms of the original collaborative arrangement and the rules applied by the lead organisation that undertook the collaborative arrangement.
- M.3 Purchasing arrangements made for the CJC by the Head of Procurement Delivery do not constitute exceptions as they are made under the full provisions of these rules. Correct use of these arrangements, as advised by the Head of Procurement Delivery, will however be sufficient to ensure officers meet their responsibilities for compliance.

Such arrangements include:

- Purchasing Frameworks endorsed for use by the CJC;
- Collaborative procurement arrangements undertaken by, or in consultation with the Head of Procurement Delivery;
- The CJC's Call-off Contracts;
- Electronic systems and catalogues endorsed for use by the CJC;
- National Procurement Service for Wales collaborative arrangements;
- Crown Commercial Service collaborative arrangements;
- Any joint purchasing and supply arrangements organised by another local authority, public body or a Central Government supply organisation.

N. Approval to proceed in Special Circumstances

- N.1 These Contract Procedure Rules are applicable to all parts of the CJC's activities and areas of expenditure. This section prescribes a framework for circumstances where approval may be required to proceed with a particular course of action from the normal application of the Contract Procedure Rules.
- N.2 [Omitted]
- N.3 Approval may be required to proceed in special circumstances to enable a particular course of action. This course of action may be applied where the estimated contract value over the life of the contract is above £15k. In exceptional circumstances, approval may also be required to proceed from the normal application of the Contract Procedure Rules where the estimated contract value is **above** the EU Procurement Thresholds.
- N.4 In all circumstances, the contracting officer must submit a completed Special Circumstances Proforma to the Corporate Procurement Unit setting out the circumstances or reasons. This will enable the decisionmaking process and

necessary course of action to be clearly documented and approved by the Head of Procurement Delivery. This Proforma is available via the Procurement pages on the CJC's Intranet Site.

- N.5 The contracting officer and Head of Procurement Delivery will keep detailed records of the decision taken and evidence of the approval to proceed.
- N.6 Where the estimated contract value is above the Thresholds, the special circumstances approval will be required to document any contravention of the CJC's normal legal obligations and will require the formal approval of the Head of Procurement Delivery and supported by evidence of formal approval by the relevant Director.
- N.7 An approval to proceed in special circumstances may also be granted:
- N.7.1 By a Chief Officer with the appropriate delegated authority and the Head of Procurement Delivery.
- N.7.2 In an emergency, threatening injury or damage to persons or property, when a Chief Officer can take any necessary action. This action must then be reported to the Head of Procurement Delivery as soon as practicable after the event.

O. Retention of Documents

- O.1 Contract documentation should be retained securely, in an appropriate format and in accordance with the CJC's Information Management policies and procedures.
- O.2 Where tender or contract documentation is transferred between CJC premises, appropriate records should be maintained recording the date of transfer and the location where the documentation will be available or stored.
- O.3 Where consultancy services are utilised in progressing any procurement, it should be ensured that copies of all documentation are retained on behalf of the CJC.
- O.4 Where the Contract Management System has been used to manage the procurement process, all tender and contract documentation must be uploaded to the system.

P. Compliance

- P.1 Every contract entered into by the CJC shall be entered into pursuant to or in connection with the CJC's functions and shall comply with:

- All relevant statutory provisions;
 - The relevant Procurement Rules;
 - The CJS's Constitution including:
 - these Contract Procedure Rules;
 - the CJC's Financial Procedure Rules;
 - Schemes of Delegation;
 - the CJC's Strategic Objectives;
 - Procurement Strategy; and
 - relevant CJC Policies.
- P.2 Failure by officers to comply with any of the provisions of these Contract Procedure Rules or associated guidance adopted by the CJC may result in disciplinary action.
- P.3 Correct use of the arrangements specified under section M.4, as advised by the Head of Procurement Delivery, is sufficient to ensure officers meet their responsibilities for compliance.
- P.4 Any procurement carried out on behalf of the CJC may only be undertaken by officers with the appropriate delegated authority to carry out such tasks (as set out in the CJC's Scheme of Delegation contained within the CJC's Constitution).

