MATERION A OEDD ANGEN PENDERFYNIADAU GWEITHREDOL

4. CAEAU CHWARAE YSGOL BEDWELLTE

Datganodd y Cynghorydd D.V. Poole fuddiant personol a rhagfarnol mewn perthynas â'r eitem hon gan ei fod yn byw yn agos at y safle. Roedd y Cynghorydd S. Morgan yn llywyddu fel Cadeirydd wrth i'r adroddiad gael ei gyflwyno a'i ystyried.

Cyflwynodd y Rheolwr Gwasanaethau Mannau Gwyrdd a Chludiant yr adroddiad a oedd yn ceisio barn y Cabinet ar y bwriad i gael gwared ar ddau gae pêl-droed yn hen safle Ysgol Gyfun Bedwellte, Aberbargod, (yr ardal â llinellau coch ar y Cynllun a oedd ynghlwm wrth yr adroddiad) ar gyfer datblygiad preswyl.

Ym mis Ionawr 2018, gwerthodd yr Awdurdod Lleol safle'r hen ysgol, wedi'i amlinellu'n las ar gynllun y safle (ynghlwm wrth yr adroddiad), ar gyfer datblygiad preswyl. Roedd y pafiliwn, a oedd yn rhan o'r caeau chwarae, yn sefyll ar y tir a werthwyd ar gyfer datblygiad preswyl. Bu angen meddiant gwag ar y prynwr erbyn diwedd mis Mai 2018, felly, symudwyd y pafiliwn (a oedd yn adeilad modwlaidd) o'r safle, a'i sgrapio. Nododd yr Aelodau nad oedd y pafiliwn yn addas i'r diben ac y bu mewn sawl lleoliad arall. Yn ei gyfarfod ar 25 Ebrill 2018, penderfynodd y Cabinet y byddai'r caeau chwarae yn cael eu datgan yn weddill ar ddiwedd y tymor (20 Mai 2018). Byddai'r broses o gydymffurfio â Mesur Caeau Chwarae (Ymgysylltiad Cymunedau â Phenderfyniadau Gwaredu) (Cymru) 2010 a Rheoliadau Caeau Chwarae (Ymgysylltiad Cymunedau â Phenderfyniadau Gwaredu) (Cymru) 2015 yn cychwyn.

Cyfeiriwyd y Cabinet at baragraffau 4.5. a 4.6. yn yr adroddiad a oedd yn crynhoi'r broses ymgynghori 7 wythnos a wnaed mewn perthynas â'r caeau chwarae. Dechreuodd yr ymgynghoriad ar 4 Hydref 2018, ac roedd yr ymatebion a ddaeth i law hefyd ynghlwm wrth yr adroddiad. Dywedodd y Swyddog y daeth tri ymateb i law gan drigolion lleol, ac roedd pawb o blaid cael gwared ar y safle. Mynegodd un preswylydd lleol bryderon ynghylch tagfeydd oherwydd parcio ceir yn ystod gemau. Daeth ymateb ar y cyd i law gan Chwaraeon Cymru a Meysydd Chwarae Cymru ('Fields in Trust') a oedd yn gwrthwynebu'r posibilrwydd o golli'r cyfleuster. Mae'r gwrthwynebiad yn canolbwyntio ar y ffaith y bydd Clwb Pêl-droed Trelyn yn rhannu cyfleusterau â Chlwb Rygbi Trelyn, ac ni ellir ystyried un maes yn ddarpariaeth gyfatebol. O ran darpariaeth leol, eglurwyd bod 7 o gaeau chwarae yn y cyffiniau lleol. Cyfeiriodd y Swyddog at Atodiad 3, sy'n dangos nad oes prinder darpariaeth yn yr ardal leol a bod lle i bob un o'r timau lleol neu y gellir cynnig lle i bob un ohonynt. Yn ogystal, er gwaethaf deialog gadarnhaol â Chlwb Pêl-droed Trelyn, daeth sylwadau ysgrifenedig i law mewn perthynas â'r cyfleusterau ym Mharc Trelyn, a chyfeiriwyd hefyd at bryderon diogelu yn y pafiliwn. Sicrhawyd y Cabinet fod Swyddogion eisoes wedi cwrdd â'r ddau glwb ar y safle i ystyried opsiynau i newid/cyfyngu mynediad y tu mewn i'r pafiliwn. Os oes unrhyw bryderon eraill, bydd Swyddogion yn parhau i weithio gyda'r clwb/clybiau i ddatrys unrhyw broblemau. Dywedwyd wrth yr Aelodau am y broses sydd i'w chyflawni gan Swyddogion, pe bai'r argymhelliad yn cael ei gymeradwyo. Eglurwyd na chaiff y Cyngor fwrw ymlaen â'r cynnig i gael gwared ar y caeau hyd nes y bydd cyfnod o 12 wythnos wedi dod i ben o ddiwrnod cyhoeddi'r hysbysiad cyntaf. Bwriad hyn yw darparu cyfnod gofynnol rhesymol lle gall gwrthwynebwyr gychwyn her gyfreithiol i benderfyniad yr Awdurdod.

Cadarnhaodd y Swyddog yr ymgynghorwyd ag Aelodau ward lleol yn ystod camau cychwynol y broses hon ac ni chodwyd unrhyw wrthwynebiadau.

Yn dilyn ystyriaeth a thrafodaeth, cynigiwyd ac eiliwyd bod yr argymhelliad yn yr adroddiad yn cael ei gymeradwyo. Cytunwyd ar hyn yn unfrydol drwy godi dwylo.

PENDERFYNWYD, am y rhesymau a geir yn adroddiad y Swyddog, i werthu'r caeau chwarae (sef yr ardal â llinellau coch ar y cynllun yn Atodiad 1) ar gyfer datblygiad preswyl.

5. ADOLYGIAD O GRANTIAU ADFYWIO CBSC

Cyflwynodd Pennaeth Adfywio a Chynllunio yr adroddiad a oedd yn ceisio cymeradwyaeth y Cabinet i ymgynghori ar gynigion i gyfuno nifer o raglenni grant. Yn dilyn adolygiad a wnaed o'r cynlluniau grant refeniw a chyfalaf a weinyddir gan Is-adran Adfywio y Cyngor, argymhellir cyfuno'r grantiau presennol yn "**Gronfa Mentrau Caerffili**" gyfunol sy'n canolbwyntio ar ddatblygu twf busnes a chreu cyfleoedd cyflogaeth. Er mwyn darparu ar gyfer hyn, mae Swyddogion yn bwriadu cyfuno nifer o raglenni grant, gan gynnwys y Gronfa Adfywio Cymunedol, a chanolbwyntio eu cyllidebau ar Gronfa Mentrau Caerffili.

Rhodddwyd gwybod i'r Cabinet fod y cynlluniau grant presennol (ceir crynodeb ym mharagraff 2.1 yn yr adroddiad) yn cael eu gweinyddu gan y Timau Adnewyddu Trefol a Chymorth Busnes ac Ariannu yn yr Adran Adfywio. Maent yn cynnig cymorth ariannol i'r sectorau masnach/busnes a'r sectorau cymunedol/gwirfoddol. Gan fod cymysgedd o grantiau a ariennir drwy gyfalaf a refeniw, mae'n ofynnol eu rheoli a'u cadw ar wahân. Bydd y posibilrwydd o ran cyfuno'r grantiau yn un "Gronfa Mentrau Caerffili" yn cynnig cymorth gwell i fusnesau newydd, yn ysgogi twf economaidd, yn llenwi bylchau amlwg yn y gadwyn gyflenwi, ac yn rhoi cymorth o ran creu swyddi.

Mae Swyddogion yn bwriadu terfynu'r Gronfa Adfywio Cymunedol a chanolbwyntio'r gyllideb ar Gronfa Mentrau Caerffili. Mae'r gwaith da y mae'r sector gwirfoddol a grwpiau cymunedol yn ei gyflawni yn cael ei gydnabod yn llawn, ac yn cael ei werthfawrogi'n fawr, ond mae'n amlwg bod yna nifer o fecanweithiau ariannu allanol y gallant wneud cais iddynt i sicrhau arian ar gyfer prosiectau cymunedol lleol. Cyfeiriwyd at Atodiad 1, sy'n nodi'r grantiau sydd ar gael i'r grwpiau hyn ar hyn o bryd. Os caiff y Gronfa Adfywio Cymunedol ei chau, bydd Swyddogion yn parhau i gynnig cymorth ac arweiniad i grwpiau sy'n chwilio am gyllid, a byddant yn eu cyfeirio at grantiau allanol priodol sydd ar gael. Mae'r sector gwirfoddol wedi mynegi pryderon mewn perthynas â'r cynigion, a chadarnhawyd y bydd Swyddogion yn mynychu Pwyllgor Cyswllt y Sector Gwirfoddol ar 14 Mawrth 2019 i fynd i'r afael â'r pryderon a godwyd.

Nodwyd y cyfraddau ymyrryd a'r terfynau grant arfaethedig ym mharagraff 4.3.1. yn yr adroddiad. Cadarnhawyd y byddai angen i unrhyw brosiect a ariennir gan grant ddangos y bydd yn cyfrannu at wella llesiant economaidd, cymdeithasol, amgylcheddol a diwylliannol y fwrdeistref sirol. Nododd y Cabinet y cynnig i ymestyn y ffin ddaearyddol bresennol ar gyfer Cronfa Budd Cymunedol Oakdale o 1.5 filltir i 2 filltir. Byddai hyn yn ychwanegu cymunedau Markham, Cefn Fforest, Coed Duon, rhan o Drecelyn a Chrymlyn i'r cymunedau cymwys presennol, sef Argoed, Croespenmaen, Kendon, Oakdale, Penmaen, Pen-twyn a Thrinant. Byddai hefyd yn cynnwys cymunedau Llanhilledd, Brynithel ac Aberbîg ym Mlaenau Gwent, a nodwyd bod nifer o gynlluniau tebyg ar draws y Deyrnas Unedig yn torri ar draws ffiniau lleol. Ni awgrymir y dylai cymunedau y tu allan i ardal Cyngor Bwrdeistref Sirol Caerffili gael mynediad i'r gronfa hon. Darperir y gronfa hon o gyfraniad gan gwmni preifat a fyddai angen cytuno i ehangu'r ffin.

Diolchodd y Cabinet i'r Swyddog am yr adroddiad, a theimlai y dylai'r Sector Busnes gael ei ystyried hefyd fel rhan o'r broses ymgynghori ehangach.

Yn dilyn ystyriaeth a thrafodaeth, cynigiwyd ac eiliwyd bod yr argymhellion yn yr adroddiad yn cael eu cymeradwyo. Cytunwyd ar hyn yn unfrydol drwy godi dwylo.

PENDERFYNWYD, yn amodol ar ddiwygiad ym mharagraff 11.2. i gynnwys "*and the Business Sector*" ac am y rhesymau a gynhwysir yn adroddiad y Swyddog:-

- (i) nodi cynnwys yr adroddiad, a'r egwyddorion a nodir ynddo;
- (ii) cymeradwyo Swyddogion i gynnal proses ymgynghori ehangach gyda'r Sector Gwirfoddol, Grwpiau Cymunedol a'r Sector Busnes ynglŷn â chynnwys yr adroddiad;

(iii) cyflwyno adroddiad pellach i'r Cabinet yn dilyn y broses ymgynghori.

6. ARIANNU AR GYFER GOSOD GOLEUADAU YNNI EFFEITHLON LEDLED TŶ PENALLTA

Cyflwynodd yr Aelod Cabinet dros Gartrefi a Lleoedd yr adroddiad a oedd yn ceisio cymeradwyaeth y Cabinet o ran trefniadau ariannu ar gyfer gosod goleuadau ynni effeithlon ledled swyddfeydd Tŷ Penallta.

Dywedwyd wrth y Cabinet y bydd ffitiadau LED (Deudau Allyrru Golau) modern sy'n defnyddio ynni'n effeithlon yn cael eu gosod yn lle'r goleuadau fflworoleuol presennol yn Nhŷ Penallta. Bydd y prosiect hwn, sydd werth £175,000, yn sicrhau lleihad o £24,000 o ran y bil trydan blyneddol ac yn sicrhau lleihad o 83 tonnelli y flwyddyn o ran ôl troed carbon yr Awdurdod. Mae'r prosiect uwchraddio wedi'i gymeradwyo i gael ei ariannu drwy'r cynllun buddsoddi i arbed, sef cynllun Cyllido Ynni'r Awdurdod Lleol ('LEAF'), a gall y gwaith ddechrau ym mis Chwefror 2019. Cynigir defnyddio cyfran o'r tanwariant rhagamcanol o ran Cyllid Amrywiol ar gyfer talu'r benthygiad yn 2018/19, a fydd yn caniatáu datgan yr arbedion ynni blyneddol fel arbediad rheolaidd yn y Cynllun Ariannol Tymor Canolig. Bydd y cronfeydd a ryddheir drwy gynllun Cyllido Ynni'r Awdurdod Lleol yn cael eu dargyfeirio i brosiectau arbed ynni eraill yn adeiladau'r Awdurdod.

Trafododd yr Aelodau fuddion y goleuadau sy'n defnyddio ynni'n effeithlon a fydd yn caniatáu i danwariant yn ystod y flwyddyn gael ei ddefnyddio i fuddsoddi mewn prosiect a fydd yn sicrhau arbedion cost refeniw cylchol â chyfnod ad-dalu o tua 7 mlynedd. Mae'r arbedion rhagamcanol o ran cost trydan yn seiliedig ar daliadau trydan fesul uned yn 2018/19 a phrofiad gweithredu mewn perthynas ag oriau gweithredu. Mae'n debygol y bydd costau trydan yn cynyddu, felly, ystyrir yr arbedion rhagamcanol yn rhai ceidwadol.

Yn dilyn ystyriaeth a thrafodaeth, cynigiwyd ac eiliwyd bod yr argymhelliad yn yr adroddiad yn cael ei gymeradwyo. Cytunwyd ar hyn yn unfrydol drwy godi dwylo.

PENDERFYNWYD, am y rhesymau a geir yn adroddiad y Swyddog, i gymeradwyo defnyddio cyfran o'r tanwariant rhagamcanol o ran Cyllid Amrywiol i ariannu prosiect uwchraddio goleuadau Tŷ Penallta, sy'n costio £175,000, a datgan yr arbedion cysylltiedig o ran cost ynni, sef £24,000, fel arbediad yn y Cynllun Ariannol Tymor Canolig.

7. BLAENRAGLEN WAITH Y CABINET

Rhoddodd y Cadeirydd ganiatâd i ohirio'r eitem hon tan y cyfarfod nesaf er mwyn gallu diweddarau'r flaenraglen waith. Cytunwyd ar hyn yn unfrydol drwy godi dwylo.

PENDERFYNWYD, am y rhesymau a drafodwyd yn ystod y cyfarfod, i ohirio'r adroddiad i'r cyfarfod nesaf.

Terfynwyd y cyfarfod am 11.00am.

Cymeradwywyd a llofnodwyd fel cofnod cywir yn amodol ar unrhyw gywiriadau a wneir yn y cyfarfod a gynhelir ar 13 Mawrth 2019.

EDUCATION FOR LIFE SCRUTINY COMMITTEE - 7TH MARCH 2019

SUBJECT: EDUCATION ATTAINMENT STRATEGY AND ACTION PLAN

REPORT BY: CORPORATE DIRECTOR EDUCATION & CORPORATE SERVICES

1. PURPOSE OF REPORT

- 1.1 To present to the Committee the attainment strategy for Caerphilly, entitled 'Shared Ambitions: working together to achieve the best outcomes for our young people', and to seek the views of Members on the strategy and associated action plan before its onward submission to Cabinet.

2. SUMMARY

- 2.1 The Council's attainment strategy, 'Shared Ambitions' is attached at Appendix 1 and the associated strategic action plan is attached at Appendix 2.
- 2.2 The strategy sets out a proposed vision for improving attainment and achievement across our schools that is linked explicitly to the priorities identified within the Councils self-evaluation document and the systemic issues that emerged throughout the summit process that took place over the autumn.
- 2.3 The strategy also includes a number of guiding principles and a narrative for #teamcaerphilly that enshrine the approaches and behaviours that will underpin the delivery of the strategy.
- 2.4 The strategic action plan attached to the strategy sets out what the Local Education Authority, the Education Achievement Service and the Schools themselves will do to drive improvement across the school system in Caerphilly.

3. RECOMMENDATIONS

- 3.1 Members of the Scrutiny committee are asked to consider and comment on the content of the education attainment strategy and the associated strategic plan prior to its submission to Cabinet for endorsement.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 To ensure that the views of the Scrutiny Committee are considered prior to the education attainment strategy being presented to Cabinet.

5. THE REPORT

- 5.1 The appended strategy has been under development since September 2018. The stages of development are set out below:

1. EAS Professional Advice issued.
2. One Day Diagnostic undertaken with senior LEA, EAS staff and Cabinet Member assessing the performance and key issues underpinning performance at every secondary school.
3. A Summit meeting held with each secondary school at which Head Teachers were asked to account for performance and any known underlying issues as well as set out their plans for improvement.
4. Further Summit meetings were held with schools where specific issues were identified.
5. Key Priorities for improvement within the Education Service Self Evaluation shared with Scrutiny, CMT and PDM.
6. Initial draft of attainment strategy developed proposing the vision, initial context, guiding principles, narrative, findings and plans.
7. Further revisions of initial draft undertaken to organise findings and actions.
8. Draft attainment strategy shared with the Education Advisory Board December.
9. Draft attainment strategy shared with Schools Causing Concern meeting.
10. Draft attainment strategy shared with the Education for Life Scrutiny Committee, dated 8th January 2019.
11. Draft attainment strategy designed and branded.
12. Draft attainment strategy and associated strategic plan then shared with:
 - Caerphilly Secondary Headteachers
 - Caerphilly Primary Heads consultative forum
 - Corporate Management Team
 - Education Advisory Board

The strategy and plan, following further discussion at this Scrutiny Committee will be submitted to Cabinet for endorsement at its meeting of the 13th March.

5.2 The proposed vision within the strategy is described as follows:

“To raise standards and ensure our learners are healthy, confident, proud and ambitious and can benefit from high quality educational opportunities, settings and experiences.”

5.3 A set of guiding principles established by the Caerphilly Learning Partnership as a means of securing learning excellence have been included in the strategy in order to support its delivery.

5.4 The strategy also includes a draft narrative for #TeamCaerphilly, which is the approach that the Council intends to take in everything it will do to improve outcomes. The narrative is aligned directly to the four enabling objectives of Welsh Government’s Education in Wales: Our National Mission policy.

5.5 Some of the key priorities and headline findings identified within the strategy are as follows:

- Improve outcomes at end of Key Stage 4 and 5.
- Improve the performance of boys and pupils identified as e-FSM across all phases of education.
- Build on the recent increase in attendance data to achieve improvements over time.
- Reduce the number of exclusions across secondary schools in line with regional and national data.
- Leaders need to be able to access, and fully engage in, high quality support and development
- Focus on improving standards of literacy, particularly in years 7, 8 and 9
- Improve the quality of teaching and learning through an enhanced focus on teaching and classroom practice
- Ensure all schools take advantage of professional learning opportunities
- Enhance resilience of leaders, senior leadership teams and schools through an additional, tailored program of support.

- 5.6 A strategic plan is attached that includes the actions that will drive improvement. The plan is divided in to actions for schools, actions for the LEA and actions for the EAS.

Conclusion

- 5.7 The 'Shared Ambition' document, together with the appended Strategic Plan set out the Council's plans for raising levels of attainment and achievement across the Borough. This is not something that the Council can achieve alone, indeed the actions set out within the Strategic Plan make clear that the Schools and the Education Achievement Service are equal partners in raising standards. The document is also designed to ensure that the way in which the Council and its partners approach improvement is recognised as being as, if not more, important than the actions contained within.

