1. Proposal Details

Lead Officer: - Edward Pryce

Head of Service: - Geraint Willington

Service Area and Department: - EAS Wide

Date: - 13/1/2022

What is the proposal to be assessed? *Provide brief details of the proposal and provide a link to any relevant report or documents.*

This is a strategy / plan.

The EAS is required by Welsh Government to submit an annual overarching regional Business Plan on an annual basis. The EAS then delivers, through this plan, a wide range of school improvement services to all schools (all key stages, including all through schools and special schools), pupil referral units and funded non-maintained nursery settings on behalf of each LA. This plan supports the role LAs have in delivering their statutory function, addressing their individual improvement priorities and promoting improved pupil outcomes.

As an organisation we have reviewed how we have written the Business Plan and communicated this to our partners. We have used the 'Theory of Change' approach to help us articulate the changes and impact we want to make as the regional school improvement service for South-East Wales and the connections and actions needed that will allow that change and impact to be successfully achieved. This Business Plan spans a three-year period and will receive annual reviews each year.

The proposal is for each Local Authority cabinet to approve the business plan (which commences 1 April 2022, following consultation from January to early March) prior to submission to Welsh Government.

The plan will deliver a wide range of school improvement services to all schools (all key stages, including all through schools and special schools), pupil referral units and funded non-maintained nursery settings on behalf of each LA. This will contribute, through schools and partners in the Local Authority to a skilled and well-educated population.

High quality education is a fundamental of ensuring future local and national prosperity through the provision of an informed and well-educated workforce and society. The Local Authority's statutory role to support, monitor and evaluate school performance and the quality of provision is essential.

A More Equal Wales

A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio-economic background and circumstances)

A Wales of Cohesive Communities

Attractive, viable, safe and well-connected communities

N/A

A Wales of Vibrant Culture and Thriving Welsh Language

A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation

All schools are required to promote Welsh culture and heritage through the Cwricwlwm Cymreig and to ensure that pupils are able to learn and practice the Welsh Language. Support for both is a key strand of the business plan.

A Globally Responsible Wales

A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being

Ensuring high quality education is fundamental to securing the economic, social and cultural wellbeing of future generations. The Business Plan focuses support for all schools appropriately schools. The school curriculum includes focus on social, environmental and cultural well-being, and these aspects are support as part of the plan.

11. Recommendation and Reasoning (delete as applicable)

- **Implement proposal with no amendments**
-

12. Reason(s) for Recommendations

(Provide below a summary of the Integrated Impact Assessment. This summary should be included in the “Summary of Integrated Impact Assessment” section of the Corporate Report Template. The Integrated Impact Assessment should be published alongside the Report proposal).

The EAS is required to submit an annual overarching regional Business Plan on an annual basis. The proposal is for cabinet to approve the business plan (which commenced on 1 April 2022, following consultation from January to early March) prior to submission to Welsh Government.

The plan provides support for school improvement services directly to schools across the region. The plan does not include changes to the services, or delivery methods for any particular group or groups. It is therefore at least neutral in its impact with many positive benefits, particularly in relation to wellbeing goals and support for disadvantaged learners.

13. Version Control

(The IIA should be used in the early stages of the proposal development process. The IIA can be strengthened as time progresses to help shape the proposal. The Version Control section will act as an audit trail to evidence how the IIA has been developed over time) (Add or delete versions as applicable)