Q. Guidance and Support

In the use of these Procedure Rules:

- Q.1 Should there be any doubt or lack of clarity as to the meaning or application, Officers must seek advice from the Director of Resources, Director of Legal & Governance or Head of Procurement Delivery. Guidance may also be obtained via the Procurement pages of the CJC's Intranet site.

Part 4F - Employment Procedure Rules

Interpretation

For the purposes of these Rules:

“Chief Officer” has the same meaning as in the Local Authorities (Standing Orders) (Wales) Regulations 2006, namely, the Chief Executive; the Monitoring Officer; a statutory chief officer mentioned in paragraph (a), (c) or (d) of section 2(6) of the Local Government and Housing Act 1989 (which includes the Chief Finance Officer); or a non-statutory chief officer within the meaning of section 2(7) of the same 1989 Act.

“Deputy Chief Officer” has the same meaning as in Section 2(8) of the Local Government and Housing Act 1989, being a person who, as respects all or most of the duties of his post, is required to report directly or is directly accountable to one or more of the statutory or non-statutory chief officers (except for secretarial, clerical and support staff).

1. Recruitment and appointment

(a) Declarations

- (i) With the intention of ensuring that employment processes are fully informed and transparent, the CJC requires any candidate for appointment as an officer to state in writing whether they are related to or have any close personal association with any member or senior employee of the CJC.
- (ii) Deliberate omission to make such a disclosure would disqualify the candidate, and if the omission is discovered after appointment, the candidate will be liable to dismissal.

(b) Seeking support for appointment

- (i) The CJC will disqualify any applicant who directly or indirectly seeks the support of any member or employee for any appointment with the CJC. The content of this paragraph will be included in any recruitment information.
- (ii) No member will seek support for any person for any appointment with the CJC. A member or an employee will not try to improperly influence the choice of a candidate for any appointment.

- (iii) The impartiality of employees must be preserved. Accordingly members must not give written references to support a candidate seeking employment with the CJC.

2. Recruitment of Chief Officers

- (a) A vacancy for the post of Chief Officer must be reported to the CJC or a body delegated by it which will consider whether the post should be filled, and if so, subject to Rule 3, the terms and conditions of employment and method of appointment.
- (b) Where the proposed remuneration of the Chief Officer post is £100,000 or more per annum, the CJC will arrange for the following to be prepared:
 - (i) a statement of the duties of the officer concerned and the required qualifications or qualities to be sought in the person appointed, which is sent to any person on request; and
 - (ii) public advertisement of the post to bring it to the attention of people who are qualified to apply, unless the proposed appointment is for a period of 12 months or less.
- (c) Following advertisement, arrangements will be made either for all qualified candidates to be interviewed; or a shortlist to be prepared of qualified applicants and those candidates interviewed. If no suitably qualified person has applied, or if the CJC decides to re-advertise the appointment, the post will be re-advertised in accordance with paragraph (b) above.

3. Remuneration of Chief Officers

Any decision to determine or vary the remuneration of Chief Officers (or those to be appointed as Chief Officers) must be made by the CJC.

4. Appointment or Dismissal of Chief Officers, Deputy Chief Officers and the Monitoring Officer

- (a) The appointment or dismissal of a Chief Officer, a Deputy Chief Officer or the Monitoring Officer will be made by the CJC or by a Committee of Members delegated by the CJC to make the appointment or dismissal.
- (b) Where a committee is considering on behalf of the CJC the appointment or dismissal of the Chief Executive, the CJC shall approve that

appointment before an offer of appointment is made, or as the case may be, must approve that dismissal before notice of dismissal is given.

5. Appointment of Officers below Deputy Chief Officer.

The appointment of officers below Deputy Chief Officer must be discharged by the Chief Executive or by an officer nominated by the Chief Executive. All CJC employees shall be appointed in accordance with the CJC's Recruitment and Selection Policy.