6. ASSUMPTIONS

- 6.1 This section should set out what assumptions have been made in proposing the recommendations in the report. The assumptions could include, amongst other things, inflation, costs, expenditure, population, policy, service demand etc. If no assumptions have been made or were thought necessary, then this should be stated.

7. LINKS TO RELEVANT COUNCIL POLICIES

- 7.1 The strategy and associated plan support the delivery and progression of the Corporate Plan, specifically the Councils adopted Wellbeing Objective 1 – to improve education opportunities for all.
- 7.2 Within this objective, the strategy aims to specifically progress the following outcomes:
1. Raise standards of attainment.
 2. Reduce the impact of poverty on attainment for both vocational and non-vocational qualifications to provide equality of opportunity.
 3. Improve 'Digital Skills' for all ages.
 4. Improve the learning environment.
 5. Safeguard all children and young people in order to create a climate for learning, particularly for those most vulnerable.

8. WELL-BEING OF FUTURE GENERATIONS

- 8.1 The strategy is aligned to the following Well-being Goals within the Well-being of Future Generations Act (Wales) 2015:
- A prosperous Wales – 'Shared Ambitions' will help develop a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.
 - A more equal Wales – The focus within the strategy on driving up standards for vulnerable groups will help create a society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).
- 8.2 The strategy contributes to the five ways of working as follows:

Long Term –The strategy is intended to put in place the foundations and interventions required to bring about sustainable improvement in attainment over the long term and to create a highly skilled and ambitious workforce of the future for Caerphilly.

Prevention – Maximising the opportunities for all learners to reach their full potential should increase the likelihood of those learners going on to secure long term employment and becoming self-reliant.

Integration – the strategy is designed to align and integrate the work of the Schools, Local Education Authority and the Education Achievement Service

Collaboration – the strategy document has been shared with all of the Gwent Local Education Authorities and has been shaped by good practice identified across the region. Opportunities to collaborate on actions will be explored as a matter of course.

Involvement – the process that has shaped the strategy to date has been inclusive of the Head Teachers and Chairs of Governors of secondary schools, the Education Achievement Service, the Local Education Authority and a number of external professionals. As part of the wider consultation on the strategy stakeholder involvement has been widened to include Welsh Government.

Political Foreword

“Working together to deliver the best outcomes for our children”

As Caerphilly Council’s Cabinet Member for Education and Achievement, I’m proud to be part of an organisation that works so hard, alongside our key partners, to deliver real improvements for learners of all ages and abilities across the county borough.

Our new Strategy reflects this shared ambition to deliver positive change and I am delighted to be associated with the document. The strategy is aligned to the key objectives of Welsh Government and the Education Achievement Service (EAS), providing a direct link between national, regional and local aspirations.

Here in Caerphilly we have bold ambitions to provide every learner with the best life chances and we are committed to doing this through the provision of high quality teaching, learning and leadership across our impressive 21st Century school settings.

To realise these ambitions we also need to understand the challenges specific to our communities and work with schools, the EAS and Welsh Government to identify the best solutions to those challenges.

We want to ensure every learner leaves school with the qualifications they deserve and move on to the destination of their choice. This strategy recognises the importance of strong relationships and the need for a shared ambition, as well as defining the unique approach that is **#teamcaerphilly**.

Successful collaboration can help provide the best opportunities for our children to lead fulfilling and rewarding lives - they deserve us to be their champions and we can achieve this when we work better together.

Cllr Philippa Marsden

CCBC Cabinet Member for Education and Achievement

Strategic Context

In March 2018, Caerphilly Council adopted a set of Wellbeing Objectives for 2018-2023 within its Corporate Plan.

The Corporate Plan is the Council’s over-arching vision, supported by clear objectives and priorities.

Within the Plan, **“Improve education opportunities for all”** was selected as Wellbeing Objective 1. As part of the Council’s plans to deliver this Wellbeing Objective, eight outcomes were identified.

This strategy aims to deliver improvement across five of those eight, specifically to:

- 2 Raise standards of attainment.
- 3 Reduce the impact of poverty on attainment for both vocational and non-vocational qualifications to provide equality of opportunity.
- 6 Improve ‘Digital Skills’ for all ages.
- 7 Improve the learning environment.
- 8 Safeguard all children and young people in order to create a climate for learning, particularly for those most vulnerable.

Underpinning the strategic action plan attached to this document are a wide range of supporting plans that set out in greater detail the improvement activity being undertaken by our schools, the Education Achievement Service (EAS) and the Education Service.

The Caerphilly Context

The Caerphilly County Borough covers an area stretching from the Brecon Beacons National Park in the north, to Cardiff and Newport in the south. It is bordered to the west by Merthyr Tydfil and Rhondda Cynon Taff, and to the east by Blaenau Gwent and Torfaen local authorities.

The area lies at the heart of both the South Wales Valleys and the Cardiff Capital Region. The Caerphilly county borough occupies some 108 square miles (28,000 hectares) of the Valleys area of South East Wales. It is a little over 18.6 miles long and nearly 11 miles wide, and is formed by the valleys of three rivers: the Rhymney, Sirhowy and Ebbw. The county borough has 180,000 residents living across a mixture of urban and rural communities. Three quarters of the county borough is used for agriculture and forestry.

There are around 23,000 statutory aged pupils attending schools across the County Borough with around 2000 learners typically comprising the key stage 4 cohort (15 and 16 year olds). Caerphilly learners account for around a third of the learners sitting external examinations at the end of key stage 4 across the region of south east Wales in any given year.

In Caerphilly there are:

- 72** Primary Phase Schools
- 1** Voluntary Aided Primary School
- 11** Secondary Schools
- 1** 3 to 18 School
- 1** Pupil Referral Unit
- 1** Special School
- 2** Further Education colleges across the Caerphilly Borough
- 250+** Registered childcare providers

The Caerphilly Context

The EAS, the education consortium for South East Wales, supports the role of Caerphilly local authority in delivering their statutory functions, addressing improvement priorities and promoting improved pupil outcomes.

There is Youth provision across the borough supporting both universal access and more targeted support for young people and their families, as well as continued delivery of quality library services and community centres.

Our adult education provision delivers quality learning opportunities across the borough for individuals beyond school age.

There are significant levels of deprivation within the Borough with 29.7% of statutory school age pupils living in 20% of the most disadvantaged areas in Wales. 14 of the 110 areas in the Caerphilly county borough are in the top 10% of the most disadvantaged areas in Wales.

20.3% percent of Caerphilly pupils on roll of statutory school age are entitled to free school meals (taken from Pupil Level Annual School Census 2018), ranking the authority 18th out of the 22 local authorities in Wales.

Although the percentage of learners living in workless households within Caerphilly county borough has decreased, the percentage remains higher than the Wales average and is the second highest amongst local authorities in South East Wales. .

Homelessness is decreasing nationally and Caerphilly county borough has a much higher rate of homeless prevention than the Wales average or across other areas within the region.

Caerphilly County Borough Council is committed to tackling the causes of poverty and ensures the five anti-poverty grant programmes are working collaboratively to maximise reach to the most vulnerable.

The Council has listed Improving education opportunities for all as the first of its Wellbeing Objectives and has committed to an ambitious 21st century schools investment programme.

Band A of the 21st century school programme is nearing an end with 3 new schools built and 3 schools improved. Work is currently underway to agree the funding to progress the equally ambitious Band B programme.

The Cardiff Capital Region City Deal is another ambitious investment programme designed to develop the transport infrastructure and connectivity as well as expanding employment and apprenticeships to positively promote regeneration of communities.

Guiding Principles

The following guiding principles have been agreed by the Caerphilly Learning Partnership to underpin the work of all partners in their pursuit of excellence in teaching and learning. The principles underpin this strategy and will guide the work and behaviours of all contributors.

Leadership

There will be leadership at all levels to deliver excellence in learning. A variety of approaches will be required to suit different circumstances. However, we believe for leadership to be sustainable, effective, and to have maximum impact, a distributed style is most often preferable.

This empowers everyone to be part of decision making, and to take on responsibilities by developing leadership at all levels. We are all accountable to learners in our community for the outcomes they achieve and it is our collective responsibility to ensure needs are met.

Learning offer

The learning offer stems from the variety of institutions and services in Caerphilly and the quality of the collaborations and partnership working between them. The learning offer available will be broad, rich, diverse and relevant to the needs of learners so that all have access to appropriate career paths and lifelong learning.

Our workforce

We recognise our workforce to be the most important resource in supporting our learners.

Their wellbeing is paramount. We want a well-motivated and enthusiastic team with a shared ambition for success.

Guiding Principles

We will provide access to a variety of professional learning opportunities so as to equip the workforce with the necessary skills and experiences which are relevant to their role, and the workforce will be fully involved in the co-design of these opportunities. All of the workforce are entitled to be treated fairly, with dignity and respect. We are committed to appointing the very best workforce, and to providing opportunities for gaining experiences across learning settings when appropriate.

Community focus

All stakeholders will have the opportunity to participate in the shaping of delivery in the pursuit of excellence in learning. Learning provision will be at the heart of our communities, acting both as a hub and reaching out to all residents. Working with families will maximise the learning opportunities for learners to lead fulfilled adult lives.

Collaboration and partnership working for lifelong learning

In Caerphilly, the delivery of education and the provision of learning opportunities takes place in the day and evening, at weekends and throughout the calendar year, whether provided by schools, Further Education institutions, the Adult and Community Learning service, the Youth Service, or the wide range of our partner agencies from both the statutory and voluntary sectors. This richness and diversity of educational services, together with the collaborations and partnership working between them, enhances the quality of learning in the county borough.

Responsiveness

We will be responsive to the learning needs of our community and ensure that those needs are reflected in the courses and opportunities which will be planned and provided. We will also be proactive, agile and innovative in our approach towards initiatives and employers' skills requirements.

Resilience

We will ensure that resilience is developed at both individual and organisational levels. Individual resilience will focus on developing everyone's ability to manage challenges and problems, to learn and use skills such as perseverance and optimism and to handle new situations. Organisational resilience will focus on how we can adapt to the challenges we will face but will also consider the individual within the organisation and the processes and culture those individuals work with on a daily basis.

Guiding Principles

Welsh language

The Welsh language is at the heart of our ambition to achieve excellence. Through celebrating, promoting and supporting the use of the Welsh language we will ensure that all stakeholders will benefit from the richness of learning and cultural opportunities.

Effective support

Effective support is an essential ingredient in our pursuit of excellence. Through co-constructed partnerships, specialist support, collaboration and mentor work, there will be a commitment to support learners, the workforce, and leaders in accordance with their specific needs or entitlement, along their chosen pathway.

Celebration of achievement

We will ensure success and achievements are properly recognised and celebrated. This must be reflected in our day to day working relationships as well as through other means such as social media, traditional media, local events, and participation in competitions and contests. We will celebrate the success of both learners and the workforce, of teams and of individuals, throughout the community.

Constructive challenge

We will thrive within a culture of self-reflection and mutual challenge. As stakeholders, we will put forward our ideas and trust one another to offer views and to question the proposals so that they are honed. Challenges should be evidence based and managed in a mutually respectful way.

Effective use of resources

Resources will be shared across sectors to encourage collaborative activities ensuring maximum impact on learner outcomes. Leaders have a significant role in developing collaborative partnerships to ensure resources, human and material, are effectively managed and used.

#TeamCaerphilly

Our Narrative and Mission

The approach is aligned directly to the four enabling objectives of Welsh Government's Education in Wales: Our National Mission policy.

The EAS Business Plan 2019/20 has also been organised around these objectives enabling the local, regional and national direction to be explicitly aligned.

Developing a High Quality Education Profession

The world's highest-performing education systems have vibrant, engaged educators and support staff who are committed to continuous learning. Caerphilly will support the professional workforce to be lifelong learners who reflect on and enhance their own practice to motivate and inspire learners.

We will aim to create the conditions that enable our workforce to:

- ❖ Reach the highest standards of accredited professional practice and ensure that learners can access vibrant, focused and engaging content at all times.
- ❖ Challenge themselves to learn from the best by regularly exploring practice and pedagogy at high performing schools across the region and bringing it in to practice within Caerphilly Schools.
- ❖ Be positive, resilient, energetic and well and have access to wellbeing support should any of that change.

"Every child deserves a champion – an adult who will never give up on them, who understands the power of connection and insists that they become the best that they can possibly be."

Inspirational Leaders Working Collaboratively to Raise Standards

Inspirational leaders are well prepared and supported to lead their organisations through the changes ahead. They promote and support effective, collaborative leadership and are central to the realisation of the aims and priorities for learners in Caerphilly and to the national reform agenda.

In order to develop sustainable and long term improvements across every school in Caerphilly, we will develop an environment that supports our education leaders to work collectively to:

- ❖ Reach the highest standards of accredited professional leadership practice in education.
- ❖ Regularly access high quality coaching and mentoring from within and outside of the education sector to continually refine leadership practice.
- ❖ Challenge themselves to learn from the best by regularly exploring leadership practice at high performing schools across the region and bringing that practice in to Caerphilly Schools.
- ❖ Communicate and network with peer leaders openly, transparently and regularly to share existing good practice, challenges and plans for improvement.
- ❖ Ensure improvement activity is focused on improving the quality of teaching and learning available to our learners.
- ❖ Assess the progress being made in our schools in an open, frank and transparent manner and be accountable for school performance and responsible for the development of plans that will drive improvement.
- ❖ Be positive, resilient, energetic and well and have access to wellbeing support should any of that change.
- ❖ Champion the vision, guiding principles and foundation stones set out within this strategy.

#TeamCaerphilly

Strong and Inclusive Schools Committed to Excellence, Equity and Wellbeing

Caerphilly will strive to ensure that its learners are supported to be emotionally and physically ready to learn in a safe, supportive and nurturing environment so that no challenge should prevent any learner from reaching their potential.

Schools in Caerphilly should:

- ❖ Offer highly engaging, challenging and inclusive learning opportunities that meet the needs of all learners.
- ❖ Maximise exposure to these high quality learning opportunities by raising attendance levels through the application of innovative new strategies, sharing these widely when good progress is made.
- ❖ Do everything they can to reduce the levels of exclusions and, in doing so, maximise the time available for learners to be in school.
- ❖ Have effective and innovative strategies in place to raise the achievements of vulnerable learners and learners entitled to free school meals.

Robust assessment, evaluation and accountability arrangements supporting a self-improving system

Education in Caerphilly will be a self-improving system that is built upon objective and evidence based assessment, evaluation, improvement, reflection and refinement.

Schools in Caerphilly should:

- ❖ Feel supported and encouraged to be completely open, honest and transparent when accounting for their relative position, progress made to date and plans for improvement that are based on robust self-evaluation.
- ❖ Be willing to further strengthen self-evaluation processes and school positions through external challenge and moderation.
- ❖ Have a clear and consistently applied strategies for ensuring the progress for all learners and improving pupil outcomes.
- ❖ Feel a sense of belonging and connection to the ethos of #TeamCaerphilly and the region and hold a desire to share knowledge and raise standards right across the system.
- ❖ Engage fully in the regional model for school improvement.
- ❖ Celebrate their achievements widely and publicly.

Identifying the Challenges

In order to identify the challenges that need to be overcome, it is essential that the current position of the education system within Caerphilly is clearly articulated in a balanced, unambiguous and evidence based way.

The key elements that help frame the current position are:

1. The council's processes for self-evaluation that utilise a wide range of evidence to identify strengths and areas for improvement.
2. The findings of the summit meetings held with each secondary school through the autumn of 2018.
3. The outcomes of self-evaluation activity, evidence based reports and the annual Business Plan provided by the EAS.

Identifying the Challenges

Caerphilly Education Service Self-Evaluation

The Council's current self-evaluation position statement concludes the following as the main high level priorities for improvement:

- p1** Improve outcomes at end of Key Stage 4 and 5. Identify any dips in performance at Foundation Phase, Key Stage 2 and Key Stage 3 and consider strategies for improvement.
- p2** Await confirmation of outcomes measures for Key Stage 4 and 5 by Welsh Government. Consider alternative strategies to effectively scrutinise performance data in light of changes to performance reporting measures. Data to be based on:
 - ❖ National categorisation;
 - ❖ Progress of schools causing concern;
 - ❖ Estyn inspection outcomes and progress of schools;
 - ❖ School engagement in the curriculum reform progress;
 - ❖ Implement guidance from WG regarding a national 'score card'.
- p4** Refine current procedures to monitor and track 'risk' pupils to ensure that all categories of vulnerability are taken into account. Work alongside school improvement partners to monitor, challenge and support schools in order to raise attainment for these students.
- p5** Ensure target setting is focused on aspiration for all learners rather than high stakes accountability.
- p6** Build on the recent increase in attendance data to achieve improvements over time. Continue to build capacity in schools in order to effectively raise levels of attendance.
- p7** Reduce the number of exclusions across secondary schools in line with regional and national data. Support schools in sharing best practice across the SEWC region.
- p8** Continue to develop methods for evaluating the impact education services have on wellbeing and attitudes to learning. Modify existing strategies based on findings.
- p9** Work alongside regional and national partners to further improve the quality of education for pupils identified as EOTAS (Education other than at school).
- p10** Improve identification and outcomes for less able students through the successful implementation of the Additional Learning Needs Reform Act.
- p13** Work alongside the school improvement service to effectively implement the 'Successful Futures' curriculum.
- p14** Continue to sharpen and improve self-evaluation processes through an ethos of 'collective accountability'. Engage with the national self-evaluation toolkit currently being developed by Estyn, OECD and practitioners. Use the toolkit to inform the Local Authority self-evaluation process.

Identifying the Challenges

Outcome of Summit Meetings

In August the EAS issued professional advice to each Local Authority which provided a detailed breakdown of current and historic attainment, attendance and exclusion data for each secondary school in Caerphilly at key stage 4 accompanied by actions for consideration.

In accordance with the regionally agreed Summit Protocol, senior staff from Caerphilly's Education Service and the Education Achievement Service used the professional advice and local data to carry out a comprehensive diagnosis of the results with a view to agreeing initial lines of enquiry for the forthcoming Summit meetings.

The Summit meetings followed a consistent format with every secondary school head, in some cases accompanied by the Chair of Governors and other senior school leaders, accounted for their school performance and shared their emerging plans to improve performance in future years.

Throughout the meetings a number of consistent themes began to emerge and, where schools had managed to buck broader trends, some innovative local approaches were identified which may have broader benefit if shared more widely.

The key themes that emerged from the Summit discussions are set out below, while some of the innovation identified forms part of the attached strategic action plan:

Leadership

All leaders demonstrated a commitment to improving the outcomes of all pupils.

Leaders need to be able to access, and fully engage in, high quality support and development opportunities.

Leaders need to ensure that self-evaluation systems are effective, embedded and are increasingly sharpened so that strengths and areas for improvement can be crystalised. These processes should permeate through all levels of the school.

Leaders need to be able to analyse and account for the school's performance. They should have clear priorities and identify appropriate strategies to drive improvement. This responsibility should be shared at all levels. These priorities should be adopted by primary schools within the cluster wherever appropriate.

The value of target setting and the checking of progress was questioned. Tracking systems are variable but do not always extend throughout the whole school. In the best practice, there are strong links to KS2 systems.

The use of key indicators, benchmarking and early entry, sometimes appears to drive behaviours which are not always conducive to an appropriate pathway for all learners.

The engagement of Governing Bodies is variable and not all are meaningfully involved in relevant processes such as self-evaluation. Governor training and development is also an area for improvement overall.

Identifying the Challenges

Outcomes

There remains a significant number of pupils who don't achieve the level 2 inclusive measure because of one subject – usually English, Welsh or Maths. This 'readacross' challenge is increased in the Capped 9 measure. Levels of literacy are a concern for most schools and require a greater focus in Year 7, 8 and 9. Some good work is taking place with primary schools but is in early stages of development.

Performance of vulnerable groups, especially boys and those learners eligible for free school meals, is a concern and sometimes strategies for improvement appear limited. Exclusion rates are exceptionally high in some schools in comparison with similar schools. Attendance has improved in the majority of schools but remains a challenge.

