Caerphilly County Borough Local Development Plan up to 2021.

Amended Condition 12

Within 1 month of the date of this decision a Working Method Statement to control the environmental effects of the construction work shall be submitted for the written approval of the Local Planning Authority. The scheme shall include:

- (i) control of noise,
- (ii) control of dust, smell and other effluvia,
- (iii) control of surface water run off,
- (iv) site security arrangements including hoardings,
- (v) proposed method of piling for foundations,
- (vi) construction working hours,
- (vii) hours during the construction and demolition phase, when delivery vehicles or vehicles taking materials are allowed to enter or leave the site.

The development shall be carried out in accordance with the approved scheme or as may otherwise be agreed in writing by the Local Planning Authority.

REASON: In the interests of the amenity of the area in accordance with policy CW2 of the adopted Caerphilly County Borough Local Development Plan up to 2021.

Amended Condition 13

Within 3 months of the date of this decision or prior to commencement of construction of the building (whichever is the earlier) the following components of a scheme to deal with the risks associated with contamination at the site, shall be submitted for the written approval of the Local Planning Authority.

1. A preliminary risk assessment which has identified:
 - all previous uses,
 - potential contaminants associated with those uses,
 - a conceptual model of the site indicating sources, pathways and receptors,
 - potentially unacceptable risks arising from contamination at the site.
2. A site investigation scheme, based on (1) to provide information

		<p>for a detailed assessment of the risk to all receptors that may be affected, including those off site.</p> <p>3. The results of the site investigation and the detailed risk assessment referred to in (2) and based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.</p> <p>4. A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.</p> <p>The remediation strategy and its relevant components shall be carried out in accordance with the approved details.</p> <p>REASON: To ensure the risks associated with contamination at the site have been fully considered prior to commencement of development as controlled waters are of high environmental sensitivity; and where necessary remediation measures and long-term monitoring are implemented to prevent unacceptable risks from contamination in the interests of public health and in accordance with Policy CW2 of the Caerphilly County Borough Local Development Plan up to 2021.</p> <p><u>Amended Condition 16</u> Within 1 month of the date of this decision a site wide Construction Environmental Management Plan (CEMP) shall be submitted for the written approval of the Local Planning Authority. The CEMP should include: General Site Management: details of the construction programme including timetable, details of any further site clearance; details of site construction drainage, containments areas, appropriately sized buffer zones between storage areas (of spoil, oils, fuels, concrete mixing and washing areas) and any watercourse or surface drain.</p>