6. Disciplinary Action - Chief Executive, Monitoring Officer and Chief Finance Officer

- (1) No disciplinary action in respect of the Chief Executive, the Monitoring Officer or the Chief Finance Officer (a "relevant officer"), except action described in (2) below, may be taken by the CJC or on its behalf, other than in accordance with a recommendation in a report made by a designated independent person under Regulation 9 of the Local Authorities (Standing Orders) (Wales) Regulations 2006.
- (2) The action mentioned in the above paragraph is suspension of the relevant officer for the purpose of investigating the alleged misconduct occasioning the action; and any such suspension will be on full pay and will terminate no later than the expiry of two months beginning on the day on which the suspension takes effect.
- (3) Where it appears that an allegation of misconduct which may lead to disciplinary action has been made against a relevant officer, the CJC shall appoint a committee ("an investigation committee") to consider the alleged misconduct.
- (4) The investigation committee must consist of a minimum of 3 members of the CJC and must, within 1 month of its appointment, consider the allegation of misconduct and decide whether it should be further investigated.
- (5) For the purpose of considering the allegation of misconduct, the investigation committee may make such enquiries of the relevant officer or any other person it considers appropriate; may request the relevant officer or any other person it considers appropriate to provide it with such information, explanation or documents as it considers necessary within a specified time limit; and may receive written or oral representations from the relevant officer or any other person it considers appropriate.

- (6) Where it appears to the investigation committee that an allegation of misconduct by the relevant officer should be further investigated, it shall appoint a person ("the designated independent person") for the purposes of these Rules.
- (7) The designated independent person who is appointed shall be such person as may be agreed between the CJC and the relevant officer within 1 month of the date on which the requirement to appoint the designated independent person arose; or where there is no such agreement, shall be such person as is nominated for the purpose by the Welsh Ministers.
- (8) The designated independent person—
- (a) may direct:
 - (i) that the CJC terminate any suspension of the relevant officer;
 - (ii) that any such suspension is to continue after the expiry of the period referred to in paragraph (2) above);
 - (iii) that the terms on which any such suspension has taken place are to be varied in accordance with the direction; or
 - (iv) that no steps by the CJC or on its behalf by way of disciplinary action or further disciplinary action against the relevant officer, other than steps taken in the presence, or with the agreement, of the designated independent person, are to be taken before a report is made under sub-paragraph (d);
 - (b) may inspect any documents relating to the conduct of the relevant officer which are in possession of the CJC, or which the CJC has power to authorise the designated independent person to inspect;
 - (c) may require any member or member of staff of the CJC to answer questions concerning the conduct of the relevant officer;
 - (d) shall make a report to the CJC:
 - (i) stating an opinion as to whether (and, if so, the extent to which) the evidence obtained supports any allegation of misconduct against the relevant officer; and
 - (ii) recommending any disciplinary action which appears appropriate for the CJC to take against the relevant officer; and
 - (e) shall no later than the time at which the report is made under sub-paragraph (d), send a copy of the report to the relevant officer.

- (9) Subject to paragraph (10), the relevant officer and the CJC shall, after consulting the designated independent person, attempt to agree a timetable within which the designated independent person is to undertake the investigation.
- (10) Where there is no agreement under paragraph (9), the designated independent person shall set a timetable as that person considers appropriate within which the investigation is to be undertaken.
- (11) The CJC shall consider the report prepared under paragraph (8)(d) within 1 month of receipt of that report.
- (12) The CJC shall pay reasonable remuneration to a designated independent person appointed by the investigation committee and any costs incurred by, or in connection with, the discharge of functions under this Rule.
- (13) For the purpose of this rule, any officer who was a relevant officer at the time of the alleged misconduct or when the reason for the proposed dismissal occurred (but is no longer so), shall be regarded as a relevant officer.

