Complaint -

I'm writing to complain about the recent influx of Off licence shops in Caerphilly. Personally, I've always known Caerphilly as a tourist town but these recently opened Corner shops/off licences have not only been a huge eye sore on a once friendly looking and colourful town, they have definitive been a source of antisocial behaviour. Since these shops have opened, I've noticed More drunk people, - sometimes even been agers - lottering the streets and participating in antisocial behaviour, I truely believe that the move off licence shops that open, the worse this behaviour (and Caerphilly four in general) will become.

Many Enants, Mr Ash White
