5.2 REGENERATION & PLANNING DIVISION

- 5.2.1 Overall, the service division presently has a projected underspend of £303k for the 2022-2023 financial year, full details are provided in Appendix 1
- 5.2.2 There is a very small underspend in senior management support of £2k due to staff not being paid at the top of the incremental scale. This is after the agreed use of reserves for the Place shaping Manager.
- 5.2.3 Business Support and Urban Renewal are projecting a net £46k underspend, a small over achievement of income in Bargoed Unit shops along salary savings due to delays in filling vacant posts and a projected underspend on the Community Enterprise Fund offset by additional costs for the “Multi-Disciplinary Projects (MDP)”. This is after the agreed use of reserves for the International Trade Support Officer, Levelling Up Fund reserve and a contribution to the MDP project.
- 5.2.4 Tourism Events are projecting a net overspend of £47k. This is primarily due to additional costs of the “Summer Small Cheese event” to replace the Big Cheese, where there is reduced income from fees, together with small overspend on the other events throughout the year amounting to circa £4k.
- 5.2.5 There is a projected £109k overspend in relation to industrial properties primarily due to shortfall in property rents of £150k linked to units being unoccupied offset in the main to reductions in NNDR costs, grounds maintenance and postage. The industrial and office property portfolio should generate income of £2.36million to the Council. The service is proactively seeking to ensure vacant units are let as quickly as possible by identifying businesses interested in taking up a rental.
- 5.2.6 Town Centre Management is projecting an underspend of £35k, due in the main to a delay in filling a vacant post offset by projected overspend on utility costs at the Town Centres of £7k
- 5.2.7 Overall Tourism Venues are reporting combined underspend of £100k. Further details are below: -

- Tourism Venue Management support is projecting a £15k underspend primarily due to projected savings on subscriptions and publicity and promotion.
- Llancaiach Fawr is projecting an underspend of £6k at present mainly due to reduced income levels offset by salary savings. Income levels will be closely monitored in year.
- Cwmcarn VC is projecting an underspend of £17k due in the main to better-than-expected income levels due to the scenic drive opening. At present CCBC and NRW have an agreement to split any profits 50/50, this has been factored into the projections. This is after taking into account the use of the reserve to improve the entrance gate.
- Winding House is predicting an underspend of £35k due in the main to a one-off savings on NNDR due to a revaluation, reduced property costs offset by a reduction in income.
- Caerphilly Visitor Centre is predicting a small £8k overspend due additional staffing costs not being offset by increased income.
- Blackwood Miners Institute is projecting a small underspend of £32k due in the main to salary savings due to delays in appointing staff.
- Arts Development is projecting a small underspend of £6k due to reduced artistes' fees and associated costs.

5.2.8 Community Regeneration is projecting a net £122k underspend due to staff vacancies and associated costs after the transfer of staff to Caerphilly Cares. This is after the agreed use of reserves for the Apprentice Officer, to support the "Kick-start" project.

5.2.9 Children and Communities Grant (CCG), C4W and C4WPlus Additional Funding initiatives are all fully funded from grant, currently there is a projected underspend which total £268k. This has no effect on the outturns as the grant only funds the actual spend on the projects. We have had verbal agreement that the projected overspend on the "Communities for Work" projects will be fully funded.

5.2.10 Planning Services Management are projecting a very small overspend of £2k underspend.

5.2.11 Regeneration & Planning Administrative Support are projecting a £36k underspend this is due in the main to salary savings due to delays in filling vacant posts.

5.2.12 Strategic Planning is presently projecting a small net underspend of £8k. This is due in the main to staff not being reaching the top of scale. This is after the agreed ringfencing of the Community Infrastructure Levy (CIL) and the agreed transfer from the LDP reserve.

5.2.13 Development Control is reporting underspend of £27k primarily due to salary savings due to delays in filling vacant posts offset by reduced income levels. Income is projected to be slightly below budget but is very volatile and will be monitored during the year.

5.2.14 Building Control is reporting underspend of £83k due in the main to a small saving because of a delay in filling vacant post and income levels being better than anticipated. The income level is volatile and will be monitored during the year.

5.2.15 Land charge services are projecting an overspend of £2k due in the main to reduced income levels. The income level is volatile and will be monitored during the year. This takes into account the HMRC funding for the "Land Registry Automation".

5.2.16 GIS/Land Gazetteer support services is projecting an underspend of £1k.

5.3 Conclusion