7. Dismissal and or Disciplinary Action - Other Employees

- (a) Subject to Rules 4 and 6, the Chief Executive, or an officer nominated by the Chief Executive, is responsible for the dismissal of, and taking disciplinary action against, employees below Deputy Chief Officer in accordance with any relevant CJC policy and procedure.
- (b) Members will not be involved in any disciplinary action of any officer other than the Chief Executive, the Monitoring Officer or the Chief Finance Officer, as set out above, except where such involvement is necessary for any investigation or inquiry into alleged misconduct, or where a right of appeal to members is allowed in respect of dismissal or demotion.

8. Right of Appeal

Any employee who has been dismissed with or without notice or relegated must be informed immediately of the right of appeal, in line with the CJC's agreed Disciplinary Policy and Procedures, which may confirm the action taken, withdraw it or substitute another disciplinary penalty.

- (3) In this code, "sensitive information" (*"gwybodaeth sensitif"*) means information whose availability for inspection by the public creates, or is likely to create, a serious risk that you or a person who lives with you may be subjected to violence or intimidation.

17. You must, within 28 days of receiving any gift, hospitality, material benefit or advantage above a value specified in a resolution of the CJC, provide written notification to the CJC's monitoring officer of the existence and nature of that gift, hospitality, material benefit or advantage.

Part 5B - Employees' Code of Conduct

General Principles

1. The public is entitled to expect the highest standards of conduct from all employees of the CJC. The role of employees is to serve the CJC in providing advice, implementing its policies, and delivering services in its area. In performing their duties, they must act with integrity, honesty, impartiality and objectivity.

Accountability

2. Employees of the CJC work for the CJC and serve the whole of its area. They are accountable to and owe a duty to the CJC. They must act in accordance with the principles set out in this Code, recognising the duty of all public sector employees to discharge public functions reasonably and according to the law.

Political Neutrality

3. Employees of the CJC, whether or not politically restricted, must follow every lawfully expressed policy of the CJC and must not allow their own personal or political opinions to interfere with their work. Where employees are politically restricted (by reason of the post they hold, the nature of the work they do, or the salary they are paid), they must comply with any statutory restrictions on their political activities.

Relations with members, the public and other employees

4. Mutual respect between employees and members is essential to good local government, and working relationships should be kept on a professional basis.
5. Employees of the CJC should deal with the public, members and other employees sympathetically, efficiently, and without bias.

Equality

6. Employees of the CJC must comply with policies relating to equality issues, as agreed by the CJC, in addition to the requirements of the law.

Stewardship

7. Employees of the CJC must ensure that they use public funds entrusted to them in a responsible and lawful manner, and must not utilise property, vehicles or other facilities of the CJC for personal use unless authorised to do so.

Personal Interests

8. Whilst employees' private lives are their own concern, they must not allow their private interests to conflict with their public duty. They must not misuse their official position or information acquired in the course of their employment to

further their private interests, or the interests of others. In particular, they must comply with:

- (1) any rules of the CJC on the registration and declaration by employees of financial and non-financial interests,
- (2) any rules of the CJC on the declaration by employees of hospitality or gifts offered to or received by them, from any person or organisation doing or seeking to do business, or otherwise benefiting or seeking to benefit from a relationship with the CJC. Employees must not accept benefits from a third party unless authorised to do so by the CJC.

Whistleblowing

9. In the event that an employee becomes aware of activities which that employee believes to be illegal, improper, unethical or otherwise inconsistent with this Code, the employee should report the matter, acting in accordance with the employee's rights under the Public Interest Disclosure Act 1998, and with the CJC's confidential reporting procedure, or any other procedure designed for this purpose.

Treatment of Information

10. Openness in the dissemination of information and decision making should be the norm in the CJC. However, certain information may be confidential or sensitive and therefore not appropriate for a wide audience. Where confidentiality is necessary to protect the privacy or other rights of individuals or bodies, information should not be released to anyone other than a CJC member, CJC employee or other person who is entitled to receive it or needs to have access to it for the proper discharge of their functions. Nothing in this Code can be taken as overriding existing statutory or common law obligations to keep certain information confidential, or to divulge certain information.