Provision

Not all schools have taken opportunities to visit and learn from the best practice within and beyond the region. The focus on pedagogy needs to be sharpened and increased. Levels of engagement with the Excellence in Teaching and Learning Framework (ETLF) and new curriculum professional learning remains variable.

The Strategic Action Plan

An Action Plan has been developed as a mechanism for addressing the specific issues and challenges identified as requiring improvement within section 6 of this strategy. The local authority will work with schools and the EAS to ensure that actions taken are effective, timely and have the desired impact.

The plan will be monitored and reviewed as appropriate through the Council's recently established Education Advisory Board with update reports being considered regularly by the Council's Corporate Management Team, Policy Development Meetings and the Education for Life Scrutiny Committee.

Our Success Criteria:

Outcomes: Levels of skill development are improved and there is significant increases in outcomes in English / Welsh and Mathematics, which is reflected in the Capped 9 measure. Tracking systems enable effective target-setting, identifying pupils vulnerable to underachievement, so that effective interventions are provided across all phases of learning.

Provision: High quality teaching and learning experiences will be accessed by all learners, regardless of their setting or vulnerability. Our workforce will be motivated and engaged to deliver the new curriculum and bespoke pathways leading to appropriate destinations will be designed to ensure increased success

Leadership: Inspirational Leadership is well equipped at all levels to deliver excellence in learning. Leaders are resilient, working collaboratively across the region and beyond to learn from the best of practice. Leaders maximise the impact of their resources and manage change effectively.

Key Actions from the Strategic Plan:

Drive effective transition practices so that learners have consistent, high quality experiences and can achieve ambitious targets set at every stage of their development.

Support schools and the families of learners to meet the needs of pupils, particularly those most vulnerable.

Equip leaders at all levels to improve self-evaluation, planning and resource management to ensure a positive impact on outcomes.

Equip Governors to effectively challenge the school to improve at pace and scale.

Implement an accredited comprehensive development programme to strengthen senior leadership resilience and capacity to lead change as well as improve the clarity of communication across the school.

This Business Plan (2019–2020) outlines the programme of work that is required to continue to accelerate outcomes and provision for children and young people in settings and schools in South East Wales. The plan focuses on the need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership, support schools to realise the national reform agenda and to continue to build upon the self-improving system within and across schools and settings.

- 5.2 Priorities for the Business Plan have been derived from Local Authority Strategic Plans, the progress that has been made towards the previous Business Plan, areas that have been identified as requiring improvements through internal self-evaluation processes, external research and feedback from Estyn. The delivery model for the Business Plan is on a regional basis, the needs of each school and trends within each LA are met through bespoke work with each school. This Business Plan addresses Caerphilly local authority strategic priorities that fall within the remit of the work of the EAS.
- 5.3 The delivery model for the Business Plan is on a regional basis, the needs of each school and trends within Caerphilly are met through bespoke work with each school. The EAS offers a wide range of bespoke support that is based upon best practice.

5.9 Working with our key partners we will aim to transform the educational outcomes and life chances for all learners across South East Wales. We will do this by:

- Ensuring successful learning experiences and high levels of wellbeing particularly for those facing the greatest challenges;
- Building effective networks of professionals, across the five Local Authorities and beyond and working together to improve leadership, teaching and learning; and
- Attracting and retaining a team of outstanding people who embed our core values in their work and share a passion for excellence.

5.10 This Business Plan addresses each local authority strategic priority that are indicated with *. These priorities fall within the remit of the work of the EAS. Additionally, the EAS will work in partnership with Caerphilly LA to support additional local authority priorities, as appropriate.

- 5.11 The EAS will support the LA in their statutory responsibility of securing that their education and training functions are exercised with a view to promoting high standards and promoting the fulfilment of learning potential.
- 5.12 The improvements that are required at regional and local authority level require a strong commitment of partnership-working to be successful. Where local authorities and the EAS work in close partnership there is evidence, particularly with regards to schools causing concern, that rapid and sustainable school improvement can be achieved.
- 5.13 Caerphilly Strategic Priorities (as provided by the LA):

Strategic priorities for 2019/2020	Main link (s) to the improvement strands within the Business Plan
Improve key stage 4 performance.*	Improvement Strand: 1, 2 and 3
Improve the performance of pupils eligible for free school meals.*	Improvement Strand: 1, 2 and 3
Improve the quality of leadership in the secondary phase in order to improve the rate of progress.*	Improvement Strand: 1 and 2
Reduce number of days lost to exclusions	Improvement Strand: 1, 2 and 3
Improve attendance.	Improvement Strand: 1, 2 and 3

Each improvement strand within this plan now has a specific emphasis on the work of the EAS in promoting improved outcomes for vulnerable learners, in particular those in receipt of FSM. These strategies are based on a wide range of research evidence. It will be important that all other stakeholders, including Caerphilly LA and schools, have their own specific strategies to support vulnerable learners.

LA Annex Documents

- 5.14 Each LA Annex contains an overview of the performance and the main areas for development at a LA level. A summary of the schools that require the highest levels of support, inspection outcomes and an overview of categorisation for the LA. Pupil progress information is included for the first time. The EAS will work closely with all key partners to ensure the realisation of this Business Plan. The implementation of the tiers, noted below, are embedded in the way in which we will continue to work across the sectors.
- How does the EAS support schools to identify and address their school improvement priorities?**
- 5.15 Through regional funding the EAS has invested in building the capacity of schools and educational settings within the region over the last five years to enable more collaborative ways of working. This approach is enabling teachers and leaders to learn from each other, to try out new approaches and to engage with educational research as the backdrop for improvement. Across the region there are now a variety of ways in which the EAS supports and challenges school improvement. The impact and effectiveness of the strategies are reviewed regularly through both internal and external processes. A summary of these supporting strategies are below:

- The role of the Challenge Adviser in supporting, brokering and challenging the pace of progress schools make in addressing their identified school priorities;
- The role of EAS Officers (including subject specific support, support for governors, Wellbeing and Equity) in supporting, brokering and challenging the pace of progress schools make in addressing their identified school priorities;
- Access to funded school networks (Learning Network Schools) that support all aspects of professional development and school improvement focused on improving the quality of leadership and teaching and learning;
- Access to a wide range of professional learning, some with accreditation options, for teaching assistants, teachers, school leaders and governors.
- Peer working and peer reviews;
- The use of trained and accredited coaches and mentors for teachers and leaders, sourced from within and beyond;
- Access to eLearning materials and high-quality resources.

5.2 Conclusion

This report, along with the accompanying EAS Business Plan and LA Annex outlines the challenges facing Caerphilly as well as the programme of work required to accelerate outcomes and provision for children and young people in settings and schools within the Borough.

The plan focuses on the need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership, support schools to realise the national reform agenda and to continue to build upon the self-improving system within and across schools and settings.

6. ASSUMPTIONS

6.1 In proposing the recommendations set out within this report, it is assumed that the Caerphilly LA Risks will be mitigated through the identification of the priorities set out in 5.13 and the detailed actions set out within the EAS Business Plan, Caerphilly LA Service Improvement Plan and the Education Strategic Plan. The risks are as follows:

- Not a high enough percentage of learners in Caerphilly, particularly those from vulnerable groups, make the appropriate rates of progress against key indicators.
- The levels of absenteeism and exclusions remain too high and too variable across identified schools and this impacts negatively on the outcomes of groups of learners.
- There is insufficient challenge and support provided to improve the quality of leadership within schools requiring the greatest improvement, particularly within the secondary phase.
- The pace of improvements in the quality of teaching and learning is currently insufficient, particularly in the secondary phase.
- There are insufficient levels of engagement with meaningful professional learning opportunities in some schools and as a result strategies for improvement are not effectively implemented consistently.

6.2 As part of the internal EAS risk management process several potential barriers to the successful implementation of the regional Business Plan have been identified. These set out the elements that will be important to ensuring optimum impact of the work of the EAS in partnership with LAs and are set out in Section 4 of the Business Plan.

7. LINKS TO RELEVANT COUNCIL POLICIES

7.1 The EAS Business Plan has the following links to Council Policies:

Corporate Plan 2018-2023.

Objective 1 - Improve education opportunities for all

Objective 2 - Enabling employment

8. WELL-BEING OF FUTURE GENERATIONS

8.1 The EAS Business Plan contributes to the following Well-being Goals:

- A prosperous Wales*
- A resilient Wales*
- A more equal Wales*
- A Wales of vibrant culture and thriving Welsh Language*
- A globally responsible Wales*

9. EQUALITIES IMPLICATIONS

9.1 The EAS have their own Equalities and Welsh Language plans in place. CCBC has therefore not undertaken any specific impact assessment on the EAS Business Plan.

10. FINANCIAL IMPLICATIONS

- 10.1 The EAS has a robust governance model that is underpinned by the Collaboration and Members agreement (CAMA). The EAS is funded on an annual basis from three sources, illustrated below. A detailed spending plan will accompany the final Business Plan which is intrinsically linked to all actions contained within it. A detailed overview of the regional distribution of grants is shared with all stakeholders on a termly basis.
- 10.2 The EAS was set up originally to be reliant on three funding streams to remain financially viable: core funding from councils, grant funding (this includes a contribution from the regional Education Improvement Grant (EIG) and other Welsh Government Grants and income generated from trading services to schools, which due to the notion of a self-improving school system has now been successfully eradicated as an income stream.
- 10.3 The EAS continues to be hampered by short term grant awards from Welsh Government but working with Council's will continue to make the best use of this funding in a suboptimal environment. We continue to manage staff changes and are now some 44% smaller in payroll staff than when we started in 2012.
- 10.4 Over the past three financial years, the EAS has been able to contribute to the efficiency savings of Councils by reducing the core funding commitment by 8%. Following a recent meeting of the EAS Company Board the funding profile for 2019/20 was discussed. Taking all factors into consideration, the Company Board agreed that it could offer a 2% efficiency saving on last year's core funding contribution for 2019/20 as was indicated in our indicative figure last year. Caerphilly's contribution for 2019/20 is: £1,021,020
- 10.5 These efficiencies have been thought through carefully in what will be a challenging financial climate for the EAS. This offer of efficiency has been derived in good faith and has been based upon indicative information to date. The EAS will need to implement a change management programme to enable a balanced budget to be set for the coming financial year.

10.6 It is important to note that for the EAS to continue to provide a regional service there needs to be a consistent regional percentage reduction, as in previous years. The alternative to this would be an unworkable two-tier approach to the delivery of the Business Plan priorities across the region and to schools within individual Local Authorities.

Section 1: Regional context

The EAS is the school improvement service for the five local authorities (LAs) in South East Wales (Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen). The number of pupils of compulsory school age in 2018 was 71,970. This represents 19% of all pupils in Wales. There are 234 maintained schools in the region, 15% of all maintained schools in Wales (EAS figure correct from September 2018, Wales figure from PLASC, 2018). The percentage of pupils of compulsory school age who are eligible for free school meals (FSM) is 18.4%, which is higher than the national figure of 17.4%. This level of eligibility is the second highest of the four regional consortia (PLASC, 2018). In the region, 10% of people aged three and over say that they can speak Welsh compared to the Wales average of 19% (2011 Census, ONS). The percentage of pupils aged 5 or over from an ethnic minority background is 10.3%, an increase from 9.7% in 2017. This is a similar rate of increase to that nationally (11.0% from 10.1%). As of PLASC 2018, 983 children in the region are looked after (LAC) by an LA and attend a school in the region. This represents 15% of looked after children in Wales.

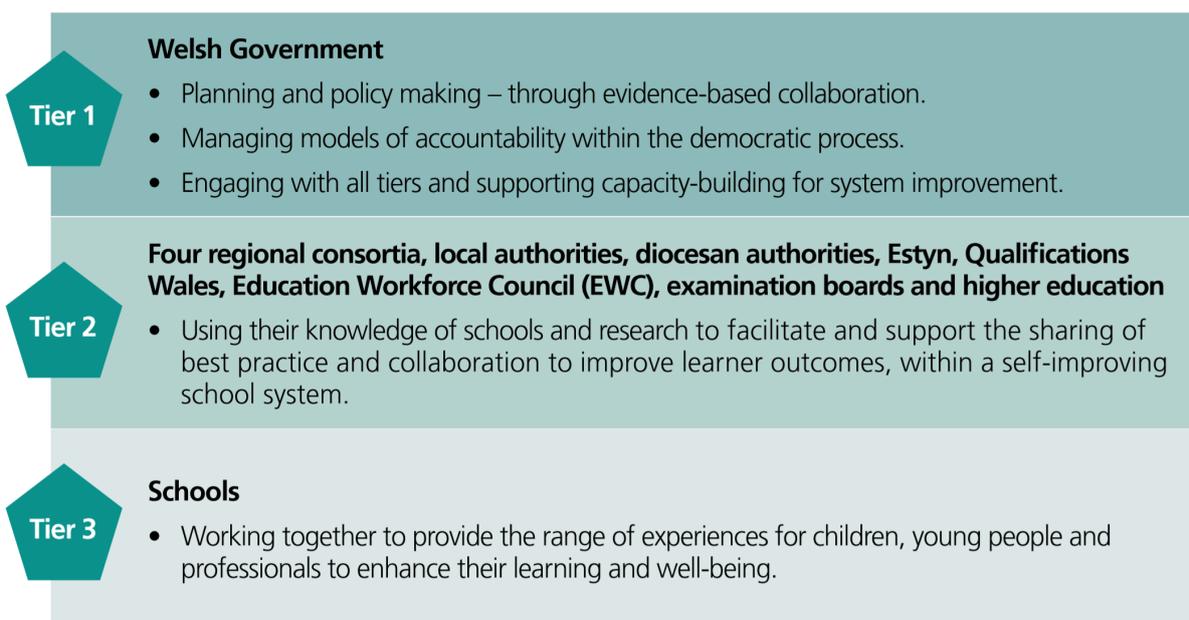

Section 2: Overview

What does the EAS do on behalf of, and in partnership with, LAs and other organisations?

The EAS is a not for profit limited company that is owned by the five LAs in South East Wales. The EAS delivers, through an agreed Business Plan, a wide range of school improvement services to all schools (all key stages), pupil referral units and funded non-maintained nursery settings on behalf of each LA. This plan supports the role LAs have in delivering their statutory function, addressing their individual improvement priorities and promoting improved pupil outcomes. This Business Plan encompasses delivery across the following aspects:

- Monitor, challenge, support and intervention
- Curriculum, assessment and accountability reform
- Data collation, analysis and support (school, LA, region)
- Professional Learning: Teaching and Leadership
- Professional Learning: Teaching Assistants / Higher Level Teaching Assistants
- Equity and wellbeing
- Literacy, numeracy and digital
- Welsh language development
- Core and non-core subjects
- Support for governing bodies including professional learning
- National strategies, to include: Lead Creative Schools, Global Futures
- Specialist HR support
- Initial Teacher Education / Graduate Teacher Programme

The EAS will work closely with all key partners to ensure the realisation of the Business Plan and to have maximum impact in delivery. The implementation of the tiers, noted below, are embedded in the way in which we will continue to work across the sectors.

How does the EAS support schools and settings to identify and address their improvement priorities?

Regional investment in building the capacity of schools and educational settings over the last five years have enabled more collaborative ways of working. This approach is enabling teachers and leaders to learn from each other, to try out new approaches and to engage with educational research as the backdrop for improvement. Across the region there are now a variety of ways in which the EAS supports and challenges school improvement. The impact and effectiveness of the strategies are reviewed regularly through both internal and external processes.

A summary of these supporting strategies is:

- The role of the challenge adviser in supporting, brokering and challenging the pace of progress schools make in addressing their identified school priorities;
- The role of EAS officers (including subject specific support, support for governors, wellbeing and equity) in supporting, brokering and challenging the pace of progress schools make in addressing their identified school priorities;
- Access to funded school networks that support all aspects of professional development and school improvement focused on improving the quality of leadership and teaching and learning;
- Access to a wide range of professional learning, some with accreditation options, for teaching assistants, teachers, school leaders and governors;
- Peer working and peer reviews;
- The use of trained and accredited coaches and mentors for teachers and leaders, sourced from within and beyond; and
- Access to eLearning materials and high-quality resources.

Regional delivery models

EAS organises most of the professional learning offer on a cluster basis. Each cluster has an assigned lead for professional learning, who organises and co-ordinates support for and access to professional learning across the cluster. Each school has a regionally funded professional learning lead, who co-ordinates this work on a school basis. Support via the numerous learning network schools is also organised on a geographical basis to support this delivery model.

The cluster-based professional learning lead also provides schools within the cluster with updates and development materials to support all key priorities within the National Mission, to include: Schools as Learning Organisations, Professional standards for teaching and leadership/Excellence in Teaching and Leadership Framework. This work is disseminated to all schools / practitioners through their nominated professional learning leads.

Each cluster also has a linked curriculum pioneer school, that supports regional delivery of key information and latest drafts/key messaging with regards to the new Curriculum for Wales. EAS organises regular briefing sessions with professional learning leads, headteachers, chairs of governors and LA partners to ensure consistency of messaging, understanding and respective roles and responsibilities in key areas of work.

Section 3: Business Plan 2019/2020: Introduction

This Business Plan (2019/2020) outlines the programme of work that is required to continue to accelerate outcomes and provision for children and young people in settings and schools in South East Wales. The plan focuses on the need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership, support schools to realise the national reform agenda and to continue to build upon the self-improving system within and across schools and settings.

Priorities for the Business Plan have been derived from LA Strategic Plans, the progress that has been made towards the previous Business Plan (as noted in the regional self-evaluation document), and areas that have been identified as requiring improvements through internal self-evaluation processes, external research and feedback from Estyn.

The EAS Business Plan priorities continues to be shaped using the outcomes of external reviews and research:

LA education strategic priorities 2019/20 (provided by each LA)

This Business Plan addresses each local authority strategic priority that are indicated with *. These priorities fall within the remit of the work of the EAS. Additionally, the EAS will work in partnership with LAs to support additional local priorities, as appropriate.

The improvements that are required at regional and local authority level require a strong commitment of partnership-working to be successful. Where local authorities and the EAS work in close partnership, there is evidence, particularly with regards to schools causing concern, that rapid and sustainable school improvement can be achieved.

Each improvement strand within this plan now has a specific emphasis on the work of the EAS in promoting improved outcomes for vulnerable learners, in particular those in receipt of FSM. These strategies are based on a wide range of research evidence. It will be important that all other stakeholders, including schools and LAs, have their own specific strategies to support and promote improved outcomes for vulnerable learners. The EAS will endeavour, as appropriate, and within available resources to support LA strategic plans to maximise the impact on learner outcomes.

Regional priorities for 2019/2020

The focus for improvement for 2019/2020 will be to secure further improvements in the following areas:

- To provide schools and settings access to a wide range of professional learning and advice and guidance to support: the successful realisation of the curriculum and wider reform agenda, the implementation of the Professional Standards for Teaching and Leaders and the implementation of the national self-evaluation framework;
- To facilitate and quality assure effective professional learning opportunities to enable the sharing of best practice within and beyond the region, ensuring that all schools and settings have access to evidence-based research to continually improve their practice and aim for excellence;
- To continue to raise aspiration, improve pupil outcomes (particularly for vulnerable groups of learners: FSM, gender, English as an additional learning, more able and looked after children) and reduce the variance within and across schools (particularly within the secondary phase), settings and LAs;
- To accelerate improvement in schools and settings where improvement remains too slow, particularly in the secondary phase, by ensuring earlier intervention and support and supporting the use of local authority statutory powers to accelerate progress;
- To provide a range of professional learning and bespoke support to reduce the variance within and across identified schools, particularly within the secondary phase, and to improve the quality of leadership, teaching and learning, particularly within the secondary phase across all departments;
- Supporting schools to ensure that pupils make appropriate progress in literacy, numeracy and digital skills at all phases;
- To embed and refine the regional Equity and Wellbeing Strategy to improve regional multi-agency working, to reduce duplication and to simplify the support offer to schools and settings for disadvantaged learners;
- To further develop the regional strategy to develop a self-improving system through the cluster, networks, learning network schools and peer working models; and
- To work with other middle-tier partners to implement the new arrangements for accountability and to ensure a streamlined approach to the reform agenda.

