Caerphilly County Borough Council adopted an inspection standard in respect of the licensing of Hackney Carriages and Private Hire Vehicles. A copy of the standard is available on the Council's website or on request to licensing@caerphilly.gov.uk. The standard relates to vehicle specification and testing standards and sets out the procedures and standards for those who carry out inspections of hackney carriage and private hire vehicles, vehicle proprietors, regulators and the travelling public who may find it useful as it details the standards that vehicles are subjected to. The standard was initially approved at a meeting of Caerphilly County Borough Council's Licensing Committee on 11th December 2014.

Please note that the compliance test includes those elements covered by the MOT test and a number of additional items which address comfort, cleanliness, public safety, etc. Any failure of the MOT requirements will result in an automatic failure of the compliance check.

RENEWALS ONLY:

The vehicle must pass the compliance check prior to the licence expiry date if the vehicle licence is to be renewed in a timely fashion.