Appointment of Staff

11. Employees of the CJC involved in the recruitment and appointment of staff must ensure that appointments are made on the basis of merit. In order to avoid any possible accusation of bias, employees must not be involved in any appointment, or any other decisions relating to discipline, promotion or pay and conditions for any other employee, or prospective employee, to whom they are related, or with whom they have a close personal relationship outside work.

Investigations by Monitoring Officers

12. Where a monitoring officer is undertaking an investigation in accordance with regulations made under section 73(1) of the Local Government Act 2000 an employee must comply with any requirement made by that monitoring officer in connection with such an investigation.

Part 5C – Protocol on Member/Officer Relations

Basic Principles

- 1 The basic principle of good Member/Officer relations in local government is trust, mutual respect and a common understanding of respective roles. CJC Members represent the whole of the CJC area and Officers are appointed by the CJC to give creative, robust and impartial advice, which will assist Members in reaching the best decisions for that area.
- 2 The CJC's Code of Conduct for Members says that they should "show respect and consideration for others" and "must not do anything which compromises, or which is likely to compromise, the impartiality of the CJC's employees".
- 3 The CJC's Code of Conduct for Employees says that "Mutual respect between employees and Members is essential to good local government, and working relationships should be kept on a professional basis. Employees of the CJC should deal with the public, Members and other employees sympathetically, efficiently and without bias."

Councillors' Roles

- 4 All councillors who are members of the CJC undertake the CJC's functions and take the most important decisions the CJC can make, including approval of the budget, and many will be involved in taking other more detailed CJC decisions.
- 5 Some councillors from local authorities in the CJC area, who are not members of the CJC, have responsibility for maintaining an overview and scrutiny of CJC decisions and the efficient performance of CJC functions.
- 6 These roles will relate in slightly different ways to the officers of the CJC. These are set out in more detail below.

Officer Roles and Advice

- 7 CJC officers are employees of the whole CJC and have an obligation to give impartial advice and to carry out the CJC's lawful decisions. They have operational responsibilities which are generally set out in the CJC's scheme of delegations, or in their job descriptions. These will generally be of a managerial, technical or administrative nature, and are part of the normal day-to-day work of all CJC employees.

- 8 The CJC's Member Code of Conduct describes how Members should act when taking decisions and in particular in relation to advice from officers:
- "A member ... must reach decisions having regard to any relevant advice by the CJC's officers..."
- 9 In advising, officers are free to give their professional advice wherever appropriate. Councillors may wish to test this advice by questioning and challenging something they do not agree with, but they should not, by their conduct or actions, make employees feel intimidated or threatened. They should ensure that any challenge of advice given is made to an employee of suitable seniority, generally the Chief Executive, Monitoring Officer or s151 Officer. Employees should remember that councillors are democratically elected to secure their objectives and fully entitled to question advice given, and to receive a full and complete explanation. Employees should always seek to meet the CJC's objectives when advising, providing that this can be done legally and within financial resources.
- 10 If Members remain dissatisfied with the advice given, then they may refer the matter to the CJC Chair or the relevant Sub-Committee Chair. Where necessary and appropriate, either by agreement with the Chief Executive, Monitoring Officer or s151 Officer, or following a decision of the CJC, professional advice can be commissioned by relevant officers (in consultation with relevant Members) from a reputable and suitably qualified source outside the CJC. Any subsequent report to the CJC will contain the professional advice of the Chief Executive or officer named as author, but will also contain any external professional view, clearly identified as such.
- 11 The CJC operates a system which requires advice on the legality and achievability (including financial matters) of the decision in advance of its consideration, and for that advice to be captured in reports to Members, Sub-Committees or the CJC. Officers should be permitted to give their complete advice, including a description of any relevant options and advice as to legal and financial probity. When oral advice is given, it should be recorded in writing by the officer concerned.
- 12 The CJC has three main statutory officers; the Chief Executive, the Monitoring Officer and the s151 Officer, who have duties to advise the CJC as a corporate body and have a statutory right to advise as they believe appropriate within their statutory duties.