The regional ambition by 2021: Working with our key partners, we will aim to transform the educational outcomes and life chances for all learners across South East Wales. We will do this by:

- Ensuring successful learning experiences and high levels of wellbeing, particularly for those learners facing the greatest challenges;
- Building effective networks of professionals across the five local authorities and beyond, and working together to improve leadership, teaching and learning; and
- Attracting and retaining a team of outstanding people who embed our core values in their work and share a passion for excellence.

The South East Wales Regional Mission: Business Plan (2019/2020)

The actions contained within the plan align with the Welsh Government strategic document Education in Wales: Our National Mission (Action Plan 2017/2021), is based upon findings from educational research and best practice and address the priorities in each LA strategic plan. Each improvement strand details actions that will support the successful realisation of the new national transformational curriculum and assessment arrangements.

Improvement Strand 1	<p>i) Developing a high-quality education profession</p> <p>ii) Inspirational leaders working collaboratively to raise standards</p>
What actions will the EAS take?	
<p>A. Developing a high-quality education profession</p> <ul style="list-style-type: none"> • Embed the principles of the national approach to professional learning in all regional programmes; • Provide a coordinated regional support programme that is guided by national direction for all aspects of curriculum reform, to include supporting schools to develop as ‘Learning Organisations’. Ensure that this is communicated effectively to all key professionals; • Provide bespoke professional learning opportunities for headteachers, senior leaders, teachers and support staff on the Excellence in Teaching and Leadership Framework to support the implementation of the Professional Standards and to support ongoing improvement in the quality of leadership, teaching and pupil outcomes; • Implementation of the regional strategies for: Welsh language development, literacy, numeracy and digital skills, Foundation Phase, science, technology, engineering and mathematics (STEM), global futures, and post-16; • Extend the support and development opportunities for core and non-core departments within the secondary phase to improve outcomes, the quality of teaching and leadership and reduce variance within and across schools; • Deliver, quality assure and review the impact of the following regional and national programmes: pathways for learning support workers (to include the delivery of the accreditation programme for higher level teaching assistants) and the regional programme for newly qualified teachers; and 	

- Develop programmes for different pathways into teaching and continue to support the programmes for initial teacher education through existing and new partnerships with higher education institutions.

B. Inspirational leaders working collaboratively to raise standards

- Provide an extensive portfolio of leadership development opportunities (endorsed, as appropriate, by the National Academy for Educational Leadership) that meet the needs of all sectors, delivered in partnership with higher education institutions, consortia and other middle-tier organisations;
- Deliver in partnership with consortia, higher education institutions and LAs the National Professional Qualification for Headship (NPQH) to provide more effective preparation for headship;
- Planned opportunities will be provided for identified leaders to: experience levels of leadership that they have been unable to access in their own schools; experience leadership in a different context other than their own; break down barriers between phases and different contexts;
- Identify and develop a growing regional cohort of aspirational leaders, current serving headteachers and experienced headteachers to expand system wide leadership opportunities;
- In partnership with consortia and higher education institutions, provide a mentoring and coaching programme to develop and support school leaders and governors;
- Offer a more flexible service level agreement to governing bodies that includes: a comprehensive professional learning programme for governors; access to the regional excellence in governance framework, to include a robust system to evaluate governing body effectiveness; support and mentor arrangements for governing bodies in need of improvement; and,
- Provide a range of professional learning opportunities and support for school leaders from the regional specialist HR service plan (in partnership with LA HR services) that support the implementation of the Professional Standards for Teaching and Leadership.

C. Specific focus on improving the outcomes for vulnerable learners

- Facilitate half-termly professional learning sessions with the nominated school leads for vulnerable learners in each secondary school, with a focus on improving identification, tracking and target setting, provision and pace of progress for vulnerable learners;
- Utilise cross regional and wider experience of effective practice to share successful strategies on what works to improve provision and outcomes in different contexts, ensuring that the Education Endowment Foundation Toolkit is understood and utilised across the region;
- Provide access to online resources, guidance documents and resource frameworks to support strategic planning and to make best use of grant funding to improve the progress of groups of that vulnerable learners;
- Ensure that all regionally led professional learning and induction programmes include opportunities to develop an understanding of poverty and disadvantage and the role schools have in raising achievement for vulnerable learners; and
- Embed the professional learning opportunities for governors on challenging the use and impact of the pupil development grant and other allocated resource on the progress and outcomes of vulnerable learners.

How will we know if we have made progress by March 2020?

A. Developing a high-quality education profession

- All schools will have engaged with the consultation and have a good understanding of the draft Curriculum for Wales and are actively implementing their professional learning plans to prepare the workforce utilising national and regional support materials;
- All regional professional learning will be underpinned by the characteristics of the regional professional learning model and national approach to professional learning;
- Most schools across the region will have engaged with the regional professional learning offer to support the development of their school as a learning organisation effectively utilising outcomes to inform self-evaluation;
- Nearly all clusters provide high-quality professional learning to support the implementation of the regional approach to the Professional Standards for Teaching and Leadership and all related milestone delivery programmes that enables a school to improve the quality of leadership, teaching and pupil outcomes;
- Where schools engage well with the broad professional learning offer they will be suitably equipped with a range of strategies to secure improved outcomes for learners;
- Where schools (particularly secondary schools) engage well with bespoke and wider regional professional learning for the development of teaching and leadership the school will be better placed to reduce within-school variation ensuring all pupils make appropriate progress in improving outcomes;
- The majority of clusters have had a member of staff trained through the Welsh in a year sabbatical scheme and are having impact on their school and beyond;
- All Welsh medium schools and nearly all English medium schools are demonstrating appropriate progress against the National Language Charter framework objectives;

B. Inspirational leaders working collaboratively to raise standards

- Where leaders engage fully in the regional leadership programmes they will have developed skills and knowledge for their current roles and future leadership aspirations;
- Where leaders engage with the range of professional learning that includes peer working, leadership shadowing, and coaching and mentoring within and outside of the region, leaders can share and develop practice to improve leadership, teaching and learning within their own contexts, particularly within the secondary phase;
- A regional system of identification, tracking and professional learning support for aspirational leaders will be implemented enabling leaders to secure timely professional learning opportunities and experiences so that they are able to progress through the leadership milestones over time;
- A cross regional and higher education partnership approach to coaching and mentoring will be created to support all professional learning programmes to develop and support school leaders and governors;

- Where schools engage with specialist HR support, including professional learning opportunities, this will enable leaders to effectively implement the Professional Standards for Teaching and Leadership through appropriate performance management arrangements;
- Leadership recruitment processes have been revised, and updated assessment methods are being implemented by governing bodies across the region to support quality appointments to headteacher and deputy headteacher posts; and
- Where governing bodies engage in professional learning, on line self-evaluation or bespoke support programmes they have increased their ability to undertake their role in challenging and supporting school leaders to secure improvement.

C. Specific focus on improving the outcomes for vulnerable learners

- Where school leaders and governors engage well with the regional provision for raising the achievement and engagement of vulnerable pupils, they will be better equipped with relevant strategies to deliver their school improvement priorities.

Improvement Strand 2	Strong and inclusive schools committed to excellence, equity and wellbeing

- Work in partnership with LA inclusion and/or wellbeing officers and the additional learning needs transformation officer, as appropriate, to implement regional strategies utilising the regional professional learning offer.

How will we know if we have made progress by March 2020?

- National, regional and individual school-based research will be utilised to inform planning, provision and evaluating the impact of all intervention programmes in most schools;
- Many secondary schools will submit good-quality grant plans, with the majority making an improvement in the achievement and engagement of vulnerable pupils in line with school targets;
- Where schools (particularly secondary schools) engage with the regional professional learning offer for wellbeing and equity, they will be appropriately supported to develop and implement a bespoke wellbeing and equity strategy (to include the wellbeing toolkit and support linked to the adverse childhood experience agenda), which will better inform their direction of work to identify and track the progress of all vulnerable learners and measure the impact of interventions;
- Where schools engage within the professional learning offer that is linked to the work of the Children’s Commissioner, nearly all schools will be suitably equipped to apply pupil voice as a factor in school improvement activities;
- Where secondary schools engage well with the regional SEREN programme learners will have improved opportunities to attend a Sutton Trust university; and
- Where schools adopt the principles within the regional strategy for looked after children and known adopted pupils, they will have increased understanding and awareness of the strategies that can be used to improve the outcomes and progress for identified learners.

Improvement Strand 3 Robust assessment, evaluation and accountability mechanisms, supporting a self-improvement system

What will the EAS do?

A. Assessment, evaluation and accountability mechanisms

- In consultation with partners refine the regional intervention framework and associated strategies for schools causing concern to include regional expectations, timescales and strategies to accelerate the progress of all schools, particularly those in the highest levels of support;
- Provide robust, timely information and support in schools and settings where improvement remains too slow, therefore sharing relevant information with LAs and Diocesan Directors to inform, as appropriate, the use of LA statutory powers to accelerate progress;
- Review and revise the regional strategy for target setting and further develop the use of pupil progress data at school, LA and regional level;
- Provide structured support and professional learning opportunities for school leaders and the wider educational workforce to meet the assessment demands in line with current and new accountability arrangements within the reform agenda;
- Support the development and piloting of the national self-evaluation framework and further develop the ‘single plan’ approach with all schools to ensure that there are robust processes for self-evaluation in schools and settings;
- Professional learning will support the school self-evaluation processes so that school development plan priorities will reflect LA improvement priorities, as appropriate. The

progress towards school priorities will be monitored on at least a termly basis and where there are concerns, these will be raised with the LA as appropriate and support modified / accelerated if required;

- Expand the range of school information that is used for accountability purposes at school, LA and regional level;
- Issue 'Professional Advice' based upon a sound evidence base to LAs and diocesan directors on a regular basis for consideration; and
- Support and advise LAs in the delivery of their statutory functions for SACRE and the development of individual Welsh and education strategic plans.

B. Supporting a self-improvement system

- Based upon the outcomes of recent external research, continue to invest and support the learning network school strategy and the cluster-based approaches to capacity building professional learning and accountability;
- Pilot a range of peer working models for developing effective school leadership and pedagogy to include: Primary/secondary interface and core and non-core departments within the secondary phase;
- Further develop networks of professional practice that provide opportunities for self-chosen school networks based upon common improvement needs and opportunities to engage in an action research-based methodology to support their work;
- In line with regional and national developments refine the provision, delivery approaches, impact capture and engagement of school-based Professional Learning; and
- Commission a range of bespoke evaluations, giving consideration to findings and recommendations from the commissioned services and other available reports and remits so that the EAS continues to utilise a wide range of evidence to gain maximum impact on accelerating priority areas.

C. Specific focus on improving the outcomes for vulnerable learners

- Extend access to the network of schools that support professional learning and guidance for to improve the progress and provision for all vulnerable groups;
- Challenge Advisers will use range of performance data and pupils' prior performance information to support school level discussions around the target setting process and to ensure appropriate challenge and provision for all groups of learners;
- EASi overviews will be updated to include vulnerable groups' analysis (gender, FSM, looked after children, special educational needs, more able, English as an additional language, British minority ethnic) to assist with school self-evaluation activity;
- Progress of vulnerable learners / other groups (as appropriate) will be discussed through education improvement boards / intervention meetings and challenged where required; and
- Establish a new forum, to include a wider group of regional stakeholders to review and approve schools' grant planning.

How will we know if we have made progress by March 2020?

A. Assessment, evaluation and accountability mechanisms

- The effective implementation of the refined schools causing concern strategy provides robust, timely information and support in schools and settings where improvement remains

too slow. LAs receive valuable and relevant information to inform the timely use of their statutory powers;

- All challenge advisers will implement effectively the intervention framework and associated strategies, ensuring that nearly all schools are equipped to make at least strong progress in a timely manner against the priorities in their school development plans;
- Where schools, particularly secondary schools, engage well with support, there will be less schools requiring the highest levels of support overtime;
- Effective support to identify and enable underperformance in leadership to be addressed is provided;
- Where schools that require high levels of support (particularly within the secondary phase) engage well with advice and support they are enabled to set aspirational individual pupil targets, accurately track pupil progress over time and secure strong progress for nearly all pupils overtime;
- Where schools engage with support and guidance, they will be suitably equipped to reduce within school variation, therefore demonstrating improvements across a wider set of performance measures in line with individual school targets;
- Where schools that require high levels of support (particularly within the secondary phase) engage well with advice and support, they are enabled to secure robust, purposeful processes for self-evaluation, which inform accurate school improvement priorities leading to reduced, within-school variation and improved outcomes for learners over time; and
- Where LAs engage well with the support and advice provided for the Welsh in education strategic plans and SACRE, it will assist them in to meet their statutory requirements and the priorities within the plans.

B. Supporting a self-improving system

- The culture of collaboration and joint working is accelerated with most schools working well with other schools to secure improvement;
- A refined impact capture model for the work of the learning network schools and the role of clusters will be developed building on the commissioned research undertaken in 2018/19 to ensure value for money;
- Where schools secure the services of the EAS governor support agreement they will be provided with appropriate support and advice to enable them to implement their statutory functions; and
- Where schools engage with the range of networking opportunities that includes peer and cluster working within and outside of the region, practitioners are able to share and develop practice to improve leadership, teaching and learning within their own contexts, particularly within the secondary phase.

C. Specific focus on improving the outcomes for vulnerable learners

- Where schools (particularly within the secondary phase) engage well with advice and support they are enabled to set aspirational individual pupil targets for vulnerable learners, accurately track pupil progress and secure strong progress for pupils' overtime; and
- All secondary school pupil development grant plans will be agreed by a professional partner approval panel to ensure a wider stakeholder engagement and ownership of this process.

What will the EAS do?

- Continue to refine the business model for the EAS that aligns to the priorities identified within the regional and the national reform agenda;
- Work with key partners to secure a more sustainable funding model for the EAS that aligns fully with the service workforce plan and the updated Collaboration and Members Agreement;
- Maintain a high-quality, well informed, flexible and motivated workforce that embody the values and visions of the EAS in their work with schools;
- Further develop the effectiveness of the EAS company board through induction of new non-executive directors and the implementation of actions agreed through recent professional development;
- To ensure transparency of funding streams through publication of the regional grant mapping tool on a regular basis with the aim of maximising delegation rates to schools and settings;
- Further develop the regional grant mapping tool to enable more efficient and effective interrogation of data, impact capture and value for money at school, LA and regional level;
- Enhance the current value for money model further exploring best practice models;
- Refine internal self-evaluation processes so that they focus more fully on the impact of the work of service teams in schools and settings on improving outcomes, provision and leadership;
- Improve availability, accessibility and efficiency of performance data and wider intelligence to better support effective self-evaluation activity and improve service delivery;
- Embed and promote the communication and marketing strategy ensuring a holistic approach to stakeholder engagement;
- Collaborate fully with other consortia and middle-tier organisations to realise efficiencies in programme development, delivery and sharing of best practice.

How will we know if we have made progress by March 2020?

- The business model, workforce plan and financial planning processes are refined so that they better reflect the priorities and resources required to continue to deliver an effective and efficient service that positively impacts on the progress towards the priorities within the plan and delivers value for money;
- Internal business intelligence databases will better support self-evaluation processes, enabling more informative and timely analysis to EAS staff and to LAs to better evaluate the impact of work in schools and to inform improvement priorities;
- A 3-year indicative funding model will have been agreed with the 5 LAs which ensures the core funding model is appropriately balanced and the collaboration and members agreement will reflect the actions that will be undertaken in the event of a change management processes having to be evoked;
- The company board and the audit and risk assurance committee will continue to undertake a programme of professional development and self-evaluation to ensure that the challenge and support that is provided enables the most effective delivery of the Business Plan and of statutory obligations;

- Internal self-evaluation processes will be refined so that they focus more fully on the impact of the work of service teams in schools and settings on promoting improving outcomes, provision and leadership;
- The regional grant mapping tool will be improved to enable easier analysis at school, LA and regional level of the impact of the resource linked to expected outcomes and to inform value for money judgements and improvement priorities;
- The communication and marketing strategy will be embedded with the internet, intranet and, where applicable, social media platforms well established to ensure better promotion of services and updates and engagement our stakeholders; and
- National approaches to programmes established through collaboration with other consortia. Cost comparisons with other consortia or similar organisations reviewed and strategies implemented. MTFP updated.

* Further details can be found in the Detailed Delivery Document and the Professional Learning Offer 2019/2020.

Section 4: Governance and funding

The EAS is subject to a robust governance model that is underpinned by the Collaboration and Members agreement (CAMA). The EAS is funded on an annual basis from three sources: LA core contributions, grants and service level agreements. A detailed spending plan accompanies the Business Plan which is intrinsically linked to all actions contained within it. A detailed overview of the regional distribution of grants is available to all schools through the regional grant monitoring tool.

Monitoring and evaluation

The annual reporting activity through each of the governance groups is agreed in advance. Progress on the implementation and impact of the Business Plan will be reported formally at a mid-year basis to the Joint Executive Group and Company Board; this will include an evaluation of the regional plan and of each individual LA annex document. These reports, as in previous years, will be suitable for scrutiny activity at LA and national level.

Throughout the year there will be many interim impact reports associated with the implementation streams within the Business Plan which will be reported through each of the governance groups, though individual LA committees (as requested) and though Challenge and Review events with Welsh Government officials. These include: reports on pupil outcomes and progress, progress on schools causing concern, regular updates on outcomes/impact from regional / LA self-evaluation activity and regional strategies, feedback from external reviews, annual regional value for money report, Managing Director's Annual Report, outcomes from regional school and governor surveys.

The EAS will engage fully in the emerging national arrangements for evaluation and accountability.

Risks associated with the delivery of the Business Plan

There are several risks that have been identified as potential barriers to the successful implementation of the Business Plan priorities; these are noted below:

- Full use is not made of consultation events to help shape the direction of the Business Plan to ensure collective regional ownership of priorities and actions for improvement;
- The work of the EAS in improving outcomes for learners (particularly vulnerable learners) will not be optimised unless there is engagement with all key partners across LAs to ensure effective joint targeting of resources;
- A lack of clarity about respective roles of the EAS and LA partners in the school improvement agenda;
- Schools / settings that require improvement are not: identified at an early-enough stage, accessing /engaging / receiving the most appropriate or effective support, are not held to account in a timely manner using the most appropriate strategies;
- Agreed actions are not carried out in a timely manner by identified parties;
- There is not consistent application of agreed regional protocols;
- LA statutory powers are not utilised in a consistent, appropriate and timely way; and
- Uncertain financial projections to enable more effective long-term planning.

EDUCATION FOR LIFE SCRUTINY COMMITTEE - 7TH MARCH 2019

SUBJECT: TERMS OF REFERENCE FOR REVIEW OF POST 16 / SINGLE SEX AND SURPLUS PLACES

REPORT BY: CORPORATE DIRECTOR EDUCATION & CORPORATE SERVICES

1. PURPOSE OF REPORT

- 1.1 To seek the views of the Committee on the draft Terms of Reference for the review of post 16 provision, single sex education and surplus places across Caerphilly prior to its submission to Cabinet.

2. SUMMARY

- 2.1 The Council is seeking to deliver a sustainable strategy for post-16 education in Caerphilly that is underpinned by robust models and delivers the right education in the right place and with the best outcomes for learners.
- 2.2 The continuation of single sex education at Lewis Girls School and Lewis School Pengam, as well as the challenge of reducing surplus places across Caerphilly's secondary school estate are separate but interlinked issues that also need to be addressed by this review.
- 2.3 The Council has engaged a specialist resource from Bridgend County Borough Council to deliver the review and wishes to establish a Review Board to oversee developments.
- 2.4 A draft Terms of reference for the Board and the Review are attached for Members consideration.

