TRAINING & SEMINARS

Elected Members Safety (seminar)

WARD ACTIVITY

Over the past year I have continued carrying out my role as a Councillor, representing my community and providing assistance during a difficult time.

Represented several residents with housing issues.

Received many reports from residents regarding missed bin collections, food caddies and recycling issues.

Have reported and spoken with officers regarding the more complicated issues. I regularly took part in litter picks and path maintenance around the ward.

Have successfully arranged for improved drainage under the Bridge St railway tunnel. Still awaiting installation, which has been delayed due to covid 19 Pandemic and is still ongoing.

Involved with the Tin on the Wall food collection for our local foodbank.

With my ward colleagues, we approached highways and lobbied to have a better solution to the temporary crossing that was installed at the bottom of Panside when the footbridge was deemed unsafe after a lorry hit the deck span. The temporary crossing was constantly failing, however, working with the deputy leader and highways we had a state-of-the-art Puffin crossing installed to allow school children safe access to school. This is still ongoing

Working with resident to set up a safe to school route in Pentwynmawr, and to improve on current 1st traffic calming set up which causes issues.

Currently helping residents with an historical issue for over 20 years, who had been trying to find out who owns the land that their access road is on. I have established that the owner is an historic railways department and have arranged for maintenance to be carried out.

I have, with my ward Colleagues, arranged public meetings with regards to anti-social behaviour and we had in attendance representatives from Gwent Police, British Transport Police, Transport for Wales and Caerphilly Youth Services and local MP for Islwyn Chris Evans. These are still ongoing.