Relationships between Officers and Members

13 As indicated above, although officers have a duty to serve the CJC as a corporate body, their working relationships will be different with different groups of Members. The following paragraphs identify and give guidance on key issues in this area.

14 **All Councillors** – all councillors and employees will demonstrate mutual respect and will deal with each other sympathetically, efficiently and without bias. Officers are responsible for advising the whole CJC but may occasionally be called upon by individual Members to advise or give information on particular issues. This is entirely proper and, within available resources, advice will be given. Officers should not advise councillors on their individual positions or assist them in personal capacities, but only in relation to CJC matters. The Monitoring Officer or his/her nominee may advise individual councillors on the Member Code of Conduct and their responsibilities in relation to the declaration of interests.

Individual Members may request that advice given to them is treated in confidence. They should make this clear at the start of any discussion or correspondence with the officer concerned. The officer will then advise the Member as to whether the discussion or correspondence can be treated as confidential within the law and within CJC procedures, so that both parties have a clear understanding of the position. Information which indicates that the CJC may be in breach of a duty, involves the protection of vulnerable people or alleges misconduct, for example, may not be kept confidential, and may be reported to the proper person or authority.

15 **Chair and Officers** – the chair of the CJC and/or chairs of sub-committees have particular roles in relation to the business of the CJC or sub-committees, and officers will support them in those roles. Generally, and subject to the CJC's rules of procedure set out in the Constitution, the Chair of any CJC body will finalise relevant agendas and the officer with responsibility for issuing the agenda will comply with the Chair's wishes in this respect. However, in certain instances, statutory officers have a right to have items included on relevant agendas, and these and any instructions issued by statutory officers in this respect will be followed.

16 **Co-opted Members and Members of the Standards & Ethics, Governance & Audit and Joint Overview and Scrutiny Committees and Officers** - Officers will deal with these members in the same way as they deal with all councillors and will be available to advise them, as set out in paragraph 15 above, in respect of their particular statutory functions only.

Conduct and Effectiveness

- 17 If councillors have any concerns about the effectiveness or conduct of particular officers, they will take this up directly and confidentially with the Chief Executive, Monitoring Officer or s151 Officer, or the Chair if the issue relates to the Chief Executive. The issue will then be handled in accordance with the CJC's procedures, and the Member and officer concerned will be advised of the outcome, unless there are legal reasons why they may not. Personal criticism (except in pursuance of a legal obligation) by Members of individual officers or identifiable groups of officers will not take place in public forums (including the media) as this could seriously affect the ability of the CJC to effectively defend its position as an employer and may in some circumstances render it liable to payment of compensation.
- 18 If any officer has concerns about the conduct of a particular Member, he/she will raise it in the first instance with the CJC's Monitoring Officer, who will then advise on whether it is appropriate for the issue to be referred to the Standards Commissioner for Wales under the Member Code of Conduct. No CJC officer will publicly criticise any councillor (except in pursuance of a legal obligation) as this would be a departure from the proper statutory process and may prejudice that process.

Access to Information and Documents

- 19 The CJC promotes openness and access to information by all its members. However, the law prevents the release of confidential or exempt information in certain circumstances, and both officers and members will abide by the CJC's Access to Information Procedure Rules set out in this Constitution. Confidential information or exempt information provided to Members must be used properly, and only for the purposes for which it has been released.

PETITION SCHEME

OVERVIEW

Petitioning is one way that individuals, community groups and organisations can participate in the democratic process, by raising issues of public concern with the CJC and allowing Members to consider the need for change. It is acknowledged that petitions can have positive outcomes that lead to change or inform debate.