3. RECOMMENDATIONS

- 3.1 Members of the Scrutiny committee are asked to consider and comment on the content of the draft Terms of Reference for the Review of post 16 provision, single sex education and surplus places across Caerphilly prior to its submission to Cabinet for endorsement.
- 3.2 That the Education for Life Scrutiny Committee nominate two of its members to sit on the Review Board, one from the majority group and one from the opposition groups.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 To ensure that the Terms of Reference reflect the views of the Scrutiny Committee prior to the document being presented to Cabinet.

5. THE REPORT

5.1 Separately to this report, this Scrutiny Committee have considered an attainment strategy for Caerphilly, entitled 'Shared Ambitions', that sets the Strategic Vision for Education in Caerphilly as follows:

"To raise standards and ensure our learners are healthy, confident, proud and ambitious and can benefit from high quality educational opportunities, settings and experiences."

5.2 While 'Shared Ambitions' focuses on raising standards, the vision for Education in Caerphilly contained within references the need to provide 'high quality educational opportunities, settings and experiences'. Finding a solution that addresses the current challenges of providing sixth form education; explores the need to retain or move away from single sex provision, and addresses the issues associated with surplus places are viewed as a key aspect of realising this bold vision.

5.3 Attached at Appendix 1 are the draft Terms of Reference for the review. The Terms of Reference set the overall objectives for the review as follows:

- To improve the effectiveness and outcomes of provision for all learners
- To improve efficiencies in the provision
- To provide new and enhanced opportunities to all learners
- To improve the learner experience
- To ensure the models are sustainable and deliver on 'Value for money'

5.4 The Terms of reference also sets out a proposed membership of the Review Board along with reporting arrangements as well as some context, outputs and further considerations.

Conclusion

5.5 The review of post 16, single sex and surplus places in Caerphilly is of strategic significance. The outcome must contribute toward the strategic vision for education across the Borough and enable the Council to develop a sustainable offer to learners across the secondary phase that meets 21st century needs.

6. ASSUMPTIONS

6.1 It is assumed that the review will take in to account the full range of stakeholder views as well as all necessary data and intelligence required to fully inform the final option, or options recommended for decision.

7. LINKS TO RELEVANT COUNCIL POLICIES

7.1 The strategy and associated plan support the delivery and progression of the Corporate Plan, specifically the Councils adopted Wellbeing Objective 1 – to improve education opportunities for all.

7.2 Within this objective, the strategy aims to specifically progress the following outcomes:

1. Raise standards of attainment.
2. Reduce the impact of poverty on attainment for both vocational and non-vocational qualifications to provide equality of opportunity.
3. Improve the learning environment.

8. WELL-BEING OF FUTURE GENERATIONS

8.1 The strategy is aligned to the following Well-being Goals within the Well-being of Future Generations Act (Wales) 2015:

- A prosperous Wales – ‘Shared Ambitions’ will help develop a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work.
- A more equal Wales – The focus within the strategy on driving up standards for vulnerable groups will help create a society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances).

8.2 The strategy contributes to the five ways of working as follows:

Long Term –The review should provide a recommendation that enables sustainable delivery models to be put in place that will support the creation of a highly skilled and ambitious workforce of the future for Caerphilly.

Prevention – Maximising the opportunities for learners to reach their full potential through the most appropriate route should increase the likelihood of those learners going on to secure long term employment and becoming self-reliant.

Integration – Regardless of the outcome, the review will enhance the working relationships and integration of the Local Education Authority, Schools and local Colleges to the benefit of Caerphilly’s learners.

Collaboration – Some of the options already identified will explore the potential opportunities for collaboration, others may arise as part of the review.

Involvement – The review process will be inclusive with the Board comprising representation of a wide range of stakeholders and broader consultation with students, parents, governors, Head Teachers and other interested parties forming a core component of the review work.

9. EQUALITIES IMPLICATIONS

9.1 An Equalities Impact Assessment is not needed because the issues covered are for information purposes only, therefore the Council’s full EIA process does not need to be applied at this stage.

10. FINANCIAL IMPLICATIONS

10.1 None specifically at this stage as the report is seeking to agree a terms of reference for the review.

10.2 The costs of the Bridgend Council employee who will be undertaking the review on the Council’s behalf have been set aside from 2018/19 in year underspends and Cabinet have agreed their use for this work.

11. PERSONNEL IMPLICATIONS

11.1 A Bridgend Council employee will be delivering the review on behalf of Caerphilly and will be engaged on the equivalent of two days a week, although this can be ‘flexed’ at key times.

12. CONSULTATIONS

12.1 The following have been consulted on the proposed strategy through various stages of its development:

- Cllr Philippa Marsden, Cabinet Member for Education and Achievement
- Cabinet Members (through PDM)
- Christina Harry, Interim Chief Executive
- Corporate Management Team (CMT)
- Education Advisory Board.

13. STATUTORY POWER

REPORTING ARRANGEMENTS

This is the strategic board for the review of sixth-form provision, single sex education and surplus places in secondary schools across Caerphilly County Borough Council. It will report to the Corporate Management Team, involve the Education for Life Scrutiny Committee and will refer to Cabinet for decision making and, where necessary, Council.

OVERALL OBJECTIVES

To deliver a sustainable strategy for post-16 education in Caerphilly that is underpinned by robust models and delivers the right education in the right place and with the best outcomes for learners.

The consider and make recommendations in respect of the continuation of single sex education at Lewis Girls School and Lewis School Pengam and to positively address any surplus places issues that exist across Caerphilly's school estate.

Specific objectives are:

- To improve the effectiveness and outcomes of provision for all learners
- To improve efficiencies in the provision
- To provide new and enhanced opportunities to all learners
- To improve the learner experience
- To ensure the models are sustainable and deliver on 'Value for money'

CONTEXT

To agree the parameters of the work to be undertaken, to scope out the work and to make a series of recommendations to Corporate Management Team and Cabinet which can be consulted upon.

Options for the consideration may include:

- Maintaining the status quo
- Ensuring all post 16 learners attend College sites
- A sixth-form centre which might be managed by the LA or by one of the colleges
- The option of regional sixth-form centres in existing secondary schools
- Other options that may emerge from the review or during any consultation process
- Continuation or cessation of single sex education within Caerphilly
- Addressing issues associated with surplus secondary school places

While there are three components to this review, they are entirely interlinked. As a result, the review will need to identify options to progress all three aspects and provide a balanced set of recommendations.

TIMESCALE

To be confirmed by Board once the scope and sequencing of the review has been established.

OUTPUTS

The Strategic Review Board will:

Develop a sustainable strategy on behalf of the Local Authority for post-16 education which is signed off by all stakeholders and which will inform future planning. Specifically it will:

- Establish and drive forward a strategic approach to post-16 education provision in the borough
- Propose a sustainable delivery model of post-16 provision which is of high quality and is financially viable
- Identify a coherent range of post-16 learning pathways to meet the needs of all learners, equip students for the 21st century and lead to increased opportunities for student recruitment
- Suggest ways to enhance progression routes and ensure an appropriate breadth of choice for the level 3 course offer
- Propose ways in which to develop the aspirations of learners, improve attainment, ensure progression and raise the levels of employability skills in learners with particular reference to vulnerable groups
- Make proposals in relation to improving retention rates
- Evaluate the impact of post-16 plans for education

Consider and make recommendations in respect of the continuation of single sex education at Lewis Girls School and Lewis School Pengam and to positively address any surplus places issues that exist across Caerphilly's school estate. Specifically, it will:

- Identify opportunities for any advantageous service re-configuration including assessing the implications for single sex education and managing the range of surplus places in secondary schools

The Board will also:

- Assess the implications of any proposals and advise the Corporate Management Team and Cabinet of those potential implications.
- Have an agreed 'whole system' approach.
- Ensure timely completion of every project milestones.

- Maintain open lines of communication to stakeholders especially Head teachers as the work progresses.

CONSIDERATIONS

- Caerphilly has 12 secondary schools, 8 of which are designated 11-18 and 4 designated 11-16
- 10 of Caerphilly's secondary schools are co-educational and 2 are single sex (Lewis School Pengam and Lewis Girls); in the latter sixth-form provision is co-educational
- Schools have been working collaboratively on sixth-form provision for a number of years in order to provide a wider curriculum offer
- Schools and the local authority recognise that the current model of delivery for post-16 provision needs to change to one that is more efficient, provides a higher quality of outcomes and is sustainable
- The review will need to include an assessment of the benefits/advantages of co-education alongside an Equality Impact Assessment of such provision; there will also need to be impact assessments addressing the Wellbeing of Future Generations
- The review will also need to consider the impact of surplus places across Caerphilly County Borough
- Other aspects to consider or take account of include:
 - Learner experiences
 - The views of all relevant stakeholders
 - The quality of provision, performance outcomes including value-added measures
 - Variances in provision across the Borough in 11-18 and 11-16 settings
 - The suitability and rigour of entry requirements
 - Achievement rates
 - The destinations of learners
 - Retention/drop-out rates
 - Size of sixth forms – viability, optimisation
 - Value for Money
 - The impact on future provision of potential funding reductions by Welsh Government

5. EQUALITIES IMPLICATIONS

- 5.1 Many of the initiatives contained within the Education capital budget seek to address equality issues.
- 5.2 The LA has an obligation under section 88 and Schedule 10 of the Equality Act 2010 to prepare an accessibility strategy. This is a strategy for increasing the extent to which disabled pupils can participate in the schools' curriculums; improving the physical environment of the schools for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the schools and improving the delivery to disabled pupils of information which is readily accessible to pupils who are not disabled.
- 5.3 The specific proposals for 2019/20, where relevant, comply with the strategy.

6. WELL-BEING OF FUTURE GENERATIONS

- 6.1 This report contributes to the Well-being Goals as set out in Links to Strategy above. It is consistent with the five ways of working as defined within the sustainable development principle in the Act in that:
- **Long Term** - Investment in the Education estate will provide schools that are sustainable and accessible for all learners.
 - **Prevention** – Improving the condition of the Education estate generally will support all learners in their long term education and skills outcome in that they are more likely to succeed if their Educational experience is positive.
 - **Integration** – These proposals are part of a strategy to maintain the level of our Education estate to provide the best outcome for all its learners.

- **Collaboration** – To work collaboratively with all relevant Stakeholders to continue to maintain the condition of the Education estate.
- **Involvement** – Through the collaborative working the Council will ensure the needs of schools and our learners are met.

POLICY AND RESOURCES SCRUTINY COMMITTEE – 12TH MARCH 2019

SUBJECT: RE-PROFILING OF WHQS PROGRAMME AND HRA CAPITAL PROGRAMME 2019/2020

REPORT BY: CORPORATE DIRECTOR FOR SOCIAL SERVICES & HOUSING

- 1.1 The attached report, which was considered by the Caerphilly Homes Task Group on 14th February 2019 ahead of its presentation to the Policy and Resources Scrutiny Committee and thereafter Cabinet, sought the views of Members on the re-profiling of the final stages of the WHQS programme with the aim of ensuring compliance by 2020.
- 1.2 The Technical Housing Manager referred Members to the details of the report and drew particular attention to paragraph 5.20 of the report which concluded that the re-profiled programme had been developed to inform Members and stakeholders on the anticipated timescales for bringing the Council's housing stock up to the WHQS. In addition the programme aims to demonstrate that full compliance will be achieved by the December 2020 deadline as set by WG.
- 1.3 In relation to the projected increased investment totalling £250m, a Member enquired as to why there had been an increased investment. The Technical Housing Manager explained that this increase was based on actual property survey results and an understanding that work would be increased to finish all the properties rather than omit them from the programme. The Chief Housing Officer added that the increase does not take the rate of borrowing beyond what was agreed by full Council and Cabinet and so is affordable.
- 1.4 A Member sought clarification on the changing circumstances in addition to the loss of the second contractor, as referred to in the report, which have affected the Programme and the need to re-profile. The Officers responded that there had been various additional works which had created delays such as unanticipated ecological considerations effecting work on roofs and also performance issues with contractors. The Technical Housing Manager stated that with a contract of this magnitude there would be some slippage and so re-profiling was necessary however the completion date of March is still achievable and is significantly earlier than the WG deadline of December 2020 and for additional reassurance the Welsh Audit Office (WAO) are satisfied with the timescales for completion.
- 1.5 Members discussed targets for completing external and internal works given the timescales and funding support and whether any increase in targets could be accommodated. The Technical Housing Manager informed Members that both external and internal works are validated weekly and there had been an increase in weekly targets. The increased weekly targets were being supported by the creation of additional teams including the procurement of more contractors through the Dynamic Purchasing System (DPS).
- 1.6 A Member enquired as to how energy efficiency was being increased within properties and how properties in need of energy efficiency improvements were identified. The Chief Housing Officer outlined that energy efficiencies are gained through internal work by installing new boilers, installing loft insulation, double glazing and additional wall insulation. He told Members that the whole housing stock is surveyed and assessed for energy efficiency.

- 1.7 A discussion was had regarding issues with communication between the Housing Service and Tenants particularly with Tenant Liaison Officers in regards to informing Tenants when both external and internal works are planned on their properties. The Chief Housing Officer informed Members that there were processes in place for communicating planned works to Tenants and that he would look into the issues experienced.
- 1.8 Members asked for further information on the rate of slippage in the Programme and whether it was a realistic expectation that works would catch up. The Technical Housing Manager advised Members that slippage for internal works was 700 properties however catch up is achievable in the last year of the programme and for external works slippage was 900 but again catch up was achievable based on current performance. The Chief Housing Officer added that despite delays the Programme is deliverable and projects a target for completion by March 2020 and the WAO are satisfied with the timeframes set out by the Programme. He acknowledged that there will potentially be slippage due to unforeseen delays however the March 2020 deadline is nine months prior to the WG December 2020 deadline and therefore contingency for these slippages has been built into the timeframes.
- 1.9 Following consideration and in noting the details of the report, the Caerphilly Homes Task Group unanimously recommended to the Policy and Resources Scrutiny Committee that the comments of the Group be noted when considering the re-profiling of the WHQS Programme and HRA Capital programme.
- 1.10 The Scrutiny Committee are asked to consider the report and the comments of the CHTG and make a recommendation to Cabinet.

CAERPHILLY HOMES TASK GROUP – 14TH FEBRUARY 2019

SUBJECT: RE-PROFILING OF WHQS PROGRAMME AND HRA CAPITAL PROGRAMME 2019/2020

REPORT BY: INTERIM CHIEF EXECUTIVE

1. PURPOSE OF REPORT

- 1.1 This report provides members with proposals for re-profiling the final stages of the WHQS programme with the aim of ensuring full compliance by 2020, prior to the report being considered by Policy and Scrutiny Resources Committee and thereafter Cabinet for approval.

2. SUMMARY

- 2.1 Whilst good progress has been maintained on the delivery of the programme during 2018/19, it has been necessary to review and re-align the programme to take account of changing circumstances to ensure that full compliance is achieved by 2020. One of the main changes affecting the programme, has been the loss of our second contractor who was delivering part of the internal works. This report sets out the revised programme.
- 2.2 Based on current and projected performance of the internal and external WHQS works programme (as confirmed in the recent WHQS Progress Report on the Final Stages to CHTG on 6th December 2018 and subsequent Welsh Audit Office (WAO) WHQS Follow up report issued December 2018) the achievement of full compliance is achievable prior to the deadline of December 2020.
- 2.3 A separate programme of works was established for our sheltered housing schemes with agreement that both internal and external works would be undertaken by our in-house workforce. This work is also on programme, however there has been a requirement to re-profile a number of the schemes as a result of additional external works being added to schemes, along with ecological surveys which have delayed some contracts by a number of months. In addition one sheltered housing scheme (Ty Isaf Risca) containing twelve units is now being suspended from the programme following a recent survey due to health and safety grounds. This will be accounted for as an acceptable fail in line with the WHQS guidance document issued by Welsh Government (WG) pending a feasibility study which is required to determine the future viability of the scheme.
- 2.4 The HRA Capital Programme budget has been revised based on surveyed costs projected forward to the end of the programme. Where surveys have yet to be finalised, average costs have been used based on rates from most recent tender submissions. This data has replaced the previous Savill's estimates and demonstrates that the housing business plan and the WHQS programme remains financially viable.

3. RECOMMENDATIONS

- 3.1 The CHTG note and provide views on the contents of the report prior to it being forwarded to the Policy and Resources Scrutiny Committee and Cabinet.
- 3.2 That members consider the revised WHQS programme and projected increased investment totalling £250m
- 3.3 That members note the borrowing requirement necessary to complete the programme (currently £43m) with the proviso that the borrowing amount remains affordable within the Business Plan and the HRA.

4. REASON FOR RECOMMENDATIONS

- 4.1 To inform members/stakeholders of proposed changes to the WHQS Programme and the HRA Capital Programme.

5. THE REPORT

- 5.1 In September 2012 an investment strategy was approved by the Caerphilly Homes Task Group/Cabinet Sub Committee which outlined how the WHQS Programme would be implemented on a community based approach for completion by the WG deadline of 2020. The work is split between the in house work force and contractors and, with the exception of sheltered housing, there are separate sequences for internal and external works.
- 5.2 In relation to our sheltered housing schemes, members previously approved an additional programme of works where internal and external works would be undertaken simultaneously by the Caerphilly Homes in-house team. These schemes have been incorporated within the programme for completion by 2020, with the exception of those schemes that have been identified for remodelling or potential demolition.
- 5.3 During the course of the programme there will inevitably be issues that will impact on its delivery given the volumes of properties and works involved. There are occasions where tenants are unable to proceed with the works due to a variety of reasons e.g. ill health, personal circumstances or simply they may not want the disruption that some of these works can cause. There have also been some issues in relation to contractor performance where outputs have not achieved the expected levels as well unforeseen additional work being encountered (e.g. replacement of roofs where originally repairs were identified) in addition to ecologist surveys detecting bats where these factors can all give rise to delays with the programme and subsequent slippage.
- 5.4 Members will be aware that two sheltered housing schemes have been classified as 'acceptable fails' in line with the WHQS guidance document, due to structural and design limitations. These two schemes are planned to receive major improvements post 2020 which will include remodelling works to make them fit for purpose. In addition, a further three sheltered schemes were removed from the programme as they are being considered for demolition subject to a new older persons development being provided to meet demand. One Sheltered Housing scheme (Ty Isaf Risca) containing 12 units has also recently been suspended from the programme as a result of health and safety concerns around the detection of Asbestos Containing Material (ACM's). Following this discovery, a full feasibility study will now be undertaken to determine the future viability of this scheme. This decision was based on the need for all residents to be decanted into temporary accommodation in order for these works along with the proposed WHQS works to be completed.

