- The responsibility for communication is shared by all partners. As the work of the Caerphilly PSB to deliver the "Caerphilly We Want" Well-being Plan 2018-2023 comes into its final year of delivery, the role of the Gwent PSB has taken precedence. Therefore, the communications and engagement activity over the past year has largely been around the development of the Gwent regional assessment for well-being as the precursor to the new Gwent well-being plan from May 2023.
- It is vitally important that the Caerphilly Local Delivery Group and Gwent PSB remain open and transparent through their websites and the sharing of all key documents.

Conclusion

Over the course of the first six-months of 2021, PSB partners across the region were involved in public and stakeholder engagement in their local communities to understand the conditions for well-being required in the region. Engagement activity took place at regional and local level to ensure that the views of communities and stakeholders were reflected in the assessment of well-being. To achieve this a new formal group was set up under the Gwent PSB, the Communications and Engagement Group, to manage and coordinate the activity across the partners and bring a degree of consistency to the process over what is now a very much wider geographical area.

<u>Chapter 3</u> of the local assessment of well-being describes the process employed, the outputs and how they have fed into the main document. While engagement was a challenge during the pandemic period, when physical meetings were restricted, the outputs have provided a rich source of information to inform the assessment.

The Gwent PSB has determined that its own openness and transparency is important and is revising its terms and conditions to improve this. If approved, at the June 22, meeting this will mean making meetings open to the public, providing recordings of its meetings on the website and allowing questions from the public. A communications officer from one of the partners will attend each PSB to live tweet proceedings.

Contribution to the 7 Well-being goals: A prosperous Wales, A resilient Wales, A healthier Wales, A globally responsible Wales.

Effective communication and engagement is intrinsic to the development of a prosperous Wales, a resilient Wales, a healthier Wales, a more equal Wales, a Wales of cohesive communities, a Wales of vibrant culture and thriving Welsh language, and a globally responsible Wales.