1. WHO CAN RAISE A PETITION?

- 1.1 Anyone who lives, works, owns a business or studies in the CJC area can sign or submit a petition, including those under the age of 18. Anyone who lives in the area of a neighbouring Council may also sign or submit a petition IF they could reasonably be expected to be affected by the subject matter of the petition. Petitions may be submitted on paper or electronically using an online petition system which meets the requirements of a valid petition, or a combination of the two.

2. CONSIDERATION OF A PETITION

- 2.1 A petition may be considered at a meeting of the CJC or by a sub-committee if the topic of the petition relates to the specific role of that sub-committee.
- 2.2 The CJC's Chief Executive, in consultation with the Monitoring Officer, will consider the petitions submitted and determine if the petition is admissible based on the following criteria for a valid petition.

3. REQUIREMENTS OF A VALID PETITION

LEAD PETITIONER

- 3.1 All petitions require a lead petitioner to be identified who will act as the contact point for the petition. The following are the requirements necessary for a lead petitioner:
- 3.1.1 The lead petitioner must be an individual who lives, works or studies within the CJC's area or an organisation based in the CJC area.
- 3.1.2 The lead petitioner's full home, work, study postal address or the organisation's postal address, must be included and a personal email address or contact information to which any communications concerning the petition can be sent.

THE PETITION

- 3.2 The CJC will consider all petitions with more than 10 signatories that fall within the scope of this Scheme. Petitions can be submitted to the CJC either on paper or electronically, with the general requirements of the Scheme applying to both paper and e-petitions. The petition must:

- 3.2.1 contain a clear, short statement covering the subject of the petition. The petition will be returned if it is unclear;
 - 3.2.2 call for CJC to take some specific action, for example: "We call on CJC to..." This must be repeated on every page of a paper petition;
 - 3.2.3 provide the names and postal addresses of those signing the petition, including postcodes;
- 3.3 A suggested petition template is shown at Annex A to this Petitions Scheme.
- 3.4 Petitions must not contain:
- 3.4.1 Language which is offensive, intemperate or provocative. This not only includes obvious profanities, swear words and insults, but any language which a reasonable person would regard as offensive;
 - 3.4.2 Potentially false or potentially defamatory statements;
 - 3.4.3 Information which is prohibited from being published by an order of a court or a body or person with similar power;
 - 3.4.4 Material which is potentially confidential, commercially sensitive, or which may cause personal distress or loss;
 - 3.4.5 Any commercial endorsement, promotion of any product, service or publication or statements that amount to advertisements;
 - 3.4.6 The names of officials of public bodies, unless they are part of the senior management of those organisations;
 - 3.4.7 The names of family members of elected representatives or officials of public bodies;
 - 3.4.8 The names of individuals, or information where they may be identified, in relation to criminal charges; or
 - 3.4.9 Issues for which a petition is not the appropriate channel (for example, correspondence about a personal issue or an issue subject to court proceedings).

PETITIONS THAT ARE NOT ADMISSIBLE UNDER THIS SCHEME

- 3.5 The following are not admissible:
- 3.5.1 Petitions relating to anything the CJC is not responsible for;
 - 3.5.2 Statutory petitions, or petitions relating to Local Authority Referendums which fall under the Local Authorities (Referendums) (Petitions and Directions) (Wales) Regulations 2001, for which separate arrangements apply within relevant local authorities;

- 3.5.3 Petitions asking the CJC to adjudicate, arbitrate or mediate personal or staffing issues or commercial interests where this is the role of a court or tribunal;
 - 3.5.4 Petitions on matters that are subject to legal proceedings in the courts;
 - 3.5.5 Petitions on matters that are already subject to determination by an Ombudsman (or person with similar powers);
 - 3.5.6 Petitions that are essentially freedom of information (FOI) requests, comments, compliments or complaints, which will be passed to the appropriate officer for a suitable response; or
 - 3.5.7 Petitions which raise issues of possible CJC Member or employee misconduct. These will be taken as complaints arising under the Local Government Act 2000 and will be reported to the Monitoring Officer rather than considered under this petition scheme.
- 3.6 When a petition has been presented to the CJC, no further petition on a similar topic and seeking a similar outcome, shall be considered within six months of the date on which the petition was first considered or the petitioner heard.