- 5.5 In August 2017 one of our main internal works contractors (Contract Services) ceased trading, along with the more recent termination of a second contractor (Vinci) in September 2018. The loss of the first contractor had previously impacted on the progress of internal works in the Lower Rhymney Valley. The recent loss of the second contractor has now impacted on progress of the Upper Rhymney Valley therefore the future programme has had to be amended to take account of the impact of these fundamental changes.
- 5.6 At the time of writing this report the internal planned programme for 2019/20 (including sheltered schemes) indicates that 849 properties will be remaining for the final year, however based on current performance at the end of quarter 3 and projecting this forward, there will also be approximately 784 properties carried over from 2018/19. Therefore a total of 1633 properties will be programmed into the final year. When considering that 1370 properties are anticipated to be completed by the end of 2018/19 with only one main contractor and the in-house team, the delivery of 1,633 properties during 2019/20 is considered achievable, particularly as additional contractors are now being utilised through the DPS.
- 5.7 This projection is based on a current compliance rate of 27 properties per week and our assumption that 85% of the total internal works will be compliant by the end of 2018/19. Projections will vary if the weekly compliance rate/level for the remainder of the year fluctuates. This weekly output if maintained into 2019/20 suggests full internal compliance will be achieved by 29th May 2020 however interventions are in place with the aim of hitting full compliance by 31st March 2020.
- 5.8 The existing external planned programme for 2019/20 (including sheltered schemes) indicates that 1,534 properties will be remaining, however based on current performance as at quarter 3 and projecting this forward, an estimated 1,735 properties will be carried over to 2019/20 which leaves a revised figure of 3,269 properties to be completed in the final year (30% of the total stock). When considering that 2,523 properties are anticipated to be completed in the financial year 2018/19, the completion of a further 3,269 during 2019/20 will be challenging to complete by the end of March 2020. However if current levels of performance are maintained, external compliance is anticipated to be achieved by April, 2020.
- 5.9 In addition to the above, we are also completing external works to 412 leasehold properties, however the completion of these are not measured within our compliance figures as they are no longer recorded as part of the councils housing stock.
- 5.10 We are now entering the final 2 years of the programme and significant work has been undertaken to validate the compliance data and accuracy of information recorded within the Keystone database. At officers' request, the validation process has also been independently verified by Internal Audit with some medium risk housekeeping issues being identified that we are currently addressing. This will provide us with greater assurance of the full achievement of WHQS by the end of December 2020. Based on current and projected performance of the internal and external main WHQS programme full compliance is anticipated to be achieved by 29th May 2020 which allows a considerable timescale contingency to account for any further slippage and therefore gives confidence that the achievement of full compliance is achievable prior to the deadline of December 2020.
- 5.11 In addition to bringing the council's housing stock up to WHQS, major improvements have also been undertaken to a number of our non-traditional housing which has included major structural changes to Precast Reinforced Concrete (PRC) properties, as well as energy efficiency improvements to no-fines concrete properties, over and above WHQS requirements. A separate report has been provided on the environmental programme.
- 5.12 Given the various delays and issues that have occurred over previous years, contingency arrangements have been put in place to increase momentum and to provide a safeguard for any unforeseen changes to ensure the programme continues to be deliverable. These include maximising the use of the DPS (Dynamic Purchasing System), Housing Repair Operations In House mop up teams and the Private Sector Housing team undertaking contracts to leasehold properties, with other options also being considered.

- 5.13 Taking account of various factors impacting on the programme a revised property profile is shown in the table below, which includes the sheltered schemes but excludes leasehold properties.
- 5.14 The property profile assumes that the number of properties for either internal or external works will be delivered in the year shown and provides the basis for planning. An overriding concern is to limit the amount of slippage from 2018/19 as the scope to catch up in the last year is limited. Slippage has been assumed from 2018/19 and 'built in' to the forward work programme below:-

Revised Property Profile

Year	Internal Work	External Work
2017/18 Compliant	7,739 (72%)	4,950 (46%)
2018/19 Projected	1,370 (85%)	2,523 (70%)
2019/20 Programmed	1,633 (100%)	3,269 (100%)

- Based on current stock count of 10,742

- 5.15 The revised internal works programme allows for properties that are remaining in the LRV, which were originally planned to be undertaken by the main external contractor, in 2017/18, to now be carried out by the in-house workforce or tendered using the Dynamic Purchasing System during the 2018/19 financial year. Likewise properties that are remaining in the North area for 2018/19 following the termination of the second contractor will be packaged to create a number of smaller contracts which will be tendered using the Dynamic Purchasing System.
- 5.16 A copy of the amended re-profiled programme is attached as Appendix 1.
- 5.17 The expenditure estimates in previous years have been derived from the Savills cost plan which was provided in 2008, based on a 15% stock condition survey. The programme provided in Appendix 1 is now based on more accurate costs, utilising average outturn costs from recent contracts and more up to date surveys. There will continue to be regular reviews of the cost plan based on trend data from valuations and tender prices, although all surveys should be completed by end of February 2019 which will override previous estimates. The latest assessment indicates that the programme currently remains within the limits of affordability set by the 2018/19 HRA business plan.
- 5.18 The 2019/20 HRA business plan is due to be submitted to WG by the end of March 2019 and will incorporate the re-profiled programme along with any changes since the 2018/19 business plan, such as new legislation (Right to Buy suspension), updates to interest rates, rent increases etc. Initial tests of these costs and assumptions have been carried out and the Business Plan still remains viable.
- 5.19 Due to the ongoing variances to the budget a contingency sum has been included. Given the size of the programme and the unknown work content this contingency sum is a best assessment based on the knowledge to date.

Conclusion

- 5.20 The re-profiled programme has been developed to inform members and stakeholders on the anticipated timescales for bringing the Council's housing stock up to the WHQS. The programme also aims to demonstrate that full compliance will be achieved by the deadline set by WG of December 2020.

6. ASSUMPTIONS

- 6.1 The main WHQS programme has been set out in communities which are then broken down into streets and account for the full council housing stock.
- 6.2 In order to re-profile the programme to account for slippage and ensure compliance with WHQS by the end of 2020, a number of assumptions have been made:-
- Resources currently employed will be maintained or replaced if necessary through recruitment.
 - No significant unforeseen work will be encountered which could delay the programme and increase costs.
 - Performance is maintained at current levels or improved.
 - No contractual disputes or challenges are encountered which could result in delays and/or increased costs.
 - No legislative challenges are made which could delay the awarding of contracts.
 - Reasonable weather conditions have been assumed for the remainder of the programme, as significant adverse weather could impact on external works in particular.

Corporate Plan 2018-2023

- 7.1 ***The Caerphilly We Want (CCBC, 2018-2023) - Well-Being Plan Objective 2: Enabling Employment*** – Use investment in the housing stock to increase the number of skilled, qualified workers and tackle worklessness by providing apprenticeship, training and work placements with our in-house workforce and building contractors.
- 7.2 ***The Caerphilly We Want (CCBC, 2018-2023): Well-being Objective 3: “Address the availability, condition and sustainability of homes throughout the county borough and provide advice, assistance or support to help improve people’s well-being.”***
- 7.3 ***Caerphilly Homes Service Plan (2018-2023): Priority 1A: All Council housing is improved to meet the Welsh Housing Quality Standard by 2020.***

Welsh Government Policies

- 7.4 ***Improving Lives and Communities: Homes in Wales (Welsh Government, 2010)***, which sets out the national context for improving homes and communities, including the energy efficiency of existing homes;

8. WELL-BEING OF FUTURE GENERATIONS

- 8.1 The underlying principles of the WHQS programme, which includes the provision of good quality affordable housing, energy efficient homes and carbon reduction, sustainable communities, health and wellbeing, targeted recruitment and training, clearly links to 5 of the 7 well-being goals in ***The Well Being of Future Generations (Wales) Act 2015***. It is consistent with the five ways of working as defined within the sustainable development principle in the Act:-

- 8.2 **Long-term** - Since the Housing Ballot (2012) we continue to make substantial investments and improvements to both the internal and external environments of our social housing stock (Public Sector), including specialised adaptations in accordance with the needs of some of our tenants. Adaptations are also supported and implemented in the Private Sector (often referred to as Disability Facilities Grants).
- 8.3 These fundamental changes and improvements are being achieved through; the implementation of the Welsh Housing Quality Standards; housing adaptations in accordance with tenants and homeowners needs; enhancing the quality of product installations and repairs; improving environments around homes; all aiding the well-being of our communities, its infrastructure and citizens alike, providing homes and communities for now and the future.
- 8.4 **Prevention** - The works undertaken through Housing Services helps to improve lives and communities, by securing local employment either in-house or through supplier, contractor and partnership arrangements.
- 8.5 Works undertaken by our services make significant visual improvements to housing stocks and their surroundings environments (improved the look and feel) helping to prevent anti-social behaviour and enviro-crime.
- 8.6 By raising standards and conditions with improved quality materials and appropriate service response, should aide and ease future maintenance schedules and requirements, better controlling costs, levels of deterioration/depreciation, improve safety and accessibility, while also reducing disruption to our tenants in the future, and aiding quality of life in both Private and Public Sectors, through intervention and support actions that are fit-for-purpose.
- 8.7 **Involvement** - Through established governance and performance frameworks, tenants and local residents are consulted on proposed property and environment improvements works along with various initiatives, and they are periodically informed of progress as part of for example, the WHQS delivery programme.
- 8.8 Numerous working groups are established and well embedded with periodic reporting and feedback opportunities exploited. Welsh Government, Environment Standards, Regulatory Controls and Checks, Tenant Engagement are all part of our daily business.
- 8.9 **Collaboration** - The programme delivery focused on internal collaboration, wider partnership arrangements with suppliers and contractors, joint working with the community and various other interested parties/groups. The delivery of community benefits and tenant engagement by all involved with the WHQS programme is a key focus for the success and delivery of this objective.
- 8.10 **Integration** - The programme looks to integrate property and environmental improvements that will benefit and transform lives and communities throughout the county borough. It further brings together a variety of stakeholders to deliver long term sustainable benefits for lives and communities including Social Services & Health.
- 8.11 Housing Services and our outlined priorities, contributes to a minimum of 6 out of the 7 well-being goals within the *Well-being of Future Generations Act (Wales) 2015*, including:-
- A prosperous Wales
 - A resilient Wales
 - A healthier Wales
 - A more equal Wales
 - A Wales of cohesive communities
 - A globally responsible Wales.

9. EQUALITIES IMPLICATIONS

- 9.1 An EqlA screening has been completed in accordance with the Council's Equalities Consultation and Monitoring Guidance and no potential for unlawful discrimination and for lower level or minor negative impact have been identified, therefore a full EqlA has not been carried out.
- 9.2 The implementation of the WHQS Programme will ensure compliance where appropriate with current Building Regulations and Equality Act requirements. The Council's procurement processes include equalities requirements and compliance by contractors undertaking WHQS work.

10. FINANCIAL IMPLICATIONS

- 10.1 The projected spend on the programme up to 31st March 2017 was £152m .The budget set for the WHQS programme for 2018/19 is £55.8m. This includes provision for internal and external works for general needs dwellings and sheltered schemes as well as environmental works, garages, fees, standard adaptations and void works. There is also an element for 2017/18 contracts that had not been financially completed by 31st March 2018.
- 10.2 The provision is based on actual survey information for those contracts that have been surveyed in advance of the financial year. Where contracts were yet to be surveyed, an average cost per element was used based on historical contract spends. This is updated throughout the year as survey data is confirmed and works identified.
- 10.3 The same principle applies for setting the 2019/20 budget and this has been estimated at £50m to complete the programme, although the carry over works will not be fully confirmed until March 2019.
- 10.4 Based on the first nine months expenditure profile this year, it is projected that the WHQS spend for 2018/19 will be some £48m and will be the highest annual spend since the commencement of the programme.
- 10.5 The WHQS programme was originally approved by Council in 2011 where borrowing was approved up to £61.3m based on an estimated spend of £220m over the term of the programme that was accounted for in the Housing Business Plan. The remainder of the funding is met from the HRA and the Welsh Governments annual Major Repairs Allowance (MRA). The expenditure was originally based on a 15% survey carried out by external consultants Savills. In July 2014 Cabinet agreed a revised Business Plan which required borrowing of up to £55m
- 10.6 To complete the programme, expenditure has now been estimated at £250m which is £30m higher. Projected spend at the end of 2018/19 is £200m with a final year estimated spend of £50m.
- 10.7 For a programme of this magnitude, changes are inevitable, and officers are constantly reacting on a daily basis to ensure the programme is completed by its deadline and the business plan remains financially viable. Re-profiling reports have been submitted to Cabinet, throughout the programme. Also, during the programme a borrowing cap was introduced by Central Government as part of the HRAS buy out which placed a limit on Local Housing Authorities on the amount they could borrow. It has since been confirmed in the November Budget Statement that the cap will be removed and Welsh Government are currently liaising with Local Housing Authorities to begin this process.
- 10.8 Although the expenditure has increased, the borrowing requirement based on the current business plan has reduced to £43m. This is due to more funding being available from the HRA as a result of in year surpluses and savings made within the service, also delaying the need for borrowing until further into the programme. The spend of £250m and the borrowing of £43m remains viable within the current housing business plan.

11. PERSONNEL IMPLICATIONS

- 11.1 The timetable pressure is increasing and there has to be the capacity within the staff resources to cope with the volume of work. Staff movement and recruitment will continue to meet changing demand and risks to the programme.
- 11.2 A restructure of Caerphilly Homes has been undertaken within the WHQS and Housing Repair Operations (HRO) in order to improve integration and maximise the skills. This has involved centralising the Planning team, Ordering team and Gas team along with creating a Technical Administration team. This is to ensure there is experience and capacity within the service area creating a consistent approach to not only deliver the WHQS programme by 2020, but to also ensure the required resources are in place to continue to maintain the standard post 2020.
- 11.3 Elements of the programme have also been allocated to third parties as a means to spread the risk and create extra capacity. These relate to the HRA garages and the proposed re-modelling of a number of sheltered schemes allocated to Building Consultancy and the external works to various leaseholder properties throughout the authority being allocated to the Private Sector Housing Team.
- 11.4 A separate report will be provided on the Environmental Programme which is also being delivered with in-house support being provided by Grounds Maintenance and the Highways Operations Group.

12. CONSULTATIONS

- 12.1 Comments received have been taken into consideration within the report.

13. STATUTORY POWER

CABINET – 13TH MARCH 2019

SUBJECT: FLEXIBLE RETIREMENT SCHEME

REPORT BY: DIRECTOR OF EDUCATION & CORPORATE SERVICES

1. PURPOSE OF REPORT

- 1.1 The purpose of the report is to seek Cabinet's approval to extend the period of flexible retirement from a maximum of 6 months (9 months in exceptional circumstances) to 2 years.

2. SUMMARY

- 2.1 The Council's Flexible Retirement Scheme provides for employees to make application for flexible retirement for a period of up to 6 months and 9 months in exceptional cases. This report seeks to extend the timescale of flexible retirement to a period of no more than 2 years.

3. RECOMMENDATIONS

- 3.1 Cabinet is asked to agree the extension of the timescale of flexible retirement to a period of no more than 2 years, as detailed in the updated Scheme attached at Appendix 1.

4. REASONS FOR THE RECOMMENDATIONS

- 4.1 The recommendation is made to support employees to plan their retirement by making a gradual adjustment at the end of their working lives.
- 4.2 The Council also benefits by retaining experienced staff with valuable skills and enabling better workforce and succession planning, which in turn supports the Council's Medium Term Financial Plan (MTFP).

5. THE REPORT

- 5.1 Council, at the meeting held on 7th October 2014, agreed that 'the existing pension discretions adopted by the Council be changed to allow employees to take advantage of flexible retirement in line with the approved scheme.'
- 5.2 Consequently, the Flexible Retirement Scheme was introduced with effect from 1st January 2015, which provided employees with a planned approach to retirement that involves an individual employee aged 55 or over voluntarily
- reducing their working hours in their existing post by at least 40% and/or
 - moving to a job that is at least 2 grades lower

whilst accessing their accrued pension benefits. However the benefits would be reduced because they are being paid early, subject to certain protections for pre 2014 members of the fund.

- 5.3 The timescale agreed for flexible retirement was up to 6 months and 9 months in exceptional circumstances.
- 5.4 Requests for flexible retirement have to be supported by a business case from the Head of Service that demonstrates that the service area is able to accommodate the request both operationally and financially. This business case also has to be authorised by the relevant Director, the Head of Corporate Finance & S151 Officer and the Head of People Services. There is no automatic right for an employee's request for flexible retirement to be agreed.
- 5.5 The table below details the numbers of employees that have been supported to take the opportunity of flexible retirement since the Scheme was introduced.

Year	Number
2015/16	7
2016/17	3
2017/18	6
Total	16

There have been none so far in 2018 / 19.

- 5.6 Feedback from Managers and the Trade Unions confirms that whilst employees are appreciative of this Scheme, they would prefer the opportunity to have a longer period of flexible retirement. Cabinet is therefore asked to agree the extension of flexible retirement up to a period of 2 years, as detailed in the revised Scheme attached at Appendix 1.
- 5.7 If Cabinet agree the revised Scheme, it will not come in to operation until 1 May 2019, in order that the Council may provide Torfaen Pensions with sufficient notification of this change.
- 5.8 The Trade Unions have been consulted and are fully supportive of this recommended change to the scheme.
- 5.9 **Conclusion**

The Council's Flexible Retirement Scheme provides a supportive opportunity for employee's to continue working whilst adjusting to retirement at the end of their careers. It also allows the Council to retain skills and knowledge whilst considering succession planning. It is possible that the number of employees interested in flexible retirement may increase should the increased period of time be agreed.

6. ASSUMPTIONS

- 6.1 There are no assumptions made within this report.

7. LINKS TO RELEVANT COUNCIL POLICIES

- 7.1 The Scheme links to the People Management Strategy and therefore to all other strategies, including all equality strategies, policies and procedures, which rely on employees to deliver the strategy and service provision.
- 7.2 **Corporate Plan 2018-2023.**

The Flexible Retirement Scheme contributes towards the Corporate Well-being Objectives, as detailed below:

Objective 2 - Enabling employment.

8. WELL-BEING OF FUTURE GENERATIONS

8.1 Having considered the five ways of working, the Flexible Retirement Scheme contributes to the following Well-being Goals:

- A healthier Wales
- A more equal Wales.

9. EQUALITIES IMPLICATIONS

9.1 An Equalities Impact Assessment (EIA) has been completed for this revised Scheme and is attached at Appendix 2.

9.2 The EIA demonstrated that there was no potential for discrimination with this Scheme as it supports employees over 55 years of age to continue working and access their pension in accordance with Local Government Pension Scheme Regulations (LGPS).

10. FINANCIAL IMPLICATIONS

10.1 The financial implications will depend on the number of employees who apply for flexible retirement. Whilst there are no quantifiable financial implications for the Authority by revising this Scheme, there could be financial implications in individual cases. Where applications for flexible retirement incur a pension strain cost, approval must be sought from the Council's Pensions/Compensation Committee.

10.2 As stated in paragraph 5.4, all supported requests for flexible retirement require a robust business case, which includes financial scrutiny and authorisation by specified officers including the Head of Corporate Finance & S151 Officer.

11. PERSONNEL IMPLICATIONS

11.1 The personnel implications are included in this report.

12. CONSULTATIONS

12.1 All consultation responses have been reflected in this report.

13. STATUTORY POWER

13.1 Local Government Pension Scheme Regulations 2013.
Local Government Act 1972.

NOTE

Wherever the designation Manager is used throughout this Scheme, it is taken to mean Head of Service, Line Manager, Supervisor, Officer in Charge, Head Teacher or anyone who has a responsibility for employees through their work.

The Scheme is available on the HR Support Portal, from Managers or from HR.

INTRODUCTION

1. Caerphilly County Borough Council is committed to providing its employees with more choice and flexibility with regard to whether they wish to retire early or stay in work beyond normal retirement age, making their transition from working life to retirement a smoother one for the employee and the Council.
2. The Council recognises that attracting and retaining a well-trained, well motivated and flexible workforce, with a wide range of skills and experience is essential to the provision of quality services.
3. Flexible retirement is a change from retiring at a specific age to a much more flexible approach so that employees can plan their retirement, financially and socially, and make a gradual adjustment at the end of their working lives. There are also benefits to the Council by retaining experienced staff with valuable skills and enabling better succession planning. Flexible retirement will allow employees to reduce their working hours thus allowing them time to pursue other activities.
4. It is important to note that flexible retirement applications must bear in mind the operational requirements of the service and will only proceed to Pensions Committee for approval if there is a viable business case approved by the Head of Service and Director confirming that the request can be accommodated and that there will be no disruption to the working of the Service Area.
5. The Scheme sets out how Managers and employees can work together to achieve flexibility for employees approaching retirement.

SCOPE OF THE SCHEME

6. The Flexible Retirement Scheme applies to any individual employee where a flexible retirement opportunity has been identified, either by the employee or the Council, irrespective of whether they are on a fixed term or permanent contract. This does not include school based support employees unless the School Governing Body has adopted the Scheme. This Scheme should not be used for groups of employees who wish to flexibly retire.
7. The Council's recognised Trade Unions have been consulted on the Scheme.
8. This Scheme supersedes all earlier schemes and must be used to deal with all applications for flexible retirement. The effective date of this scheme is 1st May 2019. The scheme and guidelines will be used to deal with all flexible retirement situations.

GUIDING PRINCIPLES

9. The majority of employees' normal retirement age will be the same as their state pension age. This is referred to as normal pension age (NPA). Employees are able to find out their normal pension age by going to <https://www.gov.uk/calculate-state-pension>.
10. However, in accordance with the LGPS Regulations, an employee can retire and gain access to their LGPS pension benefits, from age 55, without their employer's consent. Pension benefits may be actuarially reduced if benefits are drawn before NPA. It should be noted that the Council will not waive an employee's actuarial reduction if the benefits are drawn before NPA. However, under the 85 Year Rule, if a member's age and membership in whole years equals 85 at age 60, the member may be able to retire without a full reduction in benefits. Employees who joined the LGPS on or before 30th September 2006, may (under the protections put in place due to the removal of the 85 year rule) be subject to full or partial protection from reduction. The protections afforded under the '85 year rule' will be withdrawn completely from 1st April 2020.

11. Flexible retirement is a planned approach to retirement that involves an individual employee aged 55 or over to voluntarily
- Reduce their working hours in their existing post and/or
 - Move to a job on a lower grade

whilst accessing their accrued pension benefits. However the benefits would be reduced because they are being paid early, subject to certain protections for pre 2014 members of the fund as stated in paragraph 10. Examples of the reductions applicable are shown as in Appendix A.

12. Heads of Service are required to draw up a Business Case to demonstrate that the Service Area is able to accommodate the request both operationally and financially. The business case should include details of the impact on service delivery and the benefit to the Service Area as well as the individual and any associated costs. The business case will also include the employee's intended retirement date so that the Service Area can plan for the employee's eventual retirement. This date should not be more than two years in the future. This Business Case should be counter signed by the relevant Director, the Head of Corporate Finance & S151 Officer and Head of People Services.
13. Applications for flexible retirement can take up to 12 weeks to process so employees should bear this in mind when making their application and allow adequate time if they have a specific date that they wish the new arrangement to take place on. If the business case is not viable for the Service Area, it may be possible to facilitate a flexible retirement by cross matching to a post within another Service Area. In this circumstance, please seek further advice from your HR Business Partner Team.
14. In the event that an application for flexible retirement is received from the Chief Executive, the application will be considered by full Council.
15. Employees, subject to the business case being viable and the Service Area being able to accommodate the flexible retirement, have a choice of whether to reduce hours or grade. The reduction in hours must be **at least** 40% of the employee's contractual hours immediately prior to the planned flexible retirement e.g. for a full time employee this will be two days a week, for a part time employee this will be 40% of their hours so someone working 30 hours would need to reduce their hours by 12 hours. The reduction in grade must be a **minimum** of two grades e.g. a Grade 5 to a Grade 3. If an employee decides to reduce their grade in order to take flexible retirement, they will be put on the top Spinal Column Point of the relevant grade.
16. There is no automatic right for an employee's request for flexible retirement to be agreed.
17. Heads of Service should contact their HR Business Partner Team to discuss any applications for flexible retirement that they receive. This is especially important where an application cannot be supported. In this case, Heads of Service should seek advice, prior to notifying the employee that the application cannot be supported, to ensure that the case has been reasonably considered and all alternatives have been explored. When an application is not supported, employees must be given written reasons as to why the application cannot be accommodated.
18. Employees will only be able to flexibly retire once so a number of reductions in hour or grade over a period of time will not be permitted. Any changes to an employee's contract as a result of an application for flexible retirement will be permanent and there is no automatic right to go back to full time hours or grade or for further reductions in hours or grade.
19. An employee retiring flexibly does not have to draw on all of the benefits they have built up at the point of flexible retirement. They have to draw

- all of their pre 1st April 2008 benefits plus
 - all, some or none of their 1st April 2008 to 31st March 2014 benefits plus
 - all, some or none of their post 31st April 2014 benefits plus
 - any additional benefits in accordance with actuarial guidance issued by the Secretary of State. (Additional benefits are added years being purchased by the employee, AVCs (if the employee chooses to draw them), additional pension bought by APCs/SCAPS, additional pension bought by ARCs and additional pension awarded by the employer if they discretion has been adopted.)
20. There is no trial period for flexible retirement. Once it has been agreed, the decision cannot be reversed. This is, because of the direct impact upon the pension benefits.
 21. Where an employee remains in post beyond age 65, flexible retirement remains a permissible option up until age 74.
 22. Pension benefits must be drawn one day before reaching the age of 75.
 23. Employees will remain in the pension scheme and accrue a second pension on the reduced hours or grade, unless the Council is informed in writing of the employee's decision to opt out of the Scheme. These benefits will become payable when the employee retires fully. Employees are also able to pay Additional Pension Contributions or Additional Voluntary Contributions to purchase additional pension benefits, if they so wish.
 24. Prior to making any application for flexible retirement, employees need to ensure that they obtain all the necessary information about what pension benefits are payable, additional voluntary contributions, etc and other financial matters to inform their decision to take flexible retirement. In all cases advice must be sought from your HR Business Partner Team, who will contact the Greater Gwent Pension Fund on the employee's behalf. The Greater Gwent Pensions Fund will not deal directly with employees about their pension benefits in relation to flexible retirement applications as employer consent is needed for the application to progress. Employees are also advised to seek independent financial advice before making any decisions.
 25. If an employee reduces their hours in the same job or obtains a new job by way of a flexible retirement application, all the conditions of their contract of employment will be retained, including recognition of continuous service for purposes of annual leave, sick pay and entitlement to the Council's long service award and for employment rights such as redundancy payments. However, although the entitlements will be retained the amount of the entitlement will be pro rata'd (apart from the Long Service Award) to the number of hours that the employee is working.
 26. If an employee is not in the LGPS, or does not wish to draw their pension benefits, but wishes to reduce their hours in readiness for retirement, they should do so via a Flexible Working Request.
 27. Managers should be mindful of their obligations under Equalities legislation and in particular the requirement not to discriminate or treat employees differently on the grounds of age.
 28. It is also important to consider that as the Council's workforce begins to age, with possibly increased physical and medical issues or disabilities linked to age, that flexible retirement also benefits employees in helping to maintain a practical work-life balance, protecting income and pension for the employee and potentially reducing sickness absence to a minimum.

INTERPRETATION OF THE SCHEME

29. In the event of a dispute relating to the interpretation of this Scheme the Head of People Services or the Human Resources Service Manager will make the final decision on interpretation.

REVIEW OF THE SCHEME

30. A review of this Scheme and procedure will take place will take place two years after agreement or sooner if appropriate and the Council retains the right to change the Scheme at any time. Any amendments will be consulted on with all the relevant parties. However, in the case of amendments relating to legislative requirements, the Scheme will be amended and reissued.

3. To calculate your normal pension age go to <https://www.gov.uk/calculate-state-pension> and then take the age that you wish to retire from your normal pension age to calculate how many years early you are retiring e.g. normal pension age is 67 and employee decides to retire at 61 they would be retiring 6 years early so a man would have a 29% reduction and a woman a 27% reduction.

EQUALITY IMPACT ASSESSMENT FORM

October 2018

THE COUNCIL'S EQUALITIES STATEMENT

This Council recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within and between our communities, residents, elected members, job applicants and workforce.

We will also work to create equal access for everyone to our services, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh language, BSL or other languages, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.

The Council is required to have due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010
- advance equality of opportunity between people who share a relevant protected characteristic and those who do not
- foster good relations between people who share a protected characteristic and those who do not.

The Act explains that having due regard for advancing equality involves:

- removing or minimising disadvantages experienced by people due to their protected characteristics
- taking steps to meet the needs of people from protected groups where these are different from the needs of other people
- encouraging people with protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

The protected characteristics are:

- | | |
|----------------------------------|----------------------------------|
| • Age | • Race |
| • Disability | • Religion, Belief or Non-Belief |
| • Gender Re-assignment | • Sex |
| • Marriage and Civil Partnership | • Sexual Orientation |
| • Pregnancy and Maternity | • Welsh Language* |

* The Welsh language is not identified as a protected characteristic under the Equality Act 2010, however in Wales we also have to treat Welsh and English on an equal basis as well as promoting and facilitating the use of the Welsh language.

DATE FOR NEXT REVIEW OR REVISION	May 2021 or sooner if required.

***Throughout this Equalities Impact Assessment Form, ‘proposal’ is used to refer to what is being assessed, and therefore includes policies, strategies, functions, procedures, practices, initiatives, projects and savings proposals.**

The aim of an Equality Impact Assessment (EIA) is to ensure that Equalities and Welsh Language issues have been proactively considered throughout the decision making processes governing work undertaken by every service area in the Council as well as work done at a corporate level.

The Council’s work across Equalities, Welsh Language and Human Rights is covered in more detail through the **Equalities and Welsh Language Objectives and Action Plan 2016-2020**.

When carrying out an EIA you should consider both the positive and negative consequences of your proposals. If a project is designed for a specific group e.g. disabled people, you also need to think about what potential effects it could have on other areas e.g. young people with a disability, BME people with a disability.

There are a number of supporting guidance documents available on the **Corporate Policy and Business Support Portal** and the Council’s Equalities and Welsh Language team can provide advice as the EIA is being developed. Please note that the team does not write EIAs on behalf of service areas, the support offered is in the form of advice, suggestions and in effect, quality control.

Contact equalities@caerphilly.gov.uk for assistance.

CABINET – 13TH MARCH 2019

SUBJECT: NON RESIDENTIAL SOCIAL SERVICES CHARGING

REPORT BY: CORPORATE DIRECTOR – EDUCATION AND CORPORATE SERVICES

- 1.1 The attached report was presented to the Health Social Care and Wellbeing Scrutiny Committee on 5th February 2019. The report sought Members' views in respect of the proposed changes to the current non-residential charging model to ensure equity for all Service users and also that the Council is complying with the Social Services and Well-being (Wales) Act 2014.
- 1.2 The proposed changes include charging for the support element of domiciliary care, charging for day opportunities provided in a community setting and charging for day opportunities provided by independent and third sector providers.
- 1.3 Members were advised that inequities in the system have been identified. The current position is that individuals for the support element of domiciliary care that they receive are not being charged. Buildings based day care is subject to the non-residential charging policy whereas community based day opportunities where individuals access their local community often with 1:1 support is not subject to the charging policy. Charging for day opportunities provided by independent and third sector providers is also included.
- 1.4 The Scrutiny Committee discussed the report and proposals contained therein. They referred to the cross-party working group that had been established in 2013 that consisted of Members of the Scrutiny Committee, who considered this position at that time.
- 1.5 Members supported the recommendations in the report in principle with a change to paragraph 10.1 and 10.3. to include the duration of a 2 year period and not 5 years. Members considered this to be an opportune time to establish a Task and Finish Group to consider the policy and future charges and make recommendations to the Executive that will ensure that a coherent policy is in place for future years that is also fit for purpose.
- 1.6 Cabinet are asked to consider the attached report and the recommendations below from the Scrutiny Committee: -
 - (i) the charging for domiciliary support services via application of Caerphilly's Non-Residential Charging Policy which complies with the legislation as set out in the Social Services and Well-being (Wales) Act 2014, be agreed;
 - (ii) the proposal of charging for all buildings-based day opportunities at a daily rate and for community based day services at an hourly rate via application of Caerphilly's Non-Residential Charging Policy which complies with the legislation as set out in the Social Services and Well-being (Wales) Act 2014, be agreed;
 - (iii) the level of inflationary uplift in charges for non-residential care for 2019/20 and subsequent financial years continue to increase the hourly rate by 10% per annum and the daily rate by 20% per annum, for a period of 2 years and subject to review by a Task and Finish Group.

HEALTH, SOCIAL CARE & WELLBEING SCRUTINY COMMITTEE – 5TH FEBRUARY 2019

SUBJECT: NON RESIDENTIAL SOCIAL SERVICES CHARGING

REPORT BY: CORPORATE DIRECTOR SOCIAL SERVICES & HOUSING

1. PURPOSE OF REPORT

- 1.1 To propose changes to the current non-residential charging model to ensure equity for all service users to include:-
 - a) charging for the support element of domiciliary care;
 - b) charging for day opportunities provided in a community setting and
 - c) charging for day opportunities provided by independent and third sector providers.
- 1.2 To seek views regarding an annual inflationary uplift in the hourly charge for domiciliary care and the daily charge for day opportunities.
- 1.3 To enable views of the scrutiny committee to be included in the cabinet report.

2. SUMMARY

- 2.1 The report will identify changes that are required to ensure compliance with legislation.
- 2.2 The report will identify inequities in the system in terms of not currently charging individuals for the support element of domiciliary care that they receive.
- 2.3 The report will identify inequities in the system in terms of charging for specific services. Currently buildings based day care is subject to the non-residential charging policy whereas community based day opportunities where individuals access their local community often with 1:1 support is not subject to the charging policy.
- 2.4 The report will identify inequities in the system in terms of not charging individuals who receive day opportunities through independent and third sector providers.

3. LINKS TO STRATEGY

- 3.1 This introduction of a revised charging policy for non-residential services would contribute to the following Well-being Goals within the Well-being of Future Generations Act (Wales) 2015:
 - A prosperous Wales
 - A more equal Wales
- 3.2 The Social Services and Well-Being Act 2014 identifies the requirement to develop a care and support plan for individuals eligible for services.

3.3 The introduction of a revised means tested charging policy for non-residential services could raise additional income to support the medium term financial plan without impacting on those service users facing financial hardship.

4. THE REPORT

4.1 Previously a cross party members task and finish group consisting of scrutiny members was established to examine the requirements and impact of charging for non-residential services, the services that had a charge and the application of charges and disregards.

4.2 The findings of the task and finish group were presented to Scrutiny Committee on 26th March 2013, the following was endorsed and recommended to Cabinet.

- The council increase the hourly rate for home care and supported living to £7.88 followed by a further increase of 10% per annum in subsequent years. To be reviewed after 5 years.
- The council increase the daily rate for day care services to £3.24 followed by a further increase of 20% per annum in subsequent years. To be reviewed in 5 years.
- Service users residing in Extra Care facilities who are receiving domiciliary care services should be financially assessed under the non-residential charging policy, to bring them in line with other non-residential service users.
- A report to be presented to the Health Social Care and Well-Being Scrutiny Committee at a future date that details the support element of home care, level of provision and recommendation on charging.
- The Council should include savings in the financial assessment for the ability to pay a contribution towards non-residential social services.
- The Council include in the policy, a statement to state clearly circumstances when a financial assessment or charge will be waived or deferred. The statement to include a timeline of three months.

4.3 Charging for the support element of domiciliary care now needs to be considered in line with the Social Care and Well-Being (Wales) Act 2014 which requires the production of a care and support plan for individuals eligible for services.

4.4 Previously it was agreed not to charge for support, this is clearly inequitable as individuals are receiving intervention regardless of whether the worker is physically assisting them by, providing care or verbally prompting them to achieve their outcomes.

4.5 As part of the financial assessment process under the non-residential charging policy, service users are supported to maximise their income and benefits. Thus by not charging people for support we are treating them inequitably in terms of not supporting them to maximise their income and benefits.

4.6 Day care was traditionally buildings based however services have developed to be more socially inclusive and tailored to an individual's outcomes. Hence we now provide people with individual day opportunities with support staff to enable them to access their local communities, these services have never been subject to the non-residential charging policy. This has introduced an inequity in the system not just between people who receive building based verses those that receive community support, but in some cases individuals can receive both services and only be financially assessed for one.

4.7 Day opportunities include the Links, Windy Ridge, the Community Support Team for people with a learning disability, Older Persons Community Team and sessional support through the Shared Lives Scheme. The Links and Windy Ridge provide day opportunities in a group setting similar to buildings based day care so it would be appropriate to charge for these services at the same daily rate as we currently charge for buildings based day care. However, the Community Support Team, Older Persons Community Team and sessional support tends to be one to one support for which it would be more appropriate to apply the same hourly rate as domiciliary care.

- 4.8 Charges for buildings based day care provided at bases staffed by Council staff are collected directly from the service users by those staff. However, collecting charges from service users in receipt of services from independent or third sector providers would be more challenging and costly. As a result, a decision was made not to charge for these services. However, this has introduced an inequity which needs to be addressed.
- 4.9 Therefore, it is proposed that where services are provided by independent or third sector providers in a group setting, the services should be charged for at the same daily rate as we currently charge for in-house buildings based day care. Where services are provided by independent or third sector providers on a one to one basis, the services should be charged for at the same hourly rate as domiciliary care.
- 4.10 The task and finish group recommendation to increase the hourly rate for home care by 10% per annum and the daily rate for day care by 20% per annum has meant that the charges applied in 2018/19 have increased to £11.54 per hour for home care and £6.72 per day for day care. The increase applied in 2018/19 was the fifth and final year of the review period recommended by the task and finish group so Members are asked to consider some options for annual increases in charges for 2019/20 and beyond.
- 4.11 The table below illustrates what some of our neighbouring authorities charge:-

Dom/Homecare	Day Care/Centre Attendance	Community Support
£12.50 per hour or part thereof	£12.50 per day	£12.50 per hour or part thereof
£15 per hour or part thereof	£29.00 per day	?
£20.64 per hour or part thereof	£56.31 per session	£20.64 per hour or part thereof (or £14.21 per hour if Direct payments)
£15.58 per hour or part thereof	£35.86 per day	£15.58 per hour or part thereof
£20.50 per hour	£15.00 per day	£20.50 per hour
£11.95 per hour	£11.95 per session (am or pm)	£11.95 per session (am or pm)
£10.80 per hour	£10.55 per session (can attend 2 sessions per day)	£10.80 per hour
£18.64 per hour	Dependant on day centre service but either £33.28 or £62.72	£18.64 per hour
£17.00 per hour or part thereof	£17.00 per day	?

- 4.12 These options could include:-
- 4.13 Continue to increase the hourly rate by 10% per annum and the daily rate by 20% for a further 5 year period. This would result in an hourly rate of £18.59 by 2023/24 which is likely to be approaching, if not exceeding the full cost of providing the service. The daily rate would rise to £16.70 by 2023/24 which is still likely to be much less than the full cost of providing the service.

- 4.14 Increase the rate for all non-residential services by the same percentage as that agreed for the annual change in council tax. It is unlikely that annual increases would be excessive under this option but it is possible that increases could fall behind the inflationary increase in the cost of providing the service. This approach could be considered for a further five year period or longer.
- 4.15 Increase the rate for all non-residential services by the same percentage agreed for non-pay inflation within the corporate budget settlement each year. Again, it is unlikely that annual increases would be excessive under this option. However, recent history would suggest that the cost pressures within social care are likely to exceed the general inflationary pressures on non-pay costs across the Council so the increase in charges could lag behind increases in the cost of providing the service. This approach could be considered for a further five year period or longer.
- 4.16 Continue to increase the daily rate by 20% for a further 5 year period but apply an inflationary increase to the hourly rate in line with either (a) the annual council tax increase or (b) the percentage agreed for non-pay inflation within the corporate budget settlement each year. This would allow the charge for day care in a group setting to continue to catch up with the cost of providing the service but would ensure that charges for domiciliary services and one to one day opportunities do not exceed the cost of providing the service.

5. WELL-BEING OF FUTURE GENERATIONS

- 5.1 This proposal contributes to the Well-being Goals as set out in Links to Strategy above. It is consistent with the five ways of working as defined within the sustainable development principle in the Act in that

The five ways of working listed in the Act are:

- Long Term – The importance of ensuring all service users are treated equitably and their incomes maximised will benefit the community in the future.
- Prevention – Acting in this way will ensure we promote peoples independence, choice and control, whilst enabling us to meet our objectives.
- Integration – This will ensure we meet other council objectives of improving prosperity within the borough.
- Collaboration – Acting in collaboration across the directorate will contribute to overall income maximisation and collection of charges raising revenue for the department.
- Involvement – The importance of involving people who have an active interest in achieving their own well-being goals, will lead to sustainable communities in the longer term.