PETITION SIGNATORIES

- 3.7 An appropriate signatory is an individual who lives, works, owns a business or studies in the CJC area, or who lives in the area of a neighbouring Council and could reasonably be expected to be affected by the subject matter of the petition.
- 3.8 An individual can only sign a petition once. People must not sign both an online and a paper petition, and duplications may be removed if it is found that a petitioner has signed twice.

4. SUBMITTING A PETITION

- 4.1 Paper or electronic petitions which are to be considered by the CJC are to be submitted to the CJC's Monitoring Officer

5. HOW AND BY WHEN THE CJC WILL ACKNOWLEDGE RECEIPT OF A PETITION

- 5.1 Receipt of a paper petition or submission of an electronic petition will be acknowledged within 5 working days provided that the contact details of the lead petitioner are provided at the same time.

6. CONFIRMING A VALID PETITION

- 6.1 The Monitoring Officer or a person authorised by him/her will undertake initial checks to confirm that a submitted petition meets the requirements of the Scheme.
- 6.2 If a number of petitions are received on a similar topic with similar desired outcomes, only one lead petitioner will be able to present their petition to the CJC. The lead petitioner for each petition will be notified by the Monitoring Officer and requested

to liaise with each other to consider options to amalgamate petitions and determine which lead petitioner will present the petition to the CJC. If agreement is not reached the petitioner with the largest number of signatures will have the right to present the petition to the CJC.

- 6.3 Any concerns regarding the validity of the petition will be raised with the Monitoring Officer.
- 6.4 If a petition is invalid the lead petitioner will be informed within 10 working days of receipt of the petition, why it cannot be progressed.

7. THE STEPS THE CJC MAY TAKE IN RESPONSE TO A PETITION RECEIVED BY IT

- 7.1 A petition with 10 – 100 signatures will be referred to the Chief Executive to respond to. A response will be provided to the lead petitioner within 20 working days of receipt.
- 7.2 A petition with 101 – 500 signatures will be referred to the Chair of the CJC to respond to. A response will be provided to the lead petitioner within 20 working days of receipt.
- 7.3 A petition with more than 500 signatures will be referred to a meeting of the CJC.
- 7.3 Where a petition is considered at a meeting the petition presenter may outline the request of the petitioners, the reason for the request and the number of the signatories. In any event the lead petitioner may not speak under this rule for more than one minute.
- 7.4 The meeting may decide to:
- Take the action the petition requests;
 - Take no further action;
 - Refer the matter to the Joint Overview and Scrutiny committee, a working group or an officer;
 - Request an officer to take any other step in relation to the matter.
- 7.5 The decision of the meeting will be recorded in the minutes and provided in writing to the lead petitioner.

8. EXCEPTIONS

- 8.1 In the period immediately before an election or referendum we may need to deal with petitions differently. If this is the case we will explain the reasons and discuss any revised timescale which may apply.

9. ALTERNATIVES TO PETITIONS

9.1 After reading the Petition Scheme an individual or organisation may consider that a petition is not the most appropriate avenue to achieve the desired outcome. Alternative options to enable members of the public to have their say include:

9.1.1 Writing to the appropriate CJC Member or the CJC's Chief Executive;

9.1.2 Responding to a Consultation;

9.1.3 Making a suggestion through the CJC's website.

10. DATA PROTECTION AND GDPR

10.1 All personal data will be handled in compliance with data protection laws and the CJC's Privacy Notice. Hard copy and electronic petition information will be kept for 12 months and after that time it will be safely and securely destroyed.