6. EQUALITIES IMPLICATIONS

- 6.1 An EqlA screening has been completed in accordance with the Council's Strategic Equality Plan and supplementary guidance and no potential for unlawful discrimination and/or low level or minor negative impact have been identified, therefore a full EqlA has not been carried out.

7. FINANCIAL IMPLICATIONS

- 7.1 It is anticipated that the proposed changes to the non-residential charging policy would result in additional income for the authority. However, insufficient personal financial information is held to quantify it at this stage.
- 7.2 Currently, there are 1,099 service users accessing a chargeable domiciliary care service. Following the application of the Non-Residential Charging Policy, 313 of these service users (28.5%) pay nothing towards the services they receive, 276 service users (25.1%) pay the

maximum charge of £80 per week and a further 269 (24.5%) service users pay all of their assessed disposable income. This means that these 858 service users would not be expected to contribute any more under the new proposals, even if they are in receipt of domiciliary support or day care services that have previously not been subject to charging. Of the remaining 241 service users (21.9%) many are in receipt of domiciliary care only and as such would not be affected by the proposed changes in policy.

7.3 There are over 300 service users in receipt of day services that are not currently subject to the non-residential charging policy. However, some of these services users will also be in receipt of chargeable domiciliary services and will be included in the 1,099 service users considered in paragraph 7.2 above. Moreover, of those service users that are in receipt of day care services only, it is likely that around 28.5% of these would be assessed to pay nothing towards their care.

7.4 The Financial Services Team do not hold information in respect of the number of service users in receipt of domiciliary support services only.

8. PERSONNEL IMPLICATIONS

8.1 There are no personnel implications identified in relation to this report.

9. CONSULTATIONS

9.1 All responses from consultations have been incorporated in the report.

10. RECOMMENDATIONS

10.1 That Members support the proposal of charging for domiciliary support services via application of Caerphilly's Non-Residential Charging Policy which complies with the legislation as set out in the Social Services and Well-being (Wales) Act 2014.

10.2 That Members support the proposal of charging via application of Caerphilly's Non-Residential Charging Policy, at a daily rate for all buildings-based day opportunity services, and at an hourly rate for all community based day opportunities

10.3 That Members consider the level of inflationary uplift in charges for non-residential care that should be recommended for 2019/20 and subsequent financial years.

11. REASONS FOR THE RECOMMENDATIONS

11.1 To ensure that the Health Social Care and Wellbeing Committee views are included in the Cabinet report for charging for non-residential services

11.2 Recommendations are equitable to all service users in receipt of care and support services in a non-residential setting. Ensuring all non-residential service users have the opportunity to have their benefits maximised.

11.3 Recommendations ensure that those non-residential service users with the financial means to do so. contribute towards the costs of all the services that they receive

11.4 Recommendations allow for inflationary increases in charges over the medium term.

12. STATUTORY POWER

12.1 Local Government Act 1972 and 2000.

Committee held on 12th February 2013 (minute nos. 1-11; page nos. 1-6) be approved
as a correct record and signed by the Chairman.

3. CONSIDERATION OF ANY MATTER REFERRED TO THE SCRUTINY COMMITTEE IN ACCORDANCE WITH THE CALL-IN PROCEDURE

There had been no matters referred to the Scrutiny Committee in accordance with the call-in procedure.

4. REPORT OF THE CABINET MEMBER

The Scrutiny Committee received a verbal report from Councillor R. Woodyatt, Cabinet Member for Social Services. The Scrutiny Committee received details of the following.

The Social Services & Wellbeing (Wales) Bill has been issued by Welsh Government and is now out for formal consultation. The Bill will significantly change the way organisations across the public sector deliver Social Services. When the final bill is received officers will arrange a Members' Seminar to explain and discuss the detail of the bill.

On the 25th February 2013 the Care & Social Services Inspectorate for Wales announced their analysis of Council performance for 2011/12. Although this report will not be published, it sets out to identify good practices that other authorities can learn from. The report concluded that Caerphilly's good practice examples were, Adult Protection, Child Protection and managing the performance of independent providers.

Similarly, on 7th March 2013, CSSIW published their report on the role of the Statutory Director of Social Services in Wales. This followed an inspection they carried out in December 2012. The conclusions of the report were very positive for the Authority and a report on the findings will be brought to Scrutiny in due course.

On the integration front a report will be going to Cabinet with regard to the future direction of our work with Blaenau Gwent. This report will be brought to the next HSC&WB Scrutiny Committee meeting in May.

The Directorate continues to try and recruit an Interim Assistant Director for Children's Services and it is hoped that this process will be completed in the next week. The Cabinet Member thanked the current Service Managers within the Children's Services Division for covering many of the roles over the past few weeks.

Reference was made to the media cuttings concerning a serious case review. The report from Bridgend Local Safeguarding Children Board made 52 recommendations, only one of which named Caerphilly. Caerphilly's involvement was a very small part of the investigations.

Finally, Councillor Woodyatt informed the Scrutiny Committee that two of the Directorate's services have been shortlisted for the Social Care Accolades. The Immediate Response Team and the Children's Rights Officer will now go on for further consideration. Members of the Scrutiny Committee joined Councillor Woodyatt in congratulating the staff involved and wished them well as the process continues.

5. YOUTH FORUM PRESENTATION

The Scrutiny Committee welcomed Joel Price, representing Caerphilly Youth Forum and Clare Jones, Youth Forum Coordinator.

By means of a digital story and PowerPoint presentation, Joel outlined the issues that the Junior and Youth Forum had chosen as their priorities for the year ahead under the four corporate themes of Regeneration, Education, Health Social Care and Well-being and the Environment.

The four priorities were voted upon at the Youth Forum Conference in October. The issue that received the largest number of votes (32%) and which had therefore been chosen by the Youth Forum as its priority issues for the year ahead falls within the Environment theme and to their wish for better leisure facilities, more activity choices at a lower cost and improved advertising. The issue for Health Social Care and Well-Being, with 28% of the votes, related to abuse and the need for everyone to be able to recognise all types of abuse, how to report it and to have the confidence to do so. The Youth Forum issue for Education receiving 21% of the votes, concerned better transition information from schools to colleges and higher education. The issue for Regeneration, with 19% of the votes, related to access for disabled people.

In terms of the priority Issue, Joel explained that the Youth Forum were hoping to work with Leisure to develop a smart card reward system to develop fitness sessions for all ages at the outdoor gym at Cefn Fforest, to create a phone application for the smartcard and to explore the feasibility of a free return journey on public transport when using the leisure facilities. In addition, they were hoping for more outdoor gyms to be provided across the county borough. Joel invited the views of Members present on these proposals, which were closely linked with health and wellbeing. In this respect, reference was made to the need to encourage more young people to use the leisure facilities in certain areas and Joel suggested that the Forum could promote this on their website and via social media sites such as Twitter.

Members thanked Joel for his excellent presentation and discussion ensued on the ways in which the Authority could help and support the Youth Forum in terms of raising awareness of abuse, being able to recognise it and having the confidence to report it. Joel welcomed the suggestions put forward and invited the Safeguarding and Review Team - Children's Services to attend one of their conferences.

SCRUTINY REPORTS

Consideration was given to the following reports.

6. NON-RESIDENTIAL SOCIAL SERVICES CHARGING TASK AND FINISH GROUP

Councillors L. Ackerman and C. Gordon had declared an interest in this item and took no part in the discussion or voting thereon.

The Scrutiny Committee received a PowerPoint presentation on the background, findings and recommendations of the Task and Finish Group, which had been set up to review charging for non-residential social services.

The review group's terms of reference were to examine the requirements of the Social Care Charges (Wales) Measure in 2010 and the impact upon non-residential social services charging in respect of services that have a charge; the level and application of charges and allowances and disregards. Whilst conducting their review, members of the group requested data on the level of client contributions towards non-residential services in CCBC compared to neighbouring local authorities. Members were surprised that the charges set by the Council were the lowest of its neighbours, in particular the daily charge for day care attendance of £1.62.

The Chair of the Task and Finish Group, Councillor B. Jones, thanked all Members and Officers who had taken part in the review for their hard work and commitment, whilst acknowledging the difficult decisions that had to be taken in order to ensure the sustainability of social services in the long term.

The Scrutiny Committee gave detailed consideration to the report and the recommendations contained therein and RECOMMENDED to Cabinet that:-

1. The Council increase the hourly rate for home care and supported living to £7.88 followed by a further increase of 10% per annum in subsequent years. To be reviewed after 5 years.
2. The Council increase the daily rate for day care services to £3.24 followed by a further increase of 20% per annum in subsequent years. To be reviewed after 5 years.
3. Service users residing in Extra Care facilities who are receiving domiciliary care services should be financially assessed under the Fairer Charging policy, to bring them in line with other non-residential service users.
4. A report be presented to Health Social Care & Wellbeing Scrutiny Committee at a future date that details the support element of home care, level of provision and recommendations on charging.
5. The Council should include savings in the financial assessment for ability to pay a contribution towards non-residential social services.
6. The Council should include in the policy a statement to state clearly circumstances when a financial assessment or charge will be waived or deferred. The statement to include a time limit of three months.

7. REVIEW OF DAY CARE SERVICES, OLDER PERSONS

Councillors L. Ackerman and C. Gordon had declared an interest in this item at the start of the meeting and took no part in the discussion or voting thereon. Councillor L. Ackerman left the meeting and the Vice Chair, Councillor B. Jones, took the chair until Councillor Ackerman returned.

The report informed the Scrutiny Committee of the review of the management structure of day care services that provide support for older people, younger adults with a physical disability and adults with a diagnosis of dementia. The review includes the proposed management structure to ensure effective and robust management arrangements are in place.

Members were advised that there is a need to re-shape services to achieve a more person centred, user led provision. This will support people to live in their own homes longer while adding invaluable support to carers to enable them to continue in their caring role whilst also being able to pursue their own interests. It is about supplementing the model and transforming day services to take account of demographic pressures.

A Member asked whether it was envisaged that the new structure would enable more service users to access the service and requested a report on progress six months after its implementation. Officers advised that it was intended that the service could be accessed more appropriately. It is about creating a range of different day services that meet the needs of different people. Feedback from staff has revealed that a full day at a centre is often too long for a service user with dementia and shorter sessions would best meet their needs. Options will therefore be considered for providing shorter sessional support and making links with current respite provisions to develop flexible services that also address the needs of carers. In terms of the request for a report, the Vice Chair requested that any requests for reports be emailed to the Acting Director Social Services and the Democratic Services Manager in view of the significant backlog of outstanding reports at the present time.

Members queried the proposed management re-structure staffing costs and were advised that the figures do allow for incremental increases. Clarification was also sought that consultation

had taken place with all service users and reservations were expressed about the impact of the proposals on some service users. Officers gave assurances that service users would have been made aware of the proposals from their service reviews and that the proposed changes were about supplementing the existing model not replacing it i.e. it was about creating a range of different day services that meets the needs of different people.

Following a detailed discussion, Members were asked to consider the recommendation contained in the report and the majority present voted in favour of the recommendation and endorsed the changes to the management structure within Day Services prior to a report going to Cabinet for formal agreement in April 2013.

Councillor Gordon abstained from voting having declared an interest in this matter. Councillor L. Ackerman had left the meeting during consideration of this item.

8. YOUNG CARERS SERVICE

Councillor L. Ackerman returned to the meeting and took the chair.

The report, which had been requested by the Cabinet Member for Social Services, provided information about the services offered for young carers within Caerphilly County Borough.

Caerphilly Children's Services and the Substance Misuse Action Team (SMAT) jointly commission Barnardo's to provide a Young Carers Service within Caerphilly County Borough. Children's Services contribute £76,317.00 per annum and SMAT £36,223.00. The service is targeted at children and young people between the ages of 7 and 25 years who have a substantive responsibility for caring for a sick or disabled parent or sibling. The service provides a range of activities to support young carers including: support to access community based activities; group work activities; individual support packages and signposting to other services. A collection of case studies, anonymised and collated for form 'A typical day in the life of a young carer' is attached as an appendix to the report.

Members welcomed the report and sought further information on how young carers are identified and supported. Officers outlined the steps they are taking to support young carers, helping them to link with others in a similar situation and get their voices heard. There are various support systems in place and the Barnardo's service is available 24 hours.

The Scrutiny Committee noted the report.

9. BRIEFING ON LOCAL EMERGENCY CENTRE AT YSBYTY YSTRAD FAWR (YYF)

It was noted that no one from the Aneurin Bevan Health Board (ABHB) was in attendance for this item.

The report had been prepared by the Chief Operating Officer/Deputy Chief Executive of the Aneurin Bevan Health Board following a request received from the Scrutiny Committee. The report sets out the background to the opening of Ysbyty Ystrad Fawr (YYF), the services provided out of the hospital and activity data from the date of opening to 28th February 2013.

The Cabinet Member for Social Services informed the Scrutiny Committee that the Leader and Deputy Leader of the Council had met with Health Board officials the previous day. The Health Board had proposed that arrangements be made for members of the Cabinet/Scrutiny Committee to meet representatives of their Management Committee at YYF, which would include a tour of the hospital.

Members were extremely disappointed that no one from the ABHB was in attendance to present and respond to questions on the report and they requested that the matter be

deferred for a full discussion with members of ABHB at the earliest opportunity.

It was agreed that the matter be deferred to a special meeting of the Scrutiny Committee to be convened at the earliest opportunity with senior representatives of the Aneurin Bevan Health Board in attendance.

10. REQUESTS FOR ITEMS TO BE INCLUDED ON THE NEXT AVAILABLE AGENDA

The Chair advised Members that in view of the backlog of outstanding reports that had been requested at previous meetings of the Scrutiny Committee, the Assistant Director Social Services had requested that Members email any requests for reports to him (with a copy to the Democratic Services Manager) in order that can be categorised into items for discussion or items for noting.

INFORMATION ITEMS

Councillor J.A. Pritchard had requested that the following Information item be brought forward for discussion at the meeting.

11. ROTA VISITS BY MEMBERS TO SOCIAL SERVICES ESTABLISHMENTS: 1ST JULY 2012 - 31ST DECEMBER 2012

The report provided details of the number of rota visits undertaken by Members during the period 1st July 2012 to 31st December 2012.

Councillor J.A. Pritchard had requested that the report be brought forward for discussion at the meeting in view of the number of rota visits that had not been undertaken and the social services establishments that had not therefore been visited by Members during this period. Discussion ensued on whether the visits should continue in the future. Members were of the opinion that they served a very useful purpose but that perhaps some form of training, particularly for the newer Members, could be arranged to clarify the purpose of the visits.

The Acting Director Social Services advised that there are guidance notes for Members on undertaking these visits and suggested that he organise a seminar for all Members on the subject at the earliest opportunity.

The meeting closed at 7.00 p.m.

Approved as a correct record subject to any amendments agreed and recorded in the minutes of the meeting held on 14th May 2013.

CHAIRMAN

EQUALITY IMPACT ASSESSMENT FORM

October 2018

THE COUNCIL'S EQUALITIES STATEMENT

This Council recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within and between our communities, residents, elected members, job applicants and workforce.

We will also work to create equal access for everyone to our services, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh language, BSL or other languages, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.

The Council is required to have due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010
- advance equality of opportunity between people who share a relevant protected characteristic and those who do not
- foster good relations between people who share a protected characteristic and those who do not.

The Act explains that having due regard for advancing equality involves:

- removing or minimising disadvantages experienced by people due to their protected characteristics
- taking steps to meet the needs of people from protected groups where these are different from the needs of other people
- encouraging people with protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

The protected characteristics are:

- | | |
|----------------------------------|----------------------------------|
| • Age | • Race |
| • Disability | • Religion, Belief or Non-Belief |
| • Gender Re-assignment | • Sex |
| • Marriage and Civil Partnership | • Sexual Orientation |
| • Pregnancy and Maternity | • Welsh Language* |

* The Welsh language is not identified as a protected characteristic under the Equality Act 2010, however in Wales we also have to treat Welsh and English on an equal basis as well as promoting and facilitating the use of the Welsh language.

Further advice on completing impact assessments can be found on the equalities pages of Corporate Policy Unit Portal.

***Throughout this Equalities Impact Assessment Form, 'proposal' is used to refer to what is being assessed, and therefore includes policies, strategies, functions, procedures, practices, initiatives, projects and savings proposals.**

The aim of an Equality Impact Assessment (EIA) is to ensure that Equalities and Welsh Language issues have been proactively considered throughout the decision making processes governing work undertaken by every service area in the Council as well as work done at a corporate level.

The Council's work across Equalities, Welsh Language and Human Rights is covered in more detail through the [Equalities and Welsh Language Objectives and Action Plan 2016-2020](#).

When carrying out an EIA you should consider both the positive and negative consequences of your proposals. If a project is designed for a specific group e.g. disabled people, you also need to think about what potential effects it could have on other areas e.g. young people with a disability, BME people with a disability.

There are a number of supporting guidance documents available on the [Corporate Policy Unit Portal](#) and the Council's Equalities and Welsh Language team can provide advice as the EIA is being developed. Please note that the team does not write EIAs on behalf of service areas, the support offered is in the form of advice, suggestions and in effect, quality control.

Contact equalities@caerphilly.gov.uk for assistance.

IMPACT ON THE PUBLIC AND STAFF

3	<p>Does the proposal ensure that everyone has an equal access to all the services available or proposed, or benefits equally from the proposed changes, or does not lose out in greater or more severe ways due to the proposals? <i>(What has been done to examine whether or not these groups have equal access to the service, or whether they need to receive the service in a different way from other people?)</i></p> <p>Proposal impacts on service users across all client groups, all individuals have equal access to services as access is determined following an individual assessment which actively promotes equalities</p>

----------	---

INFORMATION COLLECTION

6	<p>Please outline any evidence and / or research you have collected which supports the proposal? This can include an analysis of service users.</p> <p><i>(Is this service effectively engaging with all its potential users or is there higher or lower participation of uptake by one or more protected characteristic groups? If so, what has been done to address any difference in take up of the service? Does any savings proposal include an analysis of those affected?)</i></p> <p>Currently, there are 1,099 service users accessing a chargeable domiciliary care service. Following the application of the Non-Residential Charging Policy, 313 of these service users (28.5%) pay nothing towards the services they receive, 276 service users (25.1%) pay the maximum charge of £80 per week and a further 269 (24.5%) service users pay all of their assessed disposable income. This means that these 858 service users would not be expected to contribute any more under the new proposals, even if they are in receipt of domiciliary support or day care services that have previously not been subject to charging. Of the remaining 241 service users (21.9%) many are in receipt of domiciliary care only and as such would not be affected by the proposed changes in policy.</p> <p>There are over 300 service users in receipt of day services that are not currently subject to the non-residential charging policy. However, some of these services users will also be in receipt of chargeable domiciliary services and will be included in the 1,099 service users considered in paragraph 7.2 above. Moreover, of those service users that are in receipt of day care services only, it is likely that around 28.5% of these would be assessed to pay nothing towards their care.</p> <p>The Financial Services Team do not hold information in respect of the number of service users in receipt of domiciliary support services only.</p>

CONSULTATION

7	<p>Please outline the consultation / engagement process and outline any key findings. <i>(Include method of consultation, objectives and target audience. What steps have been taken to ensure that people from various groups have been consulted during the development of this proposal? Have you referred to the Equalities Consultation and Monitoring Guidance?)</i></p> <p>When individuals are assessed or reviewed the charging policy is fully explained to them including the opportunity to maximise their benefits</p>
----------	--

MONITORING AND REVIEW

8	<p>How will the proposal be monitored? <i>(What monitoring process has been set up to assess the extent that the service is being used by all sections of the community, or that the savings proposals are achieving the intended outcomes with no adverse impact?
